INDEPENDENT AUDITOR'S REPORT

June 18, 2013

Honorable Mayor and Council of
the City of New Orleans, Louisiana

We have audited the accompanying financial statements of the New System and Old System of the Firefighters' Pension and Relief Fund of the City of New Orleans and Subsidiaries, a component unit of the City of New Orleans, which comprise the statement of plan net position as of December 31, 2012 and the related statement of changes in plan net position for the year then ended and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Greenspring Associates Global Partners II-A, L.P., Lakewood Development New Orleans, L.L.C., Lakewood Golf, L.L.C., and Austin Falconhead, L.P., which represent 1.93 percent, 4.94 percent, 5.12 percent, and negative 6.26 percent, respectively, of the net position of the New System. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for Greenspring Associates Global Partners II-A, L.P., Lakewood Development New Orleans, L.L.C., Lakewood Golf, L.L.C., and Austin Falconhead, L.P., is based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Qualified Opinion on New System

As more fully disclosed in footnote 12, the New System of the Firefighters' Pension and Relief Fund of the City of New Orleans had an investment receivable in the amount of \$15,092,394, representing 10.35 percent of net position at December 31, 2012 which was valued using unobservable inputs. We were unable to obtain sufficient appropriate audit evidence regarding the inputs used in arriving at the estimated allowance on the investment receivable due to the lack of current financial information.

Qualified Opinion

In our opinion, based on our audit and the reports of other auditors, except for the effects of the matter described in the "Basis for Qualified Opinion on New System" paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the New System of the Firefighters' Pension and Relief Fund of the City of New Orleans, as of December 31, 2012, and the changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Unmodified Opinion

In our opinion, the financial statement referred to above present fairly, in all material respects, the financial position of the Old System of the Firefighters' Pension and Relief Fund of the City of New Orleans, as of December 31, 2012, and the changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of contributions employer and other sources and the schedule of funding progress as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Fund's basis financial statements. The supplementary schedules, as listed in the table of contents, are presented for the purposes of additional analysis and are not a part of the basic financial statements. The supplementary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2013 on our consideration of the Firefighters' Pension and Relief Fund of the City of New Orleans' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

FIREFIGHTERS' PENSION AND RELIEF FUND
OF THE CITY OF NEW ORLEANS
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2012

The following is management's discussion and analysis of the financial performance of the Firefighters' Pension and Relief Fund of the City of New Orleans (NOFF). It is presented as a narrative overview and analysis for purpose of assisting the reader with interpreting key elements of the financial statements, notes to the financial statements, required supplementary information, and supporting schedules for the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis is intended to serve as an introduction to the Fund's basic financial statements, which are comprised of three components:

- Statement of net position
- Statement of changes in net position, and
- Notes to financial statements

This report also contains required supplemental information in addition to the basic financial statements themselves.

The statements of net position report the pension fund's assets, liabilities and resultant net position restricted for pension benefits. They disclose the financial position of the Fund as of December 31, 2012.

The statement of changes in net position reports the results of the pension fund's operations during the year disclosing the additions to and deductions. It supports the change that has occurred to the prior year's net position on the statement of fiduciary net position.

Required supplementary information consists of two schedules and related notes concerning the funded status of the Fund.

Supporting schedules include information on changes in reserve balances, and administrative expenses.

NOFF FINANCIAL ANALYSIS

NOFF provides retirement allowances and other benefits for firefighters of the City of New Orleans. The Fund consists of two systems, the Old System and the New System. The Old System includes firefighters employed before January 1, 1968. The New System covers firefighters who were employed after December 31, 1967 or Old System members who have elected coverage under the New System.

Additions to Fiduciary Net Position

Additions to the Funds fiduciary net position were derived from member and employer contributions, state fire insurance rebates, millage, and investment income. The decrease in investment income is primarily related to the decrease in performance of some of the Fund's investments during 2012 as compared to 2011.

Deductions from Fiduciary Net Position

The majority of deductions from net position include retirement, death and survivor benefits, PLOP and DROP withdrawals and administrative expenses. Deductions from plan net position increased by \$5,132,017 in the New System in 2012, primarily due to an increase in DROP and PLOP withdrawals and an increase in retirement benefits. Deductions from plan net position increased by \$103,823 in the Old System in 2012, primarily as a result of an increase in DROP and PLOP withdrawals.

FIREFIGHTERS' PENSION AND RELIEF FUND
OF THE CITY OF NEW ORLEANS AND SUBSIDIARIES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

The Firefighters' Pension and Relief Fund (the Fund) was created, pursuant to Louisiana Revised Statute 11:3361, for the purpose of providing retirement allowances and other benefits for firefighters of the City of New Orleans. The Fund is a component unit of the City of New Orleans and is administered by a Board of Trustees. Benefits, including normal retirement, early retirement, disability retirement and death benefits, are provided as specified in La. R.S. 11:3361 et seq.

