**2005 COMPREHENSIVE ANNUAL FINANCIAL REPORT**

FOR THE FISCAL YEAR ENDED JUNE 30, 2005

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Letter of Transmittal*

DAVID ADAMS  
EXECUTIVE DIRECTOR

*February 2006*

### **Dear Board Members:**

Enclosed is the 2005 Comprehensive Annual Financial Report of the Public Employees' Retirement Fund of Indiana (PERF or the Fund) for the fiscal year ended June 30, 2005. A copy of this report is also available on the PERF website at [www.perf.in.gov](http://www.perf.in.gov).

As of June 30, 2005, PERF was responsible for the investment of \$13 billion in combined assets. In total, PERF paid monthly retirement, disability and survivor benefits to nearly 54,354 benefit recipients, served 155,051 members actively employed in public service and worked in partnership with approximately 1,100 participating employers statewide.

### ***The Public Employees' Retirement Fund of Indiana***

This report provides detailed information on the performance for all retirement plans administered by PERF, including the:

- Public Employees' Retirement Fund,
- 1977 and 1985 Judges' Retirement System,
- Excise Police and Conservation Enforcement Officers' Retirement Plan,
- 1977 Police Officers' and Firefighters' Pension and Disability Fund,
- Legislators' Retirement System (Defined Benefit Plan and Defined Contribution Plan), and
- Prosecuting Attorneys' Retirement Fund.

PERF also administers two special death benefit funds for public safety officers and state employees who die in the line of duty. In addition, the Fund manages the Pension Relief Fund, which was created by the Indiana General Assembly to address the unfunded pension obligations of the police officers' and firefighters' pension systems of Indiana's cities and towns. PERF is not responsible for the administration of those local pension funds, which have been closed to new membership since the creation of the 1977 Police Officers' and Firefighters' Pension and Disability Fund. However, PERF makes disbursements twice a year to the local police and firefighter units throughout the state that are still obliged to pay benefits under those former plans.

### ***Management's Responsibility for Financial Reporting***

The Fund's management prepared the financial statements included in this Comprehensive Annual Financial Report for the fiscal year ended June 30, 2005. PERF's management is responsible for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. To the best of our knowledge, the enclosed data are accurate in all material respects and are reported in a manner designed to fairly present the financial position and results of the Fund's operations.

The Indiana State Board of Accounts, PERF's external auditor, has conducted an audit of the general purpose financial statements in accordance with generally accepted auditing standards, performing work as it deemed necessary to express an opinion in their report.

143 WEST MARKET STREET • INDIANAPOLIS, INDIANA 46204

## *Letter of Transmittal (continued)*

The State Board of Accounts completed their review of the Fund's financial statements for the fiscal year ending June 30, 2005 on Dec. 19, 2005. The resulting reports show the Fund had made significant progress in reducing total findings.

The findings of the State Board of Accounts showed real progress at the Fund, but observed internal control weaknesses. Internal control weaknesses are broadly defined as issues with people, processes and technology. During this fiscal year, PERF has moved from the tactical work of individual findings to a more strategic direction. This new direction has included organizational changes, technological changes, and the establishment of appropriate internal control processes and procedures. This effort has taken time and resources to resolve. PERF's leadership looks forward to working with the State Board of Accounts in ongoing efforts to make PERF a world class service provider.

### **The Comprehensive Annual Financial Report (CAFR)**

The 2005 Comprehensive Annual Financial Report is presented in five sections:

- The *Introductory Section* contains the transmittal letter and highlights for each of the retirement plans administered by PERF.
- The *Financial Section* contains the auditor's opinion letter, the Management Discussion and Analysis, the financial statements audited by the Indiana State Board of Accounts, the notes to the financial statements, and supplementary information on the plans.
- The *Investment Section* contains information on the Fund's investment performance and a list of the Fund's largest holdings.

- The *Actuarial Section* contains the independent consulting actuary's certification, an outline of actuarial assumptions and methods, and other actuarial statistics.
- The *Statistical Section* contains tables of significant data pertaining to the plans.

### **Reporting Financial Information**

The Fund's management is responsible for maintaining a system of adequate internal accounting controls designed to provide reasonable assurance that transactions are executed in accordance with management's general or specific authorization. Management is also charged with recording these transactions as necessary to maintain accountability for assets, and to permit preparation of financial statements in accordance with generally accepted accounting principles. This system includes the written policies and procedures of the Board.

For financial reporting purposes, the Fund follows the Governmental Accounting Standards Board (GASB) Statement No. 25, Financial Reporting for Defined Benefits Pension Plans and Note Disclosures for Defined Contribution Plans. Assets of the Fund are presented at fair value. The actuarial value of assets and the actuarial accrued liability are presented in the required supplementary information following the notes to the financial statements.

The GASB issued Statement No. 34 Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. This statement establishes financial reporting standards for state and local governments. The requirements of this statement are discussed further within the financial notes. The

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Letter of Transmittal (continued)*

Management Discussion and Analysis is contained within the Financial Section and serves to supplement the *Introductory Section* of the *Comprehensive Annual Financial Report*, as well as financial statements, notes and supplementary information within the Financial Section.

### **Economic Condition**

The Fund's economic condition is based primarily upon investment results and contributions from members and employers. Mercer Investment Consulting evaluated the year-end investment portfolio. The return comparison begins on page 54.

### **Investments**

Positive investment performance for the Consolidated Retirement Investment Fund (CRIF) helped increase the Fund's assets in the fiscal year ending June 30, 2005. Despite a mixed investment environment that included both market recovery and the return of volatility to capital markets, the CRIF outpaced its Target Reference Index return.

The *Investment Section* includes an in-depth discussion of the CRIF and the investment policies guiding the PERF Board of Trustees in their decision making. The Board continues to make progress in diversifying the assets of the Fund and adjusting its risk and return profile in order to deliver the growth and earnings needed to meet future benefit obligations.

### **Asset Allocation**

Prudent diversification through strategic asset allocation is fundamental to the Board's overall investment policy. The policy is designed to provide an optimal mix of asset classes in order to

meet the Fund's return objectives, while maintaining appropriate diversification and risk control. PERF continues to incorporate traditional assets (cash, domestic and international stocks, and domestic fixed income) while initiating efforts to begin incorporating nontraditional assets (real estate and private equity) into the target asset mix.

The investment portfolio mix at fair value for fiscal year ended June 30, 2005 was approximately 28.1 percent fixed income and 71.3 percent equities. The Fund had invested .6 percent in alternative investments as of June 30, 2005.

The equity portfolio is comprised of 49.5 percent domestic equity and 21.8 percent international and global equity on June 30. The remainder of the portfolio is in fixed income securities.

### **Funding**

The health of a retirement system is measured in its ability to fund the current and future benefit obligations of its members, which is represented in its funding level. Adequate funding levels reflect the ratio between total accumulated assets compared to total actuarial accrued liabilities, resulting in a reduced reliance on contributions. Total Consolidated Retirement Investment Fund returns of 9.5 percent were well above actuarial assumptions of 7.25 percent.

July 1, 2003 the actuarial assumption for the COLA was changed from the remaining lifetime of the benefit recipient to five years from the valuation date. In this case, the COLA was only assumed to occur for five years and not thereafter for the life of the recipient. Effective July 1, 2004, the actuarial assumption was changed back to the remaining lifetime of the benefit recipient. The COLA

*Letter of Transmittal (continued)*

assumption is being phased in to mitigate the contribution rate change to the employers. As of July 1, 2004, the COLA is assumed to be 0.5 percent. The assumption change was made to more closely align with history. The actuarial assumptions and notes pages begin on page 66.

Funding status and progress for the plans are presented in the Required Supplementary Information Schedules of Funding Progress.

The actuarial accrued liability of the Fund is a measure of the present value of actuarial accrued liabilities estimated to be payable in the future to all current retirees, beneficiaries and employees for service earned to date. The "funding ratio" is the percentage computed by dividing the actuarial value of net assets available for benefits by the actuarial accrued liability. This ratio provides an indication of the funding status of the plan and generally, the greater this percentage, the stronger the plan.

The accumulated balance of funds derived from the excess of additions over deductions is referred to as the "net assets held in trust for pension benefits" in the Combined Statement of Changes in Fiduciary Net Assets in the *Financial Section* of this report. The actuarial accrued liability is not disclosed in the financial statements, but is disclosed in the required supplementary information schedules following the notes to the financial statements.

**Actuarial Survey Valuation**

An actuarial review of the Fund is performed annually. An

assumption experience study is performed every three to five years. The actuarial firm, McCready & Keene, completed the actuarial reviews and valuations and served as technical advisor to the Fund. Actuarial certification and supporting statistics are included in the Actuarial and Statistical sections of this report.

**Acknowledgements**

The compilation of this report reflects the efforts of the staff and advisors of the Indiana Public Employees' Retirement Fund. It is intended to provide information for use as the basis for making management decisions, as a means of determining compliance with legal provisions, and as a means of determining responsible stewardship of the assets contributed by our members and employers. The reporting employers form the link between the funds and our members and their families. Their cooperation contributes significantly to the success of PERF and we hope they and their employees find this report informative.

On behalf of PERF, I would like to take this opportunity to thank Governor Daniels, the members of the Pension Management Oversight Commission, the General Assembly, the Board of Trustees and the many public employees and employers who work so diligently to serve the people of Indiana.

*Sincerely,*

**David J. Adams**  
*Executive Director*

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Fund Highlights*

### PUBLIC EMPLOYEES' RETIREMENT FUND

#### Composite Picture

##### Total Membership

Active (In-Service) .....	142,913
Terminated Vested .....	9,884
Benefit Recipients .....	54,354
Average Annual Benefit .....	\$ 5,992

##### Active Members

Average age .....	45.7 years
Average years of service .....	10.3 years
Average annual salary .....	\$ 29,489

##### Benefit Recipients

New Recipients .....	3,787
----------------------	-------

#### Membership and Eligibility

The Public Employees' Retirement Fund includes eligible state and local government employees.

#### Receiving Retirement Benefits

Age	Years of Service	Allowance Reduction
50 up to 59	15 or more	11% at age 59, additional 5% for each year under age 59
55	Age at retirement plus total years of service equals 85 or more	None
60	15 or more	None
65	10 or more	None
65	8 or more*	None

\*A member who has at least eight years of PERF service as a County Clerk, County Auditor, County Recorder, County Treasurer, County Sheriff or County Coroner is eligible for normal retirement after reaching age 65. This change in the law applies only to members retiring after June 30, 2002. Public Law 73-2002 also provides that a member serving as State Auditor, State Treasurer or Secretary of State and whose term commences after the November 5, 2002, election be vested with at least eight years of creditable service.

#### Benefit Formula

$$\text{Annual Benefit} = (\text{Years of Creditable Service} \times \text{Average Annual Compensation} \times .011) + \text{Annuity Savings Account}^*$$

\*Members can elect at retirement to receive their Annuity Savings Account as a monthly supplement to their defined pension benefit or in a total distribution.

#### Cost of Living Allowance

Cost of living allowances are passed by the Indiana General Assembly on an ad-hoc basis.

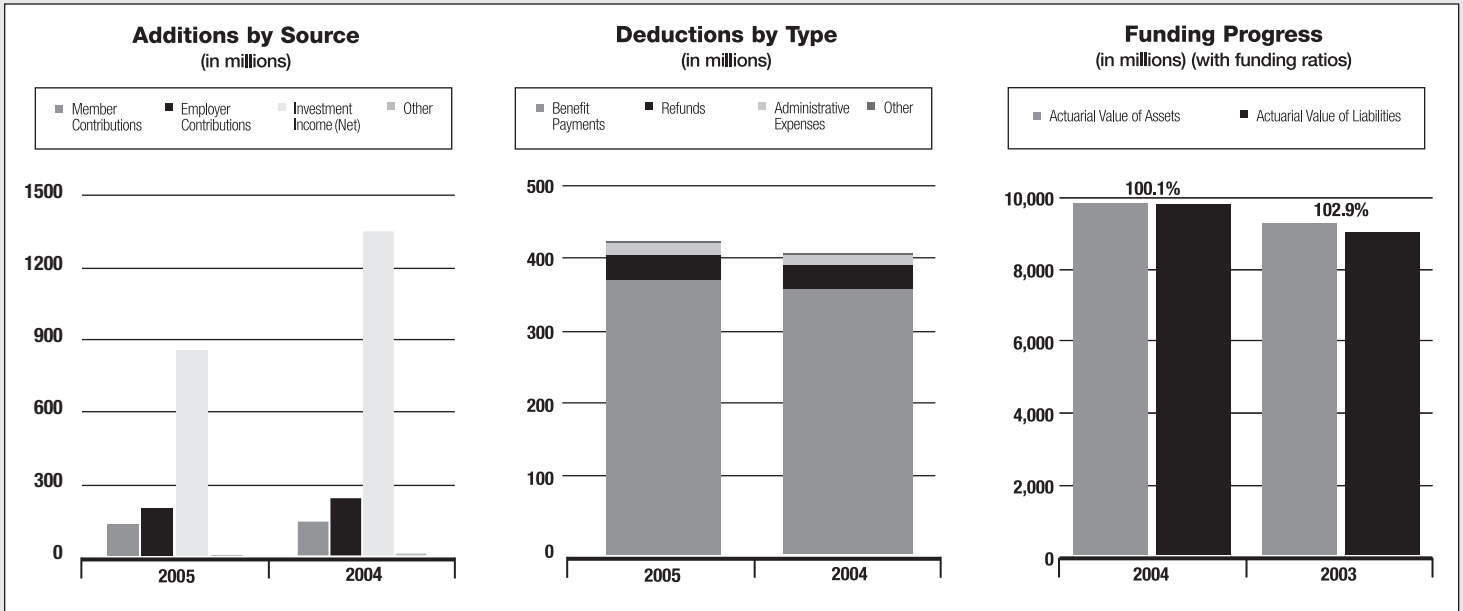

#### Contribution Rates

- Members are required to contribute 3 percent of gross wages to the Annuity Savings Account. Employers have the option of making all or part of this contribution on behalf of the member.
- Members may also voluntarily contribute up to an additional 10 percent of their post-tax wages into the Annuity Savings Account.
- The amount (rate) of Employer contributions are adopted by the Board of Trustees based on recommendations by the Fund's actuary.

