LETTER OF TRANSMITTAL

December 1, 2010

To the Honorable

Chris Christie, Governor
Andrew P. Sidamon-Eristoff, State Treasurer
Members of the Legislature
Members of the Boards of Trustees

On behalf of the Division of Pensions and Benefits, I am pleased to submit the 55th Comprehensive Annual Financial Report (CAFR) of the New Jersey State-administered retirement systems and related benefit programs for the fiscal year ended June 30, 2010. The management of the Division of Pensions and Benefits (the Division) is responsible for the accuracy of the data and the completeness and fairness of the presentation. To the best of my knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner that fairly represents the financial position and results of the Division's operations.

STRUCTURE OF THE CAFR

This comprehensive annual financial report is divided into five sections:

- The Introductory Section, which contains this letter of transmittal, the organization of the Division and Boards of Trustees, an overview of legislation enacted during the year covered by the CAFR, and general information regarding the operations of the Division.
- The Financial Section, which contains the report of the Independent Auditors and the financial statements, schedules and supplementary financial information regarding funds administered by the Division.
- The Investment Section, which contains information pertaining to the management of the investment of the Pension Trust Funds.
- The Actuarial Section, which contains the funds' Actuary Certification letters and information regarding the actuarial assumptions and methods used to determine the contribution requirements of the Pension Trust Funds.
- The Statistical Section, which contains general statistical information regarding the programs administered by the Division.

LETTER OF TRANSMITTAL

THE REPORTING ENTITY

The Division was established in 1955 as the Division of Pensions to provide all administration of the state pension funds except investments. The Division changed its name to the Division of Pensions and Benefits in 1992 to more accurately reflect its roles and responsibilities beyond the realm of pensions. Currently, the Division administers one of the largest non-federal public benefits program in the nation, consisting of ten separate retirement systems, three supplemental retirement savings programs, a health benefits program for employees, retirees, and family members, and several other employee benefits programs. Over 802,154 members enjoy the benefits of the various pension systems administered by the Division, and over 851,000 lives are covered in the State Health Benefits Program (SHBP) and the School Employees' Health Benefits Program (SEHBP). In addition to the State, 1,751 local public employers participate in the retirement systems, and 1,024 local employers participate in the SHBP and SEHBP.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) recognized the Division's CAFR of last year for Excellence in Financial Reporting. A copy of the Certificate of Achievement is included in this CAFR.

MAJOR INITIATIVES

The Division continued to focus its technology improvement efforts in the area of customer service. As identified in our information technology planning process, we continued to empower our members and the employers through internet utilization by providing them with the tools necessary to initiate and process transactions on a real time interactive basis. As a result, during the past year the Division has allocated resources to the following major initiatives:

Dependent Eligibility Verification Audit (DEVA) of the State Health Benefits Program (SHBP) and School Employees' Health Benefits Program (SEHBP) — The DEVA was completed in 3 Phases: Phase 1 for the State Group, Phase 2 for the Local Education Group, and Phase 3 for the Local Government Group. Approximately 252,000 employee/retiree households with coverage for one or more dependents (approximately 450,000 dependents) were asked to submit documentation in support of dependent eligibility. In the final analysis, an estimated 36,600 ineligible dependents — representing 8 percent of the SHBP/SEHBP dependent enrollment — were found. AON Hewitt, who conducted the audit for the State, estimates that the 5-year savings generated by the resultant termination of coverage amounts to more than \$400 million using conservative assumptions. The actual savings may be greater.

Pension and Health Benefit Reform — Chapters 1, 2, 3, and 31, P.L. 2010, which reformed pension and health benefits for public employees, were enacted and successfully implemented by the Division in 2010. These laws were enacted to make the cost of providing pension and health benefits more affordable for the State and Local public employers, preserving the ability for public employers to continue to provide these vital benefits to public employees in future years. Cumulatively, these pension and health benefits reform laws will provide the State and Local employers annual pension and health benefit cost reductions in the initial year of \$2.9 billion and \$314 million, respectively.

Pharmacy Benefit Manager (PBM) — The Division issued a Request for Proposal (RFP) which resulted in an award of the PBM contract to Medco Health Solutions effective January 1, 2010. The intent of the RFP was to contract with a single vendor to manage the prescription drug benefits of members of the SHBP and SEHBP. Three vendors were administering the benefits prior to the award of this contract. It is expected that the SHBP/SEHBP will save \$558 million over previous costs over the next 5 years.

LETTER OF TRANSMITTAL

Eliminating Paper Applications and Reports for Employers — The Division expanded its efforts to eliminate paper-based processes and reporting from all of the State's benefits programs. In the last fiscal period, the Division introduced the Health Benefits Membership and Activity Reports and an online repository for Health Benefits Invoices, eliminating the production and mailing of over 18,000 pages of paper reports monthly to employers who participate with the SHBP and SEHBP. The Health Benefits applications join twenty three other inquiry and e-form applications as part of the Employer Pension and Benefits Information Connection (EPIC). Through EPIC, employers have Internet access to member account information; receive payroll certifications; verify retirement status; submit pension fund enrollment forms for the majority of retirement system enrollees; and submit certifications for retirement, withdrawal, purchase applications, and employee deaths. Since the inception of EPIC there has been a steady increase in Web-based reporting versus paper-based reporting. Currently 99 percent of our local employers report to the Division using EPIC applications and the Internet-based Report of Contributions (I-ROC) application. In fiscal year 2011, our development will continue to create e-forms for health benefit enrollments.

Expanded Member Benefits Online System (MBOS) Access — MBOS is an Internet-based system that allows registered members access to their pension and if applicable, health benefits account information without having to contact Division staff or visit the Division's offices. Recent addition of MBOS applications for retirees allows for access to retirement account information, the secure change of address, and the status or update of direct deposit and State and federal income tax withholding information. The continued development of MBOS applications will have a direct impact on current work processing throughout the operational sections of the Division.

Simplification of MBOS Registration — The Division, in cooperation with the State's Office of Information Technology (OIT), undertook a simplification of the registration process for MBOS. The simplification project took a three-step procedure — split between MBOS and the myNewJersey Web portal — and streamlined it into a single-page registration procedure. Additionally the number of registered users for the Division's Web applications increased in 2010 by approximately 60,000 new users and there are almost 300,000 members, retirees, and employers using the Web applications today.

Introduction of Webinar Technology to Employers — In 2010 the Division began a program of webinars (online seminars) using the software product GoToMeeting. This allows the Division to keep employers apprised of changes to the benefit programs and provide continuing education programs. This significantly reduces the need to travel and allows the Division to do more training with fewer staff — and reallocate personnel to fill other needs. The webinars also allow the Division to provide online benefit seminars for remote locations. Between June 2010 and the end of the year, nearly 2,000 attendees participated in webinars. This is approximately the same number of individuals the Division could train in live sessions in an entire year. The response from attendees has been overwhelmingly positive.

Retirement Planning Sessions — Walk-in interviews at Division increased by 40 percent from the 3rd Quarter of 2009 to the 3rd Quarter of 2010. To address this increased demand for services the Division began conducting Small Group Counseling in September 2010. Members are required to pre-register and a retirement estimate is prepared prior to the session for member review. Members are able to submit Retirement Applications and other required documents at the end of the session. The Division is also providing large pre-retirement seminars at the Forensic Center in Hamilton.

FINANCIAL INFORMATION

The Financial reports of the Fiduciary Funds of the Division have been prepared in conformity with generally accepted accounting principles as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. The specific accounting policies can be found in the Notes to the Financial Statements found in the Financial Section.

LETTER OF TRANSMITTAL

- The Fiduciary Funds include eleven separate pension trust funds, three health benefit program funds, and three agency funds. A summary of the condition of the funds administered by the Division of Pensions and Benefits is located in the "Management Discussion and Analysis" that begins on page 41 of the CAFR. Management is responsible for establishing and maintaining the accounting systems complete with internal controls so that the data presented is complete and fairly presents the financial position of the Division as of June 30, 2010. KPMG LLP independently audited the funds.

INVESTMENTS

The Division of Investment has the responsibility for investing the assets of the programs administered by the Division. This is done under the jurisdiction of the State Investment Council. Investments are guided by the "prudent person rule". During FY 2010 investment returns on pension funds were +13.36 percent. When combined with the returns for previous years, the annualized returns over the past three, five and ten-year periods were -2.28 percent, +3.71 percent, and +2.41 percent, respectively.

FUNDING

Funding is the keystone of a good benefits system. A fully funded system that has assets sufficient to meet the disability and retirement benefits schedules of all its members is one that instills confidence and trust. While the State has not met its funding obligations over the past several years, due to conflicting budgetary priorities, our systems, when compared to other public systems, are in reasonably good financial condition. The liabilities of the actuarially based pension systems based on the June 30, 2009 actuarial valuations are 66.0 percent funded as compared to 72.6 percent funded based on the June 30, 2008 valuations.

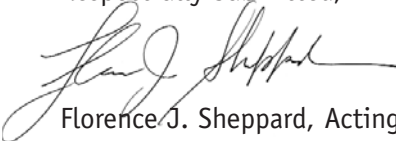

PROFESSIONAL SERVICES

The Division contracts with several professional organizations for advice and assistance in administering the programs for which it is responsible. The list of these organizations is found on page 95 of the CAFR. The Office of the Attorney General provides all legal services required by the Division of Pensions and Benefits and the retirement system Boards of Trustees.

ACKNOWLEDGEMENTS

The preparation of the CAFR required the combined efforts of many employees from different operational units within the Division. The CAFR is intended to provide extensive and reliable information to facilitate informed decisions, determine compliance with legal requirements, and determine responsible stewardship for the assets contributed by the systems' members, participating employers, and the taxpayers of the State. I would like to take this opportunity to express my gratitude to the Governor, the Legislature, the Treasurer, the Boards of Trustees, the individuals providing professional services, participating employer benefits administrators, and to the outstanding employees of the Division for all their efforts and support. Such concerted effort has resulted in making New Jersey's public benefits system one of the largest and best administered in the nation.

Respectfully Submitted,

Florence J. Sheppard, Acting Director

DIRECTOR

The Director is responsible for the coordination of the functions of the Division, the development of the Division budget, and communication with other branches of State government, local government, and the public. The Director serves as the Secretary to the Supplemental Annuity Collective Trust Council, the State Health Benefits Commission, and the State House Commission in its capacity as the Board of Trustees for the Judicial Retirement System. The Director is also responsible for legal and legislative matters and Board of Trustees administration. In addition, the Treasurer has delegated the responsibility of maintaining the Federal-State Agreement for Social Security to the Director of the Division of Pensions and Benefits.

The Division of Pensions and Benefits falls under the jurisdiction of the New Jersey Department of the Treasury. The Director of the Division of Pensions and Benefits reports directly to the State Treasurer.

OFFICE OF OPERATIONS

The work of this office, overseen by a Deputy Director, is divided among three bureaus: Enrollment and Purchase; Claims; and Retirement.

The Enrollment and Purchase Bureau processes all enrollments, transfers, and purchases of service credit for all of the State retirement systems. The Claims Bureau processes all death claims, withdrawals, and loan requests. In addition, this bureau oversees beneficiary designations filed by active and retired members and issues group life insurance policies, riders, and special endorsements. The Retirement Bureau prepares retirement estimates and processes retirement applications for all of the State retirement systems.

OFFICE OF HEALTH BENEFITS

This office, overseen by a Deputy Director, consists of two elements: the Health Benefits Bureau and the Office of Policy Planning. The Health Benefits Bureau processes all enrollments, changes, and terminations for active and retired members of the State Health Benefits Program. In addition, this bureau is responsi-

ORGANIZATION

ble for the administration of benefits under the federal COBRA law, and enrollments, changes, and terminations for members of the Prescription Drug Plan and State Employee Dental Program. The Office of Policy and Planning analyzes and makes recommendations concerning current and proposed health benefits programs to provide the highest quality programs at the least possible cost. It manages contract renewals and requests for proposals. Policy and Planning is responsible for health benefit program review and development. This office also provides administrative support to the State Health Benefits Commission.

OFFICE OF FINANCIAL SERVICES

The work of this office, overseen by a Deputy Director, is divided among three bureaus: Financial Reporting, Payment, and Collections; Budget and Compliance; and Defined Benefit and Contribution Plans Reporting.

The Office of Financial Services is charged with the custodianship of pension and health benefits assets. These assets are in excess of \$75 billion and include over 802,154 individual member accounts. The office is responsible for the accounting and budget functions necessary for the successful operations of the various pension funds, health benefits and agency funds, as well as the administration of the Pension Adjustment Program, the Supplemental Annuity Collective Trust, and Deferred Compensation Plan.

OFFICE OF CLIENT SERVICES

This office, overseen by a Deputy Director, consists of three units: Telecommunications; Counseling, Education, and Support; and Publications. Client Services disseminates pension, life insurance, and health benefits information to employees, retirees, and employers covered by the various New Jersey State-administered retirement systems and benefit programs.

The Telecommunications Unit counsels employees, retirees, and employers via the telephone by providing information about pension, life insurance, health benefits, and general procedures. The Counseling, Education, and Support Unit responds to written requests for information, conducts personal interviews with employees and retirees who visit the Division of Pensions and Benefits, and provides seminars, employer group meetings, employer instructions, and various

presentations concerning pension, life insurance, and health benefits to employees, employers, and retirees. This unit is also responsible for providing receptionist services for the entire Division. The Publications Unit exercises overall responsibility for creating, editing, updating, and printing of written materials disseminated by the Division, including manuals, reports, forms, benefits statements, and booklets. This unit also manages the Division's Internet site.

OFFICE OF MANAGEMENT INFORMATION AND SUPPORT SERVICES

The work of this office, overseen by an Assistant Director, is responsible for the development and maintenance of all processing and management information systems for the Division. This office also has the responsibility for the training, usage, and maintenance of all automated office and telephone equipment.

This office consists of five sections: Image Processing and Records Management; Data Entry; Computer Scheduling and Production Control; Systems Development; and Support Services.

The Support Services section has the responsibility for the building and equipment, mail room, warehouse operations, and forms inventory.

OFFICE OF PROFESSIONAL SERVICES

The Office of Professional Services is located within the Director's Office and operates under the direction of an Assistant Director. It is responsible for providing a structured and consistent planning function for the Division, analyzing proposed legislation for its fiscal and policy impacts, maintaining the regulatory documentation for Division programs, managing the development of contracts with external service providers, and conducting research in support of Division activities.

OFFICE OF BOARD OF TRUSTEES ADMINISTRATION

The Office of Board of Trustees Administration, under the direction of an Assistant Director, provides administrative services for the various defined benefit plans' Boards and Commissions.

The Boards and Commissions have the general responsibility for the proper operation of their respective employee benefits program. The Boards adopt rules in

ORGANIZATION

compliance with statute and advice of the Attorney General. The Boards may grant hearing in disputes concerning issues of law or fact. Hearings are held by the Office of Administrative Law.

The Boards maintain a record of all proceedings and hold regular meetings and special meetings when necessary.

ACTUARIAL ADVISORS

The actuaries establish actuarial tables for the operation of the retirement systems, determine the annual appropriation required of participating employers and conduct annual examinations of the systems' actuarial position.

Contracts for actuarial services for the retirement systems are awarded at specified intervals through the regulations governing the procurement of goods and services for the State of New Jersey and its constituent departments and agencies.

LEGAL ADVISOR

The State Attorney General is the legal advisor for all pension funds and other employee benefit programs.

MEDICAL ADVISORS

All pension funds are served by a medical board consisting of three physicians who review claims for disability as submitted by the Disability Review Section of the Retirement Bureau for the Division of Pensions and Benefits.

SIGNIFICANT LEGISLATION

CHAPTER 85, P.L. 2009

Effective Date: July 2, 2009.

Description: This law changes the definition of compensation for certain State employees enrolled in the Public Employees' Retirement System (PERS) or the Teachers' Pension and Annuity Fund (TPAF).

Current law defines compensation as the base or contractual salary for services as an employee. This law would provide that, for the period of July 1, 2009 through June 30, 2011, "contractual salary" for a State employee would include wage increases under a collective negotiations agreement notwithstanding that, by amendment to that collective negotiations agreement, the effective date of the contractual increase has been deferred.

For the purpose of this law, "State employee" means an employee in the Executive Branch of State government. The term excludes an employee of an autonomous authority, commission, entity, or instrumentality authorized to participate in the PERS.

CHAPTER 113, P.L. 2009

Effective Date: September 1, 2010 (First day of the thirteenth month next following enactment).

Description: This law provides that certain health benefits plans that include benefits for maternity services shall provide for reimbursement in installments to obstetrical providers licensed in New Jersey for maternity services rendered during the term of a covered person's pregnancy. The law defines "obstetrical provider licensed in New Jersey" to mean: (1) an obstetrician/gynecologist licensed by the State Board of Medical Examiners; or (2) a midwife licensed by the State Board of Medical Examiners as a certified midwife or a certified nurse midwife.

Health benefits plans affected by the law include: contracts, policies or plans issued by health, hospital, and medical service corporations, commercial individual and group health insurers, and health maintenance organizations; and those plans issued or provided pursuant to the New Jersey Individual Health Coverage and Small Employer Health Benefits Programs, the State Health Benefits Program, and the School Employees' Health Benefits Program.

CHAPTER 115, P.L. 2009

Effective Date: February 9, 2010 (180 days after enactment).

Description: This law requires health insurers to provide health benefits coverage for expenses incurred for medically necessary therapies for covered persons with autism and other developmental disabilities.

In addition to the State Health Benefits Program (see Section 9 of the law) and the School Employees' Health Benefits Program (see Section 10 of the law), the provisions of this law apply to health, hospital and medical service corporations; commercial individual and group health insurers; health maintenance organizations; and health benefits plans issued pursuant to the New Jersey Individual Health Coverage and Small Employer Health Benefits Programs.

The insurer is to provide coverage for expenses incurred in screening and diagnosing autism or another developmental disability. When the covered person's diagnosis is autism or another developmental disability, the covered treatments are to include medically necessary occupational therapy, physical therapy, and speech therapy, as prescribed through a treatment plan; and coverage of these therapies is not to be denied on the basis that the treatment is not restorative.

When the covered person is under 21 years of age and the covered person's diagnosis is autism, the covered treatments are to include medically necessary behavioral interventions based on the principles of applied behavioral analysis and related structured behavioral programs, as prescribed through a treatment plan, subject to the provisions of this law. The benefits provided for behavioral interventions for a covered person under 21 years of age are to be provided to the same extent as for any other medical condition under the contract or policy, except as provided in this law, and are not to be subject to limits on the number of visits that a covered person may make to a provider of behavioral interventions; and are not to be denied on the basis that the treatment is not restorative.

With respect to benefits provided for behavioral interventions, the maximum benefit for a covered person in any calendar year through 2011 is \$36,000.

SIGNIFICANT LEGISLATION

Commencing on January 1, 2012, the maximum benefit amount will be subject to an adjustment, to be promulgated by the Commissioner of Banking and Insurance and published in the New Jersey Register no later than February 1 of each calendar year, which is equal to the change in the consumer price index for all urban consumers for the nation, as prepared by the United States Department of Labor, for the calendar year preceding the calendar year in which the adjustment to the maximum benefit amount is promulgated. The adjusted maximum benefit amount will apply to a contract or policy that is delivered, issued, executed, or renewed, or approved for issuance or renewal, in the 12-month period following the date on which the adjustment is promulgated. An insurer is not precluded from providing a benefit amount for a covered person in any calendar year that exceeds the benefit amounts set forth above.

The treatment plan required pursuant to this law is to include all elements necessary for the insurer to appropriately provide benefits, including, but not limited to a diagnosis; proposed treatment by type, frequency, and duration; the anticipated outcomes stated as goals; the frequency by which the treatment plan will be updated; and the treating physician's signature. The insurer may only request an updated treatment plan once every six months from the treating physician to review medical necessity, unless the insurer and the treating physician agree that a more frequent review is necessary due to emerging clinical circumstances.

The provisions of this law are not to be construed as limiting benefits otherwise available to a covered person. The provisions of this law are also not to be construed to require that benefits be provided to reimburse the cost of services provided under an individualized family service plan or an individualized education program, or affect any requirement to provide those services; except that the required benefits do include coverage for expenses incurred by participants in an individualized family service plan through a family cost share.

The coverage required under this law may be subject to utilization review, including periodic review, by the health insurer of the continued medical necessity of the specified therapies and interventions.

CHAPTER 338, P.L. 2009

Effective Date: January 18, 2010

Description: The law extends the application of the definition of contractual salary under Chapter 85, P.L. 2009, to State employees in the Judicial Branch, employees of the State University (Rutgers), and all county or all municipal employees in this State who are members of the Public Employees' Retirement System (PERS) who have had their wages deferred through collective bargaining negotiations.

Chapter 85, P.L. 2009, provided that, under PERS for the period of July 1, 2009 through June 30, 2011, the term "contractual salary" within the definition of compensation will include deferred collectively negotiated wage increases in the calculation of retirement and other benefits for State employees in the Executive Branch.

CHAPTER 1, P.L. 2010

Effective Date: May 21, 2010

Description: This law makes a number of changes to different State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the Public Employees Retirement System (PERS), special retirement under the Police and Firemen's Retirement System (PFRS), and employer contributions to the pension systems.

CHAPTER 2, P.L. 2010

Effective Date: May 21, 2010

Description: This law makes changes to the State Health Benefits Program (SHBP) and the School Employees' Health Benefits Program (SEHBP) concerning eligibility, cost sharing, choice of a plan, the application of benefit changes, the waiver of coverage, and multiple coverage under such plans. It also requires contributions toward the cost of health care benefits coverage by public employees and certain retirees.

SIGNIFICANT LEGISLATION

CHAPTER 3, P.L. 2010

Effective Date: May 21, 2010

Description: The law makes various changes concerning payments to public employees for unused sick leave, carrying forward of vacation leave by public employees, sick leave for injury while in State service, and accidental and ordinary disability retirement for members of the Public Employees' Retirement System (PERS) and the Teachers' Pension and Annuity Fund (TPAF).

