<b>Exhibit I / 38</b>	<b>Glossary of Terms</b>
<b>Appendices / 49</b>	

## **I. Purpose of Investment Policy**

This document specifically outlines the investment philosophy and practices of the State Universities Retirement System (“**SURS**” or the “**System**”) and has been developed to serve as a reference point for the management of the Defined Benefit Plan<sup>1</sup>.

---

1. Capitalized terms not defined in the text of this document can be found in the Glossary of Terms attached hereto as Exhibit I.

## II. Strategic Objectives

The Strategic Objectives of this Policy are as follows:

- Achieve long-term, sustainable, investment performance necessary to meet or exceed the System's Assumed Rate of Return (set forth in Appendix 1), net of investment management fees;
- Manage the risk and volatility of financial assets in the Portfolio;
- Control fees and expenses related to managing the Portfolio;
- Manage Staff operational expense at a prudent level;
- Manage the System's Liquidity, in order to meet Member and other System obligations in a timely manner;
- Provide ongoing financial education to the Board and Staff in order for them to carry out their responsibilities; and
- Comply with all applicable laws and regulations applicable to the investment of the Portfolio.

### **III. Role Definitions**

The following sections outline the roles of the principal parties involved, their responsibilities and performance evaluation.

#### **Board of Trustees**

The Board is responsible for establishing the Policy for the System and overseeing the investment of the Portfolio and the expenditures required to meet System obligations. Specifically with regard to investments, the Board takes action based on information presented at Board and/or Investment Committee meetings and upon recommendations made by Staff or Consultants.

The Board maintains a long-term investment focus and has adopted a formal review schedule, as set forth in Appendix 2.

#### **Investment Committee**

The Investment Committee makes recommendations to the Board and supports the Board's deliberations on a broad range of issues covered by this Policy including, but not limited to, those set forth in this Investment Policy.

#### **Executive Director**

The Executive Director, in connection with such person's duties regarding this Investment Policy, shall be responsible for the following, among other things:

1. Execution of agreements and contracts, and amendments thereto, with Board-approved Managers, Consultants, Custodians and Vendors;
2. Ensuring that funds are invested in accordance with Board policies;
3. Communicating with the Board, its Officers and Investment Committee chair;
4. Studying, recommending, and implementing policy and operational procedures that will enhance the investment program of SURS;
5. Monitoring the performance of the Portfolio and the Staff; and
6. Ensuring that proper internal controls are developed to safeguard the assets of the System.

#### **Internal Investment Staff**

The internal investment staff ("**Staff**") provides internal investment management and/or consulting services to the Board and Investment Committee, implements Board decisions and manages the Portfolio, consistent with this Policy. Staff is expected to provide written recommendations to the Board and Investment Committee on investment related matters.

The Chief Investment Officer ("**CIO**") heads the Staff and oversees the performance of its members. The CIO reports to the Executive Director, but works directly with the Board and the Investment Committee on Policy-related issues.

The primary functions delegated by the Board to the CIO and the Staff may include, but are not limited to, working with the Executive Director and the Board to implement this Investment Policy and Board decisions made in connection with the Investment Policy. In connection therewith, Staff will be expected to manage cash-flow and liquidate assets, as

necessary to pay benefits and other System obligations; to approve revisions to Manager Guidelines, with the approval of the Consultant and General Counsel; to serve on advisory boards where in the best interests of the System; to respond to inquiries relating to the Portfolio in accordance with SURS' communications policies; and to complete other administrative duties related to the operation of the Portfolio, not inconsistent with this Investment Policy.

### **External Investment Consultants**

The Board may retain an investment advisor who is a paid, professional consultant (“**General Consultant**”) and who is qualified to provide the Board with investment advice by academic and professional training and experience and is considered an expert in the field of investment and finance. The Board may also elect to retain one or more additional Consultants (“**Special Consultants**”, and together with the General Consultant, the “Consultant”) that specialize in specific areas of asset consulting. Each Consultant's relationship with the Board shall be that of a fiduciary under 40 ILCS 5/1-101.2(2).

Consultants are hired by, and report directly to, the Board. Their duties are to work with the Board, Investment Committee and its chair, and Staff in the management of the investment process. Consultants are expected to provide written recommendations to the Board and Investment Committee on investment related matters.

An annual review of each Consultant will be conducted by the Board, with input from the Staff.

### **External Investment Managers**

External investment managers (“**Managers**”) are selected by, and serve at the pleasure of, the Board. Staff implements the Board's decisions through negotiation, execution and enforcement of Investment Management Agreements, including Manager Guidelines. Staff works with Consultants to design Manager Guidelines specific to Board-approved assignments. Duties of Managers include, but may not be limited to, those set forth in Appendix 3. Each Manager's relationship with the Board shall be that of a fiduciary under 40 ILCS 5/1-101.2(2).

Criteria for selection, retention and termination of Managers are covered in Sections VII and VIII.

### **Master Trustee / Custodian**

The Master Trustee/Custodian (“**Custodian**”) is selected by, and serves at the pleasure of, the Board. The Custodian will, among other duties, collect income and keep safe all cash and securities, and will regularly summarize these holdings, along with both their individual and collective performance, for Staff's review. The Custodian will provide data and performance reports to the Staff and Consultants at requested intervals. In addition, a bank or trust depository arrangement will be utilized to accept and hold cash prior to allocating it to Managers and to invest such cash in liquid, short-term securities in accordance with Manager Guidelines. Pursuant to approved Strategic Policy Targets, Staff will direct the Custodian to allocate cash and/or securities to the System's Managers as necessary. The Custodian may also, with the approval of the Board and at the direction of the Staff, engage in a Securities Lending program. Alternatively, the Board may choose to retain a third party firm to provide Securities Lending services.

**General Counsel's Office**

The role of the General Counsel's office is to oversee internal and external legal services provided to the System in connection with this Policy and to ensure compliance with all applicable legal requirements.

**External Counsel**

External Counsel may be retained to provide legal services in connection with the review and negotiation of Investment Management Agreements or investment transactions where specialized experience is required or where General Counsel Office resources are unavailable. The Board also retains its own External Counsel, which solely represents the Board's interest in matters related to this Policy.

## **IV. Asset Allocation and Rebalancing Strategy**

### **A. Purpose**

The purpose of the Asset Allocation and Rebalancing strategy is to establish a framework that has a high likelihood, in the judgment of the Board, of realizing the System's Assumed Rate of Return.

### **B. Targets and Ranges**

Asset Allocation involves establishing Target Allocation Percentages for each approved Asset Class. Target Allocation Percentages are established and amended from time-to-time by the Board, based on recommendations from the General Consultant. Target Allocation Percentages are selected based upon a review of various combinations of Asset Classes designed to achieve the System's Assumed Rate of Return with an acceptable level of risk. In developing its recommendation, the General Consultant takes into consideration Expected Returns, Volatility of Returns and Covariance of Returns, and certain scenario and Liquidity risks. SURS' current Strategic Policy Target and Interim Policy Target Percentages are set forth in Appendix 4.

The Interim Policy Target may change over time and reflects the necessity of a gradual shift of assets to the Strategic Policy Target, due to practical implementation considerations and Liquidity constraints. Staff has discretion to gradually adjust the Interim Policy Targets toward the Strategic Policy Targets.

### **C. Rebalancing**

Investment returns on each Asset Class in the portfolio (both positive and negative) cause the balance of each such Asset Class to increase/decrease. Such changes cause the resultant Asset Class Percentages to deviate from the Strategic Policy Target, requiring Rebalancing.

Rebalancing shall automatically occur whenever an Asset Class is three (3) percentage points greater or lesser than the Strategic Policy Target level or when the overall Equity and/or Fixed Income allocation deviates from the aggregate Equity and/or Fixed Income targets by more than five (5) percentage points. Rebalancing may also be initiated by the Staff as part of its annual review or at any time when Asset Class Percentages deviate significantly from Strategic or Interim Policy Targets, as applicable. Rebalancing may also occur in the event of a change in the Strategic Policy Target mix by the Board.

Rebalancing, when required, shall occur as soon as practical and may be facilitated by the use of a Cash Overlay Manager approved by the Board. In the event of extraordinary market events that (i) result in Asset Class Percentages deviating significantly from Strategic Policy Targets or Interim Policy Targets, as applicable, but (ii) prevent the implementation of Rebalancing activities, Staff may request from the Board temporary exceptions to these guidelines.

Because some Asset Classes are illiquid or less liquid than others, it may be costly or impractical to rebalance in the short term. Accordingly, qualitative considerations (e.g., transaction costs, liquidity needs, investment time horizons, etc.) will be considered in determining the potential timing and extent of Rebalancing to the extent illiquid/less liquid Asset Classes require adjustment.

The Target Allocation Percentages shall be established at a reasonable cost, recognizing that overly precise administration of policy targets can result in transaction costs that are not economically justified. Consequently, the Board accords the Staff discretion to take those actions which, in the judgment of the Staff, are within the spirit of these guidelines and in the best interest of SURS. Staff will report the results of Rebalancing activity to the Investment Committee at the next regular Investment Committee meeting.

**D. Periodic Review**

The Target Allocation Percentage will be reviewed annually for reasonableness relative to changes in the General Consultant's recommendation. The Board will undertake a comprehensive review of the Asset Allocation policy every three to five years, or to the extent there are any significant changes made to the System's Strategic Objectives. This review will take into consideration the ongoing effectiveness of the Consultant's recommendation, an updated Asset/Liability Study, System Liquidity and other factors that may influence the Strategic Policy Target or Rebalancing strategies.

## V. Investment Risk Management

### **Risk Oversight**

Investment risk shall be undertaken in order to achieve long-term investment objectives. The Board shall monitor investment risk and set guidelines for the Staff to manage such risk within acceptable tolerance levels.

### **Portfolio Risk**

Risk levels within the Portfolio will evolve over time for various reasons, including (but not limited to) changes in: (i) Asset Allocation; (ii) volatility in Asset Class returns; (iii) Asset Class correlations; and (iv) asset Liquidity.

### **Other System Risks**

The System also incurs risks associated with: (i) amount and timing of Appropriation payments; (ii) the amount and timing of Member benefits and other System obligations; and (iii) changes in the System's Asset/Liability Position.

### **Risk Monitoring**

Portfolio risk shall be monitored through multiple forms of analysis. Analysis will occur at various levels of detail, including individual Manager, Asset Class and total Portfolio.

For Marketable Securities' portfolios, individual Managers will be reviewed quarterly using risk measures that may include: (i) Beta (ii) Standard Deviation; (iii) Tracking Error and (iv) R-squared. For private markets, individual Managers will be periodically reviewed using risk measures tailored for each Asset Class.