**Funding Ratios**                      100.1%    102.9%

#### Annuity Savings Account

In addition to the employer-financed defined benefit pension, the Public Employees' Retirement Fund benefits structure also includes the Annuity Savings Account. The purpose of the Annuity Savings Account is to help public employees of state and local governments save for their retirement by allowing them to invest in a number of different investment funds.

While employer-provided retirement and Social Security benefits are valuable sources of retirement income, they are only a part of the total retirement picture. Employees can begin investing their own money in a long-term savings plan and take responsibility for their future retirement income.

The plan provides the following benefits:

- Convenient, automatic payroll deductions
- Six investment options
- Tax deferred savings
- Roll over funds into qualified plan or IRA upon termination or retirement
- Upon death, funds transfer to beneficiaries
- Immediate vesting
- Low investment and administrative fees

#### Total Annuity Savings Account Assets

### 1977 AND 1985 JUDGES' RETIREMENT SYSTEM

#### Composite Picture

##### Total Membership

Active (In-Service) .....	275
Terminated Vested .....	81
Benefit Recipients .....	262
Average Annual Benefit .....	\$ 37,609

##### Active Members

Average age .....	49.0 years
Average years of service .....	10.2 years
Average annual salary .....	\$ 93,431

##### Benefit Recipients

New Recipients .....	9
----------------------	---

#### Membership & Eligibility

The 1977 and 1985 Judges' Retirement System includes justices and judges of the Supreme Court, appellate, circuit, superior, criminal, probate, juvenile and municipal courts.

#### Receiving Retirement Benefits

Age	Years of Service	Allowance Reduction
55	Age at retirement plus total years of service equals 85 or more	None
62	8 or more	0.1% for each month that retirement precedes age 65
65	8 or more	None

#### Benefit Formula

**Annual Benefit** = Salary at Retirement<sup>1</sup> x Percentage Below

Years of Service	Percentage	Years of Service	Percentage
8	24%	16	54%
9	27	17	55
10	30	18	56
11	33	19	57
12	50	20	58
13	51	21	59
14	52	22 or more	60
15	53		

<sup>1</sup>Benefit calculations for the 1977 System are based on the current salary of the judge's position from which they retired. The 1985 System uses the salary paid to the judge when they retired.

#### Cost of Living Allowance

For the 1977 System, the cost of living allowance is a percentage increase equal to the increase in the salary of the judges' position from which the judge retired. There is no cost of living allowance in the 1985 System. There is no cost of living allowance for survivor benefits.

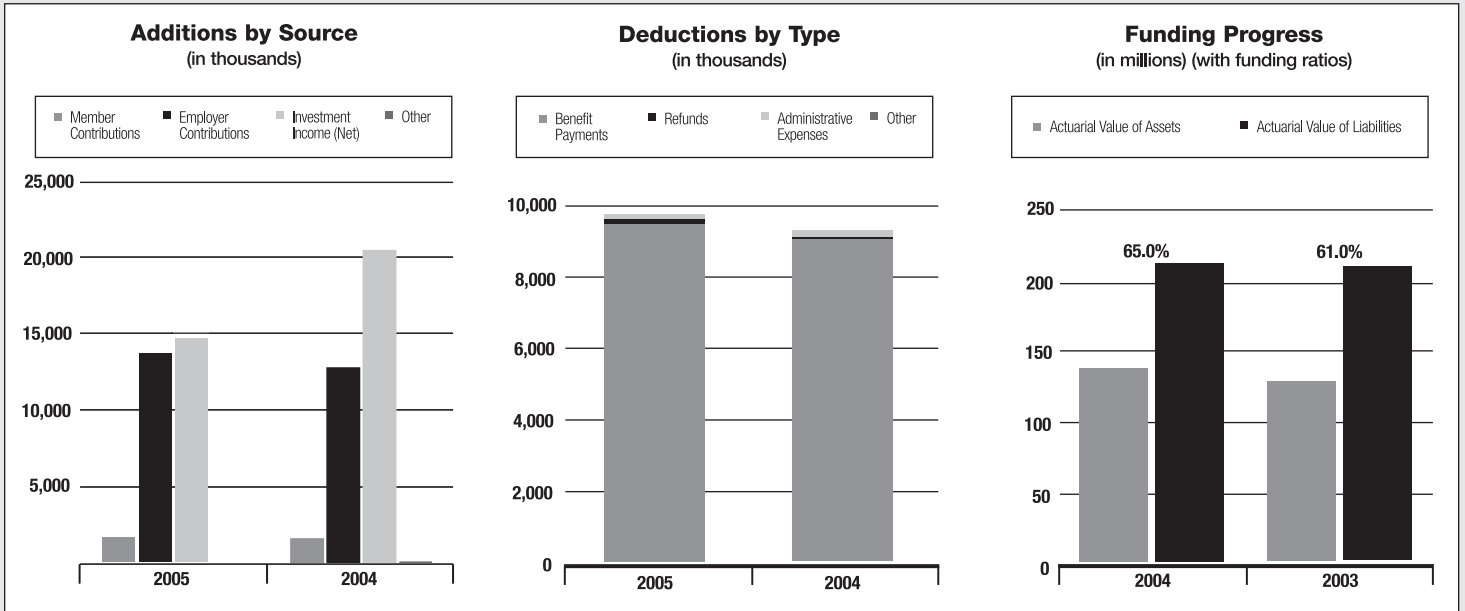

#### Contribution Rates

- Employees contribute 6 percent of the judge's statutory salary until 22 years of service have been completed.
- Employer contributions are determined by the General Assembly as biennial appropriations from the State's General Fund.

### EXCISE POLICE AND CONSERVATION ENFORCEMENT OFFICERS' RETIREMENT PLAN

#### Composite Picture

##### Total Membership

Active (In-Service) .....	251
Terminated Vested .....	4
Benefit Recipients .....	128
Average Annual Benefit .....	\$ 13,580

##### Active Members

Average age .....	42.3 years
Average years of service .....	17.7 years
Average annual salary .....	\$ 40,675

##### Benefit Recipients

Benefit Recipients .....	5
--------------------------	---

#### Membership & Eligibility

The Excise Police and Conservation Enforcement Officers' Retirement Plan includes employees of both the Department of Natural Resources and the Alcoholic Beverage Commission who are engaged exclusively in the performance of law enforcement duties.

#### Receiving Retirement Benefits

Age	Years of Service	Allowance Reduction
45	15 or more	0.25% for each full month that retirement precedes age 60
55	Age at retirement plus total years of service equals 85 or more	None
60	15 or more	None

#### Benefit Formula

**Annual Benefit** = 25 percent<sup>1</sup> x Average Annual Salary<sup>2</sup>

<sup>1</sup>This percentage is increased by 1-2/3 percent of average annual salary for each completed year of creditable service after 10 years (up to 25 years) and by 1 percent for each year of creditable service after 25 years.

<sup>2</sup>Average Annual Salary means the average annual salary of an officer during the five years of highest annual salary in the 10 years immediately preceding an officer's retirement date.

#### Cost of Living Allowance

Cost of living allowance is equal to any ad-hoc cost of living allowance enacted for PERF

#### Contribution Rates

- Member rates equal 3 percent of the first \$8,500 of annual salary (maximum contribution is \$255 per year).
- Employer contributions are adopted by the Board of Trustees based on recommendations by the Fund's actuary.

### LEGISLATORS' RETIREMENT SYSTEM- DEFINED BENEFIT PLAN\*

#### Composite Picture

##### Total Membership

Active (In-Service) .....	50
Terminated Vested .....	27
Benefit Recipients .....	39
Average Annual Benefit .....	\$ 6,303

##### Active Members

Average age .....	65.1 years
Average years of service .....	25.2 years
Average annual salary .....	N/A

##### Benefit Recipients

New Recipients .....	0
----------------------	---

#### Membership & Eligibility

The Legislators' Retirement System Defined Benefit Fund includes only legislators of the State of Indiana who were serving on April 30, 1989 and elected participation.

#### Receiving Retirement Benefits

Age	Years of Service	Allowance Reduction
55	10 or more <sup>1</sup>	Benefit reduced using early retirement formula <sup>2</sup>
55	Age at retirement plus total years of service as a member of the General Assembly equals 85 or more	None
65	10 or more <sup>3</sup>	None

<sup>1</sup>Have terminated service as a member of the General Assembly and is not receiving nor is entitled to receive a salary from the state.

<sup>2</sup>Early Retirement Benefit Formula:

Step 1: 780 months (65 years) – your age at retirement in full months = [x].

Step 2: If [x] is equal to or less than 60, then multiply [x] by 0.1 percent to obtain a product [y]. If [x] is greater than 60, then multiply 5/12 percent by the difference between 60 and the remainder [x]. Then take this product and add 6 percent to obtain a sum [y].

Step 3: Then subtract [y] from 100 percent to determine the percentage of your age 65 retirement benefit you receive.

<sup>3</sup>Have terminated service as a member of the General Assembly, are not receiving nor are entitled to receive a salary from the state and are not receiving and have not previously received a reduced monthly benefit under this plan.

#### Benefit Formula

Lesser of:

- \$40 x Years of service before Nov. 8, 1989 or
- Highest consecutive three-year annual salary at termination ÷ 12

#### Cost of Living Allowance

Cost of living allowance is equal to any ad-hoc cost of living allowance enacted for PERE

#### Contribution Rates

Employer contributions are adopted by the Board of Trustees based on recommendations by the Fund's actuary.

\*The Legislators' Retirement System also includes a defined contribution plan available to all legislators of the State of Indiana who serve in the General Assembly on or after April 30, 1989. Members contribute 5 percent of their annual salary. The State of Indiana contributes 20 percent of their members' annual salaries for service after June 30, 1989.

#### **INDEPENDENT AUDITOR'S REPORT**

**TO: THE OFFICIALS OF PUBLIC EMPLOYEES' RETIREMENT FUND BOARD OF TRUSTEES**

We have audited the accompanying basic financial statements of the Public Employees' Retirement Fund Board of Trustees (PERF), as of and for the year ended June 30, 2005. These basic financial statements are the responsibility of the Public Employees' Retirement Fund Board of Trustees' management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The reserves and designations note disclosure for the pension plans administered by the Public Employees' Retirement Fund Board of Trustees does not disclose the balances of the legally required reserves or their funding status as of June 30, 2005. In our opinion, disclosure of this information is required by accounting principles generally accepted in the United States of America.

In our opinion, except for the omission of the information discussed in the preceding paragraph, the basic financial statements referred to above present fairly, in all material respects, the combined plan net assets of the fiduciary funds of the Public Employees' Retirement Fund Board of Trustees, as of June 30, 2005, and the changes in the combined plan net assets of the fiduciary funds for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis, Schedule of Funding Progress, Schedule of Employer Contributions and the Notes to Required Supplemental Schedules are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Introductory Section, Administrative Expenses, Investment Expenses, Contractual and Professional Service Expenses, Investment Section, Actuarial Section, and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. These sections and schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Management's Discussion & Analysis*

This section presents management's discussion and analysis (MD&A) of the Public Employees' Retirement Fund of Indiana (PERF) financial statements for the year ended June 30, 2005. The MD&A is presented as a narrative overview and analysis in conjunction with the Letter of Transmittal included in the Introductory Section of the PERF Comprehensive Annual Financial Report. The MD&A should also be read in conjunction with the financial statements, the notes to the financial statements and the supplementary information.

The following retirement plans are included in the PERF financial statements: Public Employees' Retirement Fund, Judges' Retirement System, Excise Police and Conservation Enforcement Officers' Retirement Plan, 1977 Police Officers' and Firefighters' Pension and Disability Fund, Legislators' Defined Contribution Plan, Legislators' Defined Benefit Plan and the Prosecuting Attorneys' Retirement Fund. Also included in the financial statements are other non-retirement funds managed by PERF which include the Pension Relief Fund, which is accounted for as an Investment Trust Fund, and two Other Employee Benefit Trust Funds, the Public Safety Officers' Special Death Benefit Fund and the State Employees' Death Benefit Fund. See the notes to the financial statements for descriptions of these plans.

### **Financial Highlights**

- The net assets of PERF were \$13.4 billion as of June 30, 2005. Net assets of the retirement plans, which are held in trust to meet future benefit payments, were \$13 billion as of June 30, 2005. Net assets of the Pension Relief Fund, which are held in trust for pool participants, were \$355 million as of the fiscal year end.
  - The net assets of PERF increased by \$1.1 billion, or 9 percent from the prior year. The increase was primarily due to investment earnings.
  - Substantially all of the investments for the retirement funds administered by PERF are pooled in the Consolidated Retirement Investment Fund (CRIF). The CRIF rate of return on investments for the year was 9.5 percent on a market value basis, compared to last year's return of 16.3 percent. The higher return for 2004 was due to a significant improvement in the world equity markets from the previous year. The world equity markets, while continuing to demonstrate strong performance for 2005, were not at double-digit rates for 2004.
  - As of July 1, 2004, the date of the most recent actuarial valuation, the largest pension plan administered by PERF, the Public Employees' Retirement Fund is actuarially funded at 100.1 percent, which is slightly less than the 102.9 percent funded level as of July 1, 2003. Employer contributions are adjusted each year based on actuarial computations to fund the plan.
- The net assets of the Pension Relief Fund were \$355 million as of June 30, 2005 compared to \$393 million as of June 30, 2004. Pension Relief distributions are mandated by state law and continue to outpace revenues.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to PERF's financial statements. The financial section of the PERF Comprehensive Annual Financial Report is comprised of four components: 1) PERF's financial statements, 2) notes to the financial statements, 3) required supplementary information and 4) other supplementary information. The information available in each of these sections is briefly summarized as follows:

#### **1) Financial Statements**

The statement of fiduciary net assets presents information on PERF's assets and liabilities and the resulting net assets held in trust for pension benefits, employee death benefits and for pool participants. This statement reflects PERF's investments, at fair value, along with cash and short-term investments, receivables, and other assets and liabilities. This statement indicates the net assets available to pay future pension and death benefits and gives a snapshot at a particular point in time. This statement also indicates the net assets held in trust for pool participants in the Pension Relief Fund, which are available for future distributions to cities and towns.

