INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Pension Commission City of Jersey City Jersey City, New Jersey

We have audited the accompanying financial statements of the City of Jersey City Employees' Retirement System ("the Plan"), which comprise the statements of plan net assets as of June 30, 2013 and 2012, and the related statements of changes in plan net assets for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of June 30, 2013 and 2012, and the changes in its financial status for the years ended June 30, 2013 and 2012 in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the financial statements but is supplementary information required by the Governmental Accounting Standards Board. This information is the responsibility of the Plan's management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurements and presentation of this information. However, we did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The required supplementary schedules of funding progress and schedule of employer contributions as well as the supplementary schedules of investments and participants' loans receivable, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CITY OF JERSEY CITY EMPLOYEES' RETIREMENT SYSTEM MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2013 AND 2012

This narrative and analysis of the City of Jersey City's Employees' Retirement System's ("The Plan") financial performance provides an overview of the Plan's financial activities for the fiscal years ended June 30, 2013 and 2012. This discussion and analysis is intended to be read in conjunction with the Plan's financial statements, which follow this discussion.

FINANCIAL HIGHLIGHTS

The Plan's net assets held in trust increased by \$8,741,628 or 10.6% and decreased by \$767,651 (.9%) as of June 30, 2013 and June 30, 2012, respectively. The increase was primarily due to a higher return on the Plan's investments and the slight decrease was due to increases in benefit payments and refunds of contributions.

Statement of Plan Net Assets

	2013		2012		2011
Cash and Short-term Investments	\$	8,457,080	\$	8,806,217	\$ 8,651,299
Receivables		823,393		216,758	898,839
Investments		82,616,473		74,123,664	74,309,983
Liabilities		(846,413)		(837,734)	(783,565)
Net Assets Held in Trust	\$	91,050,533	\$	82,308,905	\$ 83,076,556

Fiscal Year 2013 compared to 2012 Cash and investments have increased dramatically, from the prior year, by \$8,143,672 or 9.8%. This was due to strong investment returns of the Plan's various investment managers.

Fiscal Year 2012 compared to 2011 Cash and investments remained "flat" year over year, decreasing by \$31,401 (.04%). This is good when taken into consideration that the last two years have produced strong gains.

CITY OF JERSEY CITY EMPLOYEES' RETIREMENT SYSTEM MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2013 AND 2012

Statement of Changes in Plan Net Assets

	2013		2012		2011
Contributions	\$	10,400,398	\$ 9,879,121	\$	9,702,047
Net Investment Income (Loss)		8,733,287	 (244,496)		14,182,063
Total Additions (Reductions)		19,133,685	9,634,625		23,884,110
Benefit Payments		9,824,208	9,414,268		8,669,873
Other Deductions		567,849	988,008		460,000
Total Deductions		10,392,057	10,402,276		9,129,873
Net Increase (Decrease)	\$	8,741,628	\$ (767,651)	\$	14,754,237

Fiscal Year 2013 compared to 2012 Total additions to net assets of \$19,133,685 for the year ended June 30, 2013 increased by \$9,499,060, due to strong investment income and also continued increases in the amount the City is contributing to the plan. Additionally, benefit payment increases have moderated from recent years, increasing by a modest \$409,940 or 4.4% from the year ended June 30, 2012 due to the number of retirees slowing.

Fiscal Year 2012 compared to 2011 Total additions to net assets of \$9,634,625 for the year ended June 30, 2012 decreased by \$14,249,485, due almost entirely to the net investment loss for the prior year turning from a significant investment gain to a basically "flat" performance. Benefit payments continued to increase significantly (8.6%) from the year ended June 30, 2011 due to an increase in the number of retirees and higher individual pensions.

CITY OF JERSEY CITY EMPLOYEES' RETIREMENT SYSTEM MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2013 AND 2012

NOTE 1: PLAN DESCRIPTION

The following brief description of the City of Jersey City Employees' Retirement System ("the Plan"), is provided for the purpose of general information only. Participants should refer to the Plan agreement for more complete information.

General

The City of Jersey City Employees' Retirement System became effective February 22, 1965, under N.J.S.A. 43:13-22.50, et.seq. Legislation was approved amending the Employees' Retirement System on May 9, 1990. The Plan was also amended on August 19, 1996 to increase pension benefits.

The Plan is supported by joint contributions of the members and the City of Jersey City ("the City"). The Plan's activities are administered by a Pension Commission, which consists of the Mayor, Chief Financial Officer, two elected employee representatives, and one appointed citizen member. UBS and Trust Company of the West are designated custodians of the Plan's investments. The Plan is required by State Statute to have an actuarial evaluation of its financial condition at least once every five years. The most recent completed actuarial evaluation was as of January 1, 2012. Under Governmental Accounting Standards Board (GASB) Statement # 25, the Plan is required to have an actuarial valuation performed at least biennially.

