# ELEVENTH ANNUAL REPORT OF THE TEACHERS' RETIREMENT BOARD.

To the Honorable Senate and House of Representatives:

Miss Ellen A. Stillings of Lowell, who has served on the Retirement Board since November, 1916, terminated her membership on December 31, 1924. She has been succeeded by Miss Elizabeth F. Wassum, principal of the Homer

Street School, Springfield.

During the year 1924, there were 2,029 teachers who entered the service of the public schools of this State for the first time and in accordance wih the provisions of the law, they were enrolled as members of the Retirement Association. There were 80 teachers who served in Massachusetts prior to July 1, 1914, who became members by paying their back assessments with interest. In accordance with the provisions of Chapter 263, Acts of 1924, 24 teachers who served in Massachusetts prior to July 1, 1914, who have not joined the Retirement Association, are accumulating in the Retirement Fund the amount necessary for membership. The deposits of these teachers amount to \$3,113.48. These teachers are to be enrolled as members when they have accumulated the full amount of their back assessments with interest.

On December 31, 1924, there were 16,088 active members of the Retirement Association of whom 4,844 are teachers who served in Massachusetts prior to July 1, 1914, and voluntarily joined the Association, and 11,244 are teachers who entered the service of this State for the first time since that date and were

required to join.

The members' deposits for the year amounted to \$1,232,127.74, an increase of \$112,205.79 over the deposits received in 1923. Refunds amounting to \$288,913.07 were made to teachers who left the service of the public schools and \$26,240.89 was paid to the estates of deceased members.

P.D. 109

Since the establishment of the Retirement System, members who have left the service have withdrawn \$1,367,270.06 and \$134,842.59 has been paid to the estates of deceased members.

The income over disbursements amounted to \$1,176,549.01. The gross assets on December 31, 1924, were \$7,109,106.44 and the total liabilities were

\$7,027,278.65, leaving a surplus of \$81,827.79.

Interest at the rate of  $4\frac{1}{2}\%$  was credited to the accounts of the members on December 31, 1924. The interest credited to the accounts of teachers in active service amounted to \$255,231.08, and \$7,715.43 was credited to the accounts of members who have left the service without withdrawing their contributions.

Ninety-two teachers retired during the year 1924, their annual retiring allowances amounting to \$60,461.12. Of this amount, \$7,310.04 was annuity derived from contributions made by the members before retirement and the balance was pension paid from State appropriations. The retirements for the year were as follows: On account of disability before attaining age 60, 5; voluntary retirements, ages 60 to 69, 59; compulsory retirements at age 70, 28. On December 31, 1924, there were 667 retired teachers living. The annual retiring allowances for these teachers amount to \$357,831.12 of which \$331,250.62 is pension paid from State appropriations and \$26,580.50 is annuity.

The following statistics relate to the 92 teachers who were retired during the year 1924:

	Num- ber of Retire- ments.	Average Age at Retirement.	Average Length of Service.	Average Salary Last 5 Years.	Aver- age An- nuity.	Aver- age Pen- sion.	Average Retiring Allowance.

<sup>&</sup>lt;sup>1</sup> Teachers who served in Massachusetts prior to July 1, 1914, who have at the time of retirement 15 years of service in this State, the last 5 of which are continuous, receive a pension from the State based on their total service.

There are 974 members of the Retirement Association who during the year 1925 will be eligible to retire at the age of 60 or over, 30 of whom will be re-

quired to retire at the compulsory age of 70.

The rate of assessment for the school year beginning July 1, 1924, was fixed by the Board at 5% of the annual salary of each member, subject to the provision of the law which requires that the minimum annual assessment shall be \$35, and the maximum annual assessment \$100. Notice has been given by the Board of its intention to continue this rate of assessment for the school year beginning July 1, 1925.

The Board has estimated that the following amounts will be needed for the fiscal year beginning December 1, 1924:

Pensions for members of the Retirement Association . . . .

\$352,000 00

Reimbursement of cities and towns in accordance with Sec. 16,

RECOMMENDATIONS FOR LEGISLATION.

Changing the Definition of "Teacher" in the Teachers' Retirement Law

It appears that under the present provisions of the Teachers' Retirement Law, a person who is employed on a part-time basis, who served in the public schools

P.D. 109

of the Commonwealth prior to July 1, 1914, may voluntarily join the Retirement Association, and all new teachers serving on a part-time basis are required

to be members of the Association.

These provisions make it possible for a part-time teacher, who has served but a few hours a week, to retire and receive the minimum retiring allowance of \$400, which is the amount allowed teachers who are employed on a full-time basis. In the case of part-time teachers, the retiring allowance might exceed the annual salary received while in service.

Persons employed as supervisors and teachers of adult alien education are

not now eligible to membership in the Retirement Association.

To remedy these conditions, it is necessary that the definition of "Teacher" in the Teachers' Retirement Law be changed so as to exclude from the Retirement Association all persons not employed on a full-time basis and include in the Retirement Association teachers and supervisors of adult alien education.

Respectfully submitted,

PAYSON SMITH, Chairman. HARRY SMALLEY. ELIZABETH F. WASSUM.