SCOPE OF OPERATIONS

PUBLIC EMPLOYEES RETIREMENT SYSTEM (PERS)

This system was established by Chapter 84, P.L. 1954, after the repeal of the law creating the former State Employees' Retirement System. The retirement benefits of this system are coordinated, but not integrated with, Social Security. This system is maintained on an actuarial reserve basis. Under the terms of Chapter 71, P.L. 1966, most public employees in New Jersey not required to become members of another contributory retirement program are required to enroll.

Statutes can be found in the New Jersey Statutes Annotated, Title 43, Chapter 15A. Rules governing the operation and administration of the fund may be found in Title 17, Chapter 2 of the New Jersey Administrative Code.

TEACHERS' PENSION AND ANNUITY FUND (TPAF)

This fund was reorganized by Chapter 37, P.L. 1955. The retirement benefits of this system and coordinated, but not integrated with, Social Security. This fund is maintained on an actuarial reserve basis. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional, and certified.

Statutes can be found in the New Jersey Statutes Annotated, Title 18A, Chapter 66. Rules governing the operation and administration of the system may be found in Title 17, Chapter 3 of the New Jersey Administrative Code.

POLICE AND FIREMEN'S RETIREMENT SYSTEM (PFRS)

This system was established by Chapter 255, P.L. 1944. All police officers and firefighters, appointed after June 1944, in municipalities where local police and fire pension funds existed or where this system was adopted by referendum or resolution are required to become members of this system. Certain State and county employees are also covered. Employer obligations are paid by the local employers and the State. This system is maintained on an actuarial reserve basis.

Statutes can be found in the New Jersey Statutes Annotated, Title 43, Chapter 16A. Rules governing the operation and administration of the system may be found in Title 17, Chapter 4 of the New Jersey Administrative Code.

STATE POLICE RETIREMENT SYSTEM (SPRS)

This system was created by Chapter 89, P.L. 1965 as a successor to the State Police Retirement and Benevolent Fund. All uniformed officers and troopers of the Division of State Police in the New Jersey Department of Law and Public Safety are required to enroll. This system is maintained on an actuarial reserve basis.

Statutes can be found in the New Jersey Statutes Annotated, Title 53, Chapter 5A. Rules governing the operation and administration of the system may be found in Title 17, Chapter 5 of the New Jersey Administrative Code.

JUDICIAL RETIREMENT SYSTEM (JRS)

This system was established by Chapter 140, P.L. 1973 after the repeal of the laws providing pension benefits to members of the State judiciary and their eligible survivors. All members of the State judiciary are required to enroll. The system is maintained on an actuarial reserve basis.

Statutes can be found in the New Jersey Statutes Annotated, Title 43, Chapter 6A. Rules governing the operation and administration of the system may be found in Title 17, Chapter 10 of the New Jersey Administrative Code.

DEFINED CONTRIBUTION RETIREMENT PROGRAM (DCRP)

This program was established July 1, 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The program is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) §401(a) et seq., and is a "governmental plan" within the meaning of IRC §414(d). Eligible members are provided with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Individuals eligible for membership

SCOPE OF OPERATIONS

include State or Local Officials who are elected or appointed on or after July 1, 2007; employees enrolled in the PERS or TPAF on or after July 1, 2007 who earn salary in excess of established “maximum compensation” limits, employees enrolled in the PFRS or SPRS after May 21, 2010 who earn salary in excess of established “maximum compensation” limits; and employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary required for PERS or TPAF Tier 3 enrollment or do not work the minimum hours per week required for PERS or TPAF Tier 4 enrollment.

Statutes can be found in the New Jersey Statutes Annotated, Title 43, Chapter 15C, Article 1 et seq.

ALTERNATIVE BENEFIT PROGRAM (ABP)

This program was established by several pieces of legislation between 1965 and 1968 for full-time faculty members of public institutions of higher education. It was later expanded to include certain administrative and professional titles.

Chapter 385, P.L. 1993 increased the number of investment carriers to six. The investment carriers underwriting annuities are as follows: VALIC; AXA Financial (Equitable); The Hartford; ING Life Insurance and Annuity Co.; MetLife (formerly Travelers/CitiStreet); and the Teachers Insurance and Annuity Association/College Retirement Equities Fund (TIAA/CREF). The ABP is a “defined contribution” plan as distinguished from “defined benefits” payable by the other State retirement systems. Immediate vesting after the first year of participation offers the mobility of pension credit among the private and public institutions of higher education in the United States and Canada. Group life insurance and long-term disability insurance are underwritten by the Prudential Insurance Company of America, Inc.

Statutes can be found in the New Jersey Statutes Annotated, Title 18A, Chapter 66. Rules governing the operation and administration of this program may be found in Title 17, Chapter 7 of the New Jersey Administrative Code.

PRISON OFFICERS’ PENSION FUND (POPF)

This fund was established under Chapter 220, P.L. 1941. It was closed to new employees as of January 1960. New employees are enrolled in the Police and Firemen’s Retirement System. This system is not maintained on an actuarial reserve basis.

Statutes can be found in the New Jersey Statutes Annotated, Title 43, Chapter 7.

CONSOLIDATED POLICE AND FIREMEN’S PENSION FUND (CPFPF)

This fund was established by Chapter 358, P.L. 1952, to place 212 local police and fire pension funds on an actuarial reserve basis. The membership consists of police and firefighters appointed prior to July 1, 1944. The liabilities of these local funds were shared: two-thirds by the participating municipalities and one-third by the State.

Statutes can be found in the New Jersey Statutes Annotated, Title 43, Chapter 16. Rules governing the operation and administration of this fund may be found in Title 17, Chapter 6 of the New Jersey Administrative Code.

NEW JERSEY STATE EMPLOYEES DEFERRED COMPENSATION PLAN (NJSEDCP)

This plan was established by Chapter 39, P.L. 1978 and is available to any State employee who is a member of a State-administered retirement system. This plan is a voluntary investment program that provides retirement income separate from and in addition to the basic pension benefit.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 18A.

Prudential Retirement was selected as the NJSEDCP’s third-party administrator on August 26, 2005. The Division of Pensions and Benefits maintains its administrative oversight functions.

SUPPLEMENTAL ANNUITY COLLECTIVE TRUST (SACT)

This trust was established by Chapter 123, P.L. 1963. This program includes active members of several State-administered retirement systems. Members make voluntary additional contributions through their pension

SCOPE OF OPERATIONS

funds to purchase variable retirement annuities in order to supplement the benefits provided by their basic system. Some employers agree to purchase tax-sheltered annuities for the same purpose for certain eligible employees.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 18A. Rules governing the operation and administration of the trust may be found in Title 17, Chapter 8 of the New Jersey Administrative Code.

ADDITIONAL CONTRIBUTIONS TAX-SHELTERED PROGRAM (ACTS)

This program was established in 1996. ACTS is a tax-sheltered, supplemental, retirement program pursuant to Section 403(b) of the federal Internal Revenue Code offered to employees of institutions of higher education, the Commission of Higher Education, the Department of Education, and the Office of Student Assistance. The eligible employees are able to obtain tax-deferred annuities with a variety of investment carriers through a salary reduction agreement. The annuities are available from the same investment carriers who service the Alternate Benefit Program.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 18A, Section 113.

CENTRAL PENSION FUND (CPF)

This fund consists of the administration of a series of noncontributory pension acts. No reserves are established for the payment of retirement benefits. These benefits are administered by the Division in accordance with the governing statute and the rules and regulations of the State House Commission.

PENSION ADJUSTMENT FUND (PAF)

This fund was established pursuant to Chapter 143, P.L. 1958 and covers all eligible pensions of State-administered retirement systems. It was altered by Chapter 169, P.L. 1969, which provided a cost-of-living adjustment and by Chapter 139, P.L. 1971 which extended its provisions to eligible survivors.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 18A. Rules governing the operation and administration of the fund may be found

in Title 17, Chapter 1 of the New Jersey Administrative Code.

UNEMPLOYMENT COMPENSATION AND TEMPORARY DISABILITY INSURANCE FOR STATE EMPLOYEES (UC/TDI)

The Division of Pensions and Benefits coordinates the work related to the payment of the charges involving unemployment compensation and temporary disability insurance benefits for State employees eligible for coverage under federal law. It is responsible for contracting with a service agency to review all questionable claims for unemployment compensation.

STATE HEALTH BENEFITS PROGRAM (SHBP)

The program provides medical coverage to employees, retirees, and their dependents. Chapter 125, P.L. 1964 extended the program to include employees of local government. The program includes a preferred provider organization (NJ DIRECT) and two HMO plans (Aetna HMO and CIGNA HealthCare). A small group of State employees are covered under legacy plans — the indemnity type plan (Traditional Plan) and a point-of-service plan (NJ PLUS).

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 14, Article 17.25 et seq. Rules governing the operation and administration of the program can be found in Title 17, Chapter 9 of the New Jersey Administrative Code.

SCHOOL EMPLOYEES' HEALTH BENEFITS PROGRAM (SEHBP)

The program provides medical coverage to local education employees, retirees, and their dependents. Chapter 103, P.L. 2007 established the program which includes a preferred provider organization (NJ DIRECT) and two HMO plans (Aetna HMO and CIGNA HealthCare).

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 14, Article 17.46 et seq. Rules governing the operation and administration of the program can be found in Title 17, Chapter 9 of the New Jersey Administrative Code.

SCOPE OF OPERATIONS

PRESCRIPTION DRUG PLAN (PDP)

This plan was initiated by the State effective December 1, 1974. The passage of Chapter 41, P.L. 1976 extended coverage to all eligible State employees. The State Health Benefits Commission offered the plan to local employers on July 1, 1993. Employees and their eligible dependents are covered by the plan in the same manner as the State Health Benefits Program. The Division of Pensions and Benefits became responsible for plan administration in November 1976.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 14, Section 17.29(F). Rules governing the operation and administration of the program can be found in Title 17, Chapter 9, of the New Jersey Administrative Code.

EMPLOYEE DENTAL PLANS (EDP)

This program was initially established February 1, 1978 and further expanded in June 1984. Eligible State and certain local employees may enroll for themselves and their eligible dependents by paying the premium calculated to meet half the cost of the plan. Plans offered include the Dental Expense Plan, a traditional indemnity plan, and a selection of Dental Plan Organizations.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 14, Section 17.29(F). Rules governing the operation and administration of the program may be found in Title 17, Chapter 9, of the New Jersey Administrative Code.

TAX\$AVE

The State Employees Tax Savings Program (Tax\$ave) was initially established for State Employees in July 1996 and authorized under Section 125 of the Internal Revenue Code. The benefit consists of three components: the Premium Option Plan that allows employees to use pre-tax dollars deducted from their pay for health or dental benefit premiums they may be required to pay for coverage; the Flexible Spending Account for Unreimbursed Medical Expenses that allows employees to use up to \$2,500 pre-tax dollars

annually deducted from their pay for medical expenses not reimbursed by their medical or dental insurance; and the Dependent Care Spending Account that allows employees to use up to \$5,000 pre-tax dollars annually deducted from their pay for dependent care expenses required to permit the employee and spouse to work.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 14, Article 15.1a. Rules governing the Tax\$ave can be found in Title 17, Chapter 1, Subchapter 13 of the New Jersey Administrative Code.

COMMUTER TAX\$AVE

This program, authorized by Chapter 162, P.L. 2001 and available under Section 132(f) of the federal Internal Revenue Code, allows eligible State employees to use before-tax dollars to pay for qualified commuter expenses. Under the program, eligible employees may execute salary reduction agreements to have up to \$230 per month (\$2,760 per year) deducted from salary to pay for mass transit commutation costs and \$230 per month (\$2,760 per year) to pay for parking at work or at park and ride sites. The program was implemented in February 2004.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 14, Article 17.33. Rules governing Commuter Tax\$ave can be found in Title 17, Chapter 1, Subchapter 14 of the New Jersey Administrative Code.

STATE EMPLOYEES

LONG TERM CARE INSURANCE PLAN

This plan is a participant-pay-all benefit available to State employees, retirees, and family members. The Prudential Insurance Company administers the insurance plan under contract with the State. The initial offering of the benefit was effective July 1, 2003.

Statutes can be found in the New Jersey Statutes Annotated, Title 52, Chapter 14, Article 15.9a and Title 34, Chapter 11, Article 4.4b(10).

Independent Auditors' Report

Office of Legislative Services
Office of the State Auditor
State of New Jersey:

We have audited the accompanying financial statements of the State of New Jersey Division of Pensions and Benefits (the Division) as of and for the year ended June 30, 2010, which collectively comprise the Division's basic financial statements as listed in the accompanying table of contents. These financial statements are the responsibility of the Division's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Division's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in note 1, the financial statements of the Division are intended to present the financial position and the changes in financial position of the State that is attributable to the transactions of the Division. They do not purport to, and do not, present fairly the financial position of the State of New Jersey as of June 30, 2010 and the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net assets of the State of New Jersey Division of Pensions and Benefits as of June 30, 2010, and the changes in plan net assets for the year then ended in conformity with U.S. generally accepted accounting principles.

Management's Discussion and Analysis and the supplementary information included in the schedule of funding progress and schedule of employer contributions (schedules 1 and 2) are not a required part of the basic financial statements but are supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. Schedules 3 through 22 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis
June 30, 2010

Our discussion and analysis of the financial performance of the fiduciary funds (the Funds) administered by the Division of Pensions and Benefits (the Division) provides an overview of the Funds' financial activities for the fiscal year ended June 30, 2010. Please read it in conjunction with the basic financial statements and financial statement footnotes, which follow this discussion.

FINANCIAL HIGHLIGHTS

Fiduciary Funds-Pension Trust and Health Benefit Program Funds

- Fiduciary net assets increased by \$4.7 billion as a result of this year's operations from \$69.9 billion to \$74.6 billion.
- Additions for the year are \$16.6 billion, which are comprised of member and employer pension contributions of \$8.2 billion and investment income of \$8.4 billion.
- Deductions for the year are \$11.9 billion, which are comprised of benefit and refund payments of \$11.8 billion and administrative expenses of \$50.5 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements are comprised of two components: 1) fiduciary fund financial statements and 2) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Division uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Fiduciary Funds

Fiduciary funds are used to account for the assets that the Division holds on behalf of others as their agent. Fiduciary funds are custodial in nature and do not involve measurement of results of operations.

The Division administers seventeen fiduciary funds: eleven pension trust funds, three health benefit program funds, and three agency funds. The basic fiduciary fund financial statements consist of the statement of fiduciary net assets and the statement of changes in fiduciary net assets.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements and includes a description of the fiduciary funds.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, which includes information regarding the funding status of the pension trust and health benefit program funds.

FINANCIAL ANALYSIS

SUMMARY OF FIDUCIARY NET ASSETS

	2010	2009	(Decrease)
Pension trust and health benefit program funds:			
Assets	\$ 75,851,911,970	75,861,085,975	(9,174,005)
Liabilities	1,203,743,539	5,957,172,578	(4,753,429,039)
Net assets	\$ 74,648,168,431	69,903,913,397	(4,744,255,034)

Assets of the pension trust and state health benefit program funds consist primarily of investments, securities lending collateral, contributions due from members and participating employers, accrued interest and dividends on investments, members' loans and other receivables. Between fiscal years 2009 and 2010, total assets decreased by \$9.2 million or 0.01%. This is due to a decrease in the securities lending collateral of \$4.8 billion, an increase in investments of \$4.5 billion, and an increase in cash and receivables of \$267.8 million.

Liabilities of the pension trust and state health benefit program funds consist primarily of retirement benefits payable to retirees and beneficiaries, contributory and non-contributory group insurance (NCGI) premiums payable to the Funds' insurance provider, securities lending collateral and rebates payable and, classified under accounts payable and accrued expenses, outstanding medical claims payable to the medical providers under the State Health Benefits Program (SHBP). Also included with accounts payable and accrued expense are liabilities of the pension trust funds for unclaimed member accounts and checks issued to members that have not been negotiated by the members but remain due and payable. Total liabilities decreased by \$4.8 billion or 79.8%. This is primarily due to a decrease in the securities lending collateral and rebates payable of \$4.8 billion.

Net assets of the pension trust and state health benefit program funds increased by \$4.7 billion or 6.8%.

SUMMARY OF FIDUCIARY NET ASSETS

	2010	2009	(Decrease)
Agency funds:			
Assets	\$ 59,097,971	68,053,528	(8,955,557)
Liabilities	59,097,971	68,053,528	(8,955,557)
Net assets	\$ —	—	—

Assets of the agency funds consist of cash and cash equivalents, investments and contributions due from the State and local employers. Between fiscal years 2009 and 2010, total assets decreased by \$9.0 million or 13.2%. This is attributable to the decreased amount invested in the Cash Management Fund (CMF) of \$1.9 million and decreases in cash and cash equivalents and total receivables of \$7.0 million.

Liabilities in the agency funds vary according to plan. In the Alternate Benefit Program (ABP), they include reimbursements to state and county colleges, reimbursement to the State of New Jersey general fund of any unused appropriations and non contributory group insurance benefits payable. In the Dental Expense Program (DEP), they include claims payable and cash overdraft, and in the Pension Adjustment Fund (PAF), they include liabilities for payroll and amounts due to the State of New Jersey general fund and other pension funds. Between fiscal years 2009 and 2010, total liabilities decreased by \$9.0 million or 13.2%. This is comprised of a \$0.3 million decrease in liabilities in the DEP, a \$0.5 million decrease in liabilities in PAF, and an \$8.2 million decrease overall in ABP liabilities which is made up of an \$8.7 million decrease in reimbursements to state and county colleges and a \$0.6 million increase in the reimbursement to the State of New Jersey general fund.

Changes in net assets	\$ 4,744,255,034	(15,932,856,474)	20,677,111,508

Additions of the pension trust and state health benefit program funds consist of member and employer contributions and earnings from investment activities. There is an increase by \$21.6 billion or 437.6% in total additions.

Member contributions increased by \$22.6 million of which \$19.0 million is attributable to the state health benefit program funds and \$3.6 million is attributable to the pension trust funds. For the state health benefit program funds, this is primarily a result of the increased membership in the SHBP – Local and SHBP – Education. There was also a significant increase in the medical rates for active members in the SHBP – Local and SHBP – Education between plan years 2009 and 2010. For the SHBP – Education, premiums for active members increased by 23% while premiums for active members in the SHBP – Local increased by 18%. For the pension trust funds, the increase is due to normal salary increases.

The State did not make a pension contribution for fiscal year 2010 but did make a contribution of \$69.9 million for NCGI death benefits.

STATE OF NEW JERSEY
DIVISION OF PENSIONS AND BENEFITS
Management's Discussion and Analysis, Continued
June 30, 2010

The annual local employer appropriation billings increased due to the salaries of employees and the rate of contribution as determined by the actuary. For PERS the amount accrued in fiscal year 2009 and due April 1, 2010 was \$566.5 million and in fiscal year 2010 \$756.7 million was accrued and is due April 1, 2011 for an increase of \$190.2 million. For PFRS the amount accrued in fiscal year 2009 and due April 1, 2011 was \$854.6 million and in fiscal year 2010 \$950.7 million was accrued and is due April 1, 2012 for an increase of \$96.1 million.

The SHBP – State employer contributions increased by \$182.6 million. This is due to higher premium rates between calendar year 2009 and 2010, increased membership in the various plans, and less fund balance utilization in year 2010 as compared to year 2009 to cover incurred claim charges. For the SHBP – Local, employer contributions increased by \$139.3 million. For the SHBP – Education, employer contributions increased by \$348.5 million. The increases in the SHBP – Local and the SHBP – Education are attributable to rate increases effective January 1, 2010 and higher enrollment.

Non-contributory group life insurance-state contributions for 2010 were as follows: \$33.2 million for TPAF, \$27.3 million for PERS, \$7.3 million for PFRS, \$1.0 million for JRS, and \$1.0 million for SPRS. Between fiscal year 2009 and fiscal year 2010, the State's contribution toward non-contributory group life insurance coverage increased by \$2.8 million due to higher claims activity. Non-contributory insurance benefits are funded on a pay-as-you-go basis. The local contribution for non-contributory group life insurance is included in the annual billings to local employers.

Net investment income increased by \$20.7 billion or 168.5% due to appreciation of investments.

The total investment return for all pension funds was estimated to be 13.4% gain compared to 15.5% loss in the prior year.

Deductions of the pension trust and state health benefit program funds are mainly comprised of pension benefit payments to retirees and beneficiaries, refunds of contributions to former members, and administrative costs incurred by the Funds. Also included are claim charges for the self-insured health and prescription drug. Between fiscal years 2009 and 2010, benefit payments increased by \$906.1 million or 8.4% due to an increase in the number of retirees receiving retirement and other benefits. The number of refunds processed increased by \$2.1 million or 1.5% compared to last year. Administrative expenses slightly decreased by \$0.3 million or 0.6%.

The change in net assets of \$20.7 billion was primarily a result of the appreciation in investments from 2009 to 2010.

OVERALL FINANCIAL CONDITION OF THE FUNDS

For the defined benefit pension trust funds, the combined funded ratio is 66.0% based on the current actuarial valuation dated June 30, 2009 with an unfunded actuarial accrued liability of \$45.8 billion on an actuarial basis per GASB Statement No. 25 as compared to 72.6% based on the prior year valuation with an unfunded actuarial accrued liability of \$34.4 billion.

For the health benefit program funds, incurred claim charges and administrative expenses exceeded contributions received and other revenues in SHBP – Local and SHBP – Education. For the SHBP – Local, total expenses incurred exceeded total revenues recognized by \$21.4 million, reducing the year-end surplus from \$172.1 million to \$150.7 million. For the SHBP – Education, total expenses incurred exceeded total revenues recognized by \$9.6 million, reducing the year-end surplus from \$403.1 million to \$393.6 million. The reduction in the year-end surplus for the SHBP – Local and the SHBP – Education is due in part to enrollment higher than expected between years 2009 and 2010. The higher enrollment resulted in unfavorable claims experience. However, both funds have a sufficient reserve balance as of June 30, 2010. For the SHBP – State, revenues exceeded incurred expenses by \$1.4 million, reducing the year-end deficit from \$90.7 million to \$89.3 million.