Consolidation:

The consolidated financial statements include the accounts of the Firefighters' Pension and Relief Fund of the City of New Orleans New System and its 100% owned subsidiary, Corner Pocket, L.L.C. The financial statements also include the 99% owned subsidiaries of Austin Falconhead, L.P., Lakewood Restoration Partners, Ltd, Americus Real Estate Fund I, Ltd., the 90% owned subsidiary of Greenspring Associates Global Partners II, L.P. and the 64.07% owned subsidiary, Sadie Creek Commons, L.L.C. All intercompany transactions and balances have been eliminated upon consolidation.

The Fund is the 100% owner of Corner Pocket, L.L.C., which was formed to acquire, develop and sell property in Boise, Idaho.

The Fund is the 99% owner of Lakewood Restoration Partners, Ltd., which was formed to acquire and develop property located in New Orleans, Louisiana, commonly known as the Lakewood Country Club. The Lakewood Country Club began operations in 2009.

The Fund is the 99% owner of Austin Falconhead, L.P. (the partnership), a Texas limited partnership which owns and operates the Falconhead Golf Club in Austin, Texas. The partnership was formed on December 29, 2006. The partnership entered into a management and services agreement with SG Falcon Services, LLC on January 1, 2008. The owner of SG Falcon Services, LLC is also the general partner of Austin Falconhead, L.P., and therefore, the partnership has chosen to consolidate the operations of SG Falcon Services as of January 1, 2008.

The Fund is the 99% owner of Americus Real Estate Fund I, Ltd., which was formed to acquire commercial real estate properties occupied by public sector tenants meeting established criteria for conversion to a capital lease program.

The Fund is the 90% owner of Greenspring Associates Global Partners II-A, L.P. (the partnership). The partnership was initially formed on October 13, 2003. The primary objective of the partnership is to generate significant returns for its partners, principally through long-term capital appreciation, by making, holding and disposing of privately negotiated equity and equity-related investments ("Portfolio Investments"), principally in (i) venture capital and private equity partnerships ("Portfolio Funds") and (ii) operating companies ("Portfolio Companies"). The objectives of the Portfolio Funds are long-term capital appreciation through investments in companies in the healthcare, information technology, and communications industries. The partnership's ability to redeem investments in Portfolio Funds is restricted. The partnership will continue until the last business day of January 2017, unless sooner dissolved pursuant to the terms of the partnership agreement or by operation of law. The General Partner has the option to extend the term for up to four additional one-year periods with the consent of a majority in interest of the Limited Partners.

FIREFIGHTERS' PENSION AND RELIEF FUND
OF THE CITY OF NEW ORLEANS AND SUBSIDIARIES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The Fund is the 64.07% owner of Sadie Creek Commons, L.L.C, which was formed to acquire an 11.41 acre parcel of commercial real estate property in Meridian, Idaho.

The financial statements are prepared in accordance with the standards established by the Governmental Accounting Standards Board (GASB). The financial statements include the management's discussion and analysis as supplementary information, as required by GASB Statement Number 34, *Basic Financial Statement- and Management's Discussion and Analysis- for State and Local Governments* and related standards. During the year ended December 31, 2012, the Fund adopted the provisions of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. GASB Statement No. 63 provided financial reporting guidance for deferred outflows of resources and deferred inflows of resources and also redefined the residual of all other elements presented in a statement of financial position as net position.

Basis of Accounting:

The Fund's financial statements are prepared using the accrual basis of accounting. Employer and employee contributions are recognized in the period in which the employee is compensated for services performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Interest and dividend income is recognized when earned. Fire insurance rebate monies are recognized when due.

Methods Used to Value and Report Investments:

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates. Investments in notes receivables, partnerships, and limited liability corporations are reported at fair value. Investments in real estate ventures are valued at a multiple of earnings before interest, tax, depreciation and amortization (EBITDA). The multiple or the capitalization rate is based on industry averages taking into consideration age, location and class of the property.

Intangible Assets – Austin Falconhead, L.P.:

Intangible assets are stated at historical cost, less accumulated amortization. Amortization expense is generally determined on a straight-line basis over the estimated useful life of the asset. On December 31, 2006, Austin Falconhead, L.P. recorded an intangible asset related to a 99-year land lease for approximately 199 acres of land, which is being utilized by the partnership for the development and operations of the Falconhead Golf Club. The intangible asset is being amortized over the life of the lease. The lease expires on December 31, 2099.