The Plan is a defined benefit pension plan covering certain employees of the City. Employees who were members of the former pension systems prior to the effective date of the Plan automatically became members. All permanent employees (except police, fire and board of education employees) hired after February 22, 1965, and under the age of 40 at the date of employment must become members of the Plan. In addition, temporary employees hired after October 7, 1984, with one year's temporary service, under the age of 40 at the date of employment, must also become members of the Plan. Employees of the City who are not eligible to become members of the Plan are covered under the Public Employees' Retirement System which is managed by the State of New Jersey.

Under the existing statute, the Plan is intended to comply with Internal Revenue

NOTE 1: PLAN DESCRIPTION (Continued)

Code Section 414 (h) and as such is exempt from both federal and state taxes. The Plan has made amendments to the Plan and has received a favorable IRS Determination Letter ruling dating April 15, 2013. The Plan is **NOT** subject to the provisions of the Employee Retirement Income Security Act of 1974.

Pension Benefits

For the purpose of this section "final salary" for benefit purposes is to be defined as the average annual salary during the member's final 3 years of service or for any 3 fiscal years of membership providing the largest possible benefit to the member or beneficiary.

On August 19, 1996, the Plan was amended. Participants are eligible to receive normal retirement benefits upon completion of 20 years of service and attainment of age 60. Benefits under the Plan are calculated on the basis of 55% of final salary, plus 1% of the final salary for each year in excess of 20 years. The minimum annual pension is \$3,600.

Participants are eligible for retirement benefits upon attaining age 60 with less than 20 years of service. Benefits under the Plan are calculated on the basis of 2% of the retirant's final salary for each year of creditable service. The minimum annual pension is \$3,600.

For members electing early retirement, prior to age 60, with 25 years of credited service, benefits under the Plan equal 55% of final salary reduced by 1/12 of 1% for each month that the member is less than age 60. The minimum annual pension is \$3,600.

Pension benefits partially vest after 10 years of credited service. If a member has completed 10 years of credited service, and is separated from service either voluntarily or involuntarily, prior to age 60, the member may elect to receive a lump-sum distribution of their own contributions, or to receive a deferred pension commencing at age 60. The deferred pension is equal to 55% of the member's final salary multiplied by the ratio of years of credited service to years of credited service which would have been attained had the member continued to age 60. The minimum annual pension is \$3,600.

NOTE 1: PLAN DESCRIPTION (Continued)

Disability and Death Benefits

Any member who has 5 or more years of creditable service and has become permanently disabled may retire on a disability pension computed on the basis of 50% of their final salary plus 1% for each year of creditable service in excess of 20 years. The minimum annual pension is \$3,600.

Any member who becomes permanently disabled as a result of the performance of their regular duties during employment may retire on a disability pension. The pension is equal to two-thirds of final salary. The minimum annual pension is \$3,600.

In the event of the member's death, there is a survivorship benefit to the member's surviving spouse of 50% of the member's final salary provided the member was employed by the City for a period of five years. In the case of no surviving spouse, other dependents receive a benefit to a lesser extent.

Death of a retirant will result in the surviving spouse, minor children or dependent parents, receiving a survivorship benefit equal to 50% of the retirant's pension at retirement, not less than \$3,600.

Cost of Living Adjustment

Beginning in the year 1990, the Plan instituted a cost of living adjustment on all benefits equal to 60% of the U.S. Labor Department Consumer Price Index beginning on the 25th month following retirement and receipt of a pension or survivorship benefit. On June 12, 2003 the New Jersey State Senate passed a bill S357 which increased the rate of pension adjustment from "3/5 of the percentum of change in the Consumer Price Index for each year from the retirement year index." The bill changes the rate of the pension adjustment to equal the percent change of the Consumer Price Index using 1988 as the index for all retirees prior to 1989. The cost of living adjustment effective February 1, 2004 was various amounts depending on the year of retirement. It ranged from a cumulative amount of 52.735 % for pensioners retiring in 1988 and prior to 1.592% for pensioners retiring in 2002. The effective rate as of February 1, 2013 and 2012, respectively was 2.7% and 2.9%.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The plan has adopted Governmental Accounting Standards Board (GASB) Statement No. 34.