For major Asset Classes, the Board will review quarterly risk measures that may include Standard Deviation.

For the Portfolio as a whole, the Board will review on a quarterly basis various risk measures that may include: (i) Actual vs. Target Allocation Percentages; (ii) Total Portfolio Risk; (iii) market Volatility Index; (iv) Standard Deviation; (v) Value at Risk; (vi) actual vs. projected Sharpe Ratios; and (vii) Liquidity Profile.

Other system risk metrics may include: (i) System Cash Flow analysis and (ii) Asset/Liability gap analysis.

To the extent that risk thresholds at the individual Manager, Asset Class or Portfolio level exceed those established by the Board, Staff will recommend remedial action for Board approval at the next scheduled Board Meeting.

### **Reporting**

Reports will be assembled on a quarterly basis by Staff, Consultant or Custodian, as applicable and provided to the CIO for review. Summary reports will be assembled and presented to the Investment Committee and the Board on a quarterly basis.

## **VI. Portfolio Construction and Performance Benchmarks**

The Board has adopted Target Allocation Percentages in accordance with its Asset Allocation and Rebalancing strategy described in Section V. Within each Asset Class, the Board will determine the amount of such class that will be (i) managed internally vs. externally; (ii) managed actively vs. passively; (iii) allocated to a particular sector or style, if any, and (iv) allocated to each approved Manager. Asset Class allocations will be reviewed annually in connection with the Target Allocation Percentage review.

The choice of internal vs. external management shall be based on a periodic comparison of (i) the cost and availability of qualified Staff and systems support and (ii) the cost and availability of Managers. Currently, the Board makes exclusive use of external Managers.

Active Management shall be considered for Asset Classes and styles of Marketable Securities (actively traded public Equity, public Fixed-income and Alternative markets), where empirical evidence shows that (i) a significant percentage (e.g. 25%) of Managers in such category (adjusted for survivorship) have consistently outperformed applicable Benchmarks for such category (net of fees) over a three (3), five (5) and ten (10) year period and (ii) that outperformance has been significant (e.g. greater than 50 basis points). For categories not meeting this threshold, and subject to SURS' MFDB Manager Utilization Goals and Manager Diversity Program, Passive Management will be followed. For all non-actively traded public Equity, public Fixed-income and Alternative markets, Active Management will be used.

Amounts allocated to a particular sector or style shall also be based on empirical evidence showing that (i) a significant percentage (e.g. 25%) of Managers in such sub-sector or style (adjusted for survivorship) have consistently outperformed applicable Benchmarks for such sub-sector or style (net of fees) over a three (3), five (5) and ten (10) year period and (ii) that outperformance has been significant (e.g. greater than 50 basis points). If such threshold is not met, no allocation to such sub-sector or style will be made.

Amounts allocated to each Manager, within an Asset Class, sector or style shall be based on: (i) the total dollar amount to be allocated to such category; (ii) the relative ongoing performance of applicable Managers; (iii) the unique attributes of such Manager's investment style and potential benefits from diversification; and (iv) the overhead cost of managing the number of Managers within such category. Subject to SURS' MFDB Manager Utilization Goals and Manager Diversity Program, the Board has a bias toward fewer Managers and more meaningful allocations.

Managers selected by the Board will be given specific roles within each Asset Class, sub-sectors and styles, as applicable. These roles are specifically set forth for each firm as Manager Guidelines, established at the beginning of the relationship with SURS as part of the contract negotiation process. These guidelines cover such items as Benchmarks, permissible investments, use of leverage, obligor concentrations, currency denomination, etc. Staff and Consultant will be responsible for implementation of these guidelines, supervision of the Managers, performance monitoring and reporting. Updates will be provided to the Board or Investment Committee as requested, or as deemed necessary by Staff and Consultant.

## **Public Equity Structure**

### A. Role

The public Equity portfolio is expected to generate attractive absolute returns in a relatively low cost manner. The public Equity portfolio may also serve as a source of Liquidity.

### B. Investment Structure

1. The public Equity allocation consists of a highly diversified mix of publicly traded global Equities. Common stocks, preferred stocks, or other Equity securities are typically utilized.
2. The public Equity portfolio is composed of U.S., non-U.S. and global Equity segments.
  - U.S. Equities
    - Managers invest primarily in publicly traded Equity securities of U.S. companies.
    - Certain Managers may utilize an exchange-traded, U.S. equity index options-based strategy.
  - Non-U.S. Equities
    - Managers invest primarily in publicly traded Equity securities of non-U.S. companies, in both developed and emerging markets.
  - Global Equities
    - Managers make the allocation decisions between U.S. and non-U.S. companies, in both developed and emerging markets.
3. Allocation  
The current policy targets for the subcomponents of the public Equity portfolio are set forth in Appendix 4.
4. Assets may be held in Commingled Funds or privately managed Separate Accounts.
5. Use of leverage will be controlled as appropriate in the Manager's Guidelines.
6. Implementation of the public Equity portfolio is via a combination of Active Management and Passive Management. Passive Management is currently most prevalent in U.S. public Equities, which is a highly efficient market, but is also employed significantly in the non-U.S. Equity portfolio. The global Equity portfolio is currently implemented entirely via Active Management.

### C. Benchmarks and Performance Targets

Benchmarks and Performance Targets for subcomponents of the Equity portfolio are set forth in Appendix 5.

## **Fixed Income Structure**

### A. Role

The public Fixed Income portfolio is expected to provide steady income and significant diversification to the total Portfolio due to low correlation with other Asset Classes. In addition, the public Fixed Income portfolio is expected to provide capital preservation, a source of Liquidity, and competitive returns relative to an appropriate performance Benchmark.

## B. Investment Structure

1. The Fixed Income allocation consists of a diversified mix of publicly traded Fixed Income securities, invested across multiple asset types.
  - Quality standards, such as credit, concentration, duration, liquidity, etc., will be specifically set forth in each Manager's Guidelines, as applicable. In the event a security no longer meets the quality standards referenced above, the Manager may continue to hold such security if it believes doing so is in the best interest of SURS. The Manager shall provide written justification of the action to Staff [and Consultant] as soon as practicable.
2. The public Fixed Income portfolio is composed of Core, Treasury Inflation-Protected Securities ("**TIPS**") and Emerging Market Debt ("**EMD**") segments.
  - Core Fixed Income – This segment is further broken down as follows:
    - Core Managers invest primarily in investment grade Fixed Income issues, including Treasuries, agencies, corporate and mortgage securities, with sector allocations and risk profiles similar to those of the applicable Benchmarks.
    - Core Plus managers are given additional flexibility to add instruments with greater risk and greater potential return, such as high yield, global and emerging market debt and asset-backed securities for example, to Core portfolios.
    - Unconstrained Managers are less restricted in their ability to allocate between sectors and are not anchored to a traditional Fixed Income Benchmark.
  - TIPS
    - Managers invest primarily in inflation-linked, Fixed Income securities in an effort to provide a hedge against unanticipated inflation.
  - EMD
    - Managers invest in debt securities of emerging market countries, in both U.S. dollar and local currency terms, providing additional diversification and opportunities for higher yield.
3. Allocation
  - The policy targets for the subcomponents of the portfolio are set forth in Appendix 4.
4. Assets may be held in Commingled Funds or privately managed Separate Accounts.
5. Use of leverage and short sales will be controlled as appropriate in the Manager's Guidelines.
6. Implementation of the Fixed Income portfolio is primarily via Active Management, although Passive Management is utilized for TIPS and to a modest extent in the Core segment for Liquidity purposes. The EMD segment is implemented entirely via Active Management.

## C. Benchmarks and Performance Targets

Benchmarks and Performance Targets for subcomponents of the Fixed Income portfolio are set forth in Appendix 5.

## **Private Equity Structure**

### A. Role

The Private Equity portfolio is expected to earn Risk-Adjusted Returns in excess of the public Equity markets, primarily due to the Liquidity Premium demanded by investors. The Private Equity portfolio is also expected to decrease the volatility of the Portfolio, through the diversification benefits of having lower correlations with other Asset Classes.

### B. Investment Structure

1. The Private Equity allocation generally consists of investments into private companies, either directly or through buyouts of public companies that result in a delisting of public Equity.
2. The Private Equity portfolio is composed of three major subcomponents.
  - Venture Capital/Growth
    - Venture capital partnerships primarily invest in businesses still in the conceptual stage (start-up or seed) or where products may not be fully developed, and where revenues and/or profits may be several years away.
    - Growth/late-stage venture capital partnerships typically invest in more mature companies in need of growth or expansion capital.
  - Buyout
    - These partnerships provide the equity capital for acquisition transactions either from a private seller or the public, which may represent the purchase of an entire company, or a refinancing or recapitalization transaction where Equity is purchased.
  - Other
    - Mezzanine/subordinated debt partnerships provide the intermediate capital between Equity and senior debt in a buyout or refinancing transaction.
    - Restructuring/distressed debt partnerships typically make new investments in financially or operationally troubled companies, often for a control position, with a view to improving the balance sheet and operations for a subsequent sale.
    - Special situations partnerships include organizations with a specific industry focus or transaction type not covered by the other subclasses mentioned above, or unique opportunities that fall outside such subclasses.
3. Allocation
  - The Private Equity portfolio shall be diversified by time, subclass, and geography.
  - Such diversification is expected to enhance returns, control risk, and reduce volatility.
4. The account structure is typically in funds. SURS currently participates through a Fund-of-Funds structure, which provides Manager diversification and the opportunity for co-investment and secondary fund opportunities.

5. Leverage may be present in Private Equity investments, most commonly in buyout partnerships. Levels are generally determined on a fund-level basis.
6. Implementation of the Private Equity portfolio is via Active Management.

C. Benchmarks and Performance Targets

Benchmarks and Performance Targets for the Private Equity portfolio are set forth in Appendix 5.

## **Real Estate Structure**

A. Role

The Real Estate portfolio is expected to generate attractive Risk-adjusted Returns through stable income and the opportunity for capital appreciation, while providing diversification to the overall Portfolio.