FIREFIGHTERS' PENSION AND RELIEF FUND
OF THE CITY OF NEW ORLEANS AND SUBSIDIARIES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Intangible Assets – Austin Falconhead, L.P.: (Continued)

Austin Falconhead, L.P. recorded the intangible asset related to the 99-year land lease based on the estimated fair value of the lease at the date of the transaction. This amount was calculated based on the difference between the appraised value of the assets acquired, less the amounts already allocated to other tangible assets and liabilities. As of December 31, 2012, the gross amount of the intangible asset related to the land lease was \$2,875,382.

During 2012, Austin Falconhead, L.P. recorded amortization expense of \$30,923 related to the intangible asset. Annual amortization expense expected to be recorded in each of the next five years is estimated to be \$30,923. Total accumulated amortization at December 31, 2012 was \$204,882. For presentation in these financial statements, this intangible asset is classified as investments in real estate.

Impairment of Long-Lived Assets and Amortizable Intangible Assets – Austin Falconhead, L.P.:

Austin Falconhead, L.P. evaluates the recoverability of property and equipment and amortizable intangibles not held for sale whenever events or changes in circumstances indicate that an asset's carrying amount may not be recoverable. Such circumstances may include, but are not limited to (a) a significant decrease in the market value of an asset, (b) a significant adverse change in the extent or manner in which an asset is used or in its physical condition or (c) an accumulation of costs significantly in excess of the amount originally expected for the acquisition or construction of an asset. The partnership measures the carrying value of the asset against the estimated undiscounted future cash flows associated with it. If the sum of the expected future cash flows is less than the carrying value of the asset being evaluated, an impairment loss would be recognized. The impairment loss would be calculated as the amount by which the carrying value of the asset exceeds the fair value of the asset. The estimate of fair value is based on various valuation techniques, including the discounted value of the estimated future cash flows.

The evaluation of asset impairment requires the partnership to make assumptions about the future cash flows over the life of the assets being evaluated. These assumptions require significant judgment and actual results may differ from assumed and estimated amounts. Based on the partnership's assessment of the recoverability of the carrying value of the intangible asset related to the land lease, the partnership concluded that no impairment existed as of December 31, 2012.

Property and Equipment – Pension Fund:

Property and equipment is valued on the basis of historical cost less accumulated depreciation and depreciated using the straight-line method of depreciation over the assets useful life. Useful lives range from 3 to 25 years.

2. PLAN DESCRIPTION:

The Firefighters' Pension and Relief Fund was established and placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits as stated under the provisions of La. R.S. 11:3361 et seq. for active firefighters employed by the City of New Orleans.

The Fund consists of two systems, the Old System and the New System. The Old System covers firefighters who were employed before January 1, 1968. The New System covers firefighters who were employed after December 31, 1967 or Old System members who have given written application to the board to elect coverage under the New System.

At December 31, 2012, the Firefighters' Pension and Relief Fund's membership consisted of:

| | <u>New System</u> | <u>Old System</u> |
|--|-----------------------|-----------------------|
| Current retirees and beneficiaries | 655 | 586 |
| Terminated vested employees who have not withdrawn contributions (DROP) | 77 | - |
| Vested and nonvested active employees covered | <u>585</u> | <u>-</u> |
| TOTAL PARTICIPANTS AS OF THE VALUATION DATE | <u>1,317</u> | <u>586</u> |

Retirement Benefits:

Members may retire with twelve years of creditable service at age fifty. The retirement benefit paid is two and one-half percent of average compensation for each year of creditable service during the best four consecutive years of service preceding the date of retirement. If the member continues to remain a member of the system beyond twelve years of service and such member attains the age of fifty, the retirement benefit for each year or portion of a year beyond twelve years of service and after age fifty, shall be an amount equal to three and one-third percent of the average annual compensation for each year or portion of a year. If the member continues service beyond thirty years, the retirement benefit for each year or portion of a year beyond twelve years of service shall be an amount equal to three and one-third percent of the average annual compensation for each year or portion of a year. However, the retirement benefit shall not exceed a total of three and one-third percent each year. The maximum benefit payable is 100% of average compensation earned during any three highest average consecutive years of service preceding retirement.

Members covered under the Old System may retire with twenty years of creditable service regardless of age. For the first twenty years of service, the retirement benefit paid is 50% of average compensation during the best year of service preceding the date of retirement. For each year of service in excess of twenty years, benefits are an additional 2.5% per year not to exceed 100%. In addition, if the member has attained age 50, his/ her benefit is increased by .5% for each year of service over 25.