For the state health benefit program funds for fiscal year 2010, based on the current actuarial valuation dated June 30, 2009, the State had a \$20.5 billion unfunded actuarial accrued liability for other post-employment benefits (OPEB) under GASB Statement No. 43 for the SHBP – State active and retired members and \$36.3 billion for the SHBP – Education employees and retirees that become the obligation of the State of New Jersey upon retirement. In comparison, based on the prior year actuarial valuation, the State had a \$19.8 billion unfunded actuarial accrued liability for the SHBP – State active and retired members and \$36.1 billion for the SHBP – Education employees and retirees. The SHBP – Local fiscal year 2010 unfunded actuarial accrued liability for OPEB based on the same actuarial valuation was \$10.0 billion, and for the prior year actuarial valuation the liability was \$8.8 billion.

During the year, the ABP and the PAF received sufficient funding to meet their benefit obligations.

For the State Employees Deferred Compensation Plan and the Supplemental Annuity Collective Trust, members are 100% vested in the present value of their contributions, and the funds have sufficient assets to meet future benefit obligations.

Notes to Financial Statements
June 30, 2010

(1) DESCRIPTION OF THE FUNDS

The State of New Jersey sponsors and administers the following benefit funds which have been included in the basic financial statements of the State of New Jersey Division of Pensions and Benefits (the Division), collectively referred to as the Funds, Systems, and Trust:

Fiduciary Funds

PENSION TRUST AND HEALTH BENEFIT PROGRAM FUNDS

Judicial Retirement System (JRS)
Consolidated Police and Firemen's Pension Fund (CPFPPF)
Police and Firemen's Retirement System (PFRS)
Prison Officers' Pension Fund (POPF)
Public Employees' Retirement System (PERS)
State Police Retirement System (SPRS)
Teachers' Pension and Annuity Fund (TPAF)
Supplemental Annuity Collective Trust (SACT)
Central Pension Fund (CPF)
New Jersey State Employees Deferred Compensation Plan (NJSEDCP)
Alternate Benefit Long-Term Disability Fund (ABPLTD)
State Health Benefit Program Fund (SHBP) - State
State Health Benefit Program Fund (SHBP) - Local
State Health Benefit Program Fund (SHBP) - Education

AGENCY FUNDS

Pension Adjustment Fund (PAF)
Alternate Benefit Program Fund (ABP)
Dental Expense Program Fund (DEP)

Stand alone financial reports, which include the above funds except for ABPLTD and CPF, have been prepared. These financial reports, which can be obtained from the Division of Pensions and Benefits, provide a description of the nature and purpose of each individual fund. A description of the contribution requirements and benefit provisions for each fund is provided in notes 5 and 6.

The pension trust funds are single-employer defined benefit pension plans, except for PERS and PFRS, which are cost-sharing multiple-employer defined benefit plans, TPAF and CPFPPF, which are cost-sharing defined benefit plans with a special funding situation, and SACT, NJSEDCP, and ABPLTD which are single-employer defined contribution plans.

The Prescription Drug Program (PDP) of each respective SHBP are combined and reported as a trust fund with the respective SHBP – State, SHBP – Local and SHBP – Education plans. The SHBP – State is classified as a single-employer plan. The SHBP – Local and SHBP – Education are classified as cost-sharing multiple-employer plans.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Division have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Reporting Entity

The financial statements include all funds which are administered by the Division over which operating controls are with the individual funds, systems, or trust governing Boards and/or the State of New Jersey. The financial statements of the Funds, Systems, and Trust are included in the financial statements of the State of New Jersey; however, the accompanying financial statements are intended to present solely the funds listed above which are administered by the Division and not the State of New Jersey as a whole.

Fund Accounting

The accounts of the Division are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that the resources be classified for accounting and reporting purposes into funds in accordance with activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts.

Fiduciary Funds

Pension trust and health benefit program funds – Account for monies received for, expenses incurred by and the net assets available for plan benefits of the various public employee retirement systems.

Agency funds – Agency funds are used to account for the assets that the Division holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All funds are accounted for using an economic resources measurement focus.

The accrual basis of accounting is used for measuring financial position and changes in net assets of the pension trust and health benefit program funds. Under this method, revenues are recorded in the accounting period in which they are earned, and deductions are recorded at the time the liabilities are incurred. The financial statements of the pension trust funds conform to the provisions of GASB Statement No. 25, *Financial Reporting for Defined Benefit Plans and Note Disclosures for Defined Contributions Plans*. The financial statements of the health benefit program funds conform to the provisions of the GASB Statement No. 43, *Other Post-Employment Benefits (OPEB)*. Employer contributions are recognized when payable to the Funds. Benefits and refunds are recognized when due and payable in accordance with the terms of the Funds.

Capital Assets

Capital assets utilized by the Division include equipment which is owned by the State of New Jersey.

Significant Legislation

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, special retirement under the PFRS, and employer contributions to the retirement systems.

This new legislation changed the membership eligibility criteria for new members of TPAF and PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of TPAF and PERS to 1/60 from 1/55, and it provided that new members of TPAF and PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of TPAF and PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. For new members of the SPRS and PFRS, the law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for social security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Chapter 2, P.L. 2010, effective May 21, 2010, made changes to the SHBP and SHBP – Education concerning eligibility, cost sharing, choice of a plan, the application of benefit changes, the waiver of coverage, and multiple coverage under such plans. It also requires contributions toward the cost of health care benefits coverage by public employees and certain retirees.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the TPAF and PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Investments

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of seven of the defined benefit plans (PERS, TPAF, JRS, PFRS, CPFPF, SPRS and POPF) and two defined contribution plans (SACT and NJSEDCP). The Division of Investment separately reports the assets, liabilities and net assets of the underlying investment portfolio of the seven defined benefit plans in its Pension Fund report and a SACT report. The Division of Investment accounts included in the Pension Fund report are: Common Fund A, Common Fund B, Common Fund D, Common Fund E, Police and Firemen's Mortgage Program accounts, and other investments owned directly by the seven defined benefit pension plans. Common Fund A invests primarily in domestic equity securities. Common Fund B invests primarily in domestic fixed income securities. Common Fund D invests primarily in foreign equity and fixed income securities. Common Fund E invests primarily in alternative investments which includes private equity, real assets and absolute return strategy investments. The Police and Firemen's Retirement System includes a mortgage loan program administered by the New Jersey Housing and Mortgage Finance Agency that provides participants with mortgages from the program at rates which are fixed by formula. The law establishing the program provides that the Fund may not sell the mortgages, and no independent market exists for them.

Prudential Retirement is the third-party administrator for the NJSEDCP. Prudential Retirement provides recordkeeping, administration services, and access to 23 investments through a combination of their separate account product offerings and retail branded mutual funds. The four state-managed investment options (DCP Bond Fund, DCP Equity Fund, DCP Small Cap Equity Fund, and DCP Money Market Fund) are closed to new investments. The Division of Investment is the fiduciary for the investments of the Plan. The Division of Pensions and Benefits maintains its administrative oversight functions for the Plan.

Investments are reported at fair value as follows:

- U.S. Government and Agency, Foreign and Corporate obligations – prices quoted by a major dealer in such securities.
- Common Stock and Equity Funds, Foreign Equity Securities, Forward Foreign Exchange Contracts – closing prices as reported on the primary market or exchange on which they trade.
- Money Market Instruments – amortized cost which approximates fair value.
- Cash Management Fund – closing bid price on the last day of trading during the period as determined by the Transfer Agent.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *Continued*

- Mortgages – all mortgages except for the Police and Firemen’s mortgages are priced by a major dealer in such securities and reviewed by management for reasonableness. Police and Firemen’s mortgages are priced using another third-party administrator.
- Alternative investments (private equity, real estate, real asset, and absolute return strategy funds) – Fair values for the individual funds are based upon the net asset values for the funds at the closest available reporting date, adjusted for subsequent contributions, distributions, management fees and reserves. The valuation techniques vary based upon investment type and involve a certain degree of expert judgment. The most significant input into the net asset value of an entity is the value of its investment holdings. The net asset value is provided by the general partner and/or investment manager and reviewed by management. The net asset values are audited annually. The strategy of private equity and real estate funds are long term and illiquid in nature which can prevent the investment from being readily marketable. Hedge funds may be subject to redemption restrictions which can limit distributions and restrict the ability of a limited partner to exit a partnership. For alternative investments, the realized value received upon the sale of these investments in the open market might be different than the fair value reported in the accompanying financial statements.

Investment transactions are accounted for on a trade or investment date basis. Gains and losses from investment transactions are determined by the average cost method. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date.

The net asset value of Common Funds A, B, D and E (Common Funds) is determined as of the close of the last day of business of each month. Purchases and redemptions of participants’ units are transacted each month within fifteen days subsequent to that time and are recorded at such net asset value.

Dividends and interest earned per unit are calculated monthly and distributed quarterly for Common Funds A and B. Dividends and interest earned per unit are calculated monthly for Common Fund D, and the income earned on Common Fund D units is reinvested. Income earned per unit is calculated monthly for Common Fund E, and the income earned on Common Fund E units is reinvested.

Securities Lending

The State Investment Council policies permit Common Funds A, B and D and several of the direct pension plan portfolios to participate in securities lending programs, whereby securities are loaned to brokers or other borrowers and, in return, the pension funds have rights to the collateral received. All of the securities held in Common Funds A, B and D, and certain securities held directly by the pension plans, are eligible for the securities lending program. Collateral received may consist of cash, letters of credit, or government securities having a market value equal to or exceeding 102% (U.S. dollar denominated) or 105% (non-U.S. dollar denominated) of the value of the loaned securities at the time the loan is made. For Common Funds A and B, in the event that the market value of the collateral falls below 101% of the market value of all the outstanding loaned securities to an individual borrower, additional collateral shall be transferred by the borrower to the respective funds no later than the close of the next business day so that the market value of such additional collateral, when added to the market value of the other collateral, shall equal 102% of the market value of the loaned securities. For Common Fund D, in the event that the market value of the collateral falls below the collateral requirement of either 102% or 105% (depending on whether the securities are denominated in U.S. dollars or a foreign currency, respectively) of the market value of the outstanding loaned securities to an individual borrower, additional collateral shall be transferred in an amount that will increase the aggregate of the borrower’s collateral to meet the

collateral requirements. The securities lending contracts do not allow the Common Funds to pledge or sell any collateral securities unless the borrower defaults. As of June 30, 2010, the Common Funds have no aggregate credit risk exposure to borrowers because the collateral amount held by the Common Funds exceeded the market value of the securities on loan.

The contracts with the Common Funds' securities lending agent require them to indemnify the Common Funds if the brokers or other borrowers fail to return the securities or fail to pay the Common Funds for income distributions on the securities while they are on loan. The Common Fund D securities lending agent also indemnifies the Common Funds for any loss of principal or interest on the invested collateral. For any losses on the investment collateral in Common Funds A or B or other pension plan portfolios, the lending fee paid to the lending agent shall be reduced by 25% of the amount of such loss, up to an amount not to exceed 75% of the previous six months' securities lending fees. The securities loans can be terminated by notification by either the borrower or the Common Funds. The term to maturity of the securities loans is generally matched with the term to maturity of the investment (or, in the case of floating rate notes, to the next interest rate reset date) of the cash collateral. The current lending programs were terminated effective June 30, 2010.

Derivatives

Effective July 1, 2009, the Division of Investment adopted GASB Statement No. 53 ("GASB 53"), *Accounting and Financial Reporting for Derivative Instruments*, which was issued in June 2008. GASB No. 53, establishes accounting and reporting requirements for derivative instruments.

The implementation of GASB 53 had no impact on the Common Funds' financial statements for the year ended June 30, 2010, as the change in the fair value of derivative instruments was recorded in the accompanying financial statements. The derivative instruments were recorded at fair value in the accompanying financial statements as of June 30, 2010. Derivative instruments consisted of foreign forward currency contracts as of June 30, 2010. Derivative instruments within alternative investment funds and partnerships are discussed further in the notes.

This Statement addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are often complex financial arrangements used by governments to manage specific risks or to make investments. A derivative security is an investment whose payoff depends upon the value of other assets such as bond and stock prices, a market index, or commodity prices. By entering into these arrangements, governments receive and make payments based on market prices without actually entering into the related financial or commodity transactions. Derivative instruments associated with changing financial and commodity prices result in changing cash flows and fair values that can often be used as effective risk management or investment tools. Derivative instruments, however, can also expose governments to significant risks and liabilities. Derivative transactions involve, to varying degrees, credit risk and market risk. Credit risk is the possibility that a loss may occur because a party to a transaction fails to perform according to terms.

Market risk is the possibility that a change in market prices or currency rates will cause the value of a financial instrument to decrease or become more costly to settle. Common types of derivative instruments used by governments include interest rate and commodity swaps, interest rate locks, options (caps, floors, and collars), swaptions, forward foreign currency contracts, and futures contracts.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *Continued*

The Division of Investment, from time to time, utilizes forward foreign currency contracts, a derivative security, as a means to hedge against currency risks in the Common Funds' foreign equity and fixed income portfolios. Forward foreign currency contracts are agreements to buy or sell a specific amount of a foreign currency at a specified delivery or maturity date for an agreed upon price.

The fair value of foreign forward currency contracts held directly by the Common Funds as of June 30, 2010 was as follows:

Forward currency receivable	\$1,950,687,029
Forward currency payable	1,964,107,355
Net unrealized loss	(13,420,326)

The Common Funds utilize covered call and put options in an effort to add value to or reduce the risk level in the portfolio. Options are agreements that give the owner of the option the right, but not obligation, to buy (in the case of a call option) or to sell (in the case of a put option) a specific amount of an asset for a specific price (called the strike price) on or before a specified expiration date. The Common Funds enter into covered calls when they write (or sell) call options on underlying stocks held by the Common Funds or stock indices. The Common Funds enter into covered put options when they purchase put options on underlying stocks held by the Common Funds or stock indices. The purchaser of put options pays a premium at the outset of the agreement and stands to gain from an unfavorable change (i.e., a decrease) in the price of the instrument underlying the option. The writer of call options receives a premium at the outset of the agreement and bears the risk of an unfavorable change (i.e., an increase) in the price of the instrument underlying the option. The Common Funds did not have any written call or put option contracts as of June 30, 2010.

Certain alternative investment funds and partnerships may use derivative instruments to hedge against market risk and to enhance investment returns. At any point during the year, the Common Funds may have additional exposure to derivatives primarily through limited liability vehicles such as limited partnerships and commingled investment funds. The Common Funds recognize the fair value of all derivative instruments as either an asset or liability in the accompanying financial statements with the offsetting gains or losses recognized in earnings.

Members' Loans

Members of JRS, PFRS, SPRS, PERS and TPAF who have at least three years of service in these Funds may borrow up to 50% of their accumulated member contributions. Repayment of loan balances is deducted from payroll checks and bears a commercially reasonable interest rate. Members who retire with an outstanding loan have the option of paying the loan in full prior to receiving any benefits or continuing their monthly loan payment schedule into retirement.

Under the Internal Revenue Service regulations effective January 1, 2004, the Division changed its pension loan repayment policy: Members who take multiple loans must repay the outstanding balance of the original loan, and all subsequent loans taken before the original loan is completely paid off, within a period not to exceed 5 years from the issuance of the first loan taken after January 1, 2004. Failure to repay the loan within the five-year period will result in the unpaid balance being declared a taxable distribution.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Chapter 92, P.L. 2007 eliminated the 4% fixed rate of interest for loans from the defined benefit plans and provided that the rate of interest will be set by the State Treasurer at a commercially reasonable rate as required by the Internal Revenue Code and permitted that an administrative processing fee may be charged for such loans. As such, effective January 1, 2008, an \$8.00 processing fee per loan was charged, and the new pension loan interest rate became 3.33% per year for year 2009 and 3.25% for year 2010.

Administrative Expenses

Administrative expenses are paid by the Funds and the Systems to the State of New Jersey, Department of the Treasury and are included in the accompanying financial statements.

In certain funds (PFRS, PERS, SPRS, and TPAF) miscellaneous expenses and reimbursements from the fund that comprise various adjustments to member and employer accounts are incorporated into the administrative expense amounts included in the accompanying financial statements. These miscellaneous items are not part of the supplementary information included in the Schedule of Administrative Expenses (Schedule 3). Additionally, State Health Benefits Program — State, Local and Education administrative expenses are included in administrative expenses in the accompanying financial statements but are not included in the supplementary information in Schedule 3.

Income Tax Status

Based on a May 2007 declaration of an outside tax council retained by the Attorney General of the State of New Jersey, the five pension funds/systems (TPAF, PERS, PFRS, JRS, and SPRS) comply with the qualification requirements of Section 401(a) of the Internal Revenue Code.

The ABP is a qualified plan as described in Section 403(b), and the NJSEDCP is an eligible plan as described in Section 457 of the Internal Revenue Code.

Commitments

The Common Funds are obligated, under certain private equity, real estate and absolute return strategy alternative investment agreements to make additional capital contributions up to contractual levels over the investment period specified for each investment. As of June 30, 2010, the Common Funds had unfunded commitments totaling approximately \$5.6 billion.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Funded Status and Funding Progress

The required supplementary information regarding the funded status and funding progress is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

The required schedule of funding progress presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *Continued*

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under State statutes in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the June 30, 2009 actuarial valuation, the projected unit credit was used as actuarial cost method, and the five year average of market value was used as asset valuation method for pension trust funds. The actuarial assumptions included (a) 8.25% for investment rate of return for all the retirement systems except POPF (5.00%) and CPFPF (2.00%) and (b) 5.45% for projected salary increases for all the retirement systems that have active members except TPAF (5.74%), PFRS (7.20%), and JRS (4.50%).

OPEB used the projected unit credit as actuarial cost method and the market value as asset valuation method. The actuarial assumptions for OPEB included 4.50% for investment rate of return.

A summary of the significant actuarial methods and assumptions used by the Funds and Systems as of the most recent actuarial date of June 30, 2009 are as follows:

New Jersey state statute provides for a State Investment Council (Council) and a Director. Investment authority is vested in the Director of the Division of Investment and the role of the Council is to formulate investment policies. The Council issues regulations which establish guidelines for permissible investments which include domestic and international equities and exchange traded funds, covered call and put options, equity futures contracts, obligations of the U.S. Treasury, government agencies, corporations, international governments and agencies, bank loans, interest rate swap transactions, credit default swaps, fixed income exchange traded funds, U.S. Treasury futures contracts, state and municipal general obligations, public authority revenue obligations, collateralized notes and mortgages, commercial paper, certificates of deposit, repurchase agreements, bankers acceptances, guaranteed income contracts, funding agreements, money market funds, private equity funds, real estate funds, other real assets, absolute return strategy funds, and the State of New Jersey Cash Management Fund (CMF). The CMF is a short term cash fund and is open to state and certain non-state participants.

(3) INVESTMENTS, Continued

The pension funds' investment in the Cash Management Fund is not evidenced by securities that exist in physical or book entry form held by the pension funds.

The Division's investments are subject to various risks. Among these risks are custodial credit risk, credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. Each one of these risks is discussed in more detail below.

Custodial credit risk, as it relates to investments, is the risk that in the event of the failure of the custodian, the pension funds will not be able to recover the value of investments or collateral securities that are in the possession of the third-party. The pension funds' investment securities are not exposed to custodial credit risk as they are held in segregated trust accounts in the name of the pension funds with the custodians.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of issuers and debt instruments is evaluated by nationally recognized statistical rating agencies such as Moody's Investors Service, Inc. (Moody's), Standard & Poor's Corporation (S&P), and Fitch Ratings (Fitch). Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. There are no restrictions in the amount that can be invested in United States treasury and government agency obligations. Council regulations require minimum credit ratings for certain categories of fixed income obligations held directly by the pension funds and limit the amount that can be invested in any one issuer or issue.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The pension funds invest in global markets. The market value of international preferred and common stocks and issues convertible into common stocks, when combined with the market value of international government and agency obligations, cannot exceed 30% of the market value of the pensions funds. The market value of emerging market securities cannot exceed more than 1.5 times the percentage derived by dividing the total market capitalization of companies included in the Morgan Stanley Capital International (MSCI) Emerging Market Index by the total market capitalization of the companies included in the MSCI All-Country World Ex-United States Index of the total market value of the assets held by Common Fund D. Not more than 10% of the market value of the emerging market securities can be invested in the common and preferred stock of any one corporation; the total amount of stock purchased of any one corporation cannot exceed 5% of its stock classes eligible to vote. Council regulations permit the pension funds to enter into foreign exchange contracts for the purpose of hedging the international portfolio. The pension funds held forward contract receivables totaling approximately \$1.95 billion and payables totaling approximately \$1.96 billion (with a \$13.0 million net exposure) as of June 30, 2010.

The pension funds' interests in alternative investments may contain elements of credit, currency and market risk. Such risks include, but are not limited to, limited liquidity, absence of regulatory oversight, dependence upon key individuals, speculative investments (both derivatives and non-marketable investments), and nondisclosure of portfolio composition. Effective August 18, 2008, Council regulations provide that not more than 28% of the market value of the pension funds can be invested in alternative investments, with the individual categories of real estate, real assets, private equity and absolute return strategy investments limited to 7%. Prior to that, the overall limitation was 18%. Not more than

(4) SECURITIES LENDING COLLATERAL

The securities lending collateral is subject to various risks. Among these risks are credit risk, concentration of credit risk, and interest rate risk. Agreements with the lending agents require minimum credit ratings for certain categories of fixed income obligations and limit the amount that can be invested in any one issuer or issue. These limits are consistent with Council regulations and internal policies for funds managed by the Division of Investment; from time to time the Division of Investment may impose more stringent policies based on market conditions.