B. Investment Structure

1. The Real Estate allocation consists of highly liquid, publicly traded real estate investment trust securities (“**REITs**”) and Direct Real Estate.
2. The direct Real Estate portfolio is composed of Core and Non-Core segments.
  - Core Real Estate
    - Core Real Estate Managers typically invest in properties that are well located and well leased with strong quality tenants. Core investments provide stable income with lower volatility.
  - Non-Core Real Estate
    - Non-core Real Estate Managers provide opportunities for higher returns by investing in assets in need of re-tenanting, re-development, or renovation, or are otherwise in some form of distress.
3. Allocation
  - The policy targets for the subcomponents of the portfolio are set forth in Appendix 4.
4. The REIT portfolios may be held in Commingled Funds or privately managed Separate Accounts. The account structure for Direct Real Estate is typically either Open-end Funds or Closed-end Funds. SURS may also participate through Fund-of-Funds structures, which provide further Manager diversification and the opportunity for co-investment and secondary fund opportunities.
5. Leverage is an inherent component of Real Estate investing and levels are generally determined on a fund-level basis.
6. Implementation of the REIT portfolio is currently via Passive Management. The Direct Real Estate portfolio is implemented via Active Management. SURS will seek to diversify the portfolio by utilizing various Managers and limiting a Manager’s concentration within the portfolio. Subject to Emerging Investment Manager and MFDB Utilization Goals and Board exception, concentration limits are set forth in Appendix 4. The optimal number of investment vehicles in the portfolio and their vintage year exposure varies with market opportunities

and will be evaluated as part of the Real Estate funding plan developed by Staff and Consultants.

- C. Benchmarks and Performance Targets  
Benchmarks and Performance Targets for subcomponents of the Real Estate portfolio are set forth in Appendix 5.

### **Opportunity Fund**

A. Role

The Opportunity Fund portfolio is designed to allow flexibility for opportunistic investment. Investments in the Opportunity Fund may be a one-time occurrence, such as investments capitalizing on a market dislocation. Successful investments that evolve into a more permanent opportunity may ultimately be transitioned into another Asset Class with similar characteristics.

B. Investment Structure

The structure of the Opportunity Fund is not fixed and may vary considerably over time.

The Opportunity Fund currently consists of an allocation to Infrastructure.

○ Infrastructure

- Investments are held in Closed-end Funds.
- Funds typically invest in a variety of core, core plus, and value add assets in the transportation, power/utilities, midstream energy, ports, communications, and waste management sectors globally.
- Leverage is an inherent component of Infrastructure investing and levels are generally determined on a fund-level basis.

C. Benchmark

Benchmarks and Performance Targets for the Opportunity Fund portfolio are set forth in Appendix 5.

### **Hedged Strategies**

A. Role

The Hedged Strategies portfolio is expected to provide stable, Risk-adjusted Returns. Hedged Strategies attempt to (i) generate above-market returns or (ii) to offer downside protection and risk mitigation to the overall SURS Portfolio, through diversification with lower correlations with other Asset Classes.

B. Investment Structure

1. SURS has implemented its initial Hedged Strategies through a Fund-of-Funds structure.
2. The Fund-of-Funds portfolio shall consist of investments, by one or more Hedge Fund-of-Fund Managers, in a select group of experienced Hedge Fund Managers that (i) pursue a variety of strategies and (ii) invest in a variety of markets, through limited partnerships, limited liability companies and other investment entities.

3. Hedge Fund-of-Funds Managers typically invest in Hedge Funds pursuing one or more of the following strategies: convertible bond hedging; Fixed Income relative value; distressed debt; long/short credit; event driven Equities; Equity market neutral; long/short Equity; emerging markets; global macro; managed Futures and Options; niche strategies and opportunistic sectors, among others.
  4. The Hedged Strategies portfolio will seek to invest globally across Asset Classes and will be diversified by underlying Hedge Fund Managers and sectors.
  5. Within the portfolio, the account structure is typically in funds.
  6. Leverage is not typically employed at the Fund-of-Funds level, but may be employed to varying degrees at the Hedge Fund level.
  7. Implementation of the Hedged Strategies portfolio is via Active Management.
- C. Benchmarks and Performance Targets  
Benchmarks and Performance Targets for the Hedged Strategies portfolio are set forth in Appendix 5.

## **Commodities**

### A. Role

The Commodities portfolio is expected to provide protection against the risks associated with inflation or deflation. In addition, the Commodities portfolio is expected to enhance the diversification of the total Portfolio and provide a source of Liquidity when other Asset Class portfolios are experiencing lower real returns due to unanticipated inflation. The Commodities portfolio generates no current income.

### B. Investment Structure

1. The Commodities portfolio consists primarily of liquid positions in Commodity Options, Futures, Swaps, and other financial instruments that provide direct or indirect exposure to Commodity markets. As collateral for the Commodity positions, cash, cash equivalents and other Fixed Income instruments may be held as required by exchanges or counterparties.
2. The Commodities portfolio is composed of Long-Only and Long/Short segments.
  - Long-Only
    - Long-only strategies manage Commodities through key value drivers, including term structure weighting, optimal roll yield, and tactical allocation among different sectors and individual commodities. Some long-only Managers pursue strategies that equalize risk among the four primary commodity complexes: precious metals, industrial metals, energy, and agriculture/livestock. Long-only strategies are expected to provide Beta exposure consistent with applicable Benchmarks.
  - Long/Short
    - Long/short Managers have an absolute return objective, whereby they can invest in both long and short commodities positions depending on market conditions. The Beta of long/short strategies tends to be quite low compared to the applicable Benchmark.

Long/short Managers may invest in Commodities not typically represented in traditional Commodities' Benchmarks.

3. Diversification

While the Commodities portfolio's positions are generally expected to be held across Commodity sectors, exposure to a particular Commodity sector (or to a particular Commodity within such sector) may be concentrated.

4. Within the portfolio, commitments have been made via a fund structure.

5. Leverage may be present in Commodities portfolios and is determined on a fund-level basis.

6. Implementation of the commodities portfolio is currently via Active Management.

C. Benchmarks and Performance Targets

Benchmarks and Performance Targets for the Commodities portfolio are set forth in Appendix 5.

## VII. Selection and Retention

### Introduction

The Board has established the following guidelines for hiring Consultants, Managers and Custodians. In establishing these guidelines, it is the Board's intention to assure all interested parties that its hiring decisions are fully disclosed and characterized by competitive bids, objective evaluation, and proper selection and documentation. The overriding consideration with respect to all decisions is that they shall be made solely in the best interest of Members.

#### 1. Consultant Selection and Retention

A General Consultant will be selected to provide a broad range of investment advice. One or more Special Consultants may be selected to provide specialized services.

#### Search Process

The search process for a Consultant shall be via RFP and shall generally follow the guidelines listed in Appendix 6.

Exceptions to an RFP are allowed for (i) sole source procurements, (ii) emergency procurements, and (iii) at the discretion of the Board, contracts that are nonrenewable and one year or less in duration, so long as the contract has a value of less than \$20,000. All exceptions granted under this section must be published on the SURS web site, shall name the person authorizing the procurement, and shall include a brief explanation of the reason for the exception.

#### Selection Criteria

The criteria used to determine the minimum qualifications of a potential Consultant are shown below:

<b>Selection Criteria</b>
1. Registration with the Securities and Exchange Commission (SEC) under the Investment Advisers Act of 1940, or otherwise qualified under the Illinois Pension Code.
2. Experience of the firm in consulting with pension funds and other institutional investors of the size and complexity of SURS.
3. Qualifications and/or depth of the firm's professional staff and commitment of dedicated personnel to the SURS engagement.
4. Ability to perform the Roles and Responsibilities set forth in the search documents.
5. Fees.

Criteria for the selection of a Special Consultant will be designed specific to such mandate.

**2. Investment Manager Selection**

Managers will be selected by the Board to fill investment needs identified by the Staff and Consultant, pursuant to the Portfolio Construction guidelines set forth in Section VI, and approved by the Board.

**Selection Criteria**

The criteria used to determine the minimum qualifications of Potential Managers are shown below:

<b>Selection Criteria</b>	
1.	Registration with the Securities and Exchange Commission (SEC) under the Investment Advisers Act of 1940, or otherwise qualified under the Illinois Pension Code.
2.	Experience of the firm in the management of institutional portfolios operated under prudent person standards.
3.	Qualifications and/or depth of the firm’s professional staff.
4.	Soundness of the firm’s investment philosophy and process.
5.	The investment record of the firm and/or the firm’s principals in former associations, where that record is verifiable
6.	The adequacy of the firm’s trading, back office, accounting and reporting, and client servicing capabilities.
7.	Ability to perform the Roles and Responsibilities set forth in Appendix 3.
8.	Fees.

The Board shall periodically establish Performance Targets for each Manager. Performance Targets for Active Managers shall include an Active Manager Premium, representing an excess Risk-adjusted Return over an applicable Benchmark (net of fees). Passive Managers are expected to match their Benchmark (gross of an acceptable Tracking Error that includes fees), on a Risk-adjusted Return basis. Current Performance Targets approved by the Board are set forth in Appendix 5.

When examining investment records of Potential Managers, Performance Targets shall be used as a minimum return criteria. Historic Risk-adjusted Returns for three (3), five (5) and ten (10) year Trailing Periods (or from inception, if the Board considers such shorter period representative of such Potential Manager’s

performance), shall be used in comparison to Performance Targets. However, Calendar-year Returns, Rolling Returns and other performance metrics may also be considered in comparison to Performance Targets.

### **Emerging Investment Manager Criteria**

SURS does not use any criteria that would be considered a barrier to an Emerging Investment Manager, such as a minimum number of years in business, a minimum level of assets under management or historic Risk-adjusted Returns for a limited number of years. If an Emerging Investment Manager meets all other criteria established for a specific search, such Manager shall receive an invitation by the Board or Investment Committee to present its firm for final consideration of an allocation. In the case where multiple Emerging Investment Managers meet the criteria of the search, the Staff may choose the most qualified firm(s) to present to the Board or Investment Committee.

### **Search Process**

The search process for Manager(s) shall be conducted in a substantially similar manner to that of the Consultant search process, discussed in Section VII,1. and the guidelines set forth in Appendix 6 (with the exception of point 9). Exceptions to this process include Qualified Fund of Funds Management Services and investments by SURS in follow-on funds to Closed-end Funds in which SURS has previously invested. Additional funding may also be awarded to existing Managers with the approval of the Board. Consultants may assist Staff in the search process. Staff and Consultants utilize databases to ensure that qualified Emerging Investment Managers are included in the pool of eligible candidates.

The Board is currently pursuing a framework for pre-qualifying potential Managers in private market sectors, where market factors render it impractical to follow a traditional search process.

### **Documentation**

Upon approval by the Board for the hiring of a Manager, an Investment Management Agreement and other related documents shall be executed prior to funding the account. All Investment Management Agreements will be in compliance with the relevant section(s) of the Illinois Compiled Statutes, although the five year limitation on the duration of a contract does not apply. Any decision to retain a Manager is expressly conditioned upon that Manager entering into a Investment Management Agreement that complies with all applicable legal requirements.

### **Contingent and Placement Fees**

Contingent and placement fees are prohibited per statute.

