1942

THE COMMONWEALTH OF MASSACHUSETTS: Dept. of Education:

TWENTY-NINTH ANNUAL REPORT OF THE TEACHERS'

RETIREMENT BOARD for the year  
ending Dec. 31, 1942.

The Teachers' Retirement Board established a 5% rate of assessment for the school year beginning July 1, 1942, subject to the provision of the law which requires that the minimum annual assessment shall be \$35 and the maximum annual assessment \$130. Notice has been given by the Board of its intention to continue this rate for the school year beginning July 1, 1943.

In accordance with the provisions of the law 1,529 teachers who entered the service for the first time were enrolled as members of the Retirement Association. There were also 54 teachers who served in the public schools of Massachusetts prior to July 1, 1914 who joined the Retirement Association by paying their back assessments with interest. On December 31, 1942, there were 20,959 active members of whom 2,750 were teachers who served in Massachusetts prior to July 1, 1914 and voluntarily joined the Retirement Association, and 18,209 were teachers who entered the service of this State for the first time since that date and were required to join.

Interest at the rate of 3% was credited to the accounts of the members on December 31, 1942. As the rate earned for the year was 2.91%, it was necessary to draw on the surplus which has been accumulated for the stabilization of the interest rates credited to members. The total interest credited for the year to the members' accounts and the annuity reserve fund amounted to \$1,168,171.59. The Board expects to continue the 3% interest rate for the year ending December 31, 1943.

The total deposits for the year amounted to \$2,394,512.89. Payments amounting to \$606,157.69 were made on account of members who left the service of the public schools of Massachusetts. Of this amount \$483,871.05 was contributions and the balance, \$122,286.64, was interest. Payments for the year amounting to \$230,607.85 were made to the estates of deceased members.

The income over disbursements amounted to \$2,059,265.37. On December 31, 1942, the gross assets were \$42,024,014.97 and the total liabilities amounted to \$41,109,062.26, leaving a surplus of \$914,952.71.

In December, 1941, notice was sent to all teachers sixty years of age and over that the Commissioner of Insurance had prescribed new tables for computing retirement allowances and that in accordance with the provisions of Chapter 687 of the Acts of 1941, these tables would apply to retirements taking effect on and after July 2, 1942. Notice

1942 -2-

of this change was also given in the annual letter dated January 31, 1942, which was sent to all the members of the Association. Teachers who had planned to retire, therefore, had the opportunity to retire not later than July 1, 1942, without reduction of their retirement allowances. There were 405 teachers who took advantage of this opportunity and retired during the period from January 1, 1942 to July 1, 1942, the largest number of retirements experienced in any similar period. The annual retirement allowances of these 405 teachers amounted to \$439,841.48 of which \$164,219.64 was annuity derived from the contributions made by these members before retirement and \$275,621.84 was pension paid from State appropriations. The above retirements were classified as follows: On account of disability before attaining the age of sixty, 21; retirements at age seventy, 35; all other retirements, 296.

The following table gives statistics relating to the 405 members retired from January 1, 1942 to July 1, 1942.

	Number of Retirements	Average Age at Retirement	Average Length of Service	Average Salary Last 5 Years	Average Annuity	Average Pension	Average Retirement Allowance
Retirements before age 60 on account of disability	21	54.62	27.65	\$1,847.64	\$241.40	\$412.88	\$654.28
Retirements, other than disability, without credit for prior service*	35	67.03	23.93	2,440.92	389.39	369.87	759.26
Retirements, other than disability, with credit for prior service*	349	65.78	39.83	2,038.26	416.97	727.81	1,144.78

\*Teachers who served in Massachusetts prior to July 1, 1914, who have at the time of retirement 15 years of service in this State, the last 5 of which are continuous, receive a pension from the State based on their total service in Massachusetts.

Of the 349 teachers retired during the above period, under the provisions of the law not relating to disability, with credit allowance for service prior to July 1, 1914, 245 received the maximum pension payable under the retirement law. Eleven of these 349 teachers had served in the public schools for fifty years or more.

For the period July 2, 1942 to December 31, 1942, there were only eight teachers who retired, and their retirement allowances amounted to \$6,197.92 of which \$2,423.00 was annuity and the balance was pension paid from State appropriations. Because of the abnormally large number of retirements in 1942, the retirements for the years 1943, and 1944, will probably be below normal.

On December 31, 1942, there were 2,599 retired members living who retired under the provisions of the law not relating to disability, and the average retirement allowance for these members was \$947.93. There were also 144 retired members living who retired on account of disability before age sixty, and the average retirement allowance for these members was \$504.58. There were, therefore, 2,743 retired members living on December 31, 1942, their retirement allowances amounting to \$2,536,321.84 of which \$1,799,298.36 is pension paid from State appropriations and \$737,023.48 is annuity.

There are 1,679 members of the Retirement Association who during the year 1943 will be eligible to retire at the age of sixty or over, 42 of whom will be required to retire at the compulsory age of seventy.

Respectfully submitted,

Walter F. Downey, Chairman  
Harry Smalley  
Mildred B. Jenks

STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1942 MADE TO THE  
COMMISSIONER OF INSURANCE BY THE SECRETARY OF THE  
TEACHERS' RETIREMENT BOARD

Income

Members' deposits	\$ 2,363,625.45
Deposits of teachers who are accumulating the amount due for membership	28,848.97
Deposits transferred from other Retirement Systems in the Commonwealth	2,038.47