Effective December 15, 2008, the following limits became effective:

Category	Minimum Rating			Limitation of Issuer's Outstanding Debt	Limitation of Issue	Other Limitations
	Moody's	S&P	Fitch			
Corporate obligations	A2	A	A	10%	25%	—
Collateralized notes and mortgages	Aa	AA	AA	—	25%	Limited to not more than 10% of the assets of the collateral portfolio

Commercial paper maturities cannot exceed 270 days. Repurchase agreement maturities cannot exceed 30 days. Certificates of deposit and banker's acceptances must mature in one year or less.

The collateral for repurchase agreements is limited to obligations of the U.S. Government or certain U.S. Government agencies, collateralized notes and mortgages and corporate obligations meeting certain minimum rating criteria.

Total exposure to any individual issuer is limited, except for U.S. Treasury and Government agency obligations. For money market funds, the total amount of shares or units purchased or acquired of any money market fund shall not exceed 5% of the shares or units outstanding of said money market fund. For Collateralized notes and mortgages, not more than 2% and 5% of the assets of the collateral portfolio shall be invested in the obligations of any one issuer and issue, respectively. For guaranteed income contracts and funding agreements, the total investment in any one issuer shall be limited to 2.5% of the collateral portfolio.

For securities exposed to credit risk in the collateral portfolio, the following table discloses aggregate fair value, by major credit quality rating category as of June 30, 2010.

(In thousands)	Rating		Totals
	Aaa/AAA	Not rated	
Repurchase agreements	\$ —	16,669	16,669

Totals	\$ 5	16,679	16,684

As of June 30, 2010, the pension funds had outstanding loaned investment securities with an aggregate market value of \$9,229,063. The program was terminated effective June 30, 2010 and all loaned securities and collateral were subsequently returned. In accordance with GASB accounting standards, the non-cash collateral is not reflected in the accompanying financial statements. There were no borrower or lending agent default losses, and no recoveries or prior period losses during the year.

base salary. Contributions by active members enrolled prior to January 1, 1996 are based on 3% of the difference between their current salary and the salary of the position on January 18, 1982. The State of New Jersey is required to contribute at an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments and non-contributory death benefits.

The State did not make a pension contribution for fiscal year 2010 but did make a contribution of \$1.0 million for Non-contributory Group Insurance (NCGI) death benefits and other miscellaneous items that were due the system. Chapter 1, P.L. 2010, effective May 21, 2010, requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Contribution Requirements – CPFPPF

There are no active members in the CPFPPF.

The State did not make any contribution for fiscal year 2010. Local employers contributed \$13.2 thousand representing administrative fees billed to various locations in fiscal year 2010.

Contribution Requirements – PFRS

The contribution policy is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employers are required to contribute at an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments, and non-contributory death benefits (see significant legislation under note 2). Members contribute at a uniform rate of 8.5% of base salary.

Chapter 19, P.L. 2009, effective March 17, 2009, provided an option for local employers to contribute 50% of the normal and accrued liability contribution amounts certified by PFRS for payments due in State fiscal year 2009. This law also provided that a local employer may pay 100% of the required contribution. Such an employer will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries for PFRS will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the State fiscal year ending June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

The State did not make a pension contribution for fiscal year 2010 but did make a contribution of \$7.3 million for NCGI death benefits. Also included in the employer contributions are the annual billing to local employers for their pension and NCGI contributions and Early Retirement Incentive (ERI) contributions for those who participate in the various ERI programs and other miscellaneous items that were due the system from the State and the local employers. Chapter 1, P.L. 2010, effective May 21, 2010, requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Contribution Requirements – POPF

There are no active members in the POPF. Accordingly, based on actuarial valuation, there is no normal cost or accrued liability contribution required by employers for fiscal year 2010.

Contribution Requirements – PERS

The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Members contribute at a uniform rate. The full normal employee contribution rate became 5.5% of annual compensation, effective July 1, 2007 for most PERS state employees and effective July 1, 2008 for PERS local employees, based on Chapter 103, P.L. 2007. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) is 8.5% of base salary effective July 1, 2008. Employers are required to contribute at an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments, and non-contributory death benefits (see significant legislation under note 2).

Chapter 103, P.L. 2007 also provided that for members hired on or after July 1, 2007, the amount of compensation used for employer and member contributions and benefits under the PERS cannot exceed the annual maximum wage contribution base for Social Security, pursuant to the Federal Insurance Contributions Act.

Chapter 19, P.L. 2009, effective March 17, 2009, provided an option for local employers to contribute 50% of the normal and accrued liability contribution amounts certified by PERS for payments due in State fiscal year 2009. This law also provided that a local employer may pay 100% of the required contribution. Such an employer will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries for PERS will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the State fiscal year ending June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

The State did not make a pension contribution for fiscal year 2010 but did make a contribution of \$27.3 million for NCGI death benefits. Also included in the employer contributions are the annual billing to local employers for their pension and NCGI contributions and ERI contributions for those who participate in the various ERI programs and other miscellaneous items that were due the system from the State and the local employers. Chapter 1, P.L. 2010, effective May 21, 2010, requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Contribution Requirements – SPRS

The contribution policy is set by N.J.S.A. 53:5A-34 and requires contributions by active members and the State of New Jersey. Plan member and employer contributions may be amended by State of New Jersey legislation. Members contribute at a uniform rate of 7.5% of base salary. Employers are required to contribute at an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments and non-contributory death benefits.

The State did not make a pension contribution for fiscal year 2010 but did make a contribution of \$33.2 million for NCGI death benefits. Also, included in the employer contributions are the annual billing to local employers who participate in the various ERI programs and other miscellaneous items that were due the fund. Chapter 1, P.L. 2010, effective May 21, 2010, requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Contribution Requirements – SACT

Participants contribute through payroll deductions and may contribute from 1% to 100% of their base salary, as defined. Contributions are voluntary and may be suspended at the beginning of any quarter. Contributions under the Tax Sheltered Supplemental Annuity Plan are subject to Federal law limitations and qualify for tax-sheltered treatment permitted under Section 403(b) of the Internal Revenue Code. Participants are always fully vested for the accumulated units in their accounts.

Contribution Requirements – CPF

The State of New Jersey makes an annual appropriation payment to the CPF to pay current year benefits. The contribution requirements were established by the aforementioned statutes and are not actuarially determined.

The contribution amount required and paid by the State of New Jersey for the fiscal year ended June 30, 2010 was \$179.9 thousand.

Contribution Requirements - SHBP-State (including PDP-State)

Contributions to pay for the health premiums of participating employees in the SHBP – State are collected from the State of New Jersey, active and retired members, and former active and retired members who have elected to participate under the rules of COBRA. The State of New Jersey provides contributions for

State employees through State appropriations. These appropriations are generally distributed to the SHBP on a monthly basis. Active and retired member contributions are generally received on a monthly basis. Certain State employees share in the cost of their premiums, as provided by Chapter 8, P.L. 1996.

Under the provisions of Chapter 8, P.L. 1996, the SHBP implemented premium sharing for employees covered under the State component of the program. Chapter 8 authorizes the State to negotiate premium sharing in the collective bargaining agreements governing employment of State employees. Premium sharing also applies to retired group coverage for employees who attain 25 years of creditable pension service after July 1, 1997 or who retire on a disability retirement after that same date. Those employees not represented by any bargaining unit premium share in accordance with rules established by the State Health Benefits Commission.

Contributions to pay for the premiums of participating employees in the PDP are collected from the State of New Jersey, and former active and retired members who have elected to participate under the rules of COBRA. The State of New Jersey provides contributions for State employees through State appropriations. These appropriations are distributed to the PDP on a monthly basis.

The State of New Jersey's contribution also includes funding for the cost of medical premiums after retirement for qualified retirees. In accordance with Chapter 62, P.L. 1994, post-retirement medical (PRM) benefits have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

The State made a contribution of \$1.6 billion, including administrative revenue of \$4.1 million, for fiscal year 2010.

Chapter 103, P.L. 2007 implemented changes to SHBP and established an employee contribution of 1.5% of the employee's base salary for State employees, effective July 1, 2007.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health care benefits coverage by all active public employees. Employees of the State, local governments, and board of educations who become a member of a State or locally-administered retirement system on or after the law's effective date would be required to pay in retirement 1.5% of their pension benefit toward the cost of health care coverage under the SHBP.

Contribution Requirements – SHBP-Local (including PDP-Local)

Contributions to pay for the health premiums of participating employees in the SHBP – Local are collected from the State of New Jersey, participating local employers, active members and retired members. Local employer payments and active and retired member contributions are generally received on a monthly basis.

Local group employees are not affected by the premium sharing provisions of Chapter 8, P.L. 1996.

Contributions to pay for the premiums of participating employees in the PDP are collected from participating local employers, and former active and retired members who have elected to participate under the rules of COBRA. Local employers participating in the SHBP – Local made a contribution of \$745.3 million, including administrative revenue of \$2.0 million, for fiscal year 2010.

State of New Jersey contribution to the SHBP – Local is to fund the cost of medical premiums after retirement for qualified retirees in the PFRS. In accordance with Chapter 62, P.L. 1994, post-retirement medical (PRM) benefits have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health care benefits coverage by all active public employees. Employees of the State, local governments, and board of educations who become a member of a State or locally-administered retirement system on or after the law's effective date would be required to pay in retirement 1.5% of their pension benefit toward the cost of health care coverage under the SHBP.

Contribution Requirements – SHBP – Education (including PDP – Education)

Contributions to pay for the health premiums of participating employees in the SHBP – Education are collected from the State of New Jersey, participating local employers, active members and retired members. Local employer payments and active and retired member contributions are generally received on a monthly basis.

Local group employees are not affected by the premium sharing provisions of Chapter 8, P.L. 1996.

Contributions to pay for the premiums of participating employees in the PDP are collected from participating local employers, and former active and retired members who have elected to participate under the rules of COBRA. Local employer payments as well as COBRA contributions are also received on a monthly basis.

Local employers participating in the SHBP – Education made a contribution of \$1.8 billion, including administrative revenue of \$4.7 million, for fiscal year 2010.

State of New Jersey contributions to the SHBP – Education are to fund the cost of medical premiums after retirement for qualified retirees in the PERS, TPAF and ABP. In accordance with Chapter 62, P.L. 1994, post-retirement medical (PRM) benefits have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health care benefits coverage by all active public employees. Participants may defer between 1% and 100% of their salary and less any 414(h) reductions or \$16.5 thousand annually. Under the limited "catch-up" provision, a participant may be eligible to defer up to a maximum of twice the annual maximum in the three years immediately preceding the retirement age at which no reduction in benefits would be applicable. The employer does not make contributions to the Plan.

Contribution Requirements – ABPLTD

The State of New Jersey makes an annual contribution to the ABPLTD, as required, toward the cost of long-term disability benefits which extend beyond the calendar year following the year in which the disability benefits commence for those with a benefit commencement date on or after October 1, 1986.

The State made a contribution of \$2.8 million for fiscal year 2010.

Contribution Requirements – ABP

Members contribute a mandatory 5% of base or contractual salary that is tax deferred under the 414(h) provisions of the Internal Revenue code. Members are also permitted to make voluntary federal tax-deferred contributions under Internal Revenue Code Section 403(b). The State of New Jersey pays the employer contribution for all State and county employees participating in the plan. The employer contribution is based on 8% of base or contractual salary. The State of New Jersey is also responsible for the cost of non-contributory life insurance coverage and disability coverage for its plan members.

The State made a contribution of \$148.6 million, excluding NCGI of \$14.2 million and short-term disability of \$2.7 million, for fiscal year 2010.

Contribution Requirements – PAF

The contribution requirements were established by N.J.S.A. 43:3B-4. The State of New Jersey is required to make an annual appropriation payment to fund the cost-of-living increases payable to retirees and beneficiaries of retired members in the CPFPPF, POPF and CPF. Funding is on a pay-as-you-go basis.

The State made a contribution of \$1.3 million for fiscal year 2010.

Contribution Requirements – DEP – State and Local

Contributions to pay for the premiums of participating employees in the Dental Expense Program Fund are collected from the State of New Jersey, local governmental and educational employers, active employees, and former and retired members who have elected to participate under the rules of COBRA. The cost of the premiums is shared by the State of New Jersey and active State employees. Former and retired employees who have chosen to participate under the rules of COBRA pay the full cost of the premium. The employers are billed for the full cost of coverage. The State of New Jersey provides contributions through State appropriations. These appropriations are distributed to the DEP on a biweekly and monthly basis. The active member share of the cost of premiums, which is included in the billing to the employers, is paid to the State on a biweekly and monthly basis. Members participating under COBRA remit their payments on a monthly basis. Retirees pay 100% of the overall dental cost.

The State made a contribution of \$34.0 million, excluding administrative revenue of \$12.2 thousand, for fiscal year 2010. The local contribution was \$2.5 million for fiscal year 2010.

(6) VESTING AND BENEFITS

Vesting and Benefit Provisions - JRS

The vesting and benefit provisions are set by N.J.S.A. 43:6A and amended and supplemented by Chapter 470, P.L. 1981. The JRS provides retirement benefits as well as death and disability benefits. Retirement benefits for age and years of service are as follows:

<u>Age</u>	<u>Years of judicial service</u>	<u>Benefit as a percentage of final salary</u>
70	10	75%
65	15	75%
60	20	75%

<u>Age</u>	<u>Years of judicial service</u>	<u>Years of public and judicial service</u>	<u>Benefit as a percentage of final salary</u>
65	5	15	50%
60	5	20	50%

Retirement benefits are also available at age 60 with five years of judicial service plus 15 years in the aggregate of public service, or at age 60 while serving as a judge with the benefit determined to be 2% of final salary, as defined, for each year of public service up to 25 years plus 1% of final salary for each year in excess of 25 years. Deferred and early retirement benefits are also available.

Vesting and Benefit Provisions – CPFPP

The vesting and benefit provisions are set by N.J.S.A. 43:16. The CPFPP provides retirement as well as death and disability benefits to any active member after 25 years of service. A member may retire at age 60 after 25 years of service. Retirement is mandatory at age 65, except for chiefs of police, who may retire at age 70. Benefits are generally determined to be 60% of final salary, as defined, plus 1% for each creditable year of service, as defined, in excess of 25 years, but not to exceed 30 years. Members are always fully vested in their own contributions.

Chapter 4, P.L. 2001 provided increased benefits to certain members who retired prior to December 29, 1989 with at least 25 years of creditable service. The maximum amount of the increase was 5% of the retiree’s final compensation. For those with 30 or more years of service, the total pension benefit would increase from 65% to 70% of final compensation.

Vesting and Benefit Provisions – PFRS

The vesting and benefit provisions are set by N.J.S.A. 43:16A and 43:3B. The PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service. Retirement benefits for age and service are available at age 55

STATE OF NEW JERSEY

and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Final compensation equals the compensation for the final year of service prior to retirement. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service. The annual benefit under special retirement is 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. The maximum allowance is therefore 70% of final compensation.

Widow/widowers of members retired since December 18, 1967 receive 50% of the retiree's final compensation. The minimum annual widow/widower's benefits of an accidental disability retiree prior to December 18, 1967 and of all retirees since December 18, 1967 is \$4,500.

Members are always fully vested for their own contributions. In the case of death before retirement, members' beneficiaries are entitled to full payment of members' contributions providing no survivor death benefits are payable.

Eligible retirees receiving monthly benefits are entitled to cost-of-living increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a 12-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in the dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement. The cost-of-living increases are funded by the retirement system and are included in the annual actuarial calculations of the required state and state-related employer contributions.

Chapter 1, P.L. 2010, effective May 21, 2010, eliminated the provision in PFRS that would permit a member to retire, at any age after 25 years of service credit, on a special retirement allowance of 70% of final compensation after the retirement system reaches a funded level of 104%. For new members of PFRS, this law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for Social Security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary.

Vesting and Benefit Provisions – POPF

The vesting and benefit provisions are set by N.J.S.A. 43:7. The POPF provides retirement, as well as death and disability benefits. Retirement benefits are available after 25 years of service or at age 55 with 20 years of service. The benefit is in the form of a life annuity equal to the greater of (a) 2% of average final compensation up to the 30 years of service, plus 1% of average final compensation for each year of service above 30 and prior to age 65; (b) 50% of final pay; or (c) for members with 25 or more years of service, 2% of average final compensation for each year of service up to 30 years, plus 1% for each year in excess of 30 years. Average final compensation equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years).

Members are always fully vested for their own contributions.

Vesting and Benefit Provisions – PERS

The vesting and benefit provisions are set by N.J.S.A. 43:15A and 43:3B. The PERS provides retirement, death and disability benefits. All benefits vest after eight to ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of final average salary for each year of service credit (as defined). Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years service credit, as defined, or they may elect deferred retirement after achieving eight to ten years of service credit, in which case benefits would begin the first day of the month after the member attains normal retirement age.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for earnings on their contributions at 2% per annum. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Eligible retirees receiving monthly benefits are entitled to cost-of-living increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a 12-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in the dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement.

Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hired on or after July 1, 2007 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55.

Chapter 89, P.L. 2008 increased the PERS eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 1, 2008; increased the minimum annual compensation required for membership eligibility for new members. Also, it amended the early retirement reduction formula for members hired on or after November 1, 2008 and retiring with 25 years of service to 1% for every year between age 55 and 62, plus 3% for every year under age 55.

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60 from 1/55, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Vesting and Benefit Provisions – SPRS

The vesting and benefit provisions are set by N.J.S.A. 53:5A. The SPRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service (as defined). Retirement benefits are available after 20 years of service (as defined) at any age with mandatory retirement at age 55. The retirement benefit is based upon final compensation, which is defined as salary (as defined) plus maintenance allowance (as defined) during the last 12 months prior to retirement, and is a life annuity equal to the greater of the following: (a) 50% of final compensation; (b) for members retiring due to mandatory retirement, 50% of final compensation, plus 2% for each year of service in excess of 20 years to a maximum of 60% of final compensation; or (c) for members retiring with 25 or more years of service, 65% of final compensation, plus 1% for each year of service in excess of 25 years, to a maximum of 70% of final compensation. Members may elect deferred retirement after ten years of service in which case benefits in the form of life annuity would begin at age 55 equal to 2% of final compensation for each year of service up to 20 years.

Members are always fully vested for their own contributions.

Chapter 1, P.L. 2010, effective May 21, 2010, for new members of SPRS, this law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for Social Security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary.

Vesting and Benefit Provisions – TPAF

The vesting and benefit provisions are set by N.J.S.A. 18A:66. The TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the TPAF. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years service credit, as defined, or they may elect deferred retirement after achieving ten years of service credit, in which case benefits would begin the first day of the month after the member attains normal retirement age.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Eligible retirees receiving monthly benefits are entitled to cost-of-living increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a 12-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in a dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits (COLA) after 24 months of retirement.

Vesting and Benefit Provisions – SACT

Upon retirement, a participant is paid a single cash payment or may elect various forms of monthly annuities or reduced annuity payments with a beneficiary provision based on the value of the participant's account in the month of retirement. Upon the death of a participant, the designated beneficiary may elect to receive a lump sum equal to the account value or an annuity under any of the settlement options which a retiree could elect under the Trust. Upon termination of employment and withdrawal from the basic retirement systems, a participant must also withdraw his account under the Trust as a lump-sum settlement.

Benefit Provisions – CPF

Benefits are payable under various State of New Jersey acts in an amount equal to one-half of the compensation received by the participant for his/her service. In the case of Disabled Veterans' Pensions and Surviving Spouses the amount is \$62.50 per month.

Vesting and Benefit Provisions – NJSEDCP

Assets in the Plan are held in trust for the exclusive benefit of Plan members and their beneficiaries in accordance with GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. Plan members are fully vested for the current valuation of their account from the date of enrollment in the Plan. Benefits are payable upon separation from service with the State of New Jersey.

Benefit Provisions – ABPLTD

Members who are totally disabled due to an occupational or nonoccupational condition are eligible to receive a regular monthly benefit equal to 60% of the base salary earned over the 12 month period preceding the onset of the disability. The long-term disability benefits continue until such time as the member retires or attains the age of 70, whichever comes first.

Vesting and Benefit Provisions – SHBP – State (including PDP-State)

The Program provides medical coverage to qualified active and retired participants. Under Chapter 136, P.L. 1977, the State of New Jersey pays for the health insurance coverage of all enrolled retired State employees (regardless of age) whose pensions are based upon 25 years or more of credited service or a disability retirement regardless of years of service. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents. The Prescription Drug Program Fund (PDP) was established in December 1974, under N.J.S.A. 52:14-17.29 to provide coverage to employees and their eligible dependents for drugs which under federal or State law may be dispensed only upon a prescription written by a physician. State employees are eligible for PDP coverage after 60 days of employment.

Vesting and Benefit Provisions – SHBP – Local (including PDP-Local)

The Program provides medical coverage to qualified local active and retired participants. Partially funded benefits are also provided to local police officers and firefighters who retire with 25 years of service (or on disability) from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Also, local employees are eligible for the PDP coverage after 60 days of employment.

Vesting and Benefit Provisions – SHBP – Education (including PDP – Education)

The program provides medical coverage to qualified local education active and retired participants. Members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement receive free postretirement medical coverage. Under the provisions of Chapter 126, P.L. 1992, the program also provides free coverage to members of the PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents. Also, education employees are eligible for the PDP coverage after 60 days of employment.

Vesting and Benefit Provisions – ABP

ABP provides retirement benefits, disability benefits, and group life insurance benefits to eligible participants. Retirement benefits are payable upon separation from service with no age or service requirements. However, distributions under age 55 are limited to employee contributions and accumulations. The

remaining employer's contributions and earnings are available for distribution upon attaining age 55. Participants are immediately vested if the participant has an existing retirement account containing employer and employee contributions based on employment in public education, or is an active or vested member of a federal or state retirement system.

Benefit Provisions – PAF

The Pension Adjustment Program covers eligible retirees and survivors of CPFPF, POPF and CPF. Eligible retirees and/or survivors are those who have been retired at least 24 months.