**3. Custodian Selection**

A Custodian is an organization retained or employed by the Board that meets the requirements set forth in Section III.

**Search Process**

The search process for a Custodian, when deemed necessary, shall be via RFP and shall generally follow the guidelines listed in Appendix 6.

**Selection Criteria**

The criteria used to determine the minimum qualifications of Potential Custodians are shown below:

<b>Selection Criteria</b>
1. Registration with the Securities and Exchange Commission (SEC) under the Investment Advisers Act of 1940, or otherwise qualified under the Illinois Pension Code.
2. Experience of the firm in the custody and/or management of institutional portfolios operated under prudent person standards.
3. Qualifications, workload and experience of the firm’s professional staff.
4. Dependability of the firm’s systems/data processing, securities processing, and income collection capabilities.
5. The corporate action services of the firm, including dedicated corporate action unit, proxy voting unit, and class action unit.
6. The adequacy of the firm’s back office, accounting and reporting, and client servicing capabilities.
7. The cash management services of the firm, global custody services, conversion process, and banking service capabilities.
8. Fees.

A Custodian and Securities Lending provider may or may not be the same firm. In the event of a search, candidate firms may participate as: (i) Custody with Securities Lending; (ii) Custody with no Securities Lending; or (iii) as stand alone Securities Lending.

**Documentation**

Upon approval by the Board for the hiring of a Custodian, a Master Trust Agreement and other documents shall be executed prior to the commencement of the provision of services. The Custodian must be in compliance with the relevant section(s) of the Illinois Compiled Statutes, although the five year limitation on the duration of a contract does not apply.

#### **4. Quiet Period Policy**

##### **Purpose**

The Quiet Period policy establishes guidelines by which Board and Staff will communicate with potential Consultants, Custodians, Managers and Vendors during the search process.

##### **Policy Guidelines**

Guidelines to be instituted during the search for a potential Consultant, Custodian, Manager and Vendor are set forth in Appendix 7.

#### **5. Investment Manager and Fund Monitoring**

##### **Marketable Securities Portfolios**

An evaluation of each Manager shall be conducted annually by the Staff and the Consultants. The evaluation shall be based on a number of factors, including, but not limited to, organizational and personnel issues and whether the Manager has met its Manager Guidelines, including its Performance Target. Evaluation will include the results of periodic due diligence meetings and phone calls. Documenting the annual evaluation, Staff and Consultants shall issue Manager Evaluation Reports. Reports shall include a recommendation to: (i) retain the Manager; (ii) retain or change the Manager's funding allocation; or (iii) terminate the Manager (see Section VIII, 'Investment Manager Termination Guidelines.' Managers will be assigned a status of Good Standing, Enhanced Review, or Reassessment, in accordance with the 'Manager Status' section below.

Between annual reviews, a Manager's status may change or, subject to Manager Termination Guidelines, the Staff or Consultants may recommend immediate Termination.

##### **Closed-end Fund and Separate Account Evaluation**

Limited partnership interests in private Closed-end Funds and investments in private markets Separate Accounts (i.e., Private Equity, Real Estate, infrastructure, etc.) will be reviewed by Staff and Consultant annually. The evaluation shall be based on a number of factors, including, but not limited to, organizational and personnel issues and whether the Manager has met its Manager Guidelines and Performance Target. Evaluation will include the results of periodic due diligence meetings and phone calls. Documenting the annual evaluation, Staff and Consultant(s) shall issue Manager Evaluation Reports. Reports will include a recommendation to: (i) retain the Manager; (ii) make follow-on investments or investments in subsequent Closed-end Funds or Separate Accounts; or (iii) subject to legal review, pursue available exit strategies.

To the extent that significant concerns about a Closed-end Fund or Separate Account or material events arise in the interim, the Staff or Consultant shall

communicate their concerns to the Investment Committee/Board and recommend available options, including exit strategies.

### **Manager Status**

Managers of marketable securities portfolios will be categorized in one of three ways based on investment performance. Such analysis will take place semi-annually.

- **Good Standing**: A Manager's three (3) year and five (5) year rolling Annualized Alpha (net of fees) each exceed their Active Manager Premiums (AMPs) for such periods. Managers with less than a five (5) year performance history will be considered in Good Standing.
- **Enhanced Review**: A Manager's three (3) year or five (5) year rolling Annualized Alphas (net of fees) are above their respective Benchmarks but below their AMPs.
- **Reassessment**: A Manager's (i) three (3) year and five (5) year rolling Annualized Alphas (net of fees) are below their respective Benchmarks for the preceding two consecutive quarters, and (ii) three (3) year and five (5) year Information Ratios are negative for the preceding two consecutive quarters; or other performance metrics reflect a significant negative trend.

Reassessment status may also be assigned to Managers that are not meeting the requirements of their Manager Guidelines including, but not limited to, the following:

- Change in ownership, organizational structure or key personnel;
- Lack of compliance with MFDB brokerage goals;
- Significant loss of clients or assets under management or failure to grow assets in the strategy; or
- Significant change in investment style, philosophy or process.

A Manager's status may change to the extent that the Board believes that acceptable remedial actions have been taken, performance has improved to warrant such a change, or upon Termination.

## **VIII. Investment Manager Termination Guidelines**

### **Introduction**

From time to time it will be necessary for the System to terminate a contractual relationship with a Manager. Pursuant to its fiduciary duties, the Board has established the following guidelines to assist in making these Termination decisions. In establishing these guidelines, it is the Board's intention to carry out these actions using objective evaluation, proper documentation and full disclosure. The overriding consideration with respect to all decisions is that they shall be made solely in the best interest of Members and consistent with all legal requirements.

### **Clearly Defined Objectives**

Any action to terminate a Manager should be based on one or more of the following primary criteria:

- A Manager on Reassessment status has been unable to remediate concerns to the Board's satisfaction;
- At a semiannual review for a Manager of Marketable Securities, such Manager's (i) three (3) year and five (5) year rolling Annualized Alphas (net of fees) are below their AMPs for the preceding four (4) consecutive quarters, (ii) three (3) year and five (5) year rolling Information Ratios are negative for the preceding four (4) consecutive quarters and (iii) other Investment Statistics fail to reflect any reversal in trend;
- Any other guideline is violated by a Manager and is not remediated to the satisfaction of the Board;
- Default under an Investment Management Agreement;
- Change in Asset Allocation, which reduces or eliminates the need for all existing Managers; or
- Failure to satisfy any other legal or Policy requirements.

Prior to a Termination decision, a thorough evaluation of the relevant criteria supporting such action shall be reviewed by the Board. Documentation regarding any such action shall include the reasons for such decision.

In the event that termination of a Manager is warranted under the Manager Termination Guidelines, and prompt termination of the Manager is necessary to protect and preserve System assets, SURS Staff may, with the prior approval of the Executive Director, terminate the Manager prior to Board action. The Board shall be promptly notified of the decision to terminate the Manager and the decision shall be presented to the Board for ratification at its next meeting.

Notwithstanding this provision, the Board retains the authority, in its sole discretion, to terminate any Manager for any reason, with or without notice, when it determines such action is in the best interests of the Members.

### **Investment Manager Transition**

In the event of the need to transfer the management of assets from one Manager to another, Staff will effect the change in as efficient and prudent a manner as possible. The use of Transition Manager(s), which could include the use of a Cash Overlay Manager or

Rebalancing Manager, is permitted when deemed in the best interests of the System. Transition plans may include, but are not limited to, the following: a transfer of securities to an appropriate Passive Investment, crossing securities with other institutional investors, or a transfer of securities to another approved Manager.

## **IX. Performance Evaluation and Reporting**

### **Performance Evaluation**

#### Marketable Securities Portfolios

Rates of Return and Risk-adjusted Returns, on a net-of-fees basis, shall be calculated quarterly by the Custodian or Consultants to measure the performance of each major Asset Class. Actual Trailing Period returns for fiscal year-to-date, one (1) year, three (3) year, five (5) year, ten (10) year periods will be compared to comparable returns for applicable Policy Portfolio indices.

Rates of Return and Risk-adjusted Returns, on a net-of-fees basis, shall also be calculated quarterly by the Custodian or Consultants to measure the performance of each individual Manager. Actual (i) Trailing Period returns for one (1) year, three (3) year, five (5) year, ten (10) year periods and from inception and fiscal year-to-date and rolling three (3) year returns for the previous four (4) quarters, will be compared to comparable Performance Targets, to determine Excess Returns and Excess Risk-adjusted Returns.

For individual Managers, a number of other performance measures shall be calculated quarterly. These may include such items as peer group performance, Risk Statistics and Performance Statistics.

#### Private Markets Portfolios

For Private Equity, Direct Real Estate and Infrastructure portfolios, Internal Rates of Return shall be calculated quarterly by the Custodian. These returns will be used to measure performance of the portfolios in comparison with Policy Portfolio indices and Performance Targets for Asset Classes and individual Managers. Returns are calculated quarterly in arrears. Other more tailored performance measures may also be used for absolute and peer group comparisons.

#### Total Portfolio

Actual returns for the total Portfolio are compared to returns on the Policy Portfolio. Returns are calculated quarterly by the Custodian.

#### Style Analysis

Staff and Consultants will periodically analyze Manager portfolios, as well as the aggregate Asset Class portfolios, to confirm that such portfolios conform to individual Manager style Benchmarks and aggregate Asset Class indices. Metrics such as Active Share will be used in this analysis. Significant deviations shall cause individual Managers to be placed on Reassessment status and, if not remediated, shall lead to Termination.

### **Performance Reporting**

Performance reports shall be prepared by the Staff quarterly and provided to the Investment Committee and Board at regularly scheduled meetings.

Consultants will analyze the system's performance and periodically provide the Board with a detailed report on the total Portfolio, Asset Classes and individual Managers.

Annually, Staff and Consultants will prepare and present a comprehensive review of the fiscal year results.

**Market Values**

All assets in the Portfolio will be Marked-to-Market at least quarterly, to provide an estimate of the price at which they could be sold. Following is a description of this process.

**Marketable Securities**

The Custodian provides price indications for stocks, bonds, warrants, futures, options, etc. traded on public exchanges.

**Private or Illiquid Securities**

For private and illiquid securities, each individual Manager or Fund-of-Funds Manager has the responsibility for estimating and publishing the market value of these investments. The valuation and appraisal methods used should be consistent with current CFA Institute and industry standards.

## **X. Safeguard of Assets**

- Qualification of Service Providers

Any firm which SURS retains to manage, control or have custody of assets shall be and shall remain qualified by thorough on-going due diligence. Appropriate agreements with the firms and trust agreements shall minimize any risk of loss of assets or income.