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuations and Income Recognition

The Plan's investments are accounted for at fair market value at June 30, 2013 and 2012, in accordance with generally accepted accounting principles, and the provisions of GASB No. 25. Portfolio securities' for which market quotations are not readily available, are valued at fair value. Many factors are considered in arriving at that fair market value. In general, however, corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. If a quoted price for unrestricted common stock of the issuer is not available, restricted common stocks are valued at a multiple of current earnings less an appropriate discount. The multiple chosen is consistent with multiple of similar companies based on current market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service that employees have rendered. Accumulated plan benefits are expected to be paid to (a) retired or terminated employees, or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. Benefits under the Plan are based

NOTE 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (Continued)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

on employees' compensation during their last three years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the three years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances, retirement, death, disability, and termination of employment, are included to the extent that they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of the Plan benefits is determined by Buck Consultants, and it is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits, to reflect the time value of money (through discounts for interest), and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Significant actuarial assumptions underlying the actuarial present value of accumulated plan benefits at January 1, 2012 the period covered by the latest actuarial report, are as follows:

Interest Rate

8.25% per annum, compounded annually.

Mortality Basis

According to the 2012 IRS Static Annuitant Mortality Tables.

Retirement

A retirement scale which varies by attained age, based on the experience of the Plan.

Withdrawal Age

A withdrawal scale which varies by attained age, based on plan experience.

NOTE 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (Continued)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The foregoing actuarial assumptions are based on the presumptions that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Unfunded Accrued Liability

Based on the actuary report prepared for January 1, 2012, there was an unfunded accrued liability of \$ 107,343,094. On the basis of this valuation, it was recommended that the City contribute to the Plan for the plan year commencing January 1, 2012, 26.19% of the salaries of the members or an estimated \$8,090,382. See Schedule of Funding Progress on Page 16.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

NOTE 3: FUNDING POLICY

Each member, from the period prior to the effective date of the Plan, is required to contribute 6% to 8.5% of gross payroll. The contribution percentage varies with the member's age at the time of appointment.

Each active member, who became a member after the effective date of the Plan, is required to contribute from 6.2% to 10.15% of their salary. The contribution percentage varies with the member's age on the date of entry to the Plan.

During the years ended June 30, 2013 and 2012, the City contributed \$8,206,999 and \$7,699,153, respectively to the Plan. Although it has not expressed any intention to do so, the City has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to legislation.

The City's funding practice is to fund current costs, annually. The service costs for the years ended June 30, 2013 and 2012, were provided by the City through budget appropriations.

NOTE 4: PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated to provide benefits in the following order:

- Benefits attributable to employee contributions.
- Benefits the retirees or their beneficiaries have been receiving.
- Benefits vested.
- All other non-vested benefits.

NOTE 5: PENSION BENEFITS PAYABLE

Pension benefits payable at June 30, 2013 and 2012, are due to payments which are made on the first of each month representing the benefits payment for the preceding month. Accordingly, these amounts have been accrued at June 30, 2013 and 2012.

NOTE 6: <u>INVESTMENTS</u>

The fair-value of investments at June 30, 2013 and 2012, consist of the following:

NOTE 7: PENSION LOANS

Effective September 1, 1987, a pension loan program was made available to qualified participants. The loans are secured by the participants' vested contributions. On June 12, 2003 the New Jersey State Senate passed a bill S357 which amended the rate at which pension participants paid back loans taken against their pension accounts. Prior to this legislation the rate was the greater of the current U.S. Treasury Bills or 10%. The bill would require the rate "to be fixed annually, as of January 1 of each calendar year, equal to the average of the daily rates of interest based on daily trades paid on 30-year U.S. Treasury bonds for the preceding November, or 10%, whichever is less." Additionally, an insurance fee, which is charged to each member granted a loan under the program, is recognized as income when the loan originates. If the borrower dies while there is an outstanding loan balance, the loan is forgiven and is charged against current deductions. As of June 30, 2013 the Plan has collected \$239,213 of premiums on loans issued and exonerated \$297,936 of loans. The Plan increased the insurance premium rate it charges on loans from 1% of the loan to 1.1% at the June 20, 2007 meeting effective July 1, 2007.

NOTE 8: SUBSEQUENT EVENTS/PENDING LITIGATION

The Plan Sponsor, The City of Jersey City ("City"), has voted to change the plan year end to December 31, in order to have the same as the City. Subsequent events have been evaluated through November 15, 2013, the date of this report.

NOTE: The December 31, 1998 actuarial valuation performed by Buck with different actuarial assumptions, showed the plan as being fully funded with no unfunded actuarial accrued liability. Due to investment performance under the assumed rate, increased early retirements and changes in actuarial valuation methods and assumptions the plan now shows a significant unfunded actuarial accrued liability.