The statement of changes in fiduciary net assets presents information showing how PERF's net assets held in trust for pension and death benefits and for pool participants changed during the years ended June 30, 2005 and 2004. It reflects contributions by members and employers along with deductions for retirement benefits, refunds, Pension Relief Fund distributions and withdrawals, and administrative expenses. Investment income and losses during the period are also presented showing income from investing and securities lending activities.

#### **2) Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in PERF's financial statements.

#### **3) Required Supplementary Information**

The required supplementary information consists of a Schedule of Funding Progress and a Schedule of Employer Contributions and related notes concerning the funding status of the pension plans administered by PERF.

#### **4) Other Supplementary Information**

Other schedules include detailed information on administrative expenses incurred by PERF as well as investment expenses and other professional services' expenses incurred. These schedules are presented for the purpose of additional analysis.

# 2005 COMPREHENSIVE ANNUAL FINANCIAL REPORT

## *Management's Discussion & Analysis (continued)*

### Financial Analysis

Total assets of PERF were \$16.3 billion as of June 30, 2005, compared with \$14.9 billion as of June 30, 2004. The increase in total assets was primarily due to investment gains during the year.

Total liabilities were \$2.9 billion as of June 30, 2005, compared with \$2.6 billion as of June 30, 2004. The increase was mainly due to an increase in securities lending activity and the additional collateral (liabilities) related to that activity, and investments sold where settlement had not occurred by June 30, 2005.

A summary of PERF's Net Assets is presented below:

<b>Net Assets</b> (dollars in thousands)			
	June 30, 2005	June 30, 2004	% Change
<b>Assets</b>			
Cash and Cash Equivalents	\$ 421,867	\$ 569,494	(25.9) %
Securities Lending Collateral	2,093,832	1,902,155	10.1
Receivables	687,698	568,918	20.8
Investments	13,164,049	11,916,057	10.5
Capitol Investments	3,171	0	—
<b>Total Assets</b>	<b>16,370,617</b>	<b>14,956,624</b>	<b>9.4</b>
<b>Liabilities</b>			
Securities Lending Collateral	2,093,832	1,902,155	10.0
Other Current Liabilities	873,095	763,811	14.3
Long-Term Liabilities	277	306	9.5
<b>Total Liabilities</b>	<b>2,967,204</b>	<b>2,666,272</b>	<b>11.3</b>
<b>Total Net Assets</b>	<b>\$ 13,403,413</b>	<b>\$ 12,290,352</b>	<b>9.0 %</b>

As the above table shows, plan net assets were \$13.4 billion as of June 30, 2005, an increase of \$1.1 billion, or 9.0 percent, compared to the prior year. This was due to investment income of the same approximate percentage. World equity markets remained strong through 2005 and continued to provide for above-average investment returns.

A summary of net assets by fund compared to the prior year is as follows:

### Summary Of Net Assets By Fund (dollars in thousands)

	June 30, 2005	June 30, 2004	% Change
Public Employees' Retirement Fund	\$ 10,398,671	\$ 9,586,901	8.5%
Judges' Retirement System	170,995	150,812	13.4
Excise Police & Conservation Enforcement Officers' Retirement Plan	47,266	42,917	10.1
1977 Police Officers' & Firefighters' Pension and Disability Fund	2,381,662	2,071,572	14.9
Prosecuting Attorneys' Retirement Fund	18,981	16,152	17.5
Legislators' Defined Benefit Plan	4,953	4,661	6.3
Legislators' Defined Contribution Plan	18,067	16,299	10.8
Public Safety Officers Death Benefit Fund	1,649	1,835	(10.1)
State Employees Death Benefit Fund	5,575	5,419	2.9
Pension Relief Fund	355,594	393,784	(9.7)
<b>Total</b>	<b>\$ 13,403,413</b>	<b>\$ 12,290,352</b>	<b>9.0 %</b>

Substantially, all of the investments for the retirement funds administered by PERF are pooled in the Consolidated Retirement Investment Fund (CRIF). The investments of the non-retirement funds administered by PERF are not included in the CRIF. The following table presents PERF's investment allocation in the CRIF compared to PERF's target investment allocation and the prior year allocation.

	June 30, 2005 Actual	June 30, 2005 Target	Allowable Range	June 30, 2004 Actual
Fixed Income	18.7 %	20.0 %	17.0 to 26.0 %	19.2 %

<b>Pool Participants</b>	<b>(38,190)</b>	<b>(26,753)</b>	<b>(42.7)</b>
<b>Future Death Benefits</b>	<b>(28)</b>	<b>(625)</b>	<b>95.5</b>

### Additions

Additions needed to fund benefits are accumulated through contributions from members and employers, and returns on invested funds. Member contributions for the year ended June 30, 2005 totaled \$172.5 million. This represents an increase of \$4.6 million or 2.8 percent compared to the prior year. Employer contributions were \$340.8 million, a decrease of \$8.7 million or 2.5 percent. Employer contributions are adjusted each year based on actuarial computations to fund the plan. Because the net returns on investments have exceeded actuarial assumptions, employer contribution rates have decreased.

PERF recognized a net investment income of \$1.14 billion for the year ended June 30, 2005, compared to a net investment income of \$1.68 billion the prior year. The total rate of return on the CRIF was a 9.5 percent compared to a 16.3 percent the prior year.

Indiana Law, effective for the fiscal year ended June 30, 2002, permitted cities and towns to defer receiving their earmarked relief payments from the Pension Relief Fund. The deferred amounts remain invested in the fund and are available to those cities and towns at their request. There were no deferrals during the year ended June 30, 2005. The State of Indiana makes contributions to the Pension Relief Fund. These contributions totaled \$61.8 million and \$61.7 million in the fiscal years ended June 30, 2005 and 2004, respectively.

*Management's Discussion & Analysis (continued)*

**Deductions**

The deductions from PERF's net assets held in trust for pension benefits include primarily retirement, disability and survivor benefits, refunds of contributions to former members and administrative expenses. For the year ended June 30, 2005, benefits amounted to \$425.9 million, an increase of \$17.3 million or 4.2 percent from the prior year. The increase in benefits was due to a slight increase in the number of retirees and legislative mandated increases to the average benefit paid. Refunds to former members were \$38.6 million, which represents an increase of 8.8 percent over the prior year. Part of the increase in refunds was due to increased turnover of public employees by state and local elections.

Administrative expenses were \$17.9 million, an increase of \$1.3 million compared to the prior year. The current year increase is primarily due to various initiatives to improve financial reporting and internal control processes reported by the State Board of Accounts in their audit report for the 2004 fiscal year, as well as technological enhancements to gain efficiencies and improve customer service.

**Historical Trends**

A pension fund is well funded when it has enough money in reserve to meet all expected future obligations to participants. The funded ratios of the defined benefit pension plans administered by PERF as of the latest actual valuations were as follows:

	July 1, 2004	July 1, 2003
Public Employees' Retirement Fund	100.1 %	102.9 %
Judges' Retirement System	64.7	61.0
Excise Police & Conservation Enforcement Officers' Retirement Plan	77.5	71.7
Prosecuting Attorneys' Retirement Fund	64.9	81.3
Legislators' Defined Benefit Plan	86.6	84.9
	<b>January 1, 2004</b>	<b>January 1, 2003</b>
1977 Police Officers' & Firefighters' Pension and Disability Fund	95.8	94.0

An analysis of the funding progress, employer contributions, and a discussion of actuarial assumptions and methods is set forth in the required supplementary information section of the financial statements.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Notes to the Financial Statements*

June 30, 2005

### **Note 1. Summary of Significant Accounting Policies**

The following are the significant accounting policies followed by the Public Employees' Retirement Fund of Indiana Board of Trustees (PERF):

#### **(A) Reporting Entity**

The Public Employees' Retirement Fund of Indiana Board of Trustees is an independent body corporate and politic exercising essential government functions. The financial statements presented in this report present only those funds that the PERF Board has responsibility for and are not intended to present the financial position or results of operations of the State of Indiana or all of the retirement and benefit plans administered by the State. Although PERF is not a state agency, it is a component unit of the State of Indiana for financial statement reporting purposes.

The following funds are included in the financial statements: Public Employees' Retirement Fund, Judges' Retirement System, Excise Police and Conservation Enforcement Officers' Retirement Plan, 1977 Police Officers' and Firefighters' Pension and Disability Fund, Prosecuting Attorneys' Retirement Fund, Legislators' Defined Benefit Plan, Legislators' Defined Contribution Plan, Public Safety Officers' Special Death Benefit Fund, State Employees' Death Benefit Fund, and the Pension Relief Fund. See Notes 2 and 3 for descriptions of these funds.

#### **(B) Basis of Presentation**

The financial statements of PERF have been prepared using fund accounting in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for established governmental accounting and financial reporting principles. GASB Statement 25 has been implemented for the defined benefit pension plans.

#### **(C) Fund Accounting**

PERF uses fund accounting to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities.

The PERF Board administers seven pension trust funds. In addition, the PERF Board also administers the Pension Relief Fund, which is accounted for as an investment trust fund, and two death benefit funds, accounted for as other employee benefit trust funds. For descriptions of these funds see Notes 2 and 3. The PERF Board also has general fund accounts on the Auditor of State's accounting system. These are used to transfer general fund appropriations to

certain funds. The accounts themselves are not included in these financial statements but the appropriations are included as contributions in the funds for which the appropriations were made.

Fiduciary funds, including pension trust, investment trust and other employee benefit trust funds account for assets held by the government in a trustee capacity or as an agent on behalf of others. The pension trust, the other employee benefit trust funds and the investment trust funds are accounted for on the flow of economic resources measurement focus and the accrual basis of accounting.

#### **(D) Basis of Accounting**

The accrual basis is used for financial statement reporting purposes. Receivables are not maintained on the accounting records, but are calculated or estimated for financial statement reporting purposes. Throughout the year, the investments are maintained on the accounting records at the net asset value per the custodian bank. The custodian maintains records of the detail holdings and accounts that comprise the net asset value. At fiscal year end, the accounting records and financial statements recognize the investment receivables and payables as described below in Investment Unit Trust Accounting.

#### **(E) Contributions**

Contributions are considered due when the related payroll is issued by the employer. Employers are not required to submit the contributions until the month following the end of the quarter. The estimates for contributions receivable at year-end for each of the retirement funds were determined on the basis that best represents that fund's receivable. The different bases include actual third quarter contributions received during the quarter ended June 30, 2005, actual contributions received in July for workdays in June, or a combination of the two.

#### **(F) Benefits and Refunds**

Benefits are recognized each month as benefits are paid. First checks are issued after processing the retirement application. Refunds are recognized each month as benefits are paid.

#### **(G) Administrative Expenses**

A budget for the administrative expenses of PERF is prepared and is approved by the Board of Trustees. Administrative expenses are paid from investment earnings.

The Public Employees' Retirement Fund (PERF Fund) pays the administrative expenses of all the funds. Records of the expenses are maintained and at June 30 a receivable is established in the PERF Fund and a payable in the other funds for the amount due to the PERF Fund for the other funds' administrative expenses. The Legislators' Defined Contribution Plan is not provided funds

*Notes to the Financial Statements*

June 30, 2005 (continued)

or a method to pay administrative expenses. Therefore, the Legislators' Defined Benefit Plan covers the administrative costs of both funds.

**(H) Deposits and Investments**

The Treasurer of State acts as the official custodian of the cash and securities of the funds, except for securities held by banks or trust companies under custodial agreements with PERF. The Board of Trustees contract with investment counsel, trust companies, or banks to assist PERF in its investment program. The Board is required to diversify investments in accordance with prudent investment standards. Investment guidelines, issued by the Board, contain limits and goals for each type of investment portfolio and specify prohibited transactions. The investment guidelines authorize investments of: U.S. Treasury and Agency obligations, U.S. Government Securities, corporate bonds, notes and debentures, common stocks, repurchase agreements secured by U.S. Treasury obligations, mortgage securities, commercial paper, banker's acceptances and other such investments.

**(I) Method Used to Value Investments**

GASB 25 requires that investments of defined benefit plans be reported at fair value. Short-term investments are reported at market value when available, or at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the official closing price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. For investments where no readily available market value exists, management, in consultation with their investment advisors, has determined the fair values for the individual investments.

**(J) Investment Unit Trust Accounting**

In order to provide a consolidated rate of return for the pension funds and effectively invest in a diversified manner, the Board of Trustees directed that investment unit trust accounting be implemented and that the investments be commingled as allowed by state statutes. Unit trust accounting involved assigning units to each fund based on the share of the fund's investment fair value to the total fair value of the consolidated investments. The custodian bank prepares consolidated bank statements and fund statements that show the unit trust accounting activity. Investment earnings and appreciation increase the per unit value of all participating funds. Deposits and withdrawals for each fund change the number of units held by each fund. These changes are recorded at the unit value on the transaction date. Investment earnings or losses and fees for the total consolidated fund are allocated to each of the pension funds on a monthly basis using the pro rata fair value share at month end.