- Asset Limits

There are cost and service advantages in firms managing or having custody of large pools of assets so that in the absence of any statutory provision(s) to the contrary, there shall be no specific limit on the size of assets controlled or held in custody by any one firm within the asset allocation guidelines. However, limits may be considered on an individual Manager basis and will reflect such issues as type of mandate, strength and stability of organization, risk characteristics, etc.

- Monitoring of Service Providers

There shall be continuous monitoring of firms which manage or have custody of assets to assure the firms continue to be stable and financially secure. Instability of any firm or financial weakness shall be reason to transfer custody and/or management of assets from the firm.

- Authorization to Transfer Funds

Transfer of funds between accounts must be evidenced in writing or conducted electronically by an authorized Staff member and be in compliance with the Custodial bank's procedures. The following positions have been designated by the Board to have the authority to give direction to the Custodian on any and all actions with respect to the Master Trustee relationship between the Board and the Custodian: Executive Director, CIO, and deputy CIO. The senior investment officers have been designated by the Board to have the limited authority to approve payments initiated through the Trade Order Entry System related to initial or subsequent investments in limited partnerships, real estate, infrastructure, or other investments approved by the Board.

- Insurance Requirements

Managers shall be required to secure and maintain, throughout the term of their Investment Management Agreements, insurance that (i) satisfies the requirements set forth below and (ii) is provided by insurer(s) rated A- or better by A.M. Best & Company. Specific insurance requirements are set forth in each Manager's Investment Management Agreement. Each Manager shall be required to provide to the Board: (i) evidence of the requisite insurance policies upon initiation of the contract; (ii) an annual certification that the insurance requirements continue to be satisfied; and (iii) evidence of continued satisfaction of the insurance requirements

upon request. With the exception of the Manager Diversity Program, the minimum insurance required for each Manager shall include: (i) a bond protecting SURS assets that meets the requirements of, and that is in the amount specified under, ERISA and the regulations thereunder; and (ii) errors and omissions coverage in an amount equal to the greater of: a) \$5 million or, b) 5% of the SURS assets under management, up to a maximum as established in the Investment Management Agreement, but not to exceed \$50 million. For Managers in the Manager Diversity Program, the minimum insurance required for each Manager shall include: (i) a bond protecting SURS assets that meets the requirements of, and that is in the amount specified under, ERISA and the regulations thereunder; and (ii) errors and omissions coverage in an amount not less than \$1 million of coverage. The insurance shall protect SURS against losses from the negligent acts, errors or omissions of the Manager.

- Custodial Credit Risk

Pursuant to the 40 ILCS 5/15-166, the Board has statutory authority to be the custodian of all cash and securities belonging to the System created under Article 15 of the Pension Code. Pursuant to 40 ILCS 5/15-167, the Board may deposit SURS trust funds with one or more banks, savings and loan associations, or trust companies. This policy addresses how SURS will handle custodial credit risk.

Credit risk is the risk that an issuer or other counter-party to an investment transaction will not fulfill its obligations. Custodial credit risk is the risk that, in the event of the failure of a financial institution or counter-party to a transaction, SURS would not be able to recover the value of deposits or investments in the possession of such party. To minimize this risk, SURS takes the following measures:

1. Performs due diligence on Custodians and advisors with which SURS will do business and appropriately documents business relationships with these service providers.
2. Provides investment parameters for the investment vehicles detailed in the specific Investment Management Agreements.
3. Monitors the financial condition of the Custodian. If there is cause for concern, the Board of Trustees will determine appropriate action.
4. Endeavors to have all investments held in custodial accounts through an agent, in the name of Custodian's nominee<sup>1</sup>, or in a corporate depository or federal book-entry system. For those deposits or investment assets held outside of the Custodian, SURS will follow applicable regulatory rules.
5. Requires the Custodian or its sub-Custodians will provide safekeeping of all SURS securities in segregated accounts that reflect the holdings of SURS; and the Custodian will not commingle SURS securities with the Custodian's own securities.

---

<sup>1</sup>Registered owner of a stock or bond if different from the beneficial owner, who acts as holder of record for securities and other assets. Nominee ownership simplifies the registration and transfer of securities.

## **XI. General Investment Restrictions and/or Guidelines**

- Investment Authorization

No investment or action pursuant to an investment may be taken unless permitted by this Policy or by each Investment Manager's Guidelines. Exceptions may be made subject to prior review by, and express written authorization from, the Board.

## **XII. Corporate Governance**

### **A. Proxy Voting Guidelines**

The Board may retain a proxy voting service, pursuant to a contract with SURS, to vote the proxies of U.S. and non-U.S. shares according to the proxy voting service's proxy voting guidelines, as customized for SURS and approved by the Board. All proxy votes not specifically addressed by the proxy voting service's approved proxy voting guidelines, or if the Board determines not to retain a proxy voting service, will be voted on a case-by-case basis by Managers, subject to Staff review and consistent with the fiduciary responsibilities of the Board.

Guidelines will be reviewed annually by Staff in conjunction with the proxy service provider, and recommended changes to the guidelines will be presented to the Board for approval.

The 2017 SURS U.S. Proxy Voting Guidelines, SURS Public Pension Addendum, and the SURS International Proxy Voting Guidelines were approved by the Board and will be maintained on the SURS website.

### **B. Proxy Voting Reports**

The proxy voting service provider shall make regular reports of proxy votes cast on behalf of SURS and, on an ad hoc basis as requested by Staff or the Board, pursuant to the terms of the proxy voting contract with SURS.

### **C. Securities Litigation Policy**

#### **1) Identification Of Potential Claims**

- a) In order to weigh the costs and benefits of the various alternatives as specified below, Staff will identify potential claims by determining if it bought or sold the securities of a company during applicable periods.
- b) Staff will regularly match the SURS portfolios against reports of securities litigation cases obtained from Consultants, law firms engaged for securities litigation, and from other sources deemed reliable by Staff.
- c) If SURS did not buy or sell securities of a company during the applicable period, the inquiry will end. If SURS had purchases or sales during the period, evaluation of the potential claim will proceed as specified below.

#### **2) Evaluation Of Potential Claims**

- a) If SURS bought or sold securities during an applicable period, evaluation of the alternatives available will begin with an initial assessment of the size of the potential claim.
- b) When potential losses are deemed insignificant, further action will

ordinarily be limited to monitoring as specified in Part 3 below to ensure that class member claims are filed if and when there is a right to do so, unless there are extenuating circumstances that warrant further consideration by Staff and the Board.

- c) When potential losses are deemed significant, the alternative courses of action available shall be identified by the Staff. Alternatives will likely include several different courses of action, such as:
  - i) Monitoring the course of a class action suit and filing a claim at the end to participate in a class payment.
  - ii) After consultation with the Illinois Attorney General's office, monitoring the course of a class action suit, but objecting to a proposed settlement if there are reasons to object.
  - iii) After consultation with the Illinois Attorney General's office, seeking to control a class action by seeking designation as lead plaintiff, either singly or with others.
  - iv) After consultation with the Illinois Attorney General's office, opting out of a class action suit and filing a separate suit, either singly or with others.
- d) The relative merits of each alternative will be weighed and considered by Staff, as well as by the Illinois Attorney General's Office.
- e) Staff and the Illinois Attorney General's office will make a recommendation to the Executive Committee or to the Board of any course of action beyond participating in the litigation as a passive member of the class. The Executive Committee, or the Board, as applicable, will have the authority to approve any course of action beyond monitoring the case. If the Executive Committee, or the Board, approves active participation in the litigation, additional authorization is not necessary to align with other potential plaintiffs in application for named plaintiff status if such an action is agreed appropriate by the General Counsel and the Executive Director. Counsel will be selected by the Executive Committee or the Board, after consultation with the Illinois Attorney General's office.

### 3) **Monitoring**

- a) The Staff will utilize the services of the System's Custodian, as well as the services of any consultants, including Securities Litigation counsel, with expertise in this area chosen by the Board, to monitor pending cases which involve securities that SURS bought and sold during the relevant periods to evaluate any settlements proposed and to file claims as necessary for SURS to participate in distributions of funds. To the extent that Staff finds a proposed settlement inadequate to protect the interests of the System, the Executive Committee may authorize action to file legal objections. Authorization is not necessary for Staff to file an objection to attorneys' fees or expenses if an objection is agreed appropriate by the General Counsel and the Executive Director after consultation with the Illinois Attorney General's office.

**4) Legal Action**

- a) Where the Executive Committee or the Board has determined under Part 2 that the interests of the System will be best served by seeking designation as lead plaintiff or by opting out of a class action, , will choose appropriate counsel and will negotiate a fee agreement, if necessary, after consultation with the Illinois Attorney General’s office as to whether that office would be willing to serve as the System’s counsel in such action. If the Executive Committee determines that appropriate counsel is a firm not on SURS’ approved list, the recommendation of such firm shall be made to, and approved by, the Executive Committee.
- b) Where the Executive Committee and the Illinois Attorney General’s office disagree as to the desirability of seeking designation as lead plaintiff or opting out of a class action, the Executive Committee shall act in accordance with its fiduciary obligations in making a final determination.
- c) Any legal action authorized or taken shall be reported to the Board, who shall also be provided periodic updates on the status of such actions.

**5) Approved Law Firms**

- a) The Board, or Staff at the Board’s direction, will interview and select, through an RFP, a roster of no more than three qualified securities litigation firms. This roster will constitute SURS’ “approved list.”
- b) In cases where the initiation of litigation is a formality designed to provide support for another institutional investor, Staff may recommend that the most sensible and cost-effective source of legal representation will be the General Counsel or the legal counsel representing the institutional investor that SURS wishes to support.

**6) Authority to Settle Claims and Lawsuits**

- a) Staff has the authority to resolve securities related litigation claims with a settlement value of \$250,000.00 or less, with required approval from the Executive Director and General Counsel. This authority includes the ability to settle direct claims and class actions at or below the \$250,000.00 threshold. This authority also includes the ability to resolve said claims by selling them to third parties or by resolving them via auction with a minimum return/guarantee of at least 50% of the potential value of the underlying claim. If SURS wants to settle a direct securities litigation case at a settlement value exceeding \$250,000.00 or wants to settle a class action where SURS is the lead plaintiff, authority to settle must come from the SURS Executive Committee or the Board.

### **XIII. Emerging Investment Managers, MFDB Managers and Minority-Owned Broker/Dealers**

SURS is committed to providing opportunities for Emerging Investment Managers and Minority Owned Broker/Dealers. SURS is also committed to providing ongoing opportunities for minority-, female-, and persons with a disability-owned (“**MFDB**”) Managers that have advanced beyond the statutory definition of Emerging Investment Managers. In determining the status of a business enterprise, SURS will use the definitions found in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, 30 ILCS 575/2(A), (B).

