TWENTY-FIFTH ANNUAL REPORT OF THE TEACHERS' RETIREMENT BOARD

To the Honorable Senate and House of Representatives:

The Teachers' Retirement Law was amended at the last session of the Legislature so that now a part time teacher whose service in the public schools of Massachusetts amounts to one-half time or more is subject to the provisions of the retirement law. A part time teacher employed less than one-half time is also required to be a member if he was enrolled as a member prior to September 1, 1925, or if immediately prior to his service amounting to less than one-half time he was a member and employed as a teacher for a period of not less than one year.

A member enrolled after September 1, 1925, who was employed as a part time teacher at any time between September 1, 1925 and September 1, 1938, may pay in one sum the assessments for all part time service subsequent to the date on which he was first employed on a basis of one-half time or more, with the interest which would have been credited during the time such service was rendered, and thereby receive credit for the service for which payment is made.

A part time teacher who is a member is required to pay the minimum annual assessment of \$35 if his salary is less than \$700 a year.

An amendment has also been made to Section 37C of the retirement law, so that now if a member who has twenty or more years of creditable service is dismissed the member may, within ten days, request the Retirement Board for a hearing.

The Teachers' Retirement Board has estimated that it will be necessary that the State appropriate the following amounts for the fiscal year ending November 30, 1939:

Pensions to retired members and to make good any deficit in the annuity fund	\$1,440,000.00
Reimbursement of cities and towns on account of pensions paid under local systems	314,476.99
Administration expenses	20,870.04
	<hr/>
	\$1,775,347.03

The rate of assessment for the school year beginning July 1, 1938, was fixed at 5% of the annual salary of each member, subject to the provision of the law which requires that the minimum annual assessment shall be \$35 and the maximum annual assessment \$130. Notice has been given by the Board of its intention to continue this rate for the school year beginning July 1, 1939.

In accordance with the provisions of the retirement law, 1,032 teachers who entered the service for the first time were enrolled as members of the Retirement Association. There were also 97 teachers who served in the public schools of Massachusetts prior to July 1, 1914, who joined the Association by paying their back assessments with interest. On December 31, 1938, there were 20,845 active members, of whom 3,543 were teachers who served in Massachusetts prior to July 1, 1914, and voluntarily joined the Retirement Association and 17,302 were teachers who entered the service of this State for the first time since that date and were required to join.

Interest at the rate of 3% was credited to the accounts of the members on December 31, 1938. The total interest credited for the year to the members' accounts and the annuity reserve fund amounted to \$938,033.13.

The total deposits for the year amounted to \$2,250,805.74. Payments amounting to \$437,538.27 were made on account of members who left the service of the

public schools of Massachusetts. Of this amount, \$353,459.02 was contributions and the balance, \$84,079.25, was interest. Payments for the year amounting to \$182,782.85 were made to the estates of deceased members.

The income over disbursements amounted to \$2,442,188.53. On December 31, 1938 the gross assets were \$33,332,371.91 and the total liabilities amounted to \$32,304,433.71, leaving a surplus of \$1,027,938.20.

Two hundred fifteen teachers retired during the year 1938, their annual retiring allowances amounting to \$220,196.92. Of this amount \$73,610.40 was annuity derived from the contributions made by these members before retirement and the balance was pension paid from State appropriations. The retirements for the year were as follows: On account of disability before attaining the age of sixty, 13; voluntary retirements, ages sixty to sixty-nine, 130; compulsory retirements at age seventy, 72.

Seventy-three teachers who retired during the year made payments for the purchase of an additional annuity; 38 of these teachers paying an amount equal to the total of their regular contributions with interest, which is the maximum amount permitted by law. The total payments for the purchase of an additional annuity amounted to \$158,966.70 and the additional annuities purchased amounted to \$15,352.48. The largest payment was \$4,060.37, which purchased an annuity of \$563.64.

The following table gives statistics relating to the 215 members retired in 1938:

Retirements	Number of Retirements	Average Age at Retirement	Average Length of Service	Average Salary Last 5 Years	Average Annuity	Average Pension	Average Retiring Allowance
Before age 60 on account of disability	13	54.15	24.90	\$1,914.73	\$207.45	\$423.53	\$630.98
At age 60 or over, without credit for prior service*	14	65.71	17.45	1,725.12	225.69	236.29	461.98
At age 60 or over, with credit for prior service*	188	66.42	40.46	1,994.99	360.39	732.83	1,093.22

*Teachers who served in Massachusetts prior to July 1, 1914, who have at the time of retirement 15 years of service in this State, the last 5 of which are continuous, receive a pension from the State based on their total service in Massachusetts.

Of the 188 teachers retired during the year at the age of sixty or over with credit allowance for service prior to July 1, 1914, 125 received the maximum pension payable under the retirement law. Thirteen of these 188 teachers had served in the public schools of Massachusetts for fifty years or more.

On December 31, 1938, there were 1,993 retired members living who retired at the age of sixty or over and the average retiring allowance for these members was \$841.54. There were 112 retired members living who were retired on account of disability before age sixty. The average retiring allowance for these members was \$434.73. There were, therefore, 2,105 retired members living on December 31, 1938, their retiring allowances amounting to \$1,725,881.88, of which \$1,325,889.68 is pension paid from State appropriations and \$399,992.20 is annuity.

There are 1,712 members of the Retirement Association who during 1939 will be eligible to retire at the age of sixty or over, 66 of whom will be required to retire at the compulsory age of seventy.

Respectfully submitted,

JAMES G. REARDON, *Chairman*,