OF THE CITY OF NEW ORLEANS AND SUBSIDIARIES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

2. PLAN DESCRIPTION: (Continued)

Disability Benefits:

Under both systems, disability benefits are paid to employees who become physically or mentally disabled and unable to perform their duties. Nonservice related benefits are 30% of average compensation during the last year of service immediately preceding the date of established disability for those members with ten years of service or less, 40% for those members with more than ten years but less than fifteen years of service and 50% for those members with more than fifteen years of service. Service related benefits for those unable to do any work are the greater of 2/3 of monthly compensation or a regular retirement benefit if the member is so eligible. For those unable to perform firefighting duties but able to do other work, service related benefits are equal to the greater of 1/2 of monthly compensation or a regular retirement benefit if the member is so eligible.

Survivor Benefits:

If a member dies from service-connected causes while actively employed, irrespective of his years of service or eligibility for pension by age, the member's surviving spouse shall be paid a pension in the sum of 66 2/3% of the member's salary at the time of death as an annuity. If the member leaves children under the age of eighteen, those children shall receive a pension of \$300 per month each. If a member is killed or dies in any other manner, the surviving spouse shall be paid a pension in the sum of 50% of the member's salary at the time of death as an annuity and the member's children under 18 years of age shall receive \$300 per month each.

If a member's child is mentally or physically handicapped and totally and permanently disabled, the benefit is payable for life. If the firefighter is unmarried and leaves no dependent children at death, the service related survivor benefit is payable to the firefighter's widowed dependent parent. If the firefighter is unmarried and leaves no dependent children at death, nonservice related survivor benefits are payable to the firefighter's widowed parent. A \$3,000 lump sum benefit is payable upon the death of any active or retired member to the named beneficiary.

Refund Benefits:

Under the New System, upon withdrawal from service, members not entitled to receive benefits from the Fund are paid a refund of accumulated contributions plus interest. For the Old System, upon withdrawal from service, members not entitled to receive benefits from the Fund are paid a refund of 80% of accumulated contributions.

2. PLAN DESCRIPTION: (Continued)

DROP Benefits:

In lieu of terminating employment and accepting a service retirement allowance, any member who has twelve or more years of service and is eligible to receive a service retirement benefit may elect to participate in the Deferred Retirement Option Plan (DROP) for up to five years and defer the receipt of benefits. Upon commencement of participation in the plan, active membership in the system terminates. During participation in the plan, employer contributions cease. The monthly retirement benefit is calculated using the participant's salary without longevity increases, his years of service and benefit option. The DROP benefit is transferred into the DROP fund. This fund does not earn interest during a member's DROP participation. In addition, no cost-of-living increases are payable to participants until employment which made them eligible to become members of the system has been terminated for at least one full year.

Upon completion of participation in the DROP, and regardless of whether the member terminates employment, the DROP fund will earn interest annually based on a one-year composite rate of return of the Fund, minus an administrative fee of two percent, to be deducted from the member's account each year. Upon termination of employment prior to or at the end of the specified period of participation, a participant in the plan may receive, at his option, a lump sum from the account equal to the payments into the account.

The monthly benefits that were being paid into the deferred retirement option plan fund will be paid to the retiree. If a participant dies during the participation in the plan, a lump sum equal to his account balance in the plan fund shall be paid to his named beneficiary or, if none, to his estate. If employment is not terminated at the end of the five years, payments into the plan fund cease and the person resumes active contributing membership in the system.

In lieu of terminating employment and accepting a service retirement allowance, any member of this system who has not less than twelve years of creditable service in this system, and who is eligible to receive a service retirement benefit, may elect to participate in the Deferred Retirement Option Plan on a retroactive basis, and receive a lump sum benefit of up to five years, based upon the value of the pension on a retroactive date selected.

PLOP Benefits:

A member, upon application for retirement, may elect to receive the actuarial equivalent of his retirement benefit as a reduced monthly benefit payable for life, plus an initial lump-sum benefit. The amount of the initial lump-sum benefit, as determined by the member, shall not exceed an amount equal to the member's normal retirement benefit times sixty. The member's monthly retirement benefit will be actuarially reduced based on the lump-sum amount withdrawn and the member's age at retirement. The partial lump-sum benefit, together with the member's reduced normal retirement benefit, must be actuarially equivalent to the member's normal retirement benefit.

PLOP Benefits: (Continued)

The cost-of-living adjustment granted by the Board of Trustees to retirees who elect to receive a reduced retirement benefit and a partial lump-sum benefit shall be based only on the reduced retirement benefit and not on the partial lump-sum benefit.