Those eligible for benefits are entitled to cost-of-living increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a 12-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in a dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement.

Chapter 4, P.L. 2001 provided increased benefits to certain members of the Consolidated Police and Firemen's Pension Fund who retired prior to December 29, 1989 with at least 25 years of creditable service. The benefit increase is effective November 1, 2001. The maximum amount of the increase was 5% of the retiree's final compensation. For those with 30 or more years of service, the total pension benefit would increase from 65% to 70% of final compensation.

As a result of this legislation, cost-of-living benefits payable to eligible retirees also increased. The State, not the local municipalities, is responsible for these costs.

Benefit Provisions – DEP – State and Local

The Program provides coverage to employees and their eligible dependents for dental services performed by a qualified dentist. Employees are eligible for coverage after 60 days of employment.

(7) FUNDS

The Funds maintain the following legally required funds as follows (amounts indicated in parenthesis represent net assets held in trust for the respective fund as indicated):

Members' Annuity Savings Fund and Accumulative Interest Fund – JRS (\$40,420,198); TPAF (\$9,151,924,963); PERS (\$10,580,599,933); PFRS (\$3,075,484,919); SPRS (\$188,624,395)

The Members' Annuity Savings Fund (ASF) is credited with all contributions made by active members of the Funds. Interest earned on member contributions is credited to the Accumulative Interest Fund, which is applied to TPAF, PERS, and JRS. Member withdrawals are paid out of these Funds.

Contingent Reserve Fund – JRS (\$38,781,839); TPAF (\$-14,689,465,856); PERS (\$-9,975,575,872); SPRS (\$900,154,991)

The Contingent Reserve Fund is credited with the contributions of contributing employers. Interest earnings, after crediting the Accumulative Interest Fund, Retirement Reserve Fund, and Special Reserve Fund, as required, are credited to this account. Additionally, payments for life insurance premiums and administrative expenses are made from this Fund.

Retirement Reserve Fund – JRS (\$182,321,955); TPAF (\$31,300,925,627); PERS (\$22,959,958,473); PFRS (\$18,599,167,672); SPRS (\$567,415,538)

The Retirement Reserve Fund is the account from which retirement benefits including cost-of-living adjustments are paid. Upon retirement of a member, accumulated contributions together with accumulated interest are transferred to the Retirement Reserve Fund from the Members' ASF and Accumulative Interest Fund. Any additional reserves needed to fund the balance of the retirement benefit are transferred from the Contingent Reserve Fund or Pension Accumulation Fund. Annually, interest as determined by the State Treasurer (8.25% for fiscal year 2010) is credited to the Retirement Reserve Fund.

Retirement Reserve Fund – POPF (\$11,018,368)

The Retirement Reserve Fund is credited with State of New Jersey contributions and investment income. In addition, all benefits are paid from this account.

Special Reserve Fund – TPAF (\$0); PERS (\$0); PFRS (\$0)

The Special Reserve Fund is a fund to which any excess earnings and gains from sales and maturities of investments are transferred and against which any losses from the sales of securities are applied. The maximum limit on the accumulation of this account is 1% of the market value of the investments allocated to the Funds, excluding Cash Management Fund investments allocated to the Contributory Group Insurance Premium Fund. Amounts in excess of 1% are credited to the Contingent Reserve Fund and Pension Accumulation Fund (PFRS).

Contributory Group Insurance Premium Fund – TPAF (\$129,111,099); PERS (\$332,502,600)

The Contributory Group Insurance Premium Fund represents the accumulation of member group insurance contributions in excess of premiums disbursed to the insurance carrier since the inception of the contributory death benefit program plus reserves held by the insurance carriers. Members are required by statute to participate in the contributory group insurance plan in the first year of membership and may cancel the contributory coverage thereafter. The current contribution rate for active members is 0.4 of 1% of salary for TPAF and 0.5 of 1% of salary for PERS, as defined.

Non-Contributory Group Insurance Premium Fund – PERS – Local (\$55,135,640); PFRS – Local (\$39,774,119)

The Non-Contributory Group Insurance Premium Fund represents the accumulation of employer group insurance contributions in excess of premiums disbursed to the insurance carrier since the inception of the non-contributory death benefit program plus reserves held by the insurance carrier. Members are eligible by statute for the non-contributory group insurance plan in the first year of membership. TPAF, PERS-State, and PFRS-State show a zero balance as these premium expenses are funded on a monthly basis.

Pension Accumulation Fund – PFRS (\$-1,870,288,894)

The Pension Accumulation Fund is credited with the contributions of the State of New Jersey and other employers. Interest earnings, after crediting the Retirement Reserve Fund and the Special Reserve Fund, as required, are credited to this account. Additionally, payments for life insurance premiums and administrative expenses are made from this Fund.

Benefit Enhancement Reserve Fund – PERS – Local (\$380,091,632)

The Benefit Enhancement Reserve Fund is a special reserve fund from which the required normal contributions to provide benefit increases under Chapter 353, P.L. 2001 and Chapter 133, P.L. 2001 will be charged. The fund was established in 2002 and credited with excess assets equivalent to member contributions for fiscal years 2000 and 2001 by transferring reserves in the Contingent Reserve Fund to the Benefit Enhancement Fund. Additional transfers will be made, as required, to maintain a fund balance equal to the present value of expected additional normal contributions due to the increased benefits.

Reserve Fund – SHBP – State (including PDP – State) (\$-89,273,761)

Due to ongoing budget constraints, the State has not made the full required premium contributions for active members over the past several years resulting in a negative fund balance. However, the fund has received sufficient State appropriations to maintain a positive cash balance in order to pay all benefit obligations on a timely basis.

Reserve Fund – SHBP – Local (including PDP – Local) (\$150,735,909)

The net assets of the SHBP – Local are available to pay claims of future periods. These reserves are maintained by the fund to stabilize rates and to meet unexpected increase in claims.

Reserve Fund – SHBP – Education (including PDP – Education) (\$393,550,846)

The net assets of the SHBP – Education are available to pay claims of future periods. These reserves are maintained by the fund to stabilize rates and to meet unexpected increase in claims.

Notes to schedule:

- (1) In accordance with Chapter 115, P.L. 1997, available excess valuation assets were used to cover, in full or in part, the employer pension contributions. In fiscal year 2004, only PFRS - State and SPRS were able to utilize excess assets to cover, in full or in part, the employer contributions. In fiscal year 2005, only SPRS had excess assets available to utilize. In fiscal year 2006, no excess assets were available to be utilized toward State contributions. On the local side, excess assets were utilized to cover, in full or in part, the employer contributions for PERS through fiscal year 2004 and for PFRS through fiscal year 2003.
- (2) The local employer pension contributions to the PERS from 1999 to 2004 represent the required contributions under the early retirement incentive programs.
- (3) The Annual Required Contribution reflects a 30-year, 4.0% annual increasing amortization of the unfunded actuarial accrued liability. Based on expected benefit payments plus retiree drug subsidy for the applicable fiscal year end.
- (4) Differences between the amounts in the employer contribution column in this schedule and the amounts recorded in the financial statements and footnote are attributed to timing differences between the 2009 actuarial valuations and the actual amounts received in fiscal year 2010. Employer contributions per this schedule represent anticipated contribution amounts determined at the time the actuarial valuations were prepared and finalized prior to the end of fiscal year 2010. The financial statements and footnotes reflect the actual amounts received in 2010.
- (5) 2008 and 2009 annual required contributions and employer contributions have been reduced in accordance with the provisions of the Appropriation Act for fiscal year 2008 and 2009, respectively for State contributions and Chapter 108, P.L. 2003 for local contributions.

REVIEWS OF MAJOR POLICY ISSUES

The Division of Investment ("Division"), under the jurisdiction of the State Investment Council (the "Council"), is responsible for the investment management of the assets of seven public pension systems: the Consolidated Police & Firemen's Pension Fund, the Judicial Retirement System, the Police & Firemen's Retirement System, the Prison Officers Pension Fund, the Public Employees' Retirement System, the State Police Retirement System, and the Teachers' Pension & Annuity Fund (collectively referred to as the "Pension Fund").

The Division was created in 1950 by the New Jersey Legislature (P.L. 1950, c.270) to centralize all functions relating to the purchase, sale or exchange of securities for the State's diverse funds under experienced and professional management. The statute also established the Council to formulate investment procedures and policies to be followed by the Director. The statute vests investment authority in the Director, who is appointed by the State Treasurer from candidates nominated by the Council. New and amended regulations adopted by the Council after public comments are filed with the Office of Administrative Law and reported in the *New Jersey Register*.

The Council is comprised of 13 members, elected or appointed to fixed terms. Seven members are appointed by the Governor for staggered five-year terms, and are drawn traditionally from the corporate investment community. Six of these seven hold appointments subject to the advice and consent of the Senate, and one appointee is selected by the Governor from nominees submitted jointly by the President of the Senate and the Speaker of the Assembly. Two members are appointed by the Governor for three-year terms from nominees submitted by the New Jersey State AFL-CIO and the New Jersey Education Association. Four members are elected to the Council for three-year terms by the employee pension boards of the Public Employees' Retirement System, the Police and Firemen's Retirement System, the State Police Retirement System, and the Teachers' Pension and Annuity Trust. State law requires that no Council member shall hold any office, position, or employment with any political party, and none can benefit from the transactions of the Division.

All investments by the Director must conform to the heightened "prudent person" standard set by the New Jersey Legislature (P.L. 1997, c.26). This standard requires the Director "to manage and invest the portfolio solely in the interests of the beneficiaries of the portfolio and for the exclusive purpose of providing financial benefits to the beneficiaries of the portfolio."

To the best of our knowledge, performance is calculated using the time-weighted return based on the modified Dietz method.

Timothy M. Walsh
Director, Division of Investment

INVESTMENTS

STATE OF NEW JERSEY DIVISION OF PENSIONS AND BENEFITS

STATE INVESTMENT COUNCIL KEY REGULATIONS PERTAINING TO PENSION FUND ASSETS

- Public equity investments are limited to no more than 70 percent of the portfolio, including both domestic and international equities.
- Investments in international securities are limited to 30 percent of the portfolio, including both international equities and fixed income obligations.
- The market value of securities of companies in emerging markets is limited to 1.5 times the percentage derived by (1) dividing the total market capitalization of companies included in the MSCI Emerging Market Index by (2) the total market capitalization of the companies included in the MSCI All-Country World Ex-United States Index of the total market value of the assets held by Common Pension Fund D.
- The currency exposure on international investments may be hedged through currency transactions.
- Unlimited investment is permitted in securities issued by the U.S. Government and designated agencies.
- Investment in domestic and international corporate obligations, and collateralized mortgage obligations are subject to a minimum rating requirement of Baa3 by Moody's, BBB- by Standard & Poor's, and BBB- by Fitch Ratings. Investment in mortgage backed senior debt securities are subject to a minimum rating requirement of A3 by Moody's, A- by Standard & Poor's, and A- by Fitch Ratings. Up to five percent of the pension assets may be invested in these securities not meeting the minimum rating requirements.
- Up to 3 percent of the domestic equity portfolio may consist of debt in lieu of common stock, regardless of the credit rating of the issuing company.
- Investments in international government and agency obligations are limited to direct debt obligations of a sovereign government or its political subdivisions, debt obligations of agencies of a sovereign government which are unconditionally guaranteed as to principal and interest by the sovereign government's full faith and credit, and debt obligations of international agencies that are directly backed by the collective credit of multiple sovereign governments.
- Investments in municipal bonds, commercial paper, repurchase agreements, certificates of deposit, bankers acceptances, etc. are all permitted by specific regulations which specify high credit standards and conservative investment limits.
- Subject to limitations established by the State Investment Council, futures contracts, certain options contracts and exchange-traded funds may be utilized in the management of the portfolios.
- The Council regulations contain limits on (1) the percentage of the portfolio that can be invested in any one security and (2) the percentage of the outstanding amount of any one security that can be owned by the portfolio. These limits help to insure that the portfolio is adequately diversified and that competitive market pricing is obtained.
- Investments in alternative investments are limited to no more than 28% of the portfolio. The individual categories of private equity, real estate, real assets, and hedge funds are limited to 7%.

PROXY VOTING

- Proxy voting policy addresses key issues.
- The Division seeks to vote all proxies received, unless shares are out on loan. Under certain circumstances, the Division may restrict shares from being loaned, or recall loaned shares in order to preserve the right to vote on proxy issues.

Board of Trustees
Public Employees' Retirement System
of New Jersey

Re: Actuary's Certification Letter

Members of the Board:

An actuarial valuation of the Public Employees' Retirement System of New Jersey (PERS) is performed annually to measure the ongoing costs of the System (with required contributions determined separately for the State and Local employers) and the progress towards the funding goals of the System over time. In general, the financial goals of the PERS are a pattern of contributions which is relatively stable over time as a percentage of pay for a stationary employee population.

In accordance with the New Jersey statutes, employers are required to make two contributions to the System, a normal contribution and an accrued liability contribution. The normal contribution for basic allowances and cost of living adjustments (COLA's) is defined under the Projected Unit Credit funding method as the present value of the benefits accruing during the current year. The unfunded accrued liability contribution for basic allowances and COLA's is determined as a level percentage of pay required to amortize the unfunded accrued liability in annual payments increasing by 4% per year and paid annually for a specific time as determined by the State Treasurer. (Initially, this period was determined to be 40 years as of March 31, 1992. Any actuarial gains or losses for the 10 valuation years following the March 31, 1992 valuation were to increase or decrease the amortization period unless an increase would have caused the amortization period to exceed 40 years, decreasing to 30 years by 2002).

The provisions of Chapter 115, P.L. 1997 of the Pension Security Legislation permitted the State to pay off the unfunded accrued liabilities from the proceeds of pension obligation bonds and to use any excess valuation assets to reduce required normal contributions payable by the State and Local employers by up to 100% of excess assets through the July 1, 2001 valuation, and on a declining maximum percentage of excess assets basis through the July 1, 2006 valuation. The legislation (as amended by Chapter 415, P.L. 1999) also provided for a reduction from excess assets of the contributions by employees of the State and Local employers of up to 2% in contributions in future valuations under certain conditions. Beginning with the July 1, 2007 valuation, Chapter 92, P.L. 2007 removed language from existing law that permits the State Treasurer to reduce the employer normal contributions and employee contributions needed to fund the System when excess assets are available.

The valuation also reflects the provisions of Chapter 259, P.L. 2001, Chapter 353, P.L. 2001, and Chapter 366, P.L. 2001 which provided benefit improvements for certain members of the System and prescribed the funding policy for additional costs to the System. (In accordance with Chapter 259, P.L. 2001, any required contributions due to this legislation are payable by assets to be transferred from the Second Injury Fund. Chapter 92, P.L. 2007 closed the System's Chapter 259, P.L. 2001 part to new members enrolled after June 8, 2007.)

The valuation also reflects the potential effect of the Appropriation Act for fiscal year 2010 (for the July 1, 2008 valuation, the State recommended contribution amount of \$ 580,440,969 was reduced to \$20,368,000). This amount may be subject to change per the requirements of the State's fiscal year 2010 spending plan.

The valuation again reflects the provisions of Chapter 42, P.L. 2002 which allowed Local employers to issue refunding bonds to retire the unfunded accrued liability due to certain early retirement incentive programs. The valuation also reflects the early retirement incentive program offered under Chapter 21, P.L. 2008, which was adopted by State employers and the Voluntary Severance Incentive Programs offered by two Local employers.

The valuation also reflects the provisions of Chapter 89, P.L. 2008, which is effective November 1, 2008. Chapter 89, P.L. 2008 increases the eligibility age for unreduced benefits from age 60 to age 62, changes the early retirement provisions and increases the minimum compensation required for membership eligibility for members hired on or after November 1, 2008. Chapter 89, P.L. 2008 will be reflected in the July 1, 2009 valuation.

The valuation also reflects Chapter 19, P.L. 2009, which allowed the State Treasurer to reduce Local employers' normal and accrued liability contributions to 50 percent of the amount certified for the State fiscal year 2009. This unfunded liability will be paid by the Local employers in level annual payments over a period of 15 years with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted by the rate of return on the actuarial value of assets. The legislation also provides that a Local employer may pay 100 percent of the recommended contribution for fiscal year 2009. Such an employer will be credited with the full payment and any such amounts will not be included in their unfunded liability.

The underlying demographic data is maintained and provided by the New Jersey Division of Pensions and Benefits. The data is analyzed by Buck Consultants for internal completeness and consistency and compared with the prior valuation data to again ensure consistency.

As stipulated in the statutes, an actuarial investigation of the mortality, service and compensation experience of the members and beneficiaries of PERS is made once in every three-year period. The contributions for the fiscal year beginning July 1, 2010 were based on the actuarial assumptions that were determined from the July 1, 2005 to June 30, 2008 Experience Study and the projected unit credit funding method. The valuation also reflected the economic assumptions which were approved by the Treasurer (these include an investment return rate of 8.25% per annum, assumed average future salary increases of 5.45% per annum and a Cost-of-Living Adjustment assumption of 60% of the assumed CPI increase of 3.0% per annum). The asset valuation method used was a five-year average of market values with write-up. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five year period.

The valuation does not take into account broad declines in U.S. equity prices and bond yields that have occurred after the valuation date. Taking these into account may significantly change the market and actuarial value of assets shown. The effect of these events on any funded ratios shown, and on Retirement System calculations, is not known. Retirement System funding and financial accounting rules generally prohibit reflection of changes in assets and underlying economic conditions that occur after the valuation date.

The assumptions used to prepare the information required by Statements No. 25, No. 27, and No. 50 of the Governmental Accounting Standards Board (GASB) were the same as those used for funding purposes.

In our opinion, the attached schedules of valuation results fairly represent the status of the PERS and present an accurate view of historical data. The underlying assumptions and methods used for both funding and GASB disclosure purposes are consistent with the statutory specifications and represent a best estimate of the aggregate future experience of the System.

The following supporting schedules in the Actuarial Section were prepared by Buck Consultants:

- Summary of Actuarial Assumptions and Methods
- Schedule of Retired Members and Beneficiaries Added to and Removed from Rolls

- Schedule of Active Member Valuation Data
- Solvency Test
- Analysis of Past Financial Experience
- Reconciliation of Employer Contribution Rates
- Brief Summary of the Benefit and Contribution Provisions as Interpreted for Valuation Purposes

In addition, Buck Consultants prepared the “Schedule of Funding Progress” and the “Schedule of Employer Contributions” in the Financial Section.

To the best of our knowledge, this information is complete and accurate. The valuation was performed by, and under the supervision of, independent qualified actuaries who are members of the American Academy of Actuaries with experience in performing valuations for public retirement systems.

The valuation was prepared in accordance with the principles of practice prescribed by the Actuarial Standards Board and generally accepted actuarial procedures and methods. The calculations are based on the current provisions of the Retirement System, and on actuarial assumptions that are individually and in the aggregate internally consistent and reasonable based on the actual experience of the Retirement System.

Respectfully submitted,
Buck Consultants

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS

Section 19 of Chapter 15A of the New Jersey Statutes provides that once in every three-year period the actuary shall examine in detail the mortality, service, and compensation experience of the members and beneficiaries of the PERS to assure that the tables used for determining expected liabilities are consistent with recent experience.

The actuarial assumptions used for the July 1, 2009 actuarial valuation of the PERS were based on the results of the experience study, which covered the period from July 1, 2005 to June 30, 2008 and the economic assumptions which were approved by the Treasurer.

An outline of the actuarial assumptions and methods used for the July 1, 2009 valuation is as follows:

Valuation Interest Rate: 8.25% per annum, compounded annually.

Separations From Service and Salary Increases: Representative values of the assumed annual rates of separation and annual rates of salary increases are as follows:

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS, *Continued*

Prosecutors Part (Chapter 366, P.L. 2001): This legislation introduced special retirement eligibility for certain benefits. The valuation used the following annual rates of service retirement:

Age	Annual Rate of Retirement					
	Less Than 20 Years		20 Years	21 to 24 Years	25 or More Years	
	State	Local			State	Local
40	0.00%	0.00%	2.50%	0.00%	23.10%	15.40%

Deaths After Retirement: The RP2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for females) for service retirement and beneficiaries of former members. The RP2000 Disabled Mortality Tables (set back 3 years for males and set back 1 year for females) are used to value disabled retirees. Representative values of the assumed annual rates of mortality are as follows:

Service Retirements			Disability Retirements		
Age	Men	Women	Age	Men	Women
55	0.36%	0.24%	35	2.26%	0.75%
60	0.68	0.44	40	2.26	0.75

80	6.44	4.15	60	3.80	2.08
85	11.08	6.95	65	4.50	2.66

Marriage: Husbands are assumed to be 3 years older than wives. Among the active population, 100% of participants are assumed to be married

Valuation Method: Projected Unit Credit Method. This method essentially funds the System's benefits accrued to the valuation date. Experience gains or losses are recognized in future accrued liability contributions.

COLA: Benefits are assumed to increase 1.8% each year.

Asset Valuation Method: A five-year average of market values with write-up was used. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five-year period.

DIVISION OF PENSIONS AND BENEFITS
PUBLIC EMPLOYEES' RETIREMENT SYSTEM

**BRIEF SUMMARY OF THE BENEFIT AND CONTRIBUTION PROVISIONS
AS INTERPRETED FOR VALUATION PURPOSES**

1. DEFINITIONS

Final Compensation (FC): Average annual compensation for the three years of creditable service immediately preceding retirement or the highest three fiscal years of membership service. (Effective June 30, 1996, Chapter 113, P.L. 1997 provided that the amount of compensation used for employer and member contributions and benefits under the program cannot exceed the compensation limitation of Section 401(a)(17) of the Internal Revenue Code. Chapter 103, P.L. 2007 provides that for Class D and Class E members, the amount of compensation used for employer and member contributions and benefits under the System cannot exceed the annual maximum wage contribution base for Social Security, pursuant to the Federal Insurance Contributions Act.)