The Consolidated Retirement Investment Fund (CRIF) is an internal investment pool as defined by GASB. It is comprised of

investment bank accounts that are maintained individually for each of the contracted investment managers. The CRIF included all investments and transactions of the pension funds, except for the PERF Fund members' annuity savings accounts directed outside the guaranteed fund, and a short-term investment account for building maintenance and the checking accounts. The Legislators' Defined Contribution Plan also has investment options other than the CRIF. The non-retirement funds administered by PERF are not included in the CRIF.

In accordance with GASB criteria for internal investment pools, the assets and liabilities of the CRIF were allocated pro rata to each of the retirement funds within the pool. This includes cash equivalents, securities lending collateral, accounts receivable and payable to brokers, accrued interest, and the investment holdings. The financial statements recognize the investment purchases and sales on the trade date as required by GASB.

The PERF Fund members' annuity savings accounts directed to the bond fund, S&P 500 Index stock fund, and international stock fund were included with those portfolios maintained for the consolidated fund investments. The pension relief fund also invests in the S&P 500 Index stock fund. The unit trust method is used to separately account for the transactions and balances owned by the CRIF and those owned by the PERF Fund members' annuity savings accounts and the Pension Relief Fund. This was also implemented and accounted for through the custodian bank.

**(K) Real Estate Investment**

In September 2004, the 125 building was sold for \$1,375,000. At the September 17, 2004 board meeting, the PERF board approved a resolution to dissolve the Market Capital Ventures, LLC and thus returning the ownership of the 143 building back to PERF. The 143 building was reclassified from Real Estate Investment to Capitalized Asset. The building will be depreciated over 20 years using straight line method.

**(L) Other Investments**

Other Investments includes warrants, overdrafts and investment in shares of limit liability partnerships. It also includes \$500,000 advanced to the Indiana Pension Systems, Incorporated (IPSI). IPSI is a joint venture between PERF and Teachers Retirement Fund (TRF) created to provide information technology services to PERF and TRF.

**(M) Equipment**

Equipment with a cost of \$20,000 or more is capitalized at the original cost and depreciation is recognized in the Administrative Expenses. Depreciation is computed on the straight-line method over the estimated ten-year life of all assets. PERF had no capitalized equipment as of June 30, 2005.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Notes to the Financial Statements*

June 30, 2005 (continued)

### **(N) Inventories**

Inventories of consumable supplies are not recognized on the balance sheet since they are considered immaterial. Purchases of consumable supplies are recognized as expenses at the time of purchase.

### **(O) Reserves and Designations**

The following are the legally required reserves and other designations of fund equity:

1. Member Reserve – The members' reserve represents member contributions made by or on behalf of the members plus any interest distributions, less amounts refunded or transferred to the Benefits in Force reserve for retirement, disability or other benefit. For the PERF Fund, this reserve is the members' Annuity Savings Accounts.
2. Employer Reserve – This reserve consists of the accumulated employer contributions plus earnings distributions less transfers made to the benefits in force reserve of the actuarial pension cost.
3. Benefits in Force – This reserve represents the actuarially determined present value of future benefits for all members who are currently retired or disabled. The accumulated contributions of the members are transferred to the reserve upon retirement or disability. The remainder of the actuarial pension cost is transferred from the employer reserve to fund the benefits.
4. Undistributed Investment Income Reserve – This reserve was credited with all investment earnings. Interest transfers have been made annually to the other reserves as allowed or required by the individual funds' statutes. The transfers are at rates established by the Board of Trustees, statutes, or the actual earning rates for certain investment options, depending on the statutes of the individual funds. The budget for the next fiscal year is transferred to the Administrative Expense designation. Any remaining balance (positive or negative) is transferred to the Employer Reserve and allocated to the employer(s) of the fund. Undistributed Investment Income Reserve is then zero at June 30.
5. Unreserved – This reserve represents the unfunded actuarial accrued liability for non-retired participants, determined by the fund's actuary, as of the date of the last valuation.
6. Administrative Expense – This designation represents the following fiscal year's administrative budget. This is only in the PERF fund, which initially pays all administrative expenses. The budget for the fiscal year ending June 30, 2006 is \$64.1 million.

### **(P) Compensated Absences**

PERF's full-time employees are permitted to accumulate earned but unused vacation and sick pay benefits. Vacation leave accumulates at the rate of one day per month and sick leave at the rate of one day every two months plus an extra day every four months. Bonus vacation days are awarded upon completion of five, ten and twenty years of employment with the State of Indiana. Personal leave days are earned at the rate of one day every four months; any personal leave accumulated in excess of three days automatically becomes part of the sick leave balance. Upon separation from service, employees in good standing will be paid for a maximum of thirty unused vacation leave days.

No liability is reported for unpaid accumulated sick leave. Vacation and personal leave and the salary-related payments that are expected to be liquidated are reported as Compensated Absences Liability.

### **(Q) Transfers From and To Teachers' Retirement Fund**

If a member was last employed in a PERF covered position, PERF will use the member's Teachers Retirement Fund (TRF) service and Annuity Savings Account balance at the time of retirement to calculate the member's retirement benefit. Likewise, if a member was last employed in a TRF covered position, TRF will use the member's PERF service and Annuity Savings Account balance. The respective fund sets up a receivable for both the Annuity Savings Account and the calculated reserve for the pension for those members retiring from their fund with service in the other fund. The receivable is included as a line item in the Receivable section of the Combined Statement of Fiduciary Net Assets. Likewise, a payable is set up for the amount due to the other fund. This can be found in the Liabilities sections of the Combined Statement of Fiduciary Net Assets.

### **(R) Adoption of New Accounting Standards**

During the year ended June 30, 2005, PERF adopted Governmental Accounting Standards Board Statement No. 40, Deposit and Investment Risk Disclosures (and amendment of GASB Statement No. 3) ("GASB 40"). The adoption of GASB 40 required PERF to include a presentation of Deposit and Investment Risk Disclosures. The adoption of GASB 40 did not have an impact on PERF's financial statements.

*Notes to the Financial Statements*

June 30, 2005 (continued)

**Note 2. Retirement Plans**

The following is a brief description of each of the retirement funds and plans:

**(A) Public Employees' Retirement Fund**

The Public Employees' Retirement Fund (PERF Fund) is an agent multiple-employer public employee retirement system and a defined benefit plan that acts as a common investment and administrative agent for units of state and local governments in Indiana. Established by the Indiana Legislature in 1945 and governed by IC 5-10.2 and IC 5-10.3, this trust fund provides a retirement program for most officers and employees of the State of Indiana who are not eligible for another program.

The fund also covers many officers and employees of municipalities of the State, including counties, cities, towns, townships and school corporations. The political subdivisions become participants by ordinance or resolution of the governing body, which specifies the classifications of employees who will become members of the fund, and is filed with and approved by the PERF Board of Trustees. In order to be a member, employees hired after June 30, 1982 must occupy positions normally requiring performance of service of one thousand hours during a year. School corporation employees, however, as well as those hired before July 1, 1982 must occupy positions requiring service of six hundred hours during a year.

At June 30, 2005, the number of participating political subdivisions was 1,132. The PERF Fund membership at July 1, 2004 consisted of:

Retirees, disabilitants and beneficiaries receiving benefits	54,354
Terminated employees entitled to benefits but not yet receiving them	9,884
Active employees: vested and non-vested	142,913
Total	<u>207,151</u>
Total covered payroll (in thousands)	<u>\$4,198,942</u>

The PERF Fund retirement benefit consists of the sum of a defined pension benefit provided by employer contributions plus the amount credited to the member's annuity savings account. The mandatory employer contribution is a percentage of payroll, determined by PERF's actuary, necessary to fund the pension benefit in accordance with IC 5-10.2-2-11. The annuity savings account consists of the member's contributions, set by statute at three percent of compensation, plus the interest credited to the member's account. The employer may elect to make the contributions on behalf of the member. In addition, members may elect to make additional voluntary post-tax contributions of up to 10 percent of their compensation into their Annuity Savings Account.

At retirement, a member may choose to receive a lump sum payment of the amount credited to the member's annuity savings account instead of receiving the amount as an annuity. The annuity savings account may be withdrawn at any time should a member terminate employment prior to retirement. Withdrawal of the annuity savings account prior to retirement results in forfeiture of the related pension benefit. All benefits vest after ten years of creditable service. The vesting period is eight years for certain elected county officials. When benefit rights are vested, members may retain them even if they withdraw from active service before normal retirement age.

A member who has reached age 65 and has at least 10 years of creditable service is eligible for normal retirement and, as such, is entitled to 100 percent of the pension benefit component. This annual pension benefit is equal to 1.1 percent times the average annual compensation, times the number of years of PERF covered employment. The average annual compensation in this calculation is an average of the member's highest twenty calendar quarters' salaries during PERF covered employment. Member contributions paid by the employer on behalf of the member and severance pay up to \$2,000 are included as part of the member's salary.

A member who has reached at least age 50 and has 15 years of creditable service is eligible for early retirement with a reduced pension, ranging from 44 percent to 99 percent of the pension benefit described above. However, a member is eligible for full retirement benefits if the member is at least 55 years of age and the member's age plus number of years of PERF-covered employment equals at least 85.

The PERF Fund also provides disability and survivor benefits. A member who has at least five years of creditable service and becomes disabled while in active service may retire for the duration of the disability if the member has qualified for Social Security disability benefits and has furnished proof of the qualification. The disability benefit is calculated the same as that for a normal retirement without reduction for early retirement. Upon the death of a member in service with fifteen or more years of creditable service, a survivor benefit may be paid to the spouse or designated dependent beneficiary. This payment is equal to the benefit which would have been payable to a beneficiary if the member had retired at age fifty or at his death, whichever is later, under an effective election of the joint and survivor option available for retirement benefits.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## Notes to the Financial Statements

June 30, 2005 (continued)

### (B) Judges' Retirement System

The Judges' Retirement System is a single employer public employee retirement system and a defined benefit plan, established in 1953 and is governed by IC 33-38-6 and -7. Coverage is for any person who has served, is serving or shall serve as a regular judge of the Supreme Court of the State of Indiana, Circuit Court of any Judicial Circuit, Indiana Tax Court or County Courts including: Circuit, Superior, Criminal, Probate, Juvenile, Municipal and County Court. IC 33-38-8 applies to judges beginning service after Aug. 31, 1985.

Retirement, permanent disability and death benefits are provided by the Judges' Retirement System. Retirement benefits vest after eight years of creditable service. Judges who retire at or after age 65 with eight years of creditable service (or are at least 55 years of age and the participant's age in years plus the participant's years of service is at least 85) are entitled to an annual retirement annuity, payable monthly for life, in an amount calculated in accordance with statutes.

A reduced amount is paid for early retirements that may be selected upon attainment of age 62. There is no vesting requirement for permanent disability benefits. Surviving spouses or dependent children are entitled to benefits for life, or until attainment of age 18, if the participant had qualified to receive a retirement or disability annuity or had completed at least 10 years of service and was in service as a judge.

The annual retirement benefit for a participant equals the product of the salary that was paid to the participant at the time of separation from service multiplied by a percentage for year of service as defined in the statute. If the annual retirement benefit of a participant who began service as a judge before July 1, 1977, as computed per IC 33-38-7-11, is less than the amount the participant would have received under IC 33-38-6 as in effect on June 30, 1977, the participant is entitled to receive the greater amount as the participant's annual retirement benefit.

At July 1, 2004, the Judges' Retirement System membership consisted of:

Retirees, disabilitants and beneficiaries receiving benefits	262
Terminated employees entitled to benefits but not yet receiving them	81
Active employees: vested and non-vested	275
Total	618
Total covered payroll (in thousands)	\$ 25,693

Member contributions are established by statute at 6 percent of total statutory compensation and are deducted from the member's salary or paid by the employer and remitted by the Auditor of State or

County Auditor. However, no contribution is required and no such amounts shall be paid on behalf of any participant for more than 22 years.

Employer contributions are determined by the Indiana General Assembly as biennial appropriations from the State's General Fund. Indiana Code 33-38-6-17 provides that this appropriation only include sufficient funds to cover the aggregate liability of the fund for benefits to the end of the biennium, on an actuarially funded basis. The statutes also provide for remittance of docket fees and court fees. These are considered employer contributions.

### (C) Excise Police and Conservation Enforcement Officers' Retirement Plan

The State Excise Police Gaming Agent, and Conservation Officers' Retirement Plan (E&C) was established in 1972 by IC 5-10-5.5 as amended. The retirement fund is a single employer defined benefit plan. The retirement fund is for employees of the Indiana Department of Natural Resources and the Indiana Alcohol and Tobacco Commission who are engaged exclusively in the performance of law enforcement duties.

The E&C Plan provides retirement, disability and survivor benefits. Retirement and survivor benefits vest after 15 years of creditable service. Each participant is required to retire on or before the first day of the month following the participant's sixtieth birthday. A participant who is at least 55 years of age and the sum of the participant's years of creditable service and age in years equals at least 85 may retire and become eligible for benefits. A step rate benefits formula specified by statute is used to calculate benefits that are payable monthly for life. A reduced benefit is provided for early retirements that are elected upon attainment of age 45 with 15 years of creditable service.

Surviving parents, or the spouse, are entitled to benefits for life generally equal to fifty percent of the amount the participant would have received if retired. Surviving unmarried children are entitled to benefits equal to their proportionate share of the amount the participant would have received if retired. This benefit will continue until the child reaches eighteen years of age or marries.

There is no vesting requirement for entitlement to the plan's permanent and temporary disability benefits. The benefit amount is greater if the disability arose in the line of duty. The benefit is based upon the participant's monthly salary times the degree of impairment as determined by the disability medical panel, established in accordance with statute.

Members are required by statute to contribute 3 percent of the first \$8,500 of annual salary to the fund. If a member leaves covered employment or dies before 15 years of credited service, accumulated member contributions plus interest, as credited by the Board of Trustees, are refunded to the member, designated beneficiary, or the member's estate. The State of Indiana, as the employer, is required by statute to contribute the remaining amount necessary to actuarially finance the coverage.