3. CONTRIBUTIONS AND RESERVES:

Contributions:

The New System is funded by employee and employer contributions established by state statute. Employees contribute 6% of salary for the first twenty years of employment. Actual amount contributed by employees for the year ended December 31, 2012 was \$1,379,957. Employer contributions are made monthly to pay the actuarially determined contributions for the prior year. The actuarial required contribution of the employer was \$32,212,794 for the year ending December 31, 2012. The actual amount contributed by the employer for the year ended December 31, 2012 was \$9,000,000.

In addition, the Fund receives ad valorem taxes to fund additional benefits for the longevity lawsuit. The amount of millage received for the New and Old System were \$2,573,273 and \$-0- for the year ended December 31, 2012, respectively.

The Old System is funded by employer contributions established by state statute. There are no active employees in the Old System, thus no employee contributions are required. Employer contributions are made monthly to pay the actuarially determined contributions for the prior year. The actuarial required contribution of the employer was \$22,461,146 for the year ended December 31, 2012. The actual amount contributed by the employer for the year ended December 31, 2012 was \$20,156,108.

The Fund receives fire insurance taxes of 2% of the fire insurance premiums written in the City of New Orleans. In 2012, amounts received as a result of this tax were divided equally between the two systems. Total amount received was \$1,170,502.

Administrative costs of the Fund are financed through employer contributions.

Reserves:

Use of the term "reserve" by the Fund indicates that a portion of the fund balances is legally restricted for a specific future use. The nature and purpose of these reserves are explained below:

OF THE CITY OF NEW ORLEANS AND SUBSIDIARIES
NOTES TO FINANCIAL STATEMENTS

3. CONTRIBUTIONS AND RESERVES: (Continued)

Reserves: (Continued)

A) Pension Reserve:

The Pension Reserve consists of the reserves for all pensions, excluding cost-of-living increases, granted to members and is the fund from which such pensions and other benefits are paid. Survivors of deceased beneficiaries also receive benefits from this fund. The Pension Reserve balance of the New System is \$234,162,726 of which 26% is funded. The Pension Reserve Balance of the Old System is \$150,207,608 of which is 5% funded.

B) Annuity Savings:

The Annuity Savings is credited with contributions made by members of the Fund. The annuity savings is also credited for interest earned on a member's account balance. When a member terminates his service, or upon his death before qualifying for a benefit, the refund of his contributions plus interest is made from this reserve. When a member retires, the amount of his accumulated contributions plus interest is transferred to the Pension Reserve to provide part of the benefits. The Annuity Savings balance of the New System is \$17,922,396 and it is fully funded. There are no active members in the Old System and therefore the Old System has no Annuity Savings balance.

C) Pension Accumulation:

The Pension Accumulation consists of contributions paid by employers, interest earned on investments and any other income not covered by other accounts. This fund is charged annually with an amount, determined by the actuary, to be transferred to the Pension Reserve to fund retirement benefits for existing recipients. It is also relieved when expenditures are not covered by other accounts. The Pension Accumulation balance of the New System is \$(173,434,622). The Pension Accumulation balance of the Old System is \$(142,963,825). The Pension Accumulation Fund for the Old and New System is not funded.

D) Deferred Retirement Option Plan Account:

The Deferred Retirement Option Plan (DROP) Account receives and holds the monthly retirement benefits deposited on behalf of DROP participants while they continue to work. At termination, a lump sum payment of the DROP deposits is made to the participant or the participant may elect to leave the accumulated benefits on deposit in the DROP account. The DROP account balance of the New System is \$38,795,883 and it is fully funded. The DROP balance of the Old System is \$4,099,507 and it is fully funded.

E) Partial Lump-Sum Option Payment Account:

The Partial Lump-Sum Option Payment (PLOP) Account receives and holds until requested an initial lump-sum benefit which shall not exceed an amount equal to the member's normal monthly retirement benefit times sixty, for those members who upon application for retirement, elect to receive the actuarial equivalent of their retirement benefit as a reduced monthly benefit plus an initial lump-sum benefit. The PLOP account balance of the New System is \$26,089,735 and it is fully funded. The PLOP balance of the Old System is \$5,221,432 and it is fully funded.

4. ACTUARIAL COST METHOD:

The Aggregate Level Normal Cost Method was used to calculate the funding requirements of the New System. This funding method allocates pension costs as a level percentage of payroll over the future working lifetime of current members. The Aggregate Cost Method produces no unfunded accrued liability. Under the Aggregate Cost Method, actuarial gains and losses are spread over future normal costs. Based on actual experience future normal costs will increase or decrease.