The Illinois Pension Code, in 40 ILCS 5/1-109.1, encourages the Board to use Emerging Investment Managers in managing the System’s assets to the greatest extent feasible within the bounds of financial and fiduciary prudence, and to take affirmative steps to remove any barriers to the full participation of Emerging Investment Managers in investment opportunities afforded by the System. Furthermore, in accordance with the Illinois Pension Code, SURS encourages its Fund-of-Fund Managers to use Emerging Investment Managers as subcontractors when the opportunity arises.

#### **A. Goals for Utilization of Emerging Investment Managers and MFDB Managers**

Beginning January 1, 2016, the Illinois Pension Code, in 40 ILCS 5/1-109.1, established aspirational goals of 20% for pension funds, with respect to assets under management by Emerging Investment Managers and the percentage number of MFDB Managers.

Since late 2014, the Board (subject to its fiduciary responsibility) has established goals for both the percent of assets under management and actively managed assets under management by Emerging Investment Managers. Furthermore, with the intent of having MFDB Managers significantly represented in each broad Asset Class and not concentrated in any particular Asset Class, the Board has established additional goals for actively managed assets specific to Minorities, Females, and Persons with Disabilities.

A summary of the Board’s goals are set forth in Appendix 8. These goals shall be reviewed annually.

#### **B. Goals for Utilization of Minority-Owned Broker/Dealers**

The Board has set minimum expectations for the use of qualified Broker/Dealers that meet the definition of a minority-owned business, female-owned business or a business owned by a person with a disability (“**Minority-owned Broker/Dealer**”) by the System’s Managers. Only trades executed directly with Minority-owned Broker/Dealers will be considered in the achievement of these goals.

Summary goals for Minority-owned Broker/Dealer Utilization have been established for the aggregate U.S. equity, Non-U.S. Equity and Fixed Income Asset Classes as set forth in Appendix 9. SURS seeks to have its Managers consistently meet or exceed these goals, while achieving best execution.

In order to achieve the aggregate U.S. Equity, Non-U.S. Equity and Fixed Income goals, minimum expectations have been established for individual Managers within a number of Sub-Asset Classes. Subject to best execution, SURS requires its Managers to meet the minimum expectations set forth in Appendix 10 for each rolling twelve (12) month period.

### **Reporting Guidelines**

Each Manager will submit a compliance report within 30 days after March 31, June 30, September 30 and December 31 of each year. Reporting will be monitored over a rolling twelve-month period.

### **Consequences of Non-Compliance**

Failure to meet Minority-owned Broker/Dealer Utilization Goals will lead to the following:

- 1) Staff notification to the non-compliant Manager;
- 2) Placement of the Manager on Reassessment status;
- 3) Staff examination of reasons for non-compliance; and
- 4) Remediation plan acceptable to the Staff or recommendation to the Board to Terminate.

## **C. Manager Diversity Program**

### Program Description

SURS has implemented a Manager Diversity Program (“**MDP**”) to identify highly successful MFDB firms. The criteria used to determine the minimum qualifications of Potential Managers to be selected for an assignment and the search process is discussed in Section VII., 2 entitled “Investment Manager Selection.” Manager Benchmarks are identified in the Manager Guidelines for each Manager in the program. Benchmarks and Performance Targets for the MDP for each applicable Asset Class are the same as those set forth in the applicable Appendix. Managers in the MDP will be evaluated in the same manner as that set forth in Section VII (‘Selection and Retention’). Managers will be placed on Reassessment status as described in Section VII. Termination decisions will follow the guidelines set forth in Section VIII (‘Investment Manager Termination Guidelines’). An evaluation of each Manager shall be conducted annually.

## **D. Manager-of-Managers Program**

### **Program Description**

SURS utilizes a Manager-of-Managers program, overseen by SURS Staff. The program's primary goal is to identify MFDB Managers that will be initially awarded smaller allocations within the program. Staff may recommend, for the Board's approval, one or more Manager-of-Managers to play an active role in identifying emerging MFDB Managers and maintain an ongoing involvement in the evaluation and performance oversight of such Managers. Staff shall work with the Manager-of-Managers to identify, recruit, and monitor Managers in the program.

### **Graduation Program**

On an annual basis, SURS Staff and the Manager-of-Managers will identify one underlying Manager to be considered for a meaningful, direct allocation. The following factors are considered in determining when an underlying Manager should be awarded a larger allocation in the SURS Portfolio:

- Acceptable measure of performance over a three year period;
- Stability in Manager's organization;
- Institutional quality infrastructure;
- Growth in Assets Under Management;
- Confidence in Manager's investment process;
- Meeting its Performance Target; and
- Product Fit.

In addition to the factors mentioned above, the needs of the overall SURS investment program will be considered.

Notwithstanding this provision, the Board, in its sole discretion, may decide not to make any award in any given year, if it determines that such an allocation would not be in the best interests of the Members.

Initially adopted December 8, 2006; Revised April 26, 2007; September 21, 2007; September 12, 2008; April 23, 2009; September 11, 2009; December 2, 2009; September 3, 2010; September 16, 2011; October 25, 2012; September 13, 2013, September 19, 2014; September 11, 2015; December 9, 2016; June 9, 2017.

## Exhibit I Glossary of Terms

**Active Management** means the style of fund management whereby Managers attempt to outperform a given Benchmark or Performance Target, after fees, through superior security or sector selection, market timing, technical modeling or other active technique.

**Active Manager Premium or AMP** means a percentage spread above an applicable Benchmark that represents the minimal additional return required by SURS to pursue Active Management for a given Asset Class. AMPs shall not exceed 2.00%.

**Active Share** means a measure of how the security holdings of a given portfolio differ from the holdings of an index or Benchmark.

**Alternative** means an investment in an Asset Class, other than public Equities, public Fixed Income and Cash.

**Annualized Alpha** means a measure of the relationship between a Fund performance and the performance of a Benchmark and equals the excess return where the Benchmark return is zero.

**Annualized Return** means the return realized over a period of time, expressed as a time-weighted annual percentage.

**Appropriation** means to set aside money for a specific purpose. A company or a government appropriates funds in order to delegate cash for the necessities of its business operations.

**Asset Allocation** means an investment portfolio technique that aims to balance risk and create diversification by dividing assets among major Asset Classes, such as Equities, Fixed Income, Cash and Alternatives.

**Asset Class** means a group of securities that exhibits similar characteristics, behaves similarly in the marketplace and is subject to the same laws and regulations. Major Asset Classes include Equities, Fixed Income, Cash and Alternatives.

**Asset Class Percentage** means, with respect to the Strategic Policy Target, Interim Policy Target or Policy Portfolio, the percentage that a given Asset Class represents of the total.

**Asset/Liability Position** means a measurement, as of a point in time, of the System's ability to meet its future obligations with available assets and future cash inflows.

**Asset/Liability Study** means an analysis of the System's available assets and future cash flow (including Appropriations) and its ability to meet current and future Member benefits and other System obligations.

**Assets Under Management** means the market value of assets that a Manager manages on behalf of investors.

**Assumed Rate of Return** means the Expected Rate of Return adopted by the Board as one of the actuarial assumptions used to determine the System's net pension liability in accordance with GASB Statement No. 67.

**Board** means the SURS Board of Trustees.

**Broker/Dealer** means a firm in the business of buying and selling securities that may act as either an agent or a principal in a transaction.

**Benchmark** means a standard against which the performance of a Manager can be measured and usually consists of a market index or market-segment index representative of a Manager's investment style.

**Beta** means a measure of volatility, or systematic risk, of a security or portfolio in comparison to the market as a whole.

**Calendar Year Returns** means trailing period returns ending on the last day of the calendar year.

**Cash Flow** means the net amount of cash moving into and out of an account or an entity.

**Cash Overlay Manager** means a Manager that is used to minimize an unintended cash position in a portfolio or to transition a portfolio in need of Rebalancing.

**Cash Overlay Services** means various financial techniques such as Futures and Options to achieve a given overlay strategy.

**Chief Investment Officer or CIO** means the executive position responsible for SURS' investment portfolio.

**Closed-end Fund** means an investment company that raises a fixed amount of capital, through an initial public offering, by issuing a fixed number of shares.

**Commingled Fund** means an institutional fund which invests in a portfolio of assets and is funded by pooling the investments of multiple investors.

**Commodity** means a basic good, most often used as an input into the production of other goods or services.

**Consultant** means any General Consultant or Special Consultant retained or employed by the Board to perform some or all of the roles set forth in Section IV.

**Core Fixed Income** means a Sub-Asset Class consisting of Traditional Fixed Income, Core Plus Fixed Income and Unconstrained Fixed Income securities.

**Core Plus Fixed Income** means a Sub-Asset Class consisting of Traditional Fixed Income securities plus other instruments such as high yield, global or emerging market debt and asset-backed securities.

**Core Real Estate** means a Sub-Asset Class consisting of real estate assets that are well located and well leased with strong quality tenants and which provide stable income with low volatility.

**Covariance of Returns** means the measure of the degree to which returns on two risky assets move in tandem, with positive covariance describing two asset returns that move together and negative covariance describing two asset returns that move inversely.

**Custodian** means an organization that meets the requirements set forth in Section IV.

**Defined Benefit Plan** means the SURS' Traditional Benefit Package and the Portable Benefit Package that provide retirement, disability, death and survivor benefits to eligible participants and annuitants.

**Defined Contribution Plan** means the SURS' Self-Managed Plan.

**Derivative** means a security or contract with a price that is dependent upon, or derived from, one or more underlying assets, financial indices, or other standards of measurement.

**Direct Real Estate** means a Sub-Asset Class consisting of both Core Real Estate and Non-core Real Estate.

**Down Capture Ratio** means the percentage of the market's Downside movement 'captured' or achieved by a Fund.

**Emerging Investment Manager** means, as defined by 40 ILCS 5/1-109.1(4), "a qualified investment adviser that manages an investment portfolio of at least \$10,000,000 but less than \$10,000,000,000 and is a 'minority owned business', 'female owned business' or 'business owned by a person with a disability' as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act."

**Emerging Markets Debt or EMD** means a Sub-Asset Class consisting of Fixed Income securities of emerging market countries.

**Employee** means a person employed for wages or salary, especially at a nonexecutive level.

**Enhanced Review** means, at a semi annual review, a Manager's three (3) year or five (5) year rolling Annualized Alphas (net of fees) are above their respective Benchmarks but below their AMPs.