# 2005 COMPREHENSIVE ANNUAL FINANCIAL REPORT

## *Notes to the Financial Statements*

June 30, 2005 (continued)

At July 1, 2004 the E&C Plan's membership consisted of:

Retirees, disabilitants and beneficiaries receiving benefits	128
Terminated employees entitled to benefits but not yet receiving them	4
Active employees: vested and non-vested	251
Total	383
Total covered payroll (in thousands)	\$ 10,209

**(D) 1977 Police Officers' and Firefighters' Pension and Disability Fund**

The 1977 Police Officers' and Firefighters' Pension and Disability Fund (1977 Fund) is a defined benefit, multiple-employer, cost sharing public employee retirement system. The fund was established in 1977 by IC 36-8-8 to provide coverage to full-time sworn officers of a police force of an Indiana city or town and full-time firefighters employed by an Indiana city, town, township or county.

A participant is required by statute to contribute 6 percent of a first class officer or firefighter's salary for the term of their employment up to 32 years. The accumulated value of the member's contribution, including interest, may be withdrawn if the member terminates employment prior to completing twenty years of service. The fund's actuary determines employer contributions.

A member who retires at or after the age of 52, with 20 years of service, is entitled to 50 percent of the prevailing salary of a first class officer, as defined by the local unit, plus 1 percent for each 6 month period over twenty years. The maximum benefit is 74 percent of the salary of a first class officer.

The fund also provides disability and survivor benefits. If an active fund member has a covered impairment, the member is entitled to receive benefits. The statutes define the disability benefits. The benefits may be based on when the member was first hired, the type of impairment and other factors.

If a member dies while receiving retirement or disability benefits, there are provisions for the surviving spouse and children to receive a portion of the benefits. Each of the member's surviving children is entitled to a monthly benefit equal to 20 percent of the member's monthly benefit until the age of 18. The member's surviving spouse is entitled to a monthly benefit equal to 60 percent during the spouse's lifetime. If there is no eligible surviving spouse or children, a dependent parent or parents may receive 50 percent of the fund member's monthly benefit during their lifetime.

Each year the PERF board shall determine a cost of living adjustment. To calculate the adjustment, the PERF Board determines if there has been an increase or decrease in the consumer price index (United States city average) prepared by the United States Department of Labor by comparing the arithmetic mean of the consumer price index for January, February and March

of that year with the arithmetic mean for the same three months of the preceding year. The increase or decrease shall be stated as a percentage of the arithmetic mean for the preceding three month period. The percentage shall be rounded to the nearest one-tenth of one percent (0.1 percent) and may not exceed 3 percent. A fund member's or survivor's monthly benefit, beginning with the July payment, shall be increased or decreased by an amount equal to the June payment times the percentage increase or decrease. However, a fund member's or survivor's monthly benefit may not be increased or decreased by a COLA until July of the year following the year of the first monthly benefit payment to the fund member or survivor. In computing a fund member's benefit, the increase or decrease is based only on those years for which the fund member was eligible for benefit payments under this chapter. A monthly benefit may not be reduced below the amount of the first monthly benefit received by the fund member or survivor.

Members that are eligible to receive an unreduced benefit may elect the provisions under the Deferred Retirement Option Plan (DROP). DROP allows a member to "freeze" their retirement at the benefit calculated at the DROP election date. The member also selects a DROP retirement date of not less than 12 months and not more than 36 months. Members who enter the DROP shall exit the DROP at the earliest of: then member's DROP retirement date, 36 months after the member's DROP entry date, member reaches the mandatory retirement age or December 31, 2007.

At June 30, 2005, the number of participating employer units totaled 160 (247 police and fire departments). Membership of the 1977 Fund at January 1, 2004 consisted of:

Retirees, disabilitants and beneficiaries receiving benefits	1,906
Terminated employees entitled to benefits but not yet receiving them	125
Active employees: vested and non-vested	11,238
Total	13,269
Total covered payroll (in thousands)	\$ 469,750

Indiana Code 36-8-8-9 was amended effective July 1, 1998 allowing firefighters and police officers who converted their benefits from the 1925, 1937 or 1953 funds and either were retired or disabled on or before June 30, 1998 to be entitled to receive benefits under the 1977 Fund using the 1977 Fund's eligibility criteria. The employees were then considered members of the 1977 Fund for the purposes of paying benefits to them, effective for benefits paid on or after Oct. 1, 1998. Due to this law change, 1,256 retirees became a part of the 1977 Fund.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Notes to the Financial Statements* June 30, 2005 (continued)

### **(E) Prosecuting Attorneys' Retirement Fund**

The Prosecuting Attorneys' Retirement Fund was established in 1989 by IC 33-39-7. The retirement fund is a single employer defined benefit plan. The retirement fund is for individuals who serve as a prosecuting attorney, chief deputy prosecuting attorney or certain other deputy prosecuting attorneys. These individuals are paid from the General Fund of the State of Indiana.

The Prosecuting Attorneys' Retirement Fund provides retirement, disability and survivor benefits. A participant is entitled to a retirement benefit if the participant is at least 65 years of age (62 years for reduced benefits), has at least 10 years of service, has ceased service as a prosecuting attorney, and is not receiving, nor entitled to receive, any salary from the state for services currently performed.

The amount of the annual retirement benefit for a participant who is at least 65 years of age is the product of the annual salary that was paid to the participant at the time of separation from service, multiplied by a percentage based on the participant's years of service. The percentages range from 30 percent for 10 years of service to 60 percent for 22 or more years of service.

If the participant is at least 62 years of age, the participant is entitled to receive a reduced annual retirement benefit that equals the benefit, as calculated above, reduced by one-fourth percent (0.25 percent) for each month that the participant's age at retirement precedes the participant's sixty-fifth birthday.

Members contribute 6 percent of their salary. They receive annual earnings 5.5 percent in accordance with statute.

Retirement benefits payable to a participant are reduced by the defined benefit portion of the pension, if any, that would be payable to the participant from the Public Employees' Retirement Fund (PERF Fund) if the participant had retired from the PERF Fund on the date the participant's retirement from the Prosecuting Attorneys' Retirement Fund occurred. Members of this fund are also participating members of the PERF Fund with the State paying the 3 percent employee contributions.

The Prosecuting Attorneys' Retirement Fund also provides disability and survivor benefits. A participant who has at least five years of creditable service and becomes disabled while in active service may retire for the duration of the disability if the participant has qualified for Social Security disability benefits and has furnished proof of the qualification. The amount of the annual benefit payable to a participant for disability benefits is equal to the product of the annual salary that was paid to the participant at the time of separation from service multiplied by a percentage based on the participant's years of service. The percentages range from 40 percent for 5 years of service to 50 percent for 20 or more years of service.

The surviving spouse of a participant who dies is entitled to benefits, regardless of the participant's age, if the participant was: receiving benefits from this fund, serving as a prosecuting attorney or chief deputy prosecuting attorney and had completed at least 10 years of service or met the requirements for disability benefits.

The surviving spouse is entitled to a benefit for life equal to the greater of \$7,000 or 50 percent of the retirement benefit the participant was drawing at the time of death, or to which the participant would have been entitled had the participant retired and begun receiving retirement benefits on the date of death, with the reductions as necessary for early retirement. If there is not a surviving spouse, there are provisions for dependents to receive benefits.

All disability benefits payable from the Prosecuting Attorneys' Retirement Fund and benefits payable to a surviving spouse or dependent children are reduced by the amounts, if any, that would be payable under the Public Employees' Retirement Fund.

At July 1, 2004 the Prosecuting Attorneys' Retirement Fund membership consisted of:

Retirees, disabilitants and beneficiaries receiving benefits	18
Terminated employees with accrued creditable service	247
Active employees: vested and non-vested	214
	<hr/>
Total	479
	<hr/>
Total covered payroll (in thousands)	\$ 15,149
	<hr/>

### **(F) Legislators' Retirement System**

The Legislators' Retirement System was established in 1989 by IC 2-3.5. The retirement system is for the members of the General Assembly of the State of Indiana.

The Legislators' Retirement System is comprised of two separate and distinct plans. The Legislators' Defined Benefit Plan (IC 2-3.5-4), a single employer defined benefit plan, applies to each member of the General Assembly who was serving on April 30, 1989 and files an election under IC 2-3.5-3-1(b). The Legislators' Defined Contribution Plan (IC 2-3.5-5) applies to each member of the General Assembly who was serving on April 30, 1989 and files an election under IC 2-3.5-3-1(b), and each member of the General Assembly who is elected or appointed after April 30, 1989.

#### **Legislators' Defined Contribution Plan**

A participant of the Legislators' Defined Contribution Plan who terminates service as a member of the General Assembly is entitled to withdraw both the employee and employer contributions. The amount available for withdrawal is the fair market value of the participant's account on the quarter end preceding the date of withdrawal plus any contributions since the quarter end. Account balances are fully vested to the participants. The withdrawn

*Notes to the Financial Statements*

June 30, 2005 (continued)

amount can be paid in a lump sum or as an actuarially equivalent monthly annuity as offered by the Board of Trustees and elected by the participant.

If a participant dies while a member of the General Assembly or after terminating service as a member, but prior to withdrawing from the plan, the participant's account is to be paid to the beneficiary (or beneficiaries) or to the survivors. The amount to be paid is the fair market value of the participant's account (employer and employee contributions) on the quarter end preceding the date of payment, plus contributions since the quarter end.

Each participant shall make employee contributions of 5 percent of salary received for services rendered after June 30, 1989. Employer contributions equal to 20 percent of the annual salary received by each participant for services rendered after June 30, 1989 are to be appropriated from the State's General Fund.

Investments in the members' accounts are individually directed and controlled by plan participants who direct the investment of their account balances among several investment options of varying degrees of risk and earnings potential. The investment options include the consolidated fund, bond fund, money market fund, small cap stock fund, S&P 500 Index stock fund, and international stock fund. Members may make changes to their investment directions quarterly. Investments of the plan are reported at fair value.

**Legislators' Defined Benefit Plan**

The Legislators' Defined Benefit Plan provides retirement, disability, and survivor benefits. This plan is closed to new entrants. A participant is entitled to a monthly retirement benefit if the participant is at least 65 years of age (55 years for reduced benefits) or is at least 55 years of age and whose years of service as a member of the General Assembly plus years of age equal at least 85, or is at least 60 years of age and has at least 15 years of service; has terminated service as a member of the General Assembly; has at least 10 years of service as a member of the General Assembly and is not receiving, nor entitled to receive, compensation from the state for work in any capacity.

The monthly retirement benefit is the lesser of (1) \$40 multiplied by the total years of service completed by the participant as a member of the General Assembly before Nov. 8, 1989, or (2) the highest consecutive three-year average annual salary of the participant under IC 2-3-1-1 at the date the participant's service as a member of the General Assembly is terminated, divided by 12.

A participant who has reached at least age 55 and meets the other requirements stated above is eligible for early retirement with a reduced benefit. The actual reduction is based on the participant's

age and ranges from one-tenth of one percent (0.10 percent) to 56 percent of the monthly retirement as calculated above.

The Legislators' Defined Benefit Plan also provides disability and survivor benefits. A member who has at least five years of creditable service and becomes disabled while in active service may retire for the duration of the disability if the member has qualified for social security disability and has furnished proof of the qualification. The disability benefit is calculated the same as that for a normal retirement without reduction for early retirement. Upon the death of a participant who was receiving retirement benefits, who had completed at least 10 years of service as a member of the General Assembly, or who was permanently disabled and receiving disability benefits from the system; the surviving spouse is entitled to receive survivor benefits. The benefits are for life and are equal to 50 percent of the amount of retirement benefits that: (1) the participant was receiving at the time of death or (2) the participant would have been entitled to receive at 55 years of age, or at the date of death, whichever is later. If there is not a surviving spouse, there are provisions for dependents to receive benefits.

The amount required to actuarially fund participants' retirement benefits, as determined by the Board of Trustees on the recommendation of an actuary, is to be appropriated from the State's General Fund for each biennium.

At July 1, 2004 the Legislators' Retirement System's membership consisted of:

	Defined Benefit	Defined Contribution
Retirees, disabilitants and beneficiaries receiving benefits	39	--
Terminated employees entitled to benefits but not yet receiving them	27	--
Active employees: vested and non-vested	50	182
Total	<u>116</u>	<u>182</u>
Total covered payroll (in thousands)		<u>\$ 5,547</u>

A member of the Defined Benefit Plan may also be a member of the Defined Contribution Plan if the participant is still a member of the General Assembly or has not withdrawn from the Defined Contribution Plan since terminating service as a member of the General Assembly.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Notes to the Financial Statements*

June 30, 2005 (continued)

### **Note 3. Description of Non-Retirement Funds**

The following is a brief description of the non-retirement funds administered by PERF:

#### **(A) Pension Relief Fund**

The Pension Relief Fund was created by the Indiana General Assembly in 1977 (IC 5-10.3-11). The purpose of the fund is to give financial relief to cities' and towns' pension funds for their police officers and firefighters. The financial relief is needed because cities and towns have to pay benefits to retirees under the old plans (locally administered) and adequately fund those in the 1977 Police Officers' and Firefighters' Pension and Disability Fund.

Distributions are made from the Pension Relief Fund to cities and towns two times per year based on a fixed formula. The distribution is based on two separate computations, the "K portion" and the "M portion." The first is based on the number of retirees and amount of benefits projected to be paid during the current year, and the latter is based on the maximum ad valorem tax levy established for each participating municipality. In addition, distribution from the Pension Relief Fund is made to cover death benefits for surviving spouses of members of the 1925, 1937, and 1953 local pension funds in excess of 30 percent of the salary of a first class patrolman or a first class firefighter.