The Entry Age Normal Cost Method was used to calculate the funding requirements of the Old System. Under this cost method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated on a level basis as percentage of payroll for each participant between entry age and assumed retirement age(s). That portion of the actuarial present value attributable to current year benefit accruals is called the Normal Cost. The actuarial present value of future benefits in excess of the actuarial present value of the future normal cost is called the actuarial accrued liability. Gains and losses directly increase or decrease the unfunded accrued liability.

Although the Entry Age Normal Cost Method was used to calculate the funding requirements of the Old System, it is funded on a "pay-as-you-go" basis, as more fully described in Footnote 3. Current contributions cover current expenses only.

5. DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS:

Deposits:

As of December 31, 2012, the Fund's cash balances in bank accounts from consolidated entities exceeded the FDIC insurance by \$157,127. The Fund has not experienced any losses resulting from bank failure and does not believe it is exposed to any significant credit risk relating to its cash balances.

OF THE CITY OF NEW ORLEANS AND SUBSIDIARIES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

5. DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS: (Continued)

Cash Equivalents:

The Fund considers all investments with original maturities of three months or less to be cash equivalents. Cash equivalents of the New System and Old System consist of government backed pooled funds, and institutional funds. The cash equivalents are held by the Fund's custodian's trust departments in the Fund's name. The cash equivalents of the Old System also consist of repurchase agreements which are collateralized.

Investments:

Statutes authorize the Fund to invest under the Prudent Man Rule. The Prudent Man Rule shall require each fiduciary of this fund and the board of trustees acting collectively on behalf of this fund to act with the care, skill, prudence and diligence under the circumstances prevailing that a prudent institutional investor acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

Notwithstanding the Prudent Man Rule, the board of trustees shall not invest more than sixty-five percent of the total portfolio in common stock.

Concentration of Credit Risk:

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of the Fund's investment in a single issuer. The risk occurs when investments are concentrated in any one issuer that represents 5% or more of the Fund's net position. Investments issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement. At December 31, 2012, the New System held investments in Lakewood Golf, L.L.C. and First NBC Bank Holding Co. which represented 5.12% and 10.01% of the New System's net position, respectively. At December 31, 2012, the New System also had an investment receivable from FIA Leveraged Fund which represented 10.35% of the New System's net position

The Fund's investment policy states that no more than 25% of the equity portfolio market value may be invested in any single industry at the time of purchase. In addition, no more than 5% of total Fund assets at market may be invested in any one issuer's securities at the time of purchase (exclusive of issues of the U.S. Treasury or other Federal agencies). The Fund was in compliance with the concentration of credit risk investment policy during the fiscal year ended December 31, 2012.

5. DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS: (Continued)

Credit Risk:

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Following are the credit ratings of the New System's investments in publicly traded debt securities at December 31, 2012.

| <u>Rating</u> | <u>Corporate Bonds</u> |
|---------------|----------------------------|
| BBB- | \$ - |
| BB+ | - |
| B+ | - |
| B | - |
| B- | - |
| CCC+ | - |
| CCC | - |
| CCC- | - |
| NR | <u>134,461</u> |
| | <u>\$ 134,461</u> |

The Fund's investment policy allows for investment in publicly-traded debt securities rated at or above Baa by Moody's and BBB by Standard and Poor's at time of purchase.

At December 31, 2012, \$4,937,657 of the New System's cash equivalents were rated AAA by Standard and Poor's, and \$108,080 were not rated. At December 31, 2012, \$4,762,305 of the Old System's cash equivalents were rated AAA by Standard and Poor's and \$11,699,775 were not rated.

Custodial Credit Risk:

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the Fund will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party.

At December 31, 2012, cash collateral held under the securities lending program in the amount of \$1,806,139 for the New System is exposed to custodial credit risk since the collateral is not in the name of the Fund. The Fund's remaining investments are not exposed to custodial credit risk.

The Fund has no formal investment policy regarding custodial credit risk.

Interest Rate Risk:

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of an investment. At December 31, 2012, the Fund had the following investments in long-term debt securities.

| <u>Investment Type</u> | <u>Fair Value</u> | <u>Investment Maturities</u> | | | |
|------------------------|----------------------|------------------------------|-------------------|---------------|---------------------|
| | | <u>Less Than 1</u> | <u>1 – 5</u> | <u>6 – 10</u> | <u>More Than 10</u> |

The Fund's investment policy prohibits investment in debt securities with maturities greater than thirty years at time of purchase. At December 31, 2012, all notes were within the specified maturity guidelines on its debt securities. The Fund owns a \$3,336,699 note receivable with no specified maturity date.