Accumulated Deductions: Sum of all required amounts deducted from the compensation of a member or contributed by him.

Class B Member: Any member who was hired prior to July 1, 2007.

Class D Member: Any member who was hired on or after July 1, 2007 but prior to November 2, 2008.

Class E Member: Any member who was hired after November 1, 2008.

2. BENEFITS*

Service Retirement: Eligible at age 60. Benefit equals a member annuity plus an employer pension, which together, equal 1/55th of FC for each year of service. (Chapter 89, P.L. 2008 changed the eligibility age to age 62 for Class E members)

Ordinary Disability Retirement: Eligible after 10 years of service. Benefit equals a member annuity plus an employer pension which, together, equal 1.64% of FC for each year of service; minimum benefit of 43.6% of FC.

Accidental Disability: Eligible upon total and permanent disability prior to age 65 as a result of a duty injury. Benefit equals a member annuity plus an employer pension which, together, equal 72.7% of contributory compensation at the date of injury.

Lump Sum Withdrawal: Eligible upon service termination prior to age 60 (age 62 for Class E members) and prior to 10 years of service. Benefit equals refund of accumulated deductions plus, if the member has completed three years of service, interest allowed thereon.

**Special benefits for veterans, law enforcement officers, legislators, prosecutors, and workers' compensation judges are summarized at the end of this section.*

Vested Retirement: Eligible after 10 years of service. Benefit equals the lump sum benefit described above or a deferred retirement benefit, commencing at age 60 (age 62 for Class E members), equal to the service retirement benefit based on service and FC at date of termination.

Early Retirement: Eligible after 25 years of service. Benefit equals the lump sum benefit described above or the vested benefit reduced by 1/4 percent for each month the retirement date precedes age 55. (Chapter 103, P.L. 2007 provides that for members hired on or after July 1, 2007, the reduction shall be 1/12 percent for each month (up to 60 months) the retirement date precedes age 60 plus 1/4 percent for each month the retirement date precedes age 55. Chapter 89, P.L. 2008 provides that for Class E members, the reduction shall be 1/12 percent for each month (up to 84 months) the retirement date precedes age 62 plus 1/4 percent for each month the retirement date precedes age 55.)

Ordinary Death (Insured):

BEFORE RETIREMENT

Eligible if active. Benefit equals accumulated deductions with interest plus an amount equal to 1-1/2 times contributory compensation at date of death.

AFTER RETIREMENT

Before Age 60:

Eligible if disabled or vested terminated. Benefit equals 1-1/2 times last contributory compensation if disabled, accumulated deductions only if vested terminated.

**STATE OF NEW JERSEY
DIVISION OF PENSIONS AND BENEFITS
PUBLIC EMPLOYEES' RETIREMENT SYSTEM**

BRIEF SUMMARY OF THE BENEFIT AND CONTRIBUTION PROVISIONS, *Continued*

After Age 60 or Early Retirement:

Eligible after early retirement or after attainment of age 60 for other types of retirement (if not disabled, 10 years of service credit required on members enrolling after July 1, 1971). Benefit equals 3/16 of last contributory compensation.

Voluntary Death Benefit: An additional, employee-paid, death benefit is also available through the purchase of a group insurance with an outside carrier.

Accidental Death: Eligible upon death resulting during performance of duty. Benefit varies as follows:

Widow(er) - 50% of contributory compensation paid as pension.

Child(ren) - No spouse - 20% (1 child), 35% (2 children), 50% (3 or more children) of contributory compensation pension paid as pension to age 18 or life if disabled.

Surviving dependent parent - No spouse or child - 25% (1 parent) or 40% (2 parents) of contributory compensation paid as pension.

No relation above - Accumulated deductions paid to other beneficiary or estate.

In addition, the employer-paid lump sum ordinary death benefit is paid.

Optional Benefits: Various forms of payment of equivalent actuarial value are available to retirees.

Special Benefits:

VETERANS

Service Retirement:

Eligible if member on January 2, 1955, attains age 60, completes 20 years of service. Benefit equals 54.5% of final contributory compensation (veteran members after January 2, 1955 must attain age 55 with 25 years of service or attain age 60 with 20 years of service).

Chapter 220 Benefit:

Eligible if age 55 and completes 35 years of service. Benefit equals 1/55th of the compensation for the 12-month period of membership that provides the largest possible benefit multiplied by the member's total years of service.

LAW ENFORCEMENT

Service Retirement:

Eligible at age 55 after 20 years of service. Benefit equals a member annuity plus an employer pension which, together, equal 2% of final contributory compensation for each of the first 25 years of service plus 1% of such compensation for noncontributory service or service over 25 years plus 1-2/3% for non-law enforcement service.

Chapter 4, P.L. 2001 Special Retirement:

After completion of 25 years of service, an additional retirement benefit equal to 5% of final contributory pay is added to the above service related retirement benefit. There is a maximum total benefit of 70% of final contributory pay.

Ordinary Disability:

Eligible after 5 years of service. Benefit is the same as for regular members.

Death After Retirement:

Eligible upon death after an accidental disability retirement. Benefit is the same as for a regular member with a \$5,000 minimum.

LEGISLATORS

Service Retirement:

Eligible at age 60 and termination of all public service. Benefit is equal to a member annuity plus an employer pension which, together, equal 3% of final contributory compensation for each year of service to a maximum of 2/3 of final compensation.

Vested Retirement:

Eligible after 8 years of legislative service. Benefit is a service retirement benefit deferred to age 60 or, alternatively, a lump sum equal to his accumulated deductions.

PROSECUTORS PART (Chapter 366, P.L. 2001)

Service Retirement:

Eligibility means age 55 or 20 years of credited service. Mandatory retirement at age 70. Benefit is an annual retirement allowance equal to a member annuity plus an employer pension which together equals the greater of:

(i) 1/60th of FC for each year service; or

**STATE OF NEW JERSEY
DIVISION OF PENSIONS AND BENEFITS
PUBLIC EMPLOYEES' RETIREMENT SYSTEM**

BRIEF SUMMARY OF THE BENEFIT AND CONTRIBUTION PROVISIONS, *Continued*

- (ii) 2% of FC multiplied by years of service up to 30 plus 1% of FC multiplied by years of service over 30; or
- (iii) 50% of final contributory compensation if the member has 20 or more years of service.

Chapter 366 also requires that, in addition to the 50% of final contributory compensation benefit, any member as of January 7, 2002 who will have 20 or more years of service and is required to retire upon attaining age 70, shall receive an additional benefit equal to 3% of final contributory compensation for each year of service over 20 years but not over 25 years.

Special Retirement:

After completion of 25 years of service. The annual retirement benefit is equal to a member annuity plus an employer pension, which together equal 65% of final contributory compensation plus 1% of final contributory compensation for each year of service over 25. There is a maximum benefit of 70% of final contributory compensation.

Vested Termination:

Eligible upon termination of service prior to age 55 and after 10 years of service (but less than 20 years). The benefit is a deferred retirement benefit, commencing at age 55, equal to a member annuity plus an employer pension which together provide a retirement allowance equal to 2% of final contributory compensation multiplied of service up to 30 plus 1% of final contributory compensation multiplied by years of service.

Death Benefits:

Ordinary Death Benefit — Lump Sum

After retirement but prior to age 55, the benefit is as follows:

- (i) For death while a Disabled Retiree the benefit is equal to 1-1/2 times compensation.
- (ii) For death while a Deferred Retiree the benefit is equal to his accumulated deductions.
- (iii) For death while a Retiree who has completed 20 years of service, the benefit is equal to 1/2 times final contributory compensation.

After retirement and after age 55, the benefit payable is equal to 1/2 times final contributory compensation.

BRIEF SUMMARY OF THE BENEFIT AND CONTRIBUTION PROVISIONS, *Continued*

Early Retirement:

Prior to age 60 while serving as a judge of compensation, 5 consecutive years of service as a judge of compensation and 25 or more years in the aggregate of public service. Benefit is an annual retirement allowance equal to 2% of final salary for each year of public service up to 25 years plus 1% of final salary for each year of public service in excess of 25 years, actuarially reduced for commencement prior to age 60.

Vested Termination:

Termination of service prior to age 60, with 5 consecutive years of service as a judge of compensation and 10 years in the aggregate of public service. Benefit is a refund of accumulated deductions, or a deferred life annuity beginning at age 60 equal to 2% of final salary for each year of public service up to 25 years, plus 1% of service in excess of 25 years.

Death Benefits (Insured):

Before Retirement:

Death of an active member of the plan. Benefit is equal to

- a. Lump sum payment equal to 1-1/2 times final salary, plus
- b. Spousal life annuity of 25% of final salary plus 10% (15%) to one (two or more) surviving children payable until spouse's death or remarriage. If there is no surviving spouse, or upon death or remarriage, a total of 15% (20%, 30%) of final salary payable to one (two, three or more) dependent child (children). If there is no surviving spouse (or dependent children), 20% or 30% of final salary to one or two dependent parents.

After Retirement:

Death of a retired member of the plan. Benefit is equal to a lump sum of 25% of final salary for a member retired under normal, early retirement or vested termination. If a member were receiving a disability benefit, a lump sum 1-1/2 times final salary if death occurred before the member attained age 60 and 1/4 times final salary if death occurred after age 60.

Chapter 92, P.L. 2007 closes the Workers Compensation Judges Part of the System to new members enrolled after June 8, 2007.

3. CONTRIBUTIONS

By Members:

Members enrolling in the retirement system on or after July 1, 1994 will contribute 5% of compensation. Members enrolled prior to July 1, 1994 will contribute 5% of compensation to the retirement system effective July 1, 1995 unless they previously had contributed less than 6% in which case they will contribute 4% of compensation beginning July 1, 1995 and 5% of compensation beginning July 1, 1996. Chapter 103, P.L. 2007 increases the contribution rate to 5.5% of compensation effective, generally, July 1, 2007 for State employees and July 1, 2008 for Local employees.

A 7.50% member contribution rate for members who are eligible to retire under the Prosecutors Part of the Retirement System as provided by Chapter 366, P.L. 2001 was used prior to July 1, 2008. Effective July 1, 2008 the member contribution rate was increased to 8.50%.

By Employers:

NORMAL CONTRIBUTION

The State and Local employers pay annually a normal contribution to the retirement System. This contribution is determined each year on the basis of the annual valuation and represents the value of the benefits to be earned in the year following the valuation date. The normal contributions for active members' COLA are being phased in.

In accordance with the provisions of Chapter 79, P.L. 1960, which provided that the monies appropriated for payment of the non-contributory life insurance coverage shall be held separate from the retirement System monies.

In accordance with the provisions of Chapter 133, P.L. 2001, the Benefit Enhancement Fund (BEF) was established to fund the additional annual employer normal contribution due to the law's increased benefits. (Chapter 353, P.L. 2001

extended this coverage to this law's additional annual employer normal contribution.) If the assets in the BEF are insufficient to cover the normal contribution for the increased benefits for a valuation period, the State will pay such amount for both the State and local employers.

In accordance with the provisions of Chapter 259, P.L. 2001, the additional normal contributions for increased benefits to judges of compensation for a valuation period will be funded by transfers from the Second Injury Fund.

The Appropriation Act of 2010 reduced the State fiscal year 2010 required normal contribution by approximately 96.5%. The State required normal contribution for subsequent fiscal years could be subject to the Appropriation Act of that fiscal year. Chapter 19, P.L. 2009 provides that the State Treasurer will reduce for Local employers the normal contribution to 50% of the amount certified for fiscal year 2009. This unfunded liability will be paid by the Local employers in level annual payments over a period of 15 years with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted by the rate of return on the actuarial value of assets. The legislation also provides that a Local employer may pay 100% of the recommended contribution for fiscal year 2009.

ACCRUED LIABILITY CONTRIBUTIONS

The State and Local employers pay contributions to cover any unfunded accrued liability. An unfunded accrued liability was established for active life COLAs. The amortization periods for funding these liabilities were set initially at 40 years. Experience gains or losses for the 10 valuation years following the March 31, 1992 valuation will increase or decrease the unfunded accrued liability. Thereafter, actuarial gains or losses will

increase or decrease the amortization period unless an increase will cause it to exceed 30 years.

Chapter 366, P.L. 2001 requires that the State be liable for any increase in pension costs to a county that results from the enrollment of prosecutors in the Prosecutors Part. Any increase in the unfunded accrued liability in the Retirement System arising from the benefits established for the Prosecutors Part are to be amortized over a period of 30 years in the manner provided for other such liability in the Retirement System.

In accordance with the provisions of Chapter 259, P.L. 2001, the additional accrued liability contribution for increased benefits to judges of compensation for a valuation period will be funded by transfers from the Second Injury Fund.

The valuation reflects the potential effect of the Appropriation Act for fiscal year 2010 which reduced the State fiscal year 2010 required accrued liability contribution by approximately 96.5%. The State required accrued liability contribution for subsequent fiscal years could be subject to the Appropriation Act of that fiscal year.

Chapter 19, P.L. 2009 provides that the State Treasurer will reduce for Local employers the accrued liability contribution to 50% of the amount certified for fiscal year 2009. This unfunded liability will be paid by the Local employers in level annual payments over a period of 15 years with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted by the rate of return on the actuarial value of assets. The legislation also provides that a Local employer may pay 100% of the recommended contribution for fiscal year 2009.

Board of Trustees
Teachers' Pension and Annuity Fund
of New Jersey

Re: Actuary's Certification Letter

Members of the Board:

This letter constitutes the actuary's certification letter for the Comprehensive Annual Financial Report (CAFR) of the Teachers' Pension and Annuity Fund of New Jersey (TPAF). It reflects the results of the June 30, 2009 Annual Actuarial Valuation of TPAF.

The funding objective of the plan, as modified by Chapter 92, P.L. 2007, Chapter 133, P.L. 2001 and Chapter 115, P.L. 1997, is to have the State make sufficient contributions into the plan to cover the normal cost of the plan subject to a phase-in of the pension adjustment benefits (for the 2009 valuation, 60.61% of the cost of such benefits was reflected) plus a 30-year amortization with 4% increasing payments of the unfunded pension accrued liability.

If there are sufficient assets in the Benefit Enhancement Fund (BEF), the State may reduce its contribution up to the additional normal cost of the plan (the difference between the 1/55th formula and the 1/60th formula normal costs). The BEF was established by Chapter 133, P.L. 2001. Based on the June 30, 2009 Actuarial Valuation, there were no assets in the BEF and thus, no reduction to the contribution was available to the state.

Since the 2004 fiscal year, the State has not met the statutory contribution requirement to achieve the funding objectives of the plan. Actual contributions by the State for fiscal year 2010 and anticipated contributions for fiscal year 2011 will also not meet statutory contribution requirements. The following describes the allocation of the State contributions appropriated for fiscal years 2010 and 2011.

The State appropriated \$33,199,655 for the 2010 fiscal year which represents 0.00% of the statutory pension and State ERI-3 contributions plus 100% of the actual non-contributory group life insurance claims. For fiscal year 2011, it is our understanding that the State will appropriate 0.00% of the statutory pension and State ERI-3 contributions plus an amount to cover 100% of the actual non-contributory group life insurance claims, which is estimated to total \$35,220,000. Please note that ERI contributions are not included in the CAFR in accordance with GASB account-

ing. Therefore, the resulting contributions are \$33,199,655 (1.85% of the ARC) for fiscal year 2010 and \$35,220,000 (1.66% of the ARC) for fiscal year 2011.

The June 30, 2009 Actuarial Valuation plus the exhibits enclosed in this letter anticipated a state pension contribution of \$62,399,654 for the fiscal year ending June 30, 2010. No adjustment has been made to these exhibits to reflect the fact that this contribution was not made.

The valuation was based on a set of demographic actuarial assumptions (described in detail in the section headed "Summary of Actuarial Assumptions and Methods") which was adopted by the Board of Trustees as a result of a study of actual experience under the Teachers' Pension Annuity Fund during the 3-year period ending June 30, 2006. The valuation was also based on a set of economic assumptions as prescribed by the State Treasurer, modified for the June 30, 2004 actuarial valuation. The actuarial assumptions and methods used for funding purposes meet the parameters set forth in Governmental Accounting Standards Board (GASB) Statement No. 25 except with respect to the phase-in regarding the normal cost of pension adjustment benefits and the funding of the contributory and non-contributory group life benefits. The Annual Required Contribution shown on the attached exhibit reflects the full normal cost of pension adjustment benefits and an actuarial determination of the contributory and non-contributory group life benefits.

The following supporting schedules in the Actuarial Section were prepared by Milliman:

- Summary of Actuarial Assumptions and Methods
- Schedule of Retired Members and Beneficiaries Added to and Removed from Rolls
- Schedule of Active Member Valuation Data
- Solvency Test
- Analysis of Financial Experience
- Summary of Principal Plan Provisions

In addition, Milliman prepared the "Schedule of Funding Progress", the "Schedule of Employer Contributions", and the "Reconciliation of Net Pension Obligation" in the Financial Section.

In performing this analysis, we relied, without audit, on census data, plan provisions, asset statements and other information (both written and oral) provided by the State of New Jersey Division of Pensions and Benefits. We have not audited or verified the census data, asset statements or other information. To the extent any of these are inaccurate or incomplete, the results of our analysis may likewise be inaccurate or incomplete.

We performed a limited review of the data used directly in our analysis for reasonableness and consistency and have not found material defects in the data. If there are material defects in the data, it is possible that they would be uncovered by a detailed, systematic review and comparison of the data to search for data values that are questionable or for relationships that are materially inconsistent. Such a review was beyond the scope of our assignment.

Future actuarial measurements may differ significantly from the current measurements presented in this analysis due to actual plan experience deviating from the actuarial assumptions, and changes in plan provisions, actuarial assumptions, and applicable law. An assessment of the potential range and cost effect of such differences is beyond the scope of this analysis.

I am a member of the American Academy of Actuaries and meet its Qualification Standard to render this actuarial opinion.

Respectfully submitted,

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS, *Continued*

Non-contributory Members: 30% are assumed to return to contributory status.

Marriage: Husbands are assumed to be 3 years older than wives. Among the active population, 80% of participants are assumed to be married. No children are assumed. Neither the percentage married nor the number of children assumptions are necessarily individually explicit, but they are considered reasonable, when viewed as a single combined assumption.

Form of Payment: Modified Cash Refund Annuity.

Special Data Adjustments: Determination of employee type is based on Class Code and was used as provided by the Division. Active members where no salary was provided, no date of birth was provided, or ASF was negative were excluded from the valuation. A liability equal to the ASF was held. For beneficiaries where no gender code or date of birth was provided, reasonable assumptions were made based on records provided in prior years or the deceased retiree's records. All such records were included in the valuation. Retiree members where no benefit and monthly allowance was provided, or no cause, class, or option was provided were excluded from the valuation.

- B. Actuarial Valuation Method:** The projected Unit Credit Method was used as required by Chapter 62, P.L. 1994 as modified by Chapters 115, P.L. 1997 and 133, P.L. 2001. Non-contributory life insurance benefits are funded on a term cost basis.
- C. Asset Valuation Method:** A five year average of market value with write-up was used. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five year period. Cash flows are based on an accrual accounting approach. This method is prescribed by statute. The market value of assets is used for the Contributory Group Insurance Premium Fund for GASB purposes.
- D. Changes in Actuarial Assumptions:** Due to the inclusion of Class E members in the valuation, new retirement assumptions were utilized.

SUMMARY OF PRINCIPAL PLAN PROVISIONS

This summary of plan provisions is intended only to describe the essential features of the plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

1. TYPE OF PLAN

The Plan is a contributory, defined benefit plan. Effective July 1, 2007, contributions by Members are 5.5% of compensation. For members hired on or after July 1, 2007, contributions are capped at the Social Security Taxable Wage Base (\$106,800 for 2009). For compensation in excess of the Social Security Wage Base, contributions of 5.5% of the excess compensation are made to the Defined Contribution Retirement Program.

2. EFFECTIVE DATE

The Plan was established in 1919. It was reorganized and integrated with Social Security in 1955. Social Security integration was eliminated in 1966, i.e., reductions in retirement benefits based on Social Security benefits were eliminated.

3. ELIGIBILITY FOR MEMBERSHIP

Employees appointed to positions requiring certification as members of a regular teaching or professional staff of a public school system in New Jersey are required to enroll as a condition of employment. Employees of the Department of Education holding unclassified, professional and certificated titles are eligible for membership. Temporary or substitute employees are not eligible. The eligible employee must have an annual salary or remuneration amount of \$7,500 or more effective November 1, 2008, per Chapter 89, P.L.2008.

4. DEFINITIONS

Fiscal Year: A Fiscal Year is a 12-month period beginning on July 1 and ending on June 30.

Credited Service: A year of Credited Service for each year an employee is a Member of the Retirement System plus service, if any, covered by a prior service liability. Class E members also must

have an annual salary of \$7,500 (indexed for inflation) and other members must have an annual salary of \$500.

Final Compensation: This is the average annual compensation for the three consecutive years of Creditable Service immediately preceding retirement or the highest three fiscal years of Membership Service.

Final Year Compensation: This is the compensation upon which contributions by a Member to the Annuity Savings Fund are based in the last year of Membership Service.

Aggregate Member Contributions: This is the sum of all amounts deducted from the compensation of a Member or contributed by him or on his behalf without interest.

Class A Member: Any member who contributes towards retirement allowance based on 1/64th benefit rate per year of creditable service.

Class B Member: Any member hired prior to July 1, 2007 who contributes towards a retirement allowance based on 1/55th benefit rate per year of creditable service.

Class D Member: Any member hired on or after July 1, 2007 and before November 2, 2008 who contributes up to the Social Security Taxable Wage Base towards a retirement allowance based on 1/55th benefit rate per year of creditable service payable at age 60.

Class E Member: Any member hired after November 1, 2008 who contributes up to the Social Security Taxable Wage Base towards a retirement allowance based on 1/55th benefit rate per year of creditable service payable at age 62.