The Pension Relief Fund also pays a lump sum death benefit of \$150,000. The benefit is paid to the surviving spouse, or if there is no surviving spouse, to the surviving children of a member of the 1977 Fund who dies in the line of duty as defined by 36-8-8-20. If there is no surviving spouse or children, the benefit is paid to the parent or parents in equal shares.

The Pension Relief Fund's additions are derived from contributions from the state for a portion of cigarette and alcohol taxes, a portion of the state's lottery proceeds and the investment income earned.

Cities and towns are permitted to defer receiving their earmarked relief payments from the Pension Relief Fund. The deferred amounts remain invested in the Fund and are available to those cities and towns at their request. As of June 30, 2005, cities and

towns had investments with a market value of \$17,047,773 on deposit in the Pension Relief Fund. In the Fund's financial statements, the earmarked relief payments are reflected as distributions and the deferred amounts are reflected as additions from cities and towns.

#### **(B) Public Safety Officers' Special Death Benefit Fund**

Indiana Code 5-10-10 established the Special Death Benefit Fund. The fund was established for the purpose of paying a lump sum death benefit of \$150,000 to the surviving spouse or children of a public safety officer (as defined by IC 5-10-10-6) who dies in the line of duty. If there is no surviving spouse or children, the benefit is paid to the parent or parents in equal shares. The fund consists of bail bond fees remitted to the Auditor of State under IC 35-33-8-3.1 and investment earnings of the fund.

House Enrolled Act 1600 changed IC 5-10-10 to allow private universities to purchase coverage under the fund. Their election into the fund could be made with the effective date of June 30, 2004. Upon their election, the private universities submit \$100 for each police officer and/or firefighter. The \$100 per police officer and firefighter is to be submitted annually to maintain coverage. Four private universities have elected coverage with one selecting effective date of June 30, 2004.

#### **(C) State Employees' Death Benefit Fund**

Indiana Code 5-10-11 established the State Employees' Death Benefit program. Under the program, a death benefit of \$50,000 is to be paid to the surviving spouse, or if there is no surviving spouse, to the surviving children (to be shared equally) of a state employee who dies in the line of duty.

The statute did not establish a method to fund the program. It stated that: "The state shall provide these benefits by purchasing group life insurance or by establishing a program of self-insurance." Effective with the state's pay period ended Oct. 23, 1993, the state assessed state agencies 0.1 percent of gross pay to fund this program. Because of the size of the fund, collection of the assessment ceased Nov. 1999.

### **Note 4. Contributions Required and Contributions Made**

The following is a brief description of the contributions required and the contributions made to each of the retirement funds and plans:

#### **(A) Public Employees' Retirement Fund**

The State of Indiana and any political subdivision that elects to participate in the PERF Fund is obligated by statute to make contributions to the plan. The required contributions are determined by the Board of Trustees based on actuarial investigation and valuation. The funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as

percentages of annual covered payroll, are sufficient to fund the pension portion of the retirement benefit (normal cost) and the amortization of unfunded liabilities. The amortization period is 40 years for those employers whose effective date of participation is prior to 1997. The amortization period for employers joining thereafter will be reduced 1 year per year until 2007 when it will be leveled at 30 years.

The actuarial cost method used in the valuation is the entry age normal cost method in accordance with IC 5-10.2-2-9. Under this method as supplied to the PERF Fund, a normal cost is determined for each active participant, which is the level

*Notes to the Financial Statements*

June 30, 2005 (continued)

percentage of his compensation needed as an annual contribution from entry age to retirement age to fund his projected benefits.

The unfunded actuarial accrued liability on any valuation date is the accumulated value of such normal costs for each non-retired participant from entry date to the valuation date, less the value of assets for non-retired members at that date. This unfunded actuarial liability is compared to the expected unfunded actuarial accrued liability, which is determined as the prior valuation unfunded liability reduced by scheduled amortization payments and increased by interest at the actuarially assumed rate. Any changes between the actual liability and expected liability due to changes in benefit levels (excluding Cost of Living Adjustments), changes in actuarial gains or losses are amortized over a forty year period (to be reduced to 30 years by 2007, see above) from the date of change. The amortization of the unfunded actuarial liability was restarted with a 30-year term from the effective date of July 1, 2002.

The actuary calculates the net assets using an asset smoothing method for the determination of the employer actuarially required contribution. Under the smoothing method, asset gains or losses above or below the actuarially assumed rate of 7.25 percent are recognized over a four-year period. A given year's asset gain or loss will be fully recognized by the end of the fourth succeeding year.

Based on the actuarial valuation at July 1, 2004, employer required contributions were \$202,630,615, which included normal cost of \$203,513,973 and a negative \$883,358 for amortization of the unfunded actuarial accrued liability. Contributions made by employers for the year ended June 30, 2005 totaled \$206,323,043, which was 4.6 percent of covered payroll.

The required contribution levels are now determined under the assumption that a 2 percent Cost of Living Adjustment (COLA) will be granted in each future year, applying not only to then current retirees, but also to active employees who have yet to retire. Thus, the full effect of a 2 percent annual COLA is handled on a pre-funded basis.

**(B) Judges' Retirement System**

Contribution requirements for the Judges' Retirement System are not actuarially determined but are established by statute (IC 33-13-8-16(a)) and appropriations. The actuarial valuation suggested that the minimum contribution for the fiscal year ended June 30, 2005 was 39.6 percent of anticipated payroll. Employer contributions are appropriated from the State's General Fund.

**(C) Excise Police and Conservation Enforcement Officers' Retirement Plan**

The funding policy of the Excise Police and Conservation Enforcement Officers' Retirement Plan provides for biennial appropriations authorized by the Indiana General Assembly, which when combined with anticipated member contributions are sufficient to actuarially fund benefits (normal cost), amortize the

unfunded accrued liability over 30 years, and prevent the state's unfunded accrued liability from increasing. State statutes define the funding policy. Member contributions, defined by statute as 3 percent of the first \$8,500 of annual salary, are remitted to the fund upon each payroll deduction.

Significant actuarial assumptions used to determine contribution requirements included: rate of return on the investment of present and future assets of 7.25 percent per year, compounded annually projected salary increases of 5.0 percent per year, compounded annually; and assets valued by smoothed basis.

**(D) 1977 Police Officers' and Firefighters' Pension and Disability Fund**

The funding policy mandated by statute requires quarterly remittances of member and employer contributions based on percentages of locally established estimated salary rates, rather than actual payroll. The member contribution rate is not actuarially determined, but was established by statute at 6 percent of the salary of a first class officer or firefighter.

The employer contribution rate is actuarially determined using the entry age normal cost method. The total required to actuarially fund normal cost is reduced by the total estimated member contributions.

As the 1977 Police Officers' and Firefighters' Pension and Disability Fund is a cost sharing system, all risks and costs, including benefit costs, are shared proportionally by the participating employers. All participating employers were required to contribute 21 percent of the salary of a first class officer or firefighter during the fiscal year.

The significant actuarial assumptions used to compute the actuarially required employer contribution include: investment earnings of 7.5 percent per year compounded annually; salary increases of 5 percent per year; benefit increases of 3 percent per year while the benefit is in payment status; and no recoveries from disabilities.

**(E) Legislators' Retirement System**

For the Legislators' Defined Contribution Plan, each participant is required to contribute 5 percent of his annual salary. In addition, the State of Indiana is required to contribute 20 percent of the member's annual salary on behalf of the participant.

For the Legislators' Defined Benefit Plan, the amount required to actuarially fund participants' retirement benefits, as determined by the Board of Trustees on the recommendation of an actuary, is to be appropriated from the State's General Fund.

**(F) Prosecuting Attorneys' Retirement Fund**

The amount required to actuarially fund participants' retirement benefits, as determined by the Board of Trustees on the recommendation of an actuary is to be appropriated from the State's General Fund. Members contribute 6 percent of the State-paid portion of their annual salary.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Notes to the Financial Statements*

June 30, 2005 (continued)

### Note 5. Deposits and Investments

#### **Investment Guidelines and Limitations:**

The Indiana General Assembly enacted the prudent investor standard to apply to the Board and govern all its investments. Thus, the primary governing statutory provision is that the Board must "invest its assets with the care, skill, prudence and diligence that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims." The Board is also required to diversify such investments in accordance with prudent investment standards.

Within these governing statutes, the Board has broad authority to invest the assets of the plans. The Board utilizes external investment managers each with specific mandates to implement the investment program. Depending on the mandate and the contractual agreement with the investment manager, investments may be managed in separate accounts, commingled account, mutual funds or other structure acceptable to the Board.

Currently, the Board has established the following asset allocation strategy for the investments held in the Consolidated Retirement Investment Fund (CRIF):

<i>Asset Classes</i>	<b>Target Norm</b>	<b>Allowable Ranges</b>
Equities - Domestic	45 %	42 - 51 %
Equities - International	11	8 - 17
Equities - Global	9	6 - 15
Fixed Income - Core	20	17 - 26
Fixed Income - TIPS	10	7 - 16
Alternatives	5	2 - 11

Investment in the Annuity Savings Accounts and Legislature's Defined Contribution plans are directed by the members in each respective plan and as such the asset allocation will differ from that of the CRIF. The Pension Relief Fund is invested to a target of 70 percent Fixed Income - Core and 30 percent Equities - Domestic. The Special Death Benefit Funds are 100 percent fixed income.

The following identifies investment types that are currently prohibited by the investment policy:

- Short sales of any kind
- Repurchase agreements that may create any kind of leverage in the portfolio. (Repurchase agreements as cash equivalents are permitted.)
- Purchases of letter or restricted stock
- Buying or selling on the margin
- Purchases of futures and options, except where specifically noted in Specific Guidelines
- Purchases of derivative securities which have any of the following characteristics: leverage, indexed principal payment, or links to indexes representing investments, unless specifically approved by the Board or as delegated to the Executive Director.
- Purchases of Interest Only or Principal Only collateralized mortgage obligations
- Purchases of Guaranteed Investment Contract (GICs) or Bank Investment Contracts (BICs)
- Any transactions giving rise to unrelated business taxable income (excluding current holdings)
- Any transaction that would be a "prohibited transaction" under the Internal Revenue Code Section 503
- Purchases of precious metals
- Purchases of commodities
- Purchases of inverse floaters

#### **Custodial Credit Risk**

Custodial credit risk is the risk that the PERF will not be able to recover the value of its deposits, investments or collateral securities that are in the possession of an outside party if the counter party fails. Investment securities are exposed to risk if the securities are uninsured, are not registered in the name of PERF and are held by either the counterparty or the counterparty's trust department or agent but not in PERF's name.

# 2005 COMPREHENSIVE ANNUAL FINANCIAL REPORT

## *Notes to the Financial Statements*

June 30, 2005 (continued)

Per IC 5-10.3-5-4(a), fund investments must be held by banks or trust companies under custodial agreements. Per IC 5-10.3-5-5, all custodians must be domiciled in the United States and approved by the department of financial institutions to act in a fiduciary capacity and manage custodial accounts in Indiana.

There was no custodial credit risk for investments. As the securities collateral was provided as a part of an external investment pool, no custodial credit risk exists.

### **Deposit Risks**

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized or collateralized with securities held by the pledging financial institution. Deposits held in the two demand deposit accounts are carried at cost and are insured up to \$100,000 each. Deposits in the demand accounts held in excess of \$100,000 are not collateralized. Deposits with the Treasurer of State are entirely insured. Deposits held with the custodian are collateralized with securities on loan that are held by the pledging financial institution.

<i>Cash Deposits (in thousands)</i>	<b>Total</b>	<b>Bank One Benefits</b>	<b>National City Adminlstration</b>
Demand deposit account – carrying value	\$ 12,979	\$ 12,975	\$ 4
Demand deposit account – bank balance	58,549	58,446	103
Held with Treasurer of State	6,341		
Held with investment custodian:			
Time Deposits (nonnegotiable)	236,932		

### **Credit Risk**

PERF's fixed income portfolio investment policy sets credit quality rating guidelines and benchmark indices for each of its sub asset classes and, or as outlined in each portfolio manager contract. The quality rating of investments in fixed income securities as described by nationally recognized statistical rating organizations (Standard and Poors) at June 30, 2005 are as follows (in thousands):

<i>Quality Rating</i>	<b>Fair Value</b>	<b>Percentage of Portfolio</b>
AAA	\$ 2,869,063	73.6 %
AA	352,578	9.0
A	232,196	6.0
A-1	69,048	1.8
BBB	210,895	5.4
BB	74,485	1.9
B	23,677	0.6
CCC	1,625	0.0
Not rated and other	66,696	1.7
Grand Total	\$ 3,900,263	100.0%

Approximately 63 percent of total investments reported are AAA rated US Treasury and Other Agencies (\$2,454,000). Fixed income mutual funds were rated AA and are approximately 7 percent, or \$280,000, of total investments. The remaining 30 percent of total investment balance of credit risk is allocated to corporate debt, asset backed securities and mortgage obligations with various credit quality ratings.

### **Concentration of Credit Risk**

Concentration of credit risk is the risk of loss that may arise in the event of default by a single issuer. Under PERF's Investment Policy Statement, exposure to a single issuer, with the exception of the U.S. Government and it agencies, is generally limited to an initial cost of 5 percent of the market value of assets managed by each investment manager. For such investment managers, through capital appreciation, the exposure to a single issuer should not exceed 7.5 percent of market value of the assets managed by the manager.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## Notes to the Financial Statements

June 30, 2005 (continued)

For managers contracted to manage concentrated portfolios, exposure to the securities issued by a single issuer, with the exception of the U.S. Government and its agencies, is limited to 7.5 percent of the portfolio of the manager based upon initial cost and no more than 15 percent of the market value of the portfolio as a result of capital appreciation.

At June 30, 2005, there was no concentration of credit risks for the CRIF or separately managed fund portfolios.

### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the investments. Duration is a measure of interest rate risk. The greater the duration of a bond or a portfolio of bonds, the greater its price volatility will be in response to a change in interest rates and vice-versa. Duration is an indicator of a bond price's sensitivity to a 100-basis point change in interest rates.

PERF's fixed income portfolio investment policy sets duration guidelines that are linked directly, or indirectly, to the benchmark indices for each of its sub asset classes and as outlined in each portfolio manager contract. Several sub asset classes require that duration of the portfolio may not vary more than 20 percent above or below the duration of the applicable benchmark index.

Investment Type	Net Asset Fair Value	Duration
Short Term	\$ 156,920	0.2
Government Obligation	2,067,728	5.9
Mortgage Backed	743,444	2.3
Corporate Bonds	713,414	5.3
Mutual Funds	280,179	4.2
Asset Backed	97,270	2.2
Foreign Government and Corporate Securities	11,358	2.3
Total Net Asset Fair Value	\$ 4,070,313	4.7

All PERF investments are directly, or indirectly, sensitive to changes in the interest rate environment. Significant investment types that are considered highly sensitive have been identified in the derivatives financial instruments section.

### Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. PERF's foreign currency exposure is focused in international and global equity holdings.

PERF's portfolio investment policy refers to foreign currency guidelines that are linked directly, or indirectly, to the benchmark indices for each sub asset class or as outlined in each portfolio manager contract. Certain fixed income portfolio sub asset classes allow for up to 20 percent investment in non-US dollar government and corporate securities. The Equity portfolio sub asset classes have specific guidelines for international equities and global equity investments. Certain sub asset classes do not allow "emerging" markets investments while some allow up to 20 percent of market value to be held in emerging markets.

PERF has exposure to foreign currency fluctuation as follows (see table below):

Currency	Fair Value	Percentage of Holdings
Euro	\$ 626,023	35.5 %
Pound Sterling	393,523	22.3
Japanese Yen	320,239	18.2
Australian Dollar	109,575	6.2
Swiss Franc	75,400	4.3
Canadian	48,454	2.8
Other	187,952	10.7
Grand Total	\$ 1,761,166	100.0 %

### Securities Lending

Indiana Code 5-10.2-2-13(d) provides that the PERF Board of Trustees may authorize a custodian bank to enter into a securities lending program agreement under which securities held by the custodian on behalf of PERF may be loaned. The purpose of such a program is to provide additional revenue for PERF.

Statute requires that collateral initially in excess of the total market value of the loaned securities must be pledged by the borrower, and must be maintained at no less than the total market value of the loaned securities. The Board requires that collateral securities and cash be initially pledged at 102 percent of the market value of the securities lent. No more than 40 percent of the Fund's total assets may be lent at one time.

*Notes to the Financial Statements*

June 30, 2005 (continued)

The custodian bank and/or its securities lending subagents provide 100 percent indemnification to the Board and the Fund against borrower default, overnight market risk and fails on the return of loaned securities. Securities received as collateral cannot be pledged or sold by the Board unless the borrower defaults. PERF retains the market value risk with respect to the investment of the cash collateral.

Cash collateral investments were subject to the investment guidelines specified by the Board. The Board policy includes that the maximum weighted average days to maturity may not exceed 60. The average duration of the cash collateral portfolio was 24 days at June 30, 2005. The securities lending agents match the maturities of the investments of cash collateral for the securities loans with stated termination dates. Cash collateral received for open-ended loans that can be terminated on demand are invested with varying maturities.

Securities lent at year-end for cash collateral included loan values as follows (in millions):

<i>Investment Type</i>	<b>Loan Value</b>
Government Obligation	\$ 1,106
Corporate Bonds	78
Equities	910
Total Fair Value	\$ 2,094

The credit quality of the cash collateral at June 30, 2005 was (in millions):

<i>Cash Collateral Quality Rating</i>	<b>Fair Value</b>	<b>% of Portfolio</b>
AAA	\$ 132	6.3%
AA	113	5.4
A-1 and A-1+	1,771	84.6
Not rated	78	3.7
Grand Total	\$ 2,094	100.0%

The majority of AAA rated collateral was asset backed securities. The majority of AA rated collateral was Guaranteed Investment Contracts. The majority of A-1 and A-1+ collateral was medium term corporate bonds and time deposits.

At June 30, 2005, PERF had loaned US Treasury and Government Agency Obligations for securities collateral. The loan value was \$357.4 million which represented 102% coverage. The credit quality at June 30, 2005, also included under the credit risk section, was (in millions):

<i>Securities Collateral Quality Rating</i>	<b>Fair Value</b>	<b>% of Portfolio</b>
AAA	\$ 357.4	100.0%

**Derivative Financial Instruments**

PERF invested in derivative financial investments as authorized by Board policy. A derivative security is an investment whose payoff depends upon the value of other assets such as commodity prices, bond and stock prices, or market index. PERF's investments in derivatives are not leveraged. In the case of an obligation to purchase (long a financial future or a call option), the full value of the obligation is held in cash or cash equivalents. For obligations to sell (short a financial future or a put option), the reference security is held in the portfolio. Derivative transactions involve, to varying degrees, credit risk and market risk. Credit risk is the possibility that a loss may occur because a party to a transaction fails to perform according to terms. Market risk is the possibility that a change in interest or currency rates will cause the value of a financial instrument to decrease or become more costly to settle. The market risk associated with derivatives, the prices of which are constantly fluctuating, is regulated by imposing strict limits as to the types, amounts and degree of risk that investment managers may undertake. These limits are approved by the Board of Trustees and senior management, and the risk positions of the investment managers are reviewed on a periodic basis to monitor compliance with the limits. During the year, PERF's derivative investments included foreign currency forward contracts, collateralized mortgage obligations (CMOs), treasury inflation protected securities (TIPS) and futures.

Foreign currency forward contracts are used to hedge against the currency risk in PERF's foreign stock and fixed income security portfolios. A foreign currency forward contract is an agreement to buy or sell a specific amount of a foreign currency at a specified delivery or maturity date for an agreed-upon price. Fluctuations in the market value of foreign currency forward contracts are marked to market on a daily basis.

At June 30, 2005, PERF's investments included the following currency forwards balances (in thousands):

Forward Currency Contract Receivables	\$ 319,093
Forward Currency Contract Payables	\$ 313,473

PERF's fixed income managers invest in CMOs to improve the yield or adjust the duration of the fixed income portfolio. As of June 30, 2005, the carrying value of the PERF's CMO holdings totaled \$151.1 million.

TIPS are used by PERF's fixed income managers to provide a real return against inflation (as measured by the Consumer Price Index). In addition, PERF employs TIPS at the total fund level in order to utilize their diversification benefits. As of June 30, 2005, the carrying value of the System's TIPS holdings totaled \$1,104 million.

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Notes to the Financial Statements*

June 30, 2005 (continued)

PERF's investment managers use financial futures to replicate an underlying security or index they wish to hold (sell) in the portfolio. In certain instances, it may be beneficial to own a futures contract rather than the underlying security (arbitrage). Additionally, PERF's investment managers use futures contracts to adjust the portfolios risk exposure. A financial futures contract is an agreement to buy or sell a specific amount at a specified delivery or maturity date for an agreed-upon price. Financial future positions are recorded with a corresponding offset, which results in a carrying value equal to zero. As the market value of the futures contract varies from the original contract price, a gain or loss is recognized and paid to or received from the clearinghouse. The cash or securities to fulfill these obligations are held in the investment portfolio. As of June 30, 2005, the only derivative positions held by PERF are equity index futures.

---

### **Note 6. Commitments for Alternative Investments**

The PERF Board of Trustees had approved commitments to fund limited liability partnerships of \$115.8 million as of June 30, 2005. The fund has paid out \$34.2 million of the commitment as of June 30, 2005. The funding period for the entire amount is July 2002 to February 2011.

---

### **Note 7. Joint Venture**

PERF and the Teachers' Retirement Fund (TRF) are members in the Indiana Pension Systems, Inc (IPSI). IPSI is a tax-exempt, non-profit corporation created to provide information technology services to TRF and PERF. A five-member board composed of two TRF appointees, two PERF appointees and one appointee appointed by PERF or TRF on a rotating basis governs IPSI. The current board is composed of two TRF appointees and three PERF appointees. The board members serve two-year terms. Once the current rotating director's term expires, TRF will appoint the new director. PERF and TRF each contributed \$500,000 in start-up assistance to IPSI. On dissolution of IPSI, the net assets will be distributed equally to TRF and PERF. As of June 30, 2005, IPSI's net assets were approximately \$1,000,000. All IPSI expenditures are paid by IPSI and then billed periodically to TRF and PERF. Because IPSI's only clients are TRF and PERF, and all expenditures made by IPSI are billed to TRF and PERF, IPSI is not expected to have any net operating income for any financial reporting period.

---

### **Note 8. Risk Management**

PERF is exposed to various risks of loss. These losses include damage to property owned, personal injury or property damage liabilities incurred by an officer, agent or employee, malfeasance and theft by employees, certain employee health and death benefits, and unemployment and worker's compensation costs for employees.

PERF's policy is generally not to purchase commercial insurance for the risk losses to which it is exposed. Instead, it records as expenditure any loss as the liability is incurred or replacement items are purchased. PERF does purchase a limited amount of insurance to limit the exposure to errors and omissions and does purchase insurance relating to the building. The PERF Board of Trustees administers the State of Indiana's risk financing activity for the state employees' death benefits. Other risk financing activities for the state are administered by other agencies of the state.

---

### **Note 9. Required Supplementary Information**

The historical trend information designed to provide information about PERF's progress made in accumulating sufficient assets to pay benefits when due is required supplementary information. Required supplementary information is included immediately following the notes to the financial statements. Other supplementary information is presented for the purpose of additional analysis and is not a required part of the general purpose financial statements.

<sup>1</sup> If 30, a new basis is determined and is amortized 30 year. The prior basis are maintained and amortized over their remaining 30 years.

The July 1, 2002 PERF valuation, for plan year ended June 30, 2003, was the first to reflect census data as reported by a new database system. The previous database system reported salaries on a calendar year basis and reported service through the March 31 preceding the valuation date. The new database system reports both salary and service on a fiscal year basis. Also, the new database system may have created an increase of about \$70 million in liabilities associated with prior service earned by active members. Due to the fiscal impact of the more current data, this valuation has been prepared in such a manner as to phase-in the changes brought about by the new database system over a four-year period on a pro rata basis. This phase-in will ease the transition to the census data reporting by the new database system.

The July 1, 2002 valuation also reflects a fresh start of the amortization of unfunded actuarial accrued liabilities. Previous valuations reflected amortizations that began with an Initial Unfunded Liability established in 1975. Additional amortization bases were added in the years following, primarily reflecting actuarial experience gains and losses but also reflecting changes in actuarial methods and assumptions and changes in plan provisions. By fresh starting the amortization of unfunded actuarial accrued liabilities over a 30-year closed period, the Fund will be able to utilize currently the cost savings of future favorable amortization amounts.

In the July 2003 valuation for the Judges' Retirement System we switched from a 40 year amortization to a 30 year. The difference in the Annual Required Contributions between the 30 and 40-year amortization was \$423 thousand.

Board of Trustees  
State of Indiana Public Employees' Retirement Fund  
143 West Market Street  
Indianapolis, IN 46204

Dear Trustees:

Mercer Investment Consulting (Mercer IC) is pleased to present the State of Indiana Consolidated Retirement Investment Fund (CRIF) results for the fiscal year ended June 30, 2005.

As of June 30, 2005, the CRIF had a market value of \$12.4 billion, a \$1.1 billion increase since June 30, 2004. The increase in assets was primarily attributable to the investment appreciation experienced over the one-year period. During the previous twelve months:

- After finishing 2004 on a strong note, the capital markets' performance was subdued in 2005, as investors worried over rising oil prices, increasing inflation, the strength of the economy and higher interest rates. Since June 2004, the Federal Open Market Committee (FOMC) has raised short-term interest rates nine times, pushing the Fed Funds rate to 3.25% as of June 30, 2005. During the same period, long-term rates continued to decline, causing a flattening of the yield curve.
- In general, small capitalization stocks led large capitalization issues over the trailing twelve months. In terms of style, value stocks beat their growth-oriented counterparts across the capitalization spectrum.
- Amidst the overall uncertainty and volatility, domestic equity markets fared well. The S&P 500 Index, an index of domestic large capitalization stocks, advanced 6.3% during the trailing one-year period, while smaller capitalization stocks, as measured by the Russell 2000 Index increased 9.5%. As a result of higher energy prices, the commodity-driven sectors of the market were the top performing areas, with energy and utilities posting impressive double-digit returns for the trailing one-year period.
- Developed international equity markets continued to lead their domestic counterparts during the period, posting a 14.1% return, as measured by the MSCI EAFE (Europe, Australasia, and Far East) Index. Emerging markets continued their rally, increasing 34.9%, as measured by the MSCI Emerging Markets Index.
- Fixed income markets, as measured by the Lehman Brothers Aggregate Index returned 6.8% for the twelve month period. In general, higher quality issues and longer-term bonds led the market.

Within this environment, the CRIF advanced 9.8% during the one-year period ending June 30, 2005, exceeding the 9.3% Target Reference Index return. Annual performance was enhanced by solid results delivered by both the domestic and international segments during the fourth quarter of 2004 and the second quarter of 2005. The CRIF's returns remain strong over the trailing three and five-year periods, surpassing the Index.

*Report on Investment Activity (continued)*

The CRIF's domestic equity managers increased 8.2% (collectively) during the trailing year, marginally outpacing the 8.1% return of the Russell 3000 Index. The Fund's small cap equity managers were the biggest drivers of outperformance, as they all exceeded their respective bogeys by wide margins. Longer term performance continues to lead the benchmark.

The Fund's international equity segment posted a 20.0% return for the trailing twelve months, beating the MSCI ACWI Ex-US Index by 3.0%. The global equity portion returned 10.6%, trailing the MSCI ACWI Index by 1.1%. Over the trailing three-year period, the international and global equity segments struggled versus their respective market benchmarks.