6. PROPERTY AND EQUIPMENT:

Property and equipment consists of the following at December 31, 2012:

Pension Fund – Old System:

| | |
|-----------------------------------|------------------|
| Furniture and equipment | \$ 130,393 |
| Less: Accumulated depreciation | <u>(128,571)</u> |
| Total Property and Equipment, net | <u>\$ 1,822</u> |

Depreciation expense for the year ended December 31, 2012 was \$4,552 in the Old System.

7. OPERATING LEASES:

Austin Falconhead, L.P. (the partnership) leases real property under a 99-year operating lease that expires on December 31, 2099 and requires annual minimum lease payments each year. The minimum lease payments are escalated and range from a current rate of \$93,000 per year to \$1,249,553 in 2099. Commencing with calendar year 2011 and for the remainder of the term of the lease, the lease requires that the partnership pay percentage rent in the amount, if any, by which three percent of the partnership's "net operating revenues" during each lease year exceeds the base rent by the partnership for that lease year. The three percent of the partnership's "net operating revenues" did not exceed the minimum lease payment for 2012, and accordingly the company had no obligation to pay percentage rent for the year ended December 31, 2012. Another party to the lease has agreed to pay up to \$93,000 per year in lease expense on behalf of the partnership in return for certain rights and privileges related to the land.

7. OPERATING LEASES: (Continued)

The partnership records lease expense using the straight-line method over the term of the lease, net of any payments received from the third party. The difference between the amount paid and the amount recorded as an expense is recorded as a long-term deferred lease liability on the statement of plan net assets. This liability represents an obligation the partnership will pay in future years based on the projected increases in minimum lease amounts due under the land lease.

In addition to the land lease, the partnership periodically enters into lease transactions for equipment. The partnership generally records lease payments on these operating leases as expenses when incurred.

Lease expense related to the land and other operating leases for the year ended December 31, 2012 was \$428,192. Future minimum lease payments under the non-cancelable operating lease are as follows:

| | |
|---------------------------|----------------------|
| Years ending December 31, | |
| 2013 | \$ 89,441 |
| 2014 | 92,392 |
| 2015 | 95,431 |
| 2016 | 63,521 |
| 2017 | 17,689 |
| Thereafter | <u>31,475,235</u> |
| Total | <u>\$ 31,833,709</u> |

8. PER DIEM PAID TO BOARD MEMBERS:

Board members are not paid per diem for attending board meetings.

9. USE OF ESTIMATES:

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

10. REQUIRED SUPPLEMENTARY SCHEDULE INFORMATION:

Information in the Required Supplementary Schedules is designed to provide information about the Fund's progress made in accumulating sufficient assets to pay benefits and is presented on pages 42 - 43.

11. SECURITY LENDING AGREEMENTS:

The Board of Trustees of the Fund authorized the Fund to enter into a securities lending program. These agreements consist of the loan of stock and bonds with a simultaneous agreement to reacquire the same loaned security in the future plus a contract rate of interest. The Fund requires the dealer to transfer cash or collateral of no less than 100% of the market value of the securities underlying the securities lending agreements. At December 31, 2012 the fair value of the securities on loan is \$1,810,450. The underlying collateral for these securities is \$1,806,139.

In cases of security loans in which the collateral received by the Fund is cash, the Fund is able to reinvest the cash under the agreement with the dealer. When this occurs the collateral is reported as an asset with a corresponding liability. If the Fund receives collateral other than cash, it may not reinvest the collateral. When this occurs, the Fund does not record the collateral on the financial statements. In both cases, the loaned securities continue to be reported as an asset on the balance sheet. The cash collateral was invested in cash equivalents and fixed income securities at December 31, 2012. The maturities of these investments match the maturities of the securities loans.

At year end, the Fund has no credit risk exposure to borrowers because the amounts the borrowers owe the Fund exceed the amounts the Fund owes the borrowers. The Fund cannot pledge or sell collateral securities received unless the borrower defaults.

The information was not available to compute the gross amount of interest income earned and interest expense incurred from security lending transactions. The net income received from the transactions in the amount of \$16,413 is recorded on the financial statements in investment income.

12. INVESTMENT RECEIVABLE:

On March 31, 2008, the Fund invested \$15,000,000 into the FIA Leveraged Fund ("Leverage Fund"), an open ended investment fund registered in the Cayman Islands. The Leverage Fund in turn invested in other feeder funds that ultimately invested in the Master Fund, Fletcher International, Ltd. ("FILB"). Fletcher Asset Management ("FAM") served as the investment manager to all of the funds in the master-feeder fund structure. On June 27, 2011, the Fund requested a full redemption of funds invested in the Leverage Fund. This redemption request was not met resulting in the Fund filing a winding-up petition with the Grand Court in the Cayman Islands to force the liquidation of the Leveraged Fund. On April 18, 2012, the Grand Court issued a winding-up order against the Leveraged Fund and appointed official liquidators to wind up its affairs. In response to this judgment, FAM filed for bankruptcy protection for the Master Fund, FILB. In October 2012, the bankruptcy court issued an order for the appointment of a U.S. Trustee to investigate the assets of the Leveraged Fund and manage its liquidation. As the Trustee recently commenced his investigation, information regarding the value of the assets remaining in the Leveraged Fund and any potential recovery was not yet available. As of December 31, 2012, the Fund has recorded a reserve of \$3,333,333 against a receivable balance of \$18,425,727. As the Trustee progresses in his investigation and asset values are determined, the Fund will make adjustments to the value of the receivable.