5. COST-OF-LIVING ADJUSTMENT

The Pension Adjustment Program provides a cost-of-living adjustment (COLA) to retirees and their survivors who receive a monthly retirement allowance from the TPAF. The first adjustment is

STATE OF NEW JERSEY
DIVISION OF PENSIONS AND BENEFITS
TEACHERS' PENSION AND ANNUITY FUND

SUMMARY OF PRINCIPAL PLAN PROVISIONS, Continued

received in the 25th month after the member's retirement. Subsequent cost-of-living adjustments are computed annually and are first reflected in February. The rate of increase is equal to 60 percent of the percentage change between the average CPI for the 12 month period ending December 31 in the year of retirement and the August 31 preceding the February adjustment.

6. RETIREMENT BENEFITS

Service Retirement:

SERVICE RETIREMENT ELIGIBILITY: Eligibility means age 60 (Class A,B, and D) or age 62 (Class E) with no minimum service requirement.

SERVICE RETIREMENT BENEFIT: An employee's annual service retirement allowance is equal to a member annuity plus an employer pension which together equals 1/64th of Final Compensation for each year of service for Class A members and 1/55th of Final Compensation for each year of service for Class B, D and E members.

Note: See Section 12 for special benefits for veteran members.

Early Retirement:

EARLY RETIREMENT ELIGIBILITY: A Member may retire after completion of 25 years of Creditable Service.

EARLY RETIREMENT BENEFIT: The benefit may be either:

- (1) the lump sum withdrawal benefit described in 7 below; or
- (2) the service retirement benefit reduced by 1/4 of one percent for each month the retirement date precedes age 55 for Class B members; or
- (3) the Service Retirement Benefit reduced by 1/12 of one percent for each month the retirement date precedes age 60 but over age 55 and by 1/4 of one percent for each month the retirement date precedes age 55 for Class D members.

7. TERMINATION BENEFITS

Lump Sum Withdrawal:

ELIGIBILITY: A Member is eligible upon termination of service.

LUMP SUM WITHDRAWAL BENEFIT: The benefit equals a refund of Aggregate Member Contributions plus, if the member has completed three years of service, interest accumulated at 2.0% per annum allowed thereon.

Deferred Retirement:

ELIGIBILITY: A Member is eligible upon termination of service prior to age 60 (Class A,B,D) or age 62 (Class E) and after 10 years of Creditable Service.

DEFERRED RETIREMENT BENEFIT: The benefit may be either:

- (1) the lump sum withdrawal benefit described in 7 above, or
- (2) a deferred retirement benefit, commencing at age 60 (Class A,B,D) or age 62 (Class E) equal to a member annuity plus an employer pension which together provide a retirement allowance equal to the service retirement benefit based on Final Compensation and Creditable Service at date of termination.

8. DEATH BENEFITS

Ordinary Death (Insured) Benefit - Lump Sum (Non-Contributory):

PRE-RETIREMENT DEATH BENEFIT ELIGIBILITY: Any current active member is eligible.

PRE-RETIREMENT DEATH BENEFIT: The benefit is a lump sum benefit equal to the Aggregate Contributions with interest allowed thereon plus an amount equal to 1-1/2 times Compensation at date of death.

POST-RETIREMENT DEATH BENEFIT PRIOR TO AGE 60 (Class A,B,D) or age 62 (Class E) ELIGIBILITY: Eligible if disabled or retired early.

STATE OF NEW JERSEY
DIVISION OF PENSIONS AND BENEFITS
TEACHERS' PENSION AND ANNUITY FUND

SUMMARY OF PRINCIPAL PLAN PROVISIONS, Continued

POST-RETIREMENT DEATH BENEFIT PRIOR TO AGE 60 (CLASS A, B, D) OR AGE 62 (CLASS E) BENEFIT: The benefit is as follows:

- (1) For death while a Disabled Retiree the benefit is equal to 1-1/2 times Compensation.
- (2) For death while an Early Retiree, the benefit is equal to 3/16 times Compensation.
- (3) For death while vested terminated, the benefit is equal to his Aggregate Contributions with interest allowed thereon.

POST-RETIREMENT DEATH BENEFIT AFTER AGE 60 (Class A,B,D) or age 62 (Class E) ELIGIBILITY: Eligible after attainment of age 60 for service, deferred and disabled retirements (if not disabled, 10 years of Creditable Service required for members enrolling on or after July 1, 1971).

POST-RETIREMENT DEATH BENEFIT AFTER AGE 60 (Class A,B,D) or age 62 (Class E) BENEFIT: The benefit payable is equal to 3/16 times Compensation.

Contributory Death Benefit: An additional, employee-paid, death benefit is also available through group insurance purchased by the Board of Trustees. Contributions for this benefit are required by Members during the first year of enrollment. Participation may be terminated after the first year. The benefit prior to retirement is 2 times compensation. The benefit after retirement is 1/4 times final year compensation (coverage at retirement, and 10 years of participation for Members enrolling on or after July 1, 1970, is required).

Pre-retirement Accidental Death Benefit:

ELIGIBILITY: A death resulting from injuries received from an accident during performance of duty and not a result of willful negligence is eligible.

PRE-RETIREMENT LUMP SUM BENEFIT: The benefit is a lump sum equal to 1-1/2 times Compensation.

PRE-RETIREMENT ACCIDENTAL DEATH BENEFIT: The benefit payable is as follows:

- (1) The annuity benefit to a widow or widower is equal to 50% of Compensation, payable for life or until remarriage.
- (2) The annuity benefit, when there is no spouse, or the spouse is remarried, is equal to 20% of Compensation for one child, 35% for two children, 50% for three or more children. The benefit is payable while the children are under age 18 and it is payable for life if they are disabled.
- (3) The annuity benefit, when there is no spouse or children, is equal to 25% of Compensation for one dependent parent and 40% for two dependent parents.
- (4) The benefit, when there is no relation as stated above, is equal to the Aggregate Contributions with interest allowed thereon and is payable to a beneficiary or to the Member's estate. This is also the minimum benefit payable under above.

9. DISABILITY BENEFITS

Ordinary Disability Retirement:

ELIGIBILITY: A Member is eligible for Ordinary Disability Retirement if he (she) has 10 years of Creditable Service and is totally and permanently incapacitated from the performance of usual or available duties.

ORDINARY DISABILITY RETIREMENT BENEFIT: The total retirement allowance is equal to the greater of:

- (1) 1.64% of Final Compensation times the number of years of Creditable Service; or
- (2) 43.6% of Final Compensation

Note: See Section 12 for special benefits for veteran members.

Accidental Disability Retirement:

ELIGIBILITY: A Member is eligible upon total and permanent incapacitation as a direct result of a traumatic event occurring during and as a result of the performance of regular or assigned duties.

STATE OF NEW JERSEY

TEACHERS' PENSION AND ANNUITY FUND

SUMMARY OF PRINCIPAL PLAN PROVISIONS, Continued

ACCIDENTAL DISABILITY RETIREMENT BENEFIT: The benefit payable is equal to a Member annuity plus an employer pension which together equals 72.7% of the Compensation at date of injury.

10. ADDITIONAL OLD-PLAN BENEFIT

An additional pension is payable to any retiree who was a member of the old Teachers' Retirement Fund. This pension is the actuarial equivalent of his contributions to the old Teachers' Retirement Fund without interest.

11. SPECIAL MINIMUM BENEFIT

A member who retired prior to 1955 with 20 or more years of service may receive a minimum pension of \$500 a month inclusive of any amounts payable under any pension adjustments.

12. SPECIAL BENEFITS FOR VETERANS

Service Retirement: Eligible if member attains age 60 and completes 20 years of service or attains age 55 and completes 25 years of service. Benefit equals 54.5% of highest 12-month contributory compensation.

Chapter 97 Benefit: Eligible if age 55 and completes 35 years of service. Benefit equals 1/55th of final year compensation for each year of service.

13. BENEFIT AND COMPENSATION LIMITS

The provisions of IRC Section 415 and IRC Section 401(a)(17), which limit benefits paid and limit compensation used in determining benefits, has been reflected in this report.

The IRC Section 415 limit is \$195,000 and the 401(a)(17) compensation cap is \$245,000 for 2009 and is applied on a calendar year basis.

14. FORMS OF PAYMENT

Maximum Option — Single life annuity.

Option 1 — Single life annuity with return of reserve option.

Option 2 — 100% joint and survivor annuity.

Option 3 — 50% joint and survivor annuity.

Option 4 — Other percentage joint and survivor annuity.

Option A — 100% pop-up joint and survivor annuity.

Option B — 75% pop-up joint and survivor annuity.

Option C — 50% pop-up joint survivor annuity.

Option D — 25% pop-up joint survivor annuity.

15. CONTRIBUTIONS

Member Contributions: Each member becoming a member on or after January 1, 1956 and prior to July 1, 2007 contributes at the rate of contribution applicable to Class B members. Any member hired after June 30, 2007 and prior to November 2, 2008 are Class D members. Members hired after November 1, 2008 are Class E members.

(1) CLASS D OR E MEMBERSHIP: Class D or E members contribute at their applicable contribution rate up to the Social Security Taxable Wage Base.

(2) CLASS B MEMBERSHIP: Any member on December 31, 1955 may elect to be classified as a Class B member and contribute at the rate of contribution applicable to Class B members at his age at membership. Any such member may elect to increase his accumulated deductions by the amount required by the Board to receive credit as a Class B member for all or part of his service prior to such election.

(3) CLASS A MEMBERSHIP: Any member who is not a veteran and does not elect to be classified as a Class B member continues to contribute at the rate of contribution applicable to his age at membership which was payable prior to the establishment of the integrated system, except that if he became a member subsequent to June 30, 1946 he will pay after January 1, 1955 at the rate of contribution in effect on June 30, 1946 applicable to his age at membership.

SUMMARY OF PRINCIPAL PLAN PROVISIONS, *Continued*

Prior to July 1, 1979 different contribution rates were established for men and women. Effective on that date members contribute at rates intermediate between the rates previously applicable to male and female members, computed to provide the same present value of future employee contributions at each entry age on the basis of the membership as constituted on the effective date.

Local Employer Contributions:

- (1) **EARLY RETIREMENT INCENTIVE CONTRIBUTIONS:** The State and Local employers which elected to participate in the early retirement incentive programs authorized by Chapters 137, 229 and 231, P.L. 1991 and Chapters 48, 138 and 163, P.L. 1993 and Chapter 23, P.L. 2002 and Chapters 128 and 129, P.L. 2003 pay contributions to cover the additional liability for these programs over amortization periods chosen by

the employer (15 years for Chapters 128 and 129) or the amortization period for the Unfunded Accrued Liability of the system (Chapter 23, P.L. 2002 and Chapter 21, P.L. 2008).

- (2) **CHAPTER 113 CONTRIBUTIONS:** Certain School Districts have elected to exempt a select group of employees from the compensation limit under IRC Section 401(a)(17) incorporated under Chapter 113. These school districts will pay the full cost of this exemption at a member's date of retirement.

Board of Trustees
Police and Firemen's Retirement System
of New Jersey

Re: Actuary's Certification Letter

Members of the Board:

An actuarial valuation of the Police and Firemen's Retirement System is performed annually to measure the ongoing costs of the System (with required contributions determined separately for the State and Local employers) and the progress towards the funding goals of the System over time. In general, the financial goals of the Police and Firemen's Retirement System is a pattern of contributions relatively stable over time as a percentage of pay for a stationary employee population.

In accordance with the New Jersey statutes, employers are required to make two contributions to the System, a normal contribution and an accrued liability contribution. The normal contribution for basic allowances and cost of living adjustments (COLA's) is defined under the Projected Unit Credit funding method as the present value of the benefits accruing during the current year. The unfunded accrued liability contribution for basic allowances and COLA's is determined as a level percentage of pay required to amortize the unfunded accrued liability in annual payments increasing by 4% per year and paid annually for a specific time as determined by the State Treasurer. (Initially, this period was determined to be 40 years as of July 1, 1992. Any actuarial gains or losses for the 10 valuation years following the July 1, 1992 valuation were to increase or decrease the amortization period, unless an increase would have caused the amortization period to exceed 40 years, decreasing to 30 years by 2002.)

The provisions of Chapter 115, P.L. 1997 of the Pension Security Legislation permitted the State to pay off the unfunded accrued liabilities from the proceeds of pension obligation bonds and to use any excess valuation assets to reduce required normal contributions payable by the State and Local employers by up to 100% of excess assets through the July 1, 2000 valuation, and on a declining maximum percentage of excess assets basis through the July 1, 2006 valuation. Beginning with the July 1, 2007 valuation, Chapter 92, P.L. 2007 removed language from existing law that permits the State Treasurer to reduce the normal contributions needed to fund the System when excess assets are available.

The valuation also reflects Chapter 19, P.L. 2009, which allowed the State Treasurer to reduce Local employers' normal and accrued liability contributions to 50 percent of the amount certified for the State fiscal year 2009. This unfunded liability will be paid by the Local employers in level annual payments over a period of 15 years with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted by the rate of return on the actuarial value of assets. The legislation also provides that a Local employer may pay 100 percent of the recommended contribution for fiscal year 2009. Such an employer will be credited with the full payment and any such amounts will not be included in their unfunded liability.

The valuation also reflects the potential impact of the Appropriation Act for fiscal year 2010. Similar to the provisions of Chapter 122, P.L. 2003 (the Appropriation Act of 2003 which reduced the required State contribution for fiscal year 2004), the Appropriation Act for fiscal year 2010 is anticipated to allow the State Treasurer to reduce the State normal and accrued liability contributions

for fiscal year 2010 from the recommended amount of \$299,131,628 to \$12,411,000. Accordingly, a fiscal year 2010 receivable State contribution of \$12,411,000 was recognized for purposes of this valuation. Similarly, the valuation reflects the potential impact of the Appropriation Act for fiscal year 2011. The Appropriation Act for fiscal year 2011 is anticipated to allow the State Treasurer to reduce the State normal and accrued liability contributions for fiscal year 2011 from the recommended amount of \$339,480,900 to \$12,411,000. Accordingly, a fiscal year 2011 receivable State contribution of \$12,411,000 was recognized for purposes of this valuation. The receivable State contribution amounts may be subject to change per the requirements of the State's fiscal year 2010 and 2011 spending plans.

The underlying demographic data is maintained and provided by the New Jersey Division of Pensions and Benefits. The data is analyzed by Buck Consultants for internal completeness and consistency and compared with the prior valuation data to again ensure consistency.

As stipulated in the statutes, an actuarial investigation of the mortality, service and compensation experience of the members and beneficiaries of the Police and Firemen's Retirement System is made once in every three-year period. The contributions for the fiscal year beginning July 1, 2011 were based on the actuarial assumptions that were determined from the July 1, 2004 to June 30, 2007 Experience Study (which was approved by the Board of Trustees at the August 11, 2008 Board meeting), the projected unit credit funding method and the economic assumptions which were approved by the Treasurer (these include an investment return rate of 8.25% per annum, assumed rate of annual payment increase of unfunded accrued liability contribution of 4.0% per annum and a Cost-of-Living Adjustment assumption of 60% of the assumed CPI increase of 3.0% per annum). The asset valuation method used was a five-year average of market values with write-up. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five-year period.

The valuation does not take into account any changes in U.S. equity prices and bond yields that have occurred after the valuation date. Taking these into account may significantly change the market and actuarial value of assets shown. The effect of these events on any funded ratios shown, and on Retirement System calculations, is not known. Retirement System funding and financial accounting rules generally prohibit reflection of changes in assets and underlying economic conditions that occur after the valuation date.

The assumptions used to prepare the information required by Statements No. 25, No. 27, and No. 50 of the Governmental Accounting Standards Board (GASB) were the same as those used for funding purposes.

In our opinion, the attached schedules of valuation results fairly represent the status of the Police and Firemen's Retirement System and present an accurate view of historical data. The underlying assumptions and methods used for both funding and GASB disclosure purposes are consistent with the statutory specifications and represent a best estimate of the aggregate future experience of the System.

The following supporting schedules in the Actuarial Section were prepared by Buck Consultants:

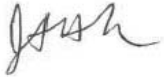

- Summary of Actuarial Assumptions and Methods
- Schedule of Retired Members and Beneficiaries Added to and Removed from Rolls
- Schedule of Active Member Valuation Data
- Solvency Test
- Analysis of Past Financial Experience
- Reconciliation of Employer Contribution Rates
- Brief Summary of the Benefit and Contribution Provisions as Interpreted for Valuation Purposes

In addition, Buck Consultants prepared the "Schedule of Funding Progress" and the "Schedule of Employer Contributions" in the Financial Section.

To the best of our knowledge, this information is complete and accurate. The valuation was performed by, and under the supervision of, independent qualified actuaries who are members of the American Academy of Actuaries with experience in performing valuations for public retirement systems.

The valuation was prepared in accordance with the principles of practice prescribed by the Actuarial Standards Board and generally accepted actuarial procedures and methods. The calculations are based on the current provisions of the Retirement System, and on actuarial assumptions that are individually and in the aggregate internally consistent and reasonable based on the actual experience of the Retirement System.

Respectfully submitted,
Buck Consultants

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS

Section 13, Subsection (13) of Chapter 255, P.L. 1944 as amended by Chapter 157, P.L. 1972 of the New Jersey Statutes provides that once in every three-year period the actuary shall examine in detail the mortality, service and compensation experience of the members and beneficiaries of the Police and Firemen's Retirement System to assure that the tables used for determining expected liabilities are consistent with recent experience.

The July 1, 2009 actuarial valuation of the Police and Firemen's Retirement System reflects the recognition of the revised actuarial assumptions determined from the July 1, 2004 to June 30, 2007 Experience Study which was approved by the Board of Trustees at the August 11, 2008 Board meeting and the economic assumptions which were approved by the Treasurer.

An outline of the actuarial assumptions and methods used for the July 1, 2009 valuation is as follows:

Valuation Interest Rate: 8-1/4% per annum, compounded annually.

Separations from Service and Salary Increases: Representative values of the assumed annual rates of separation and annual rates of salary increases are as follows:

Marriage: Husbands are assumed to be 3 years older than wives. Among the active population, 90% of participants are assumed married. No children are assumed. Neither the percentage married nor the number of children assumptions are necessarily individually explicit, but they are considered reasonable, when viewed as a single combined assumption.

Valuation Method: Projected Unit Credit Method. This method essentially funds the System's benefits accrued to the valuation date. Experience gains or losses are recognized in future accrued liability contributions.

COLA: Benefits are assumed to increase 1.8% each year.

Asset Valuation Method: A five year average of market values with write-up was used. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five-year period.

STATE OF NEW JERSEY
DIVISION OF PENSIONS AND BENEFITS
POLICE AND FIREMEN'S RETIREMENT SYSTEM

**BRIEF SUMMARY OF THE BENEFIT AND CONTRIBUTION
PROVISIONS AS INTERPRETED FOR VALUATION PURPOSES**

1. ELIGIBILITY FOR MEMBERSHIP

Enrollment is restricted to eligible policemen and firemen who are permanent and full-time and who pass the physical and mental fitness requirements. The maximum enrollment age is 35.

2. DEFINITIONS

Plan Year: The 12-month period beginning on July 1 and ending on June 30.

Credited Service: A year of service is credited for each year an employee is a Member of the Retirement System plus service, if any, covered by a prior service liability.

Average Final Compensation (AFC): The average annual compensation for the three consecutive years of Service immediately preceding retirement or the highest three consecutive fiscal years of Membership Service.

Compensation: Base salary upon which contributions by a Member to the Annuity Savings Fund were based in the last year of Service. For Accidental Death, benefits are computed at the annual rate of salary.

Final Compensation (FC): Annual compensation received by the member in the last 12 months of Credited Service preceding his retirement.

Accumulated Deductions: The sum of all amounts deducted from the compensation of a Member or contributed by him or on his behalf without interest.

3. BENEFITS

Service Retirement: Eligibility means age 55 or 20 years of credited service for an employee who is a member of the Retirement System as of January 18, 2000 and age 55 for an employee who became a member of the Retirement System after January 18, 2000; mandatory at age 68 (except that a member hired prior to January 1, 1987 may remain a member of the System until the member attains the earlier of age 68 or 25 years of service). Benefit is an annual retirement allowance equal to a member annuity plus an employer pension which

together equals the greater of:

- (i) 1/60th of FC for each year of Credited Service; or
- (ii) 2% of FC multiplied by years of Credited Service up to 30 plus 1% of FC multiplied by years of Service over 30. (Prior to January 18, 2000, this benefit was based on AFC rather than FC. However, Policy Memorandum 4-2000, which interpreted the provisions of Chapter 428, P.L. 1999, authorized the change in the salary basis).
- (iii) 50% of FC if the member has 20 or more years of Credited Service.

Chapter 428 also requires that, in addition to the 50% of FC benefit, any member as of January 18, 2000 who will have 20 or more years of Credited Service and is required to retire upon attaining age 65 (except that a member hired prior to January 1, 1987 may remain a member of the System until the member attains the earlier age of 68 or 25 years of creditable service), shall receive an additional benefit equal to 3% of FC for each year of Credited Service over 20 years but not over 25 years.

Special Retirement: After completion of 25 years of Credited Service. The annual retirement benefit is equal to a member annuity plus an employer pension which together equal 65% of FC plus 1% of FC for each year of Credited Service over 25. There is a maximum benefit of 70% of FC except for those members with 30 or more years of Credited Service on June 30, 1979.

Vested Termination:

- a. Eligible upon termination of service prior to age 55 and prior to 10 years of Service. The benefit equals a refund of Accumulated Deductions less any outstanding loans.
- b. Eligible upon termination of service prior to age 55 and after 10 years of Service (but less than 20 years if a member on or prior to January 18, 2000 or less than 25 years of service if a member after January 18, 2000). The

benefit is a deferred retirement benefit, commencing at age 55, equal to a member annuity plus an employer pension which together provide a retirement allowance equal to 2% of FC multiplied by years of Credited Service, up to 30 plus 1% of FC multiplied by years of credited service over 30.