**Equity** means a stock or other security representing an ownership interest in an entity.

**Excess Return** means the difference between the Rate of Return on a Fund, Asset Class or the Portfolio and the Rate of Return of the applicable Performance Target or Benchmark, as applicable.

**Excess Risk-adjusted Return** means the difference between the Risk-adjusted Return on a Fund, Asset Class or the Portfolio and the Rate of Return of the applicable Performance Target.

**Executive Director** means the chief executive officer of SURS.

**Existing Service Provider** means a Service Provider that is currently under contract with SURS to provide a given investment related service.

**Expected Rate of Return** means a probability weighted estimate of a range of future rates of return.

**External Counsel** means a law firm that is engaged by SURS, from time to time, to provide legal services in connection with its investment activities.

**Fixed Income** means, as related to securities, an investment that provides a return in the form of a fixed periodic payment, with the eventual return of principal over time or at maturity.

**Fund** means a securities portfolio, that may take various legal forms and that is designed to meet various investor requirements.

**Fund-of-Funds** means a multi-manager investment, in which a single Manager manages a fund that invests in multiple underlying funds, each managed by a separate Manager.

**Future** means a legal agreement to buy or sell a Commodity or financial instrument at a predetermined price at a specified time in the future.

**General Consultant** means an investment advisor hired by the Board to provide a broad range of investment advice.

**General Counsel** means the chief legal officer of SURS.

**Good Standing** means, at a semi annual review, a Manager's three (3) year and five (5) year rolling Annualized Alpha (net of fees) each exceed their AMPs for such periods. Managers with less than a five (5) year performance history will be considered in Good Standing.

**Hedged Strategies** means the range of Hedge Fund styles included in the Portfolio.

**Hedge Fund** means an Alternative investment designed either to generate above market returns (through Active Management) or more moderate returns (with a reduction in downside risk), while generating low correlation with other Asset Classes.

**Hedge Fund-of Funds** means a Fund-of-Fund structure with Hedge Funds as the underlying funds.

**Illinois Compiled Statutes** means the codified statutes of a general and permanent nature of Illinois. The compilation organizes the general Acts of Illinois into 67 chapters arranged within 9 major topic areas.

**Illinois Pension Code** means a Code that determines how pension funds in Illinois operate. The Pension Code also administers pension funds benefit plans.

**Information Ratio** means a measure of the degree to which a Fund has outperformed its Benchmark to the consistency by which the Fund has outperformed the Benchmark, defined as the Fund's Excess Return (relative to its Benchmark) divided by the Fund's Tracking Error.

**Infrastructure** means the physical structures, networks and other facilities that provided services essential to economic productivity, including transportation, communication, utilities and social assets such as schools, hospitals and public buildings.

**Interim Policy Target** means the intermediate Target Allocation Percentages for each Asset Class, reflecting the necessity of a gradual shift of assets to the Strategic Policy Target, due to practical implementation considerations and Liquidity constraints.

**Investment Committee** means a committee consisting of at least three (3) members of the Board that assists the Board in the development of investment strategies and the review of prospective investments with the goal of supporting the Board in prudent investment and expenditure of System assets.

**Investment Management Agreement** means the legal contract between SURS and a Manager, setting forth the duties and obligations of the parties with respect to the Manager's investment management engagement.

**Investment Manager Termination Guidelines** means those guidelines set forth in Section IX.

**Investment Risk Management Policy** means the policy set forth in Section VI.

**Liquidity** means the degree to which an asset or security can be quickly bought or sold in the market for cash, without affecting the asset's or security's price.

**Liquidity Premium** means a premium demanded by investors to invest in a security that is considered to be illiquid and not easily converted to cash without a loss in value.

**Long Only** means an investment style where assets represent only Long Positions.

**Long Position** means a holding of assets, whereby the value of such position will rise if the price of the security increases.

**Long/Short** means an investment style that allows for both Long Positions and Short Positions, where the value of ‘short positions’ rise when the price of the security falls.

**Marketable Securities** means securities that may be bought or sold, typically on a public exchange, and quickly converted to cash.

**Manager** means an external investment manager that manages a given portfolio of securities on behalf of SURS under an Investment Management Agreement and pursuant to Manager Guidelines.

**Manager Diversity Program or MDP** means a program to support Emerging Investment Managers in their early stages of development.

**Manager Evaluation Report** means a report documenting the annual evaluation of a Manager by the Consultant and Staff, including recommended action to the Board.

**Manager Guidelines** means a set of investment guidelines that governs a Manager’s investment activities.

**Manager Termination Guidelines** means the set of guidelines set forth in Section IX of this Policy.

**Member** means an individual that is eligible under the Defined Benefit Plan to receive retirement, disability, death, or refund benefits as authorized under the Illinois Compiled Statutes.

**MFDB** means a minority-owned business, a female-owned business or a business owned by a person with a disability as those terms are defined in the Business Enterprise for Minorities, Females and Persons with Disabilities Act.

**MFDB Manager Utilization Goals** means those goals, as revised from time-to-time, set forth in Appendix 10.

**Minority-owned Broker/Dealer** means, in accordance with 40 ILCS 5/1-109.1, a qualified broker-dealer who meets the definition of ‘minority owned business’, ‘female owned business’, or ‘business owned by a person with a disability’, as those terms are defined in the Business Enterprise for Minorities Females, and Persons with Disabilities Act.”

**Non-Core Real Estate** means a Sub-Asset Class consisting of real estate assets in need of re-tenanting, redevelopment or renovation, or is otherwise in some form of distress.

**Open-end Fund** means a Fund that does not have any restrictions on the amount of shares it can issue and that can issue and redeem shares at any time.

**Opportunity Fund** means an Asset Class consisting of investments that are opportunistic in nature and may or may not transition into a more permanent Asset Class.

**Option** means a contract between a buyer and a seller that gives the buyer the right, but not the obligation, to buy or sell a particular asset at a later date and at an agreed upon price.

**Passive Management** means a management style that attempts to replicate a market index or Benchmark.

**Performance Evaluation** means a measurement of a Manager, Asset Class or the total Portfolio versus various standards of performance.

**Performance Statistics** means analytical tools such as the Sharpe Ratio, Information Ratio, Annualized Alpha, Treynor Ratio, Sortino Ratio, Up Market Capture and Down Market Capture.

**Performance Target** means, for (i) an Active Manager, the applicable Benchmark for such Manager's given Asset Class or style, plus the Active Manager Premium, as set forth in Appendix 5; (ii) for a Passive Manager, the applicable Benchmark for such Manager's given Asset Class; (iii) for an Asset Class, such Asset Class' applicable Benchmark and (iv) for the Portfolio, the blended Benchmarks of the Policy Portfolio.

**Portfolio** means the investment portfolio of the Defined Benefit Plan.

**Portable Benefit Package** means one of two packages offered under SURS' Defined Benefit Plan that offers a more generous separation refund in exchange for a reduction in retirement and death benefits.

**Potential Consultant** means a Consultant that is being considered for selection by SURS.

**Potential Custodian** means a Custodian that is being considered for selection by SURS.

**Potential Manager** means a Manager that is being considered for selection by SURS.

**Potential Vendor** means a Vendor that has been previously vetted and/or approved.

**Potential Service Provider** means a Service Provider that is being considered for selection by SURS.

**Policy** means this Policy, as amended from time to time.

**Policy Portfolio** means a portfolio comprised of Asset Class benchmarks, reflecting a passive implementation of SURS Strategic Policy Target, as amended from time to time.

**Private Equity** means equity investments in private companies, either directly or through buyouts of public companies that result in a delisting of public Equity.

**Qualified Fund-of-Fund Management Services** means, per 40 ILCS 5/113.15, either (i) the services of an investment adviser acting in its capacity as an investment manager of a Fund-of-Funds or (ii) an investment adviser acting in its capacity as an investment manager

of a separate account that is invested on a side-by-side basis in a substantially identical manner to a Fund-of-Funds, in each case pursuant to qualified written agreements.

**Quarterly Investment Update** means a quarterly report generated by Staff and distributed to Members that summarizes investment results for the System.

**Quarterly Reporting Period** means a three-month period on a financial calendar that acts as a basis for the reporting of investment performance, earnings, the paying of dividends, etc.

**Quiet Period** means a period of time during which a search for a Potential Consultant, Custodian, Manager or Vendor is underway and during which a set of guidelines governs any communication by the Board, Consultant or Staff with such parties.

**Rate of Return** means is a profit on an investment over a period of time, expressed as a proportion of the original investment.

**Real Estate** means an Asset Class that consists of land, buildings and natural resources.

**Reassessment** means, at a semi annual review, A Manager's (i) three (3) year and five (5) year rolling Annualized Alphas (net of fees) are below their respective Benchmarks for the preceding two consecutive quarters, and (ii) three (3) year and five (5) year Information Ratios are negative for the preceding two consecutive quarters; or other performance metrics reflect a significant negative trend.

**Rebalancing** means the process of adjusting Asset Class Percentages to bring them back into alignment with Target Allocation Percentages.

**Rebalancing Manager** means a Manager that is used to facilitate a Rebalancing of the Portfolio.

**Request For Proposal or RFP** means a formal solicitation for a service or Service Provider, made through a competitive bidding process.

**Risk-adjusted Return** means the Annualized Alpha for a Fund or Asset Class.

**Risk Statistics** means analytical tools such as Standard Deviation, Tracking Error, Beta, R-Squared and Active Share.

**R-Squared** means the percentage of a Fund's movements that can be explained by movement of the Benchmark.

**Securities Lending** means the temporary loan of a security from an institutional investor's portfolio to a broker/dealer or dealer bank to support that firm's trading activities. These trading activities include short selling, selling on margin or the satisfaction of some other type of transaction. Loaned securities are generally collateralized, reducing the lender's credit exposure to the borrower. Except for the right to vote proxies, the lender retains entitlement to all the benefits of owning the original securities, including the receipt of

dividends and interest.

**Separate Account** means a privately managed investment account that is designed and managed specifically for an investor.

**Service Provider** means any Consultant, Manager, Custodian or Vendor.

**Sharpe Ratio** means a measure of a Fund's return or an Asset Class' return (Fund or Asset Class Rate of Return less the return of the risk-free rate) relative to its risk (Standard Deviation of the Fund or Asset Class).

**Short Position** means a sale of a borrowed security, whereby the value of such position will rise if the price of the security falls.

**Special Consultant** means an investment advisor hired by the Board to provide a limited range of services.

**Sortino Ratio** means a measure of a Fund's return or Asset Class' return (Fund or Asset Class Rate of Return less the return of the risk-free rate) relative to its downside risk (downside deviation of Fund or Asset Class).

**Staff** means the SURS investment staff.

**Standard Deviation** means a measure of the dispersion of a set of data from its mean, calculated as the square root of variance.