21. LONGEVITY LAWSUIT:

During the year ended December 31, 2010, a lawsuit was filed by the Fund against the City of New Orleans to adjust their pensions for longevity raises not received while employed by the City. A judgment was obtained against the City for the difference in the amount retired firefighters were receiving as their pension benefit and what they should have received had the longevity raises been included in their retirement benefit calculation. The judgment applies to all firefighters who retired on or after March 2, 1990. The increase in their pension payment is to be calculated in accordance with longevity factors determined by the Court. The judgment states that benefits are only to be upwardly adjusted when the funds are appropriated by the City.

On March 17, 2010, the Fund obtained a consent judgment authorizing the Fund, upon receiving the appropriated funds from the City of New Orleans, to upwardly adjust monthly pension benefits owed to those members who retired on or after March 2, 1990, starting on January 1, 2010 in accordance with the longevity factors determined by the Court. Beginning January 1, 2010, the City appropriated funds necessary to pay the increased benefit to those members currently receiving cash benefits.

OF THE CITY OF NEW ORLEANS AND SUBSIDIAIRES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

21. LONGEVITY LAWSUIT: (Continued)

As of December 31, 2012, the City has not appropriated funds to pay the increased benefit owed to members prior to December 31, 2009. The Fund is currently in the process of determining the amount of the increased benefit owed to members for pensions prior to December 31, 2009.

Member DROP and PLOP accounts were not increased during the year ended December 31, 2012 since the City appropriation received did not cover these amounts.

The Fund has calculated the increased benefit owed to the members in their DROP and PLOP accounts. As of December 31, 2012, the amount of DROP benefits owed to members is estimated to be \$18,486,324 and \$3,335,748 for the New and Old Systems, respectively. As of December 31, 2012, the amount of PLOP benefits owed to these members is estimated to be \$12,519,974 and \$1,416,061 for the New and Old Systems, respectively. These amounts are not reserved in these financial statements since the judgment states that benefits are only to be upwardly adjusted when the funds are appropriated by the City of New Orleans.

22. SUBSEQUENT EVENTS:

On March 28, 2013, the Fund received a favorable judgment against the City of New Orleans requiring the City to budget, appropriate and pay \$17,524,329 to the Fund. The judgment represents the difference between the actuarially required contribution of the New System and the actual amount appropriated and contributed by the City to the New System for the fiscal year ended December 31, 2012. The City subsequently appealed the judgment however no ruling has been received as of the date these financial statements were available to be issued.

23. ETHICS INVESTIGATION:

An ethics charge has been filed with the Louisiana Board of Ethics against the Chief Executive Officer/Secretary-Treasurer of the Fund for violation of La. R.S. 42:1113 and La. R.S. 42:1121. An ethics charge has also been filed with the Louisiana Board of Ethics against a former executive assistant to the Secretary/Treasurer of the Fund for violation of La. R.S. 42:1113. A formal hearing has not been held to determine if the Chief Executive Officer/Secretary-Treasurer and former executive assistant to the Secretary/Treasurer of the Fund have violated the statutes and if necessary assess an appropriate penalty.

*The actuarial valuation of assets differs from the audited net assets held in trust for pension benefits. The audited amount includes contributions receivable of \$13,720,273 and \$41,700,427 for the years ended December 31, 2008 and 2007, respectively, in accordance with accounting principles generally accepted in the United States of America. For actuarial purposes, the receivable is not deemed an asset of the Fund.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED
ON A FINANCIAL AUDIT PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

June 18, 2013

Honorable Mayor and Council of
the City of New Orleans, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund of the Firefighters' Pension and Relief Fund of the City of New Orleans and Subsidiaries, a component unit of the City of New Orleans, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated June 18, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Firefighters' Pension and Relief Fund of the City of New Orleans' internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Firefighters' Pension and Relief Fund of the City of New Orleans' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Firefighters' Pension and Relief Fund of the City of New Orleans' internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Firefighters' Pension and Relief Fund of the City of New Orleans' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