The fixed income portion of the Fund returned 7.7% over the trailing one-year period, surpassing the 6.8% return of the Lehman Brothers Aggregate Index. Relative outperformance was largely attributable to both the allocation and the solid investment results experienced by the active core opportunistic managers. Longer term returns remain ahead of the Index.

Mercer IC is pleased with the Fund's investment results over the trailing one-year period and supports the continued efforts to enhance the overall structure and performance.

Sincerely,

Douglas J. Kryscio, CFA  
Principal

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Outline of Investment Policies*

The Board of Trustees serves as the ultimate fiduciaries of the State of Indiana Public Employees' Retirement Fund (the Fund). The five members are appointed by the governor. One must be a member of the fund with at least 10 years of creditable service. One must be either a member or a retired member of the Fund; a member of a collective bargaining unit of state employees or an Indiana resident and officer of a local, national or international labor union representing state employees. Not more than three of the trustees may be of the same political affiliation. The Board appoints the executive director of the fund for approval by the governor.

Trustees operate under the prudent investor standard in overseeing investment activities, acting "with the care, skill, prudence and diligence that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character with like aims."

PERF was prohibited from investing in equities prior to May 1997. At that time, the Board began re-balancing the portfolio by investing in diversified equity asset classes. As stated in the Notes to the Financial Section, the Consolidated Retirement Investment Fund (CRIF) includes all investments and transactions of the pension funds. The non-pension funds administered by PERF are excluded from the CRIF. A breakdown of each plan's share of the CRIF and the asset allocation of the total portfolio is provided in this section.

The Board's Statement of Investment Policy and corresponding Addenda govern the activities for all assets under the Board's control. The purposes are summarized below:

- Set forth appropriate and prudent investment policies in consideration of the needs of the Fund, legal requirements applicable to the Fund and to direct investment of the Fund's assets.
- Establish criteria against which the investment managers are to be measured.
- Communicate the investment policies, objectives, guidelines and performance criteria of the Board to the Staff, Investment Managers, Consultants and all other interested parties.
- Serve as a review document to guide the ongoing oversight of the investment of the Fund.

- Demonstrate that the Board is fulfilling its fiduciary responsibilities in the management of the investment of the Fund solely in the interests of members and Fund beneficiaries.

Maintenance of funding adequate to provide for the payments of the plans' actuarially determined liabilities over time, at a reasonable cost to the members, the employers and the taxpayers of the state, is of primary consideration. In order to determine the appropriate asset allocation and diversification of the Fund to meet the objectives described above, the Board periodically conducts asset/liability modeling studies.

The investment portfolio includes long-term commitments to the following asset classes: domestic equity, domestic fixed income, global equity and international equity. The international equity allocation started during fiscal year 2001. In addition, the Board established a strategic allocation to alternative investments. Expectations are that this allocation will be funded over time.

The Board employs professional investment managers selected through a thorough manager due diligence search process. This incorporates the State of Indiana's statutory requirements, supported by staff and consultant coordination and analysis. It is the Board's intent that the selection process be open to all qualified organizations wishing to participate. Investment managers are expected to comply with stated investment guidelines detailed in the Statement of Investment Policy. Manager performance is measured against applicable market index results, as well as a comparable peer group of managers.

The Guaranteed Fund is the unique, original self-directed investment option for the Annuity Savings Account program within the PERF plan. It provides a guarantee of the value of an individual's contributions to the Fund and a guarantee of the value of any interest credited on contributions. As set by the PERF Board, the actual investments of the Guaranteed Fund are the same as the general PERF portfolio. The PERF Board annually establishes the interest-crediting rate for the Guaranteed Fund. The interest-crediting rate for the Guaranteed Fund during the last 10 years is included in the Investment Highlights of this section on page 61.

October 7, 2005

Indiana Public Employees' Retirement Fund  
Board of Trustees  
143 West Market Street, Suite 500  
Indianapolis, IN 46204

Dear Members of the Board:

### Certification of Actuarial Valuations

The actuarial data presented in this report describes the current actuarial condition of the defined benefit pension plans ("Plans") administered by the Indiana Public Employees' Retirement Fund ("PERF"). Valuations are prepared annually as of July 1 for all Plans except the 1977 Police Officers' and Firefighters' Pension and Disability Fund which is annually as of January 1.

Under PERF statutes, employer contribution rates are certified annually for each Plan by the Board of Trustees. These rates are determined actuarially, based on the Board's funding policy. Contribution rates for the PERF Plan as determined by a given actuarial valuation become effective eighteen months after the valuation date (12 months for state employees). For example, the rates determined by the July 1, 2004 actuarial valuation will be used by the Board when certifying the employer contribution rates for the year beginning Jan. 1, 2006 (or for the year beginning July 1, 2005 for state employees). If new legislation is enacted between the valuation date and the date the contribution rates become effective, the Board may adjust the recommended rates before certifying them, in order to reflect this new legislation. Such adjustments are based on information supplied by the actuary.

### **General Comment for 2004**

The July 1, 2004 PERF Actuarial Valuation is the third valuation of a 4-year phase-in of a new data reporting system that was adopted early in 2002. This new data reporting system collects salary information on a June 30 fiscal year basis (the prior data reporting system collected salary information on a calendar year basis) and also collects service data on a fiscal year basis (the prior system collected service data through the March 31 preceding the July 1 valuation date). The fiscal impact of this change in the data reporting system is being phased in over a 4-year period.

### **Funding Objectives and Funding Policy**

In setting contribution rates, the Board's principal objectives have been:

- to set rates so that the unfunded actuarial accrued liability ("UAAL") will be amortized over a fixed period.
- to set rates so that they remain relatively level over time.

To accomplish this, the Board's funding policy requires that the employer contribution rate be equal to the sum of the employer normal cost rate (which pays the current year's cost) and an amortization rate which results in the amortization of the UAAL in equal installments. The Board has adopted smoothing rules to the determination of the employer contribution rate to reduce the variability of these rates.

No membership growth is anticipated in setting the contribution rate. This is consistent with GASB #25, which prohibits anticipating membership growth in determining the minimum Annual Required Contribution ("ARC").

Under this policy, the objectives of amortizing the UAAL and maintaining relatively level contribution rates over time are achieved.

*Actuary's Certification Letter*

**Progress Toward Realization of Financing Objectives**

The funded ratio (the ratio of the actuarial value of assets to the actuarial accrued liability) is a standard measure of a Plan's funded status. In the absence of benefit improvements, it should increase over time, until it reaches 100 percent. The combined funded ratio for all Plans has decreased from the preceding year due primarily to a change in the actuarial assumption regarding COLAs.

**Benefit Provisions**

The benefit provisions reflected in this report are those which were in effect on each Plan's valuation date.

**Assumptions and Methods**

Actuarial assumptions and methods used in the valuation are set by the Board, based upon the recommendations of the actuary. The actuary reviews actual plan experience before making these recommendations. The last such review of actuarial assumptions was carried out in connection with the July 1, 2001 actuarial valuation for the PERF Plan and the Jan. 1, 2003 actuarial valuation for the 1977 Municipal Police and Fire pension plan.

**Data**

Member data for retired, active and inactive members was supplied as of each Plan's valuation date by IPSI, a data vendor for PERF. We did not audit this data, but we did apply a number of tests to the data, and we concluded that it was reasonable and consistent with the prior year's data. Asset information for each Plan was supplied by PERF and IPSI.

**Certification**

We certify that the information presented herein is accurate and fairly portrays the actuarial position of each Plan administered by PERF as of each Plan's 2004 valuation date.

We prepared the exhibits in the "Actuarial Section" which include Summary of Actuarial Assumptions and Methods, the Reconciliation of Changes in Unfunded Actuarial Accrued Liabilities, the Solvency Tests, the Schedules of Active Member Valuation Data, and the Schedules of Retirants and Beneficiaries. In addition, we prepared the Schedules of Funding Progress and Schedules of Employer Contributions in the "Financial Section."

All of our work conforms with generally accepted actuarial principles and practices, and with the Actuarial Standards of Practice issued by the Actuarial Standards Board. In our opinion, our calculations also comply with the requirements of Indiana state law and, where applicable, the Internal Revenue Code, Employee Retirement Income Security Act (ERISA) and the Statements of the Governmental Accounting Standards Board. We are each independent Enrolled Actuaries and Members of the American Academy of Actuaries and experienced in performing valuations for large public retirement systems.

If you have any questions or require additional information, please don't hesitate to contact us.

Sincerely,

Douglas Todd  
A.S.A., M.A.A.A., E.A.  
Senior Actuary

Richard E. Lenar  
F.S.A., M.A.A.A., E.A.  
Chief Actuary

# PUBLIC EMPLOYEES' RETIREMENT FUND OF INDIANA

## *Summary of Actuarial Assumptions and Methods as of July 1, 2004*

- Note 1: Prior to July 1, 2003, the COLA assumption was assumed to be 2 percent for the remaining lifetime of the benefit recipient. Effective July 1, 2003, the time period for the actuarial assumption for COLA was changed from the remaining lifetime of the benefit recipient to five years from the valuation date. This change was applied to Indiana PERF, Legislative Retirement Benefits, and the Excise Police and Conservation Enforcement Officers' Retirement Plan.
- Note 2: Effective July 1, 2004, the COLA assumption was assumed to be 0.5 percent for the remaining lifetime of the benefit recipient. This change was applied to Indiana PERF, Legislative Retirement Benefits and the Excise Police and Conservation Enforcement Officers' Retirement Plan. PERF plans to gradually increase the COLA over the next few years until the assumption reaches 1.5 percent for the remaining lifetime of the benefit recipient.
- Note 3: All systems are using the 1994 U.S. UP-94 (sex distinct) for post-retirement.
- Note 4: Actuarial funding method for all systems is Entry Age Normal Cost, except the Accrued Benefit (Unit Credit) funding method is used for the Legislators' Defined Benefit Plan. Actuarial experience gains and losses are amortized on a level dollar basis for all systems. The amortization period is closed for all systems except the 1977 Police Officers' and Firefighters' Pension and Disability Fund and the Prosecuting Attorneys Retirement Fund which have an open amortization period.
- Note 5: Actuarial asset valuation method is according to example (6) in IRS Regulation 1.412(c)(2)-1(b)(9) for all systems except PERF where valuation assets are equal to 75 percent of expected actuarial value plus 25 percent of market value.

- 1 - Monthly benefit for retiree's life. If retiree receives benefits for at least five years prior to their death, there is no benefit payable to a designated beneficiary. If retiree dies prior to receiving benefits for five years, the beneficiary will receive the remainder of those five years of monthly benefits or the present value of those remaining payments in a lump sum.
- 2 - Monthly benefit for retiree's life. Upon retiree's death, no benefit payable to beneficiary.
- 3 - Monthly benefit for retiree's life. Upon retiree's death, beneficiary receives the same monthly benefit for life.
- 4 - Monthly benefit for retiree's life. Upon retiree's death, beneficiary receives two-thirds of the monthly benefit for life.
- 5 - Monthly benefit for retiree's life. Upon retiree's death, beneficiary receives one-half of the monthly benefit for life.
- 6 - Monthly benefit for retiree between ages 50 and 62 who elects to integrate Social Security with the PERF benefit. At age 62, PERF benefit is reduced or terminated depending on the estimated monthly benefit from Social Security at age 62.
- 7 - Monthly benefit for retiree's life. If retiree dies prior to receiving benefit for five years, beneficiary receives either a monthly benefit of the pension amount only for the remainder of those five years, or the present value of those pension payments in a lump sum. Beneficiary also receives a single payment of any residual balance remaining in retiree's Annuity Savings Account, if not already depleted.
- 8 - Denotes members who are receiving a survivor benefit from this particular fund.
- 9 - Monthly benefit for retiree's life. Upon retiree's death, surviving spouse receives 60 percent of monthly benefit for life and each surviving child receives 20 percent of monthly benefit until age 18 or 23 if enrolled in secondary school or accredited college or university.

<sup>1</sup> Members may choose to take the distribution of their Annuity Savings Account (ASA) in two ways. This represents those retirees who elected to receive their ASA account as a supplement in addition to their monthly pension benefit.

<sup>2</sup> Members may choose to take the distribution of their Annuity Savings Account (ASA) in two ways. This represents those retirees who elected to receive their ASA account balance as a total distribution at the time of retirement.

<sup>3</sup> Members with less than 10 years of service are receiving a disability benefit from PERF.

<sup>1</sup> Members receiving benefits in this fund with less than 20 years of service are receiving a disability benefit from the 1977 Police Officers' and Firefighters' Pension and Disability Fund. Since Jan. 1, 1990, there are two disability programs under this fund. The original program is available only to members initially hired before Jan. 1, 1990 and who elected not to be covered by the new program. The new program is applicable to all members hired after Dec. 31, 1989. Members deemed qualified under the original program are entitled to a benefit equal to that of a member with 20 years of service at age 55, and subject to annual medical review up to the point the member actually reaches 20 years of service and age 55. The new program has three "classes" of impairment with varied entitlements based on the covered impairment.

1 - Members receiving benefits in this fund with less than 20 years of service are receiving a disability benefit from the 1977 Police Officers' and Firefighters' Pension and Disability Fund. Since Jan. 1, 1990, there are two disability programs under this fund. The original program is available only to members initially hired before Jan. 1, 1990 and who elected not to be covered by the new program. The new program is applicable to all members hired after Dec. 31, 1989. Members deemed qualified under the original program are entitled to a benefit equal to that of a member with 20 years of service at age 55, and subject to annual medical review up to the point the member actually reaches 20 years of service and age 55. The new program has three "classes" of impairment with varied entitlements based on the covered impairment.

2 - Benefit calculations for this fund are based on years of service, not final average salary.