**State Universities Retirement System of Illinois or SURS or System** means the pension fund established for the benefit of the staff members and employees of the Illinois state universities, community colleges and certain other state educational and scientific agencies, and the survivors, dependents, and other beneficiaries of those employees.

**Strategic Plan** means SURS' process of defining its strategy, or direction, and making decisions on allocating its resources to pursue this strategy

**Strategic Objectives** mean the objectives listed in Section II, as amended from time to time.

**Strategic Policy Target** means the total of all approved Target Allocation Percentages.

**Sub-Asset Class** means a subset of an Asset Class that shares common characteristics with both the Asset Class and such subset.

**Swap** means a Derivative contract through which two parties exchange financial obligations.

**Target Allocation Percentage** means the target percentage of each major Asset Class in the Strategic Policy Target.

**Termination** means the cancellation of a contract and related obligations.

**Tracking Error** means, with respect to a security investment, the Standard Deviation of the Excess Return.

**Trade Order Entry System** means a web-based program provided by the System's custodian, Northern Trust, to transfer cash from SURS to an external manager.

**Traditional Benefit Package** means one of two packages offered under SURS' Defined Benefit Plan that offers lifetime retirement benefits, but a limited separation refund.

**Traditional Fixed Income** means a Sub-Asset Class consisting generally of investment-grade, Fixed Income securities.

**Trailing Period** means the prior period (months, quarters, years) ending on the date being used for a given analysis.

**Transition Manager** means a Manager that helps transition a portfolio of securities necessitated by the change in a Manager's funding mandate, a Manager's termination or changes in Asset Allocation.

**Treasury Inflation Protected Securities or TIPS** means a Treasury security that is indexed to inflation.

**Treynor Ratio** means a measure of a Fund's return or an Asset Class' return (Fund or Asset Class Rate of Return less the return of the risk-free rate) relative to its risk (Beta of the Fund or Asset Class).

**Up Capture Ratio** means the percentage of the market's upside movement 'captured' or achieved by a Fund.

**Unconstrained Fixed Income** means a Sub-Asset Class consisting of Fixed Income securities that would tend to vary from those typically found in Core Fixed Income or Core Plus Fixed Income.

**Utilization Goals** means the percentage of the total Portfolio or volume of business activity that is to be represented by a specific subset of the Portfolio.

**Variance** means a measurement of the spread of a set of numbers from the mean of the data set.

**Vendor** means a supplier of goods or services.

**Volatility of Return** means a statistical measure of dispersion of returns for a given security, Asset Class or portfolio.

**Weighted Expected Rate of Return** means a probability weighted estimate of a range of future rates of return for a portfolio, with the estimate weighted by the component investments or Asset Classes of the portfolio.

## Appendix 1

### System Assumed Rates of Return

<i><u>Year Ending</u></i>	<i><u>Assumed Rate of Return</u></i>
8-31-02	8.50%
8-31-03	8.50%
8-31-04	8.50%
6-30-05	8.50%
6-30-06	8.50%
6-30-07	8.50%
6-30-08	8.50%
6-30-09	8.50%
6-30-10	7.75%
6-30-11	7.75%
6-30-12	7.75%
6-30-13	7.75%
6-30-14	7.25%
6-30-15	7.25%
6-30-16	7.25%
6-30-17	7.25%

## Appendix 2

### Formal Board Review

<i><u>Formal Review Agenda Item</u></i>	<i><u>Formal Review Schedule</u></i>
Total Fund Performance	At least quarterly
Asset Allocation	At least annually
Investment Policy	At least annually
Manager Performance Evaluation	At least annually

### **Appendix 3**

#### **Managers' Roles and Responsibilities**

1. Selection, purchase and sale of specific securities or investments, within the parameters specified by Staff and Consultants and in adherence to this Policy;
2. Construction and management of investment portfolios that are consistent with their specific Manager Guidelines;
3. Providing performance reporting to the Staff at intervals specified by Staff and sufficient to meet the requirements set forth in Section X;
4. On an annual basis, providing Staff with proof of insurance coverage in an amount and type specified in their Investment Management Agreement;
5. On an annual basis, certifying in writing to Staff that they remain a fiduciary to the System and that they have been in compliance with the Manager Guidelines during the past year;
6. Utilizing investment strategies designed to ensure that all securities transactions are executed in such a manner that the total explicit and implicit costs and total proceeds in every transaction are the most favorable under the circumstances;
7. Complying with all applicable laws and regulations, including those of the State of Illinois and the United States of America including, without limitation, the provisions of Rule 206(4)5 under the Investment Advisers Act of 1940, as amended.

## Appendix 4

### Asset Allocation Policy Mix

As of 5-30-17

<b><u>ASSET ALLOCATION POLICY MIX</u></b>	<b><u>STRATEGIC POLICY TARGET</u></b>		<b><u>STRATEGIC POLICY TARGET SUB- COMPONENTS</u></b>
<i>U.S. Equity</i>	23.0%		46.0%
<i>Non-U.S. Equity</i>	19.0%		38.0%
<i>Global Equity</i>	8.0%		16.0%
<b><i>Total Public Equity</i></b>	<b>50.0%</b>		<b>100.0%</b>
<i>Core Fixed Income</i>	19.0%		73.0%
<i>Emerging Market Debt</i>	3.0%		12.0%

## Appendix 6

### Search Process for Consultants, Managers and Custodians

1. Advertisements for the search process shall be placed in a State of Illinois newspaper and in one or more industry periodicals, at least 14 days before the response to the offer is due.
2. Uniform documents shall be used for the solicitation, review, and acceptance of investment services to be performed and will be posted on the SURS web site. Documents may differ based on the specific search mandate.
3. Interested respondents shall return their responses to the Staff, which shall open and record them, providing a list of all respondents to the Investment Committee/Board.
4. Following review and evaluation of the responses from interested firms, the field of candidates is narrowed to a smaller list of the most highly qualified.
5. Staff meets with representatives of each firm to obtain an independent assessment of the firm's capabilities.
6. Following the interview with the selected firm(s), Staff recommends to the Board one or more candidates for engagement. Generally, the finalists appear before the Board to present their firms' qualifications.
7. Candidates are required to make all statutorily required disclosures regarding the diversity of their staff and vendors, and such disclosures shall be considered, within the bounds of financial and fiduciary prudence, prior to the awarding of a contract.
8. The Board accepts or modifies the recommendation and makes the final decision with respect to the engagement, if satisfied with the firm's capabilities.
9. Contracts are then completed with the selected firm(s). SURS shall not enter into a contract with a Consultant that exceeds 5 years in duration. No contract to provide consulting services may be renewed or extended. At the end of the term of a contract, however, the Consultant is eligible to compete for a new contract as provided in this section.
10. SURS shall post the name(s) of the successful respondent(s) on the SURS web site, along with a disclosure including the total amount applicable to the contract, the total fees paid or to be paid, and a description of the factors that contributed to the selection of the Consultant.

## Appendix 7

### Policy Guidelines for Potential Service Providers

1. A Quiet Period will commence upon Board authorization and end once a selection has been made by the Board and contract signed with a Potential Service Provider;
2. Initiation, continuation and conclusion of the Quiet Period shall be publicly communicated to prevent inadvertent violations;
3. All Board members, and Staff not directly involved in the search process, shall refrain from communicating with Potential Service Providers regarding any product or service related to the search in process and from accepting meals, travel, hotel, or other value from such Potential Service Providers;
4. Throughout the Quiet Period, if any Board member is contacted by a Potential Service Provider, the Board member shall refer such party to the Staff directly involved in the search process;
5. All authority related to the search process shall be exercised solely by the Investment Committee or Board as a whole, and not by individual Board members;
6. All information related to the search process shall be communicated by the Consultant and Staff to the Investment Committee or Board as a whole, and not to individual Board Members;
7. The Quiet Period does not prevent Board approved due diligence, client conference attendance or communications with an existing Service Provider; provided, however, that discussions related to the pending selection shall be avoided during those activities;
8. The provisions of this policy shall apply throughout the Quiet Period and shall be communicated to Potential Service Providers in conjunction with any search; and
9. A Potential Service Provider may be disqualified from a search process for a violation of this policy.

**Appendix 8**

**SURS Utilization Goals for Active Emerging Investment Managers**

<u><i>Asset Class</i></u>	<u><i>Goal for Minorities</i></u>	<u><i>Goal for Females</i></u>	<u><i>Goal for Persons with a Disability</i></u>	<u><i>Overall Active Goal</i></u>
<b>Equities</b>	<b>20%</b>	<b>10%</b>	<b>0-2%</b>	<b>30%</b>
<b>Fixed Income (includes TIPS)</b>	<b>12%</b>	<b>8%</b>	<b>0-1%</b>	<b>20%</b>
<b>Alternative Investments</b>	<b>0-20% of new allocations</b>	<b>0-20% of new allocations</b>	<b>0-20% of new allocations</b>	<b>20% of new allocations</b>
<b>Total Fund</b>	<b>16%</b>	<b>8%</b>	<b>1%</b>	<b>25%</b>

**Aspirational Goals per 40 ILCS 5/1-109.1**

<u><i>Group</i></u>	<u><i>Goal</i></u>
<b>Emerging Investment Managers</b>	<b>Not less than 20% of Assets Under Management</b>
<b>MFDB Managers</b>	<b>Not less than 20% of Managers</b>

## Appendix 9

### System Utilization Goals for Minority-owned Broker/Dealers

<i><u>Asset Class</u></i>	<i><u>Goal</u></i>
U.S. Equity	30.0%
Non-U.S. Equity	15.0%
Fixed Income	20.0%

## Appendix 10

### Manager Utilization Goals for Minority-owned Broker/Dealers

<b><u>ASSET CLASS</u></b>	<b><u>MINIMUM EXPECTATION</u></b>	<b><u>ELIGIBLE TRADE VOLUME</u></b>	<b><u>ELIGIBLE COMMISSIONS</u></b>
<b>Equity:</b>			
Active U.S. Equity	30.0%		X (1)
Passive U.S. Equity	35.0%		X (1)
Structured Active U.S. Equity	15.0%	X (1)	X (1)
Non-U.S. Equity	15.0%		X (1)(2)
Structured Active Non-U.S. Equity	15.0%	X (1)(2)	X (1)(2)
Global Equity	20.0%		X (1)(2)
REITS	15.0%		X (1)(2)
<b>Fixed Income:</b>			
Fixed Income	20.0%	X (1)(2)	
TIPS	10.0%	X (1)	

(1) Exception for electronic trading.

(2) Exception for emerging markets, as defined by Morgan Stanley Capital International.