Death Benefits:

ORDINARY DEATH BENEFIT - LUMP SUM

- (1) If a member dies prior to retirement, the benefit payable is as follows:

A lump sum amount equal to 3-1/2 times FC payable to the member's beneficiary.

- (2) After retirement but prior to age 55, the benefit is as follows:

(i) For death while a Disabled Retiree the benefit is equal to 3-1/2 times Compensation.

(ii) For death while a Deferred Retiree the benefit is equal to his Accumulated Deductions.

(iii) For death while a Retiree who has completed 20 years of Service, the benefit is equal to 1/2 times FC.

- (3) After retirement and after age 55, the benefit payable is equal to 1/2 times Compensation. (Note: If a Member is not disabled, 10 years of Credited Service is required for Members enrolling after July 1, 1971.)

**ORDINARY DEATH BENEFIT -
SURVIVOR ANNUITY**

- (1) If a member dies prior to retirement, the benefit payable to a widow (widower) is equal to 50% of FC (20% of FC payable to one child, 35% of FC payable to two children or 50% of FC payable to three or more children if there is no surviving widow or widower or if the widow or widower dies or remarries or 25% of FC payable to one parent or 40% of FC payable to two parents if no surviving widow, widower, or child. If no widow, widower, child, or parent, the benefit payable to a beneficiary is the aggregate Accumulated Contributions at the time of death).

- (2) For any member who retired after December 18, 1967, the benefit payable to widow (widower) is equal to 50% of FC plus 15% of FC for one child and 25% of FC for two or more children.

If no spouse, or spouse remarries, the benefit is equal to 20% of FC for one child, 35% for two children, and 50% for three or more children.

There is also a minimum benefit payable to widows (widowers) of \$4,500 a year.

- (3) For any member who retired with an Accidental Disability Benefit, the benefit payable is equal to \$4,500 a year to the widow (widower). If there is no widow (widower) the benefit payable is \$600 a year for 1 child, \$960 a year for 2 children, and \$1,500 a year for 3 or more children. The benefit for children is payable until age 18.

ACCIDENTAL DEATH BENEFIT

A death while active resulting from injuries received from an accident during performance of duty is eligible for a lump sum equal to the Accumulated Deductions plus 3-1/2 times Compensation plus an annuity benefit payable is as follows:

- (i) The benefit to a widow or widower is equal to 70% of Compensation.

(ii) The benefit, when there is no spouse, or spouse is remarried, is equal to 20% of Compensation for one child, 35% for two children, 50% for three or more children. The benefit is payable while the children are under age 18, or until age 24 if they are full-time students, or it is payable for life if they are disabled.

(iii) The benefit, when there is no spouse or children, is equal to 25% of Compensation for one parent and 40% for two parents.

(iv) The benefit, when there is no relation as stated above, is equal to the Accumulated Deductions and is payable to a beneficiary or to the Member's estate. This is also the minimum benefit payable under (i), (ii) and (iii).

BRIEF SUMMARY OF THE BENEFIT AND CONTRIBUTION PROVISIONS, *Continued*

Disability Benefits:

ORDINARY DISABILITY RETIREMENT

A Member is eligible for Ordinary Disability Retirement if he (she) has 4 years of Service and is totally and permanently incapacitated from the performance of usual or available duties. The benefit is equal to the greater of:

- (i) 1-1/2% of FC times the number of years of Credited Service; or
- (ii) 40% of FC.

In addition, a member who has at least 20 years but less than 25 years of Credited Service and who is required to retire upon application by the employer on or after January 18, 2000 shall receive a benefit equal to a member annuity plus an employer pension which together provide a total retirement allowance equal to 50% of FC plus 3% of FC multiplied by the number of years of Credited Service over 20 but not over 25.

ACCIDENTAL DISABILITY RETIREMENT

A Member is eligible upon total and permanent incapacitation from the performance of usual or available duties as a result of injury during the performance of regular duties. The benefit payable is equal to a Member annuity plus an employer pension which together equals 2/3 of the Compensation at date of injury.

SPECIAL DISABILITY RETIREMENT

A member is eligible for Special Disability Retirement if he (she) has 5 years of Credited Service, is under age 55, and has received a heart transplant. The benefit payable is equal to a Member annuity plus an employer pension which together equals 50% of FC.

4. MEMBER CONTRIBUTIONS

Each member contributes 8-1/2% of Compensation.

Board of Trustees
State Police Retirement System
of New Jersey

Re: Actuary's Certification Letter

Members of the Board:

An actuarial valuation of the State Police Retirement System is performed annually to measure the ongoing costs of the System and the progress towards the funding goals of the System over time. In general, the financial goals of the State Police Retirement System are a pattern of contributions which is relatively stable over time as a percentage of pay for a stationary employee population.

In accordance with the New Jersey statutes, employers are required to make two contributions to the System, a normal contribution and an accrued liability contribution. The normal contribution for basic allowances and cost of living adjustments (COLA's) is defined under the Projected Unit Credit funding method as the present value of the benefits accruing during the current year. The unfunded accrued liability contribution for basic allowances and COLA's is determined as a level percentage of pay required to amortize the unfunded accrued liability in annual payments increasing by 4.0% per year and paid annually for a specific time as determined by the State Treasurer.

The provisions of Chapter 115, P.L. 1997 of the Pension Security Legislation permitted the State to pay off the unfunded accrued liabilities from the proceeds of pension obligation bonds and to use any excess valuation assets to reduce required normal contributions payable by the System up to 100% of excess assets through the July 1, 2001 valuation, and on a declining maximum percentage of excess assets basis through the July 1, 2006 valuation. Beginning with the July 1, 2007 valuation, Chapter 92, P.L. 2007 removed language from existing law that permits the State Treasurer to reduce the normal contributions needed to fund the System when excess assets are available. The valuation was prepared on the basis of the actuarial assumptions that were determined from the July 1, 2005 — June 30, 2008 Experience Study and approved by the Board of Trustees at the May 2009 Board meeting. The valuation reflects the final provisions of the Appropriation Act for fiscal year 2009. (The fiscal year 2009 recommended pension contribution of \$75,889,699 has been reduced to \$3,378,000.) The valuation also reflects the potential effect of the Appropriation Act for fiscal year 2010. (The fiscal year 2010 recommended pension contribution of \$82,485,012 has been reduced to \$3,280,000 and is included as a receivable contribution for this valuation.) This amount may be subject to change per the requirements of the State's fiscal year spending plan.

A contribution of \$103,745,281 is required for the fiscal year beginning July 1, 2010. This amount is comprised of an unfunded accrued liability payment of \$46,081,773 plus a normal contribution of \$57,663,508.

The underlying demographic data is maintained and provided by the New Jersey Division of Pensions and Benefits. The data is analyzed by Buck Consultants for internal completeness and consistency and compared with the prior valuation data to again ensure consistency.

As stipulated in the statutes, an actuarial investigation of the mortality, service and compensation experience of the members and beneficiaries of the State Police Retirement System is made once in every three-year period. The contributions for the fiscal year beginning July 1, 2010 were calculated using the demographic assumptions that were determined from the July 1, 2005 to June 30, 2008 Experience Study and the projected unit credit funding method. The valuation also reflected the economic assumptions which were approved by the Treasurer (these include an

investment return rate of 8.25% per annum, assumed future salary increases of 5.45% per annum and a Cost-of-Living Adjustment assumption of 60% of the assumed CPI increase of 3.0% per annum). The asset valuation method used was a five-year average of market values with write-up. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five year period.

The valuation does not take into account any changes in U.S. equity prices, and bond yields, that have occurred after the valuation date. Taking these into account may significantly change the market and actuarial value of assets shown. The effect of these events on any funded ratios shown, and on Retirement System calculations, is not known. Retirement System funding and financial accounting rules generally prohibit reflection of changes in assets and underlying economic conditions that occur after the valuation date.

The assumptions used to prepare the information required by Statements No. 25, No. 27 and No. 50 of the Governmental Accounting Standards Board (GASB) were the same as those used for funding purposes.

In our opinion, the attached schedules of valuation results fairly represent the status of the State Police Retirement System and present an accurate view of historical data. The underlying assumptions and methods used for both funding and GASB disclosure purposes are consistent with the statutory specifications and represent a best estimate of the aggregate future experience of the System.

The following supporting schedules in the Actuarial Section were prepared by Buck Consultants:

- Summary of Actuarial Assumptions and Methods
- Schedule of Retired Members and Beneficiaries Added to and Removed from Rolls
- Schedule of Active Member Valuation Data
- Solvency Test
- Analysis of Past Financial Experience
Reconciliation of Employer Contribution Rates
- Summary of the Benefit and Contribution Provisions as Interpreted for Valuation Purposes

In addition, Buck Consultants prepared the "Schedule of Funding Progress" and the "Schedule of Employer Contributions" in the Financial Section.

To the best of our knowledge, this information is complete and accurate. The valuation was performed by, and under the supervision of, independent qualified actuaries who are members of the American Academy of Actuaries with experience in performing valuations for public retirement systems.

The valuation was prepared in accordance with the principles of practice prescribed by the Actuarial Standards Board and generally accepted actuarial procedures and methods. The calculations are based on the current provisions of the Retirement System, and on actuarial assumptions that are individually and in the aggregate internally consistent and reasonable based on the actual experience of the Retirement System.

Respectfully submitted,

Buck Consultants

STATE POLICE RETIREMENT SYSTEM**

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS

Section 32 of Chapter 89, P.L. 1965 of the New Jersey Statutes provides that once in every three-year period the actuary shall examine in detail the mortality, service and compensation experience of the members and beneficiaries of the State Police Retirement System to assure that the tables used for determining the expected liabilities are consistent with recent experience.

The assumptions used for the July 1, 2009 actuarial valuation of the State Police Retirement System were based on the results of the experience study which covered the period from July 1, 2005 to June 30, 2008 and the economic assumptions which were approved by the Treasurer.

An outline of the actuarial assumptions and methods used for the July 1, 2009 valuation is as follows:

Valuation Interest Rate: 8.25% per annum, compounded annually.

COLA: The COLA is 60% of the assumed CPI increase. CPI is assumed to increase 3.0% per annum, compounded annually.

Salary Increases: Salaries are assumed to increase by 5.45% per year.

Termination: Withdrawal rates vary by length of service. Illustrative rates are shown below:

Age	Lives Per Thousand	
	Less Than 5 Years of Service	Five to Nineteen Years of Service
25	5.0	0.0
30	5.0	4.0
35	8.3	1.0
40	0.0	1.5
45	0.0	2.0
50	0.0	0.0

Separations from Service: Representative mortality, disability, and retirement rates are as follows:

Age	Annual Rates of*				
	Ordinary Death		Accidental Death	Ordinary Disability	Accidental Disability
	Male	Female			
25	0.4%	0.2	0.4%	0.6%	0.3%
30	0.4	0.3	0.5	0.9	0.5
35	0.6	0.5	0.5	2.4	1.9
40	0.9	0.7	0.5	2.5	2.1
45	1.2	1.1	0.6	3.1	2.1
50	1.7	1.7	0.9	5.4	2.2

Marriage: Husbands are assumed to be 3 years older than wives. Among the active population, 83.3% of participants are assumed married. No children are assumed. Neither the percentage married nor number of children assumption is individually explicit but they are as a single combined assumption.

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS, Continued

Valuation Method: Projected Unit Credit Method. This method essentially funds the System's benefits accrued to the valuation date. Experience gains and losses are recognized in future accrued liability contributions.

Asset Valuation Method: A five-year average of market values with write-up. (This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five-year period.)

Deaths After Retirement: For healthy inactive members and beneficiaries of deceased members, the RP 2000 Combined Healthy Male (set back 3 years) and RP 2000 Combined Healthy Female Mortality tables are used. For disabled members the RP 2000 Combined Healthy Male (set forward 5 years) and RP 2000 Combined Healthy Female Mortality (set forward 5 years) tables are used. Illustrative rates of mortality are shown below:

Age	Lives Per Thousand			
	Retired Members and Beneficiaries of Deceased Members		Disabled Members	
	Males	Females	Males	Females
55	2.7	2.7	6.8	5.1
60	4.7	5.1	12.7	9.7
65	8.8	9.7	22.2	16.7
70	16.1	16.7	37.8	28.1
75	27.3	28.1	64.4	45.9

85	80.5	77.5	183.4	131.7
90	136.0	131.7	267.5	194.5

Rates of Retirement: Rates of retirement vary by length of service and age (if more than 24 years of service) with 100% of those remaining at age 55 retiring at age 55. The rates are shown below:

Service	Lives Per 100
20	2.0%

STATE OF NEW JERSEY
DIVISION OF PENSIONS AND BENEFITS
STATE POLICE RETIREMENT SYSTEM

**SUMMARY OF THE BENEFIT AND CONTRIBUTION
PROVISIONS AS INTERPRETED FOR VALUATION PURPOSES**

1. ELIGIBILITY FOR MEMBERSHIP

All members of the former State Police and Benevolent Fund: full-time commissioned officers, non-commissioned officers or troopers of the Division of State Police. Membership is a condition of employment.

2. DEFINITIONS

Plan Year: The 12-month period beginning on July 1 and ending on June 30.

Service: Service rendered while a member as described above.

Credited Service: A year is credited for each year of service as an officer or trooper in the State Police. Service with other State Retirement Systems is included in the calculation of the retirement benefit at the rate of 1% of final compensation for each year of service credit.

Compensation: Based on contractual salary, including maintenance allowance, received by the member in the last 12 months of credited service preceding retirement, termination or death. Compensation does not include individual salary adjustments granted primarily in anticipation of the retirement or for temporary or extracurricular duties beyond the ordinary work day. (Effective June 30, 1996, Chapter 113, P.L. 1997 provided that the amount of compensation used for employer and member contributions and benefits under the program cannot exceed the compensation limitation of Section 401(a)(17) of the Internal Revenue Code.)

Final Compensation: Average compensation received by member in last 12 months of credited service preceding retirement or death. Such term includes the value of the member's maintenance allowance for the same period.

Aggregate Contributions: The sum of all amounts deducted from the compensation of a member or contributed by him or on his behalf. For contribution purposes, compensation does not include overtime, bonuses, maintenance or any adjustments before retirement.

Adjusted Final Compensation: The amount of final compensation or final compensation as adjusted, as the case may be, increased by the same percentage increase which is applied in any adjustments of the compensation schedule of active members after the member's death and before the date on which the deceased member of the retirement system would have accrued 25 years of service under an assumption of continuous service, at which time that amount will become fixed. Adjustments to final compensation or adjusted final compensation shall take effect at the same time as any adjustments in the compensation schedule of active members.

3. BENEFITS

Service Retirement: Mandatory retirement at age 55. Voluntary retirement prior to age 55 with 20 years of credited service. Benefit is an annual retirement allowance equal to the greater of (a), (b), or (c), as follows:

- a. 50% of final compensation;
- b. For members retiring with 25 or more years of service, 65% of final compensation, plus 1% for each year of service in excess of 25 years, to a maximum of 70% of final compensation.
- c. For members as of August 29, 1985 who would not have 20 years of service by age 55, benefit as defined in (a) above. For members as of August 29, 1985 who would have 20 years of service but would not have 25 years of service at age 55, benefit as defined in (a) above plus 3% for each year of service in excess of 20 years.

Vested Termination: Termination of service prior to age 55. Benefit for 10 to 20 years of Service - Refund of aggregate contributions, or a deferred life annuity beginning at age 55 equal to 2% of final compensation for each year of service up to 20 years.

Ordinary Death:

BEFORE RETIREMENT

Death of an active member of the plan. Benefit is equal to:

SUMMARY OF THE BENEFIT AND CONTRIBUTION PROVISIONS, *Continued*

- a. Lump sum payment equal to 3-1/2 times final compensation, plus
- b. Spousal life annuity of 50% of final compensation payable until spouse's death or remarriage. If there is no surviving spouse, or upon death or remarriage, a total of 20%, 35% or 50% of final compensation payable to one, two or three dependent children, respectively. If there is no surviving spouse (or dependent children), an amount equal to 25% or 40% of final compensation to one or two dependent parents.

Minimum benefit: Aggregate contributions.

AFTER RETIREMENT

Death of a retired member of the plan. The benefit is equal to:

- a. Lump sum of 50% of final compensation, plus
- b. Spousal life annuity of 50% of final compensation payable until spouse's death or remarriage. If there is no surviving spouse, or upon death or remarriage, a total of 20%, 35% or 50% of final compensation payable to one, two or three dependent children, respectively.

Accidental Death: Death of an active member of the plan resulting during performance of duties. Benefit is equal to:

- a. Lump sum payment equal to 3-1/2 times final compensation, plus
- b. Spousal life annuity of 70% of final compensation payable until spouse's death or remarriage. If there is no surviving spouse, or upon death or remarriage, a total of 20%, 35% or 50% of adjusted final compensation payable to one, two, or three dependent children, respectively. If there is no surviving spouse or

dependent children, 25% or 40% of final compensation to one or two dependent parents, respectively.

Ordinary Disability Retirement: Mentally or physically incapacitated for the performance of his usual duty and of any other available duty in the Division of State Police and such incapacity is likely to be permanent.

- a. The benefit for members with less than four years of service is a refund of the member's aggregate contributions.
- b. For members with at least four years of service, the benefit is an immediate life annuity equal to 40% of final compensation plus 1-1/2% of final compensation for years of creditable service in excess of 26-2/3.
- c. For members who are forced to retire with 20 but less than 25 years of service, the benefit is 50% of the member's final compensation plus 3% of final compensation for each year of service in excess of 20 years, to a maximum of 65% of final compensation.

For death following disability retirement, a lump sum equal to 3-1/2 times final compensation if death occurs prior to age 55 or 1/2 of final compensation after age 55.

Accidental Disability Retirement: Totally and permanently disabled as a direct result of a traumatic event occurring during and as a result of his regular or assigned duties. Benefit is an immediate life annuity equal to 2/3 of final compensation. Upon death after disability retirement, lump sum benefit of 3-1/2 times final compensation if death occurs before 55 and 1/2 times final compensation if death occurs after 55.

State House Commission
Judicial Retirement System
of New Jersey

Re: Actuary's Certification Letter

Members of the Commission:

An actuarial valuation of the Judicial Retirement System is performed annually to measure the ongoing costs of the System and the progress towards the funding goals of the System over time. In general, the financial goals of the Judicial Retirement System are a pattern of contributions which is relatively stable over time as a percentage of pay for a stationary employee population.

In accordance with the New Jersey statutes, employers are required to make two contributions to the System, a normal contribution and an accrued liability contribution. The normal contribution for basic allowances and cost of living adjustments (COLA's) is defined under the Projected Unit Credit funding method as the present value of the benefits accruing during the current year. The unfunded accrued liability contribution for basic allowances and COLA's is determined as a level percentage of pay required to amortize the unfunded accrued liability in annual payments increasing by 4.0% per year and paid annually for a specific time as determined by the State Treasurer.

The provisions of Chapter 115, P.L. 1997 of the Pension Security Legislation permitted the State to pay off the unfunded accrued liability from the proceeds of pension obligation bonds and to use any excess valuation assets to reduce required normal contributions payable by the System up to 100% of excess assets through the July 1, 2001 valuation, and on a declining maximum percentage of excess assets basis through the July 1, 2006 valuation. Beginning with the July 1, 2007 valuation, Chapter 92, P.L. 2007 removed language from existing law that permits the State Treasurer to reduce the normal contributions needed to fund the System when excess assets are available.

The valuation was prepared on the basis of the actuarial assumptions that were determined from the July 1, 2005 – June 30, 2008 Experience Study. The valuation reflects the final provisions of the Appropriation Act for fiscal year 2009. (The fiscal year 2009 recommended pension contribution of \$26,089,212 has been reduced to \$1,157,000.) The valuation also reflects the potential effect of the Appropriation Act for fiscal year 2010. (The fiscal year 2010 recommended pension contribution of \$28,857,945 has been reduced to \$1,123,000 and is included as a receivable contribution for this valuation. This amount may be subject to change per the requirements of the State's fiscal year 2010 spending plan.)

A contribution of \$34,653,737 was required for the fiscal year beginning July 1, 2010. This is comprised of an unfunded accrued liability payment of \$14,496,537 and a normal contribution of \$20,157,200.

The underlying demographic data is maintained and provided by the New Jersey Division of Pensions and Benefits. The data is analyzed by Buck Consultants for internal completeness and consistency and compared with the prior valuation data to again ensure consistency.

As stipulated in the statutes, an actuarial investigation of the mortality, experience of the members and beneficiaries of the Judicial Retirement System is made once in every three-year period. The contributions for the fiscal year beginning July 1, 2010 were calculated using the actuarial assumptions that were determined from the July 1, 2005 to June 30, 2008 Experience Study and the projected unit credit funding method. The valuation also reflected the economic assumptions which were approved by the Treasurer (these include an investment return rate of

8.25% per annum and a Cost-of-Living Adjustment assumption of 60% of the assumed CPI increase of 3.0% per annum). The asset valuation method used was a five-year average of market values with write-up. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five year period.

The valuation does not take into account any changes in U.S. equity prices and bond yields that have occurred after the valuation date. Taking these into account may significantly change the market and actuarial value of assets shown. The effect of these events on any funded ratios shown, and on Retirement System calculations, is not known. Retirement System funding and financial accounting rules generally prohibit reflection of changes in assets and underlying economic conditions that occur after the valuation date.

The assumptions used to prepare the information required by Statements No. 25, No. 27 and No. 50 of the Governmental Accounting Standards Board (GASB) were the same as those used for funding purposes.

In our opinion, the attached schedules of valuation results fairly represent the status of the Judicial Retirement System and present an accurate view of historical data. The underlying assumptions and methods used for both funding and GASB disclosure purposes are consistent with the statutory specifications and represent a best estimate of the aggregate future experience of the System.

The following supporting schedules in the Actuarial Section were prepared by Buck Consultants:

- Summary of Actuarial Assumptions and Methods
- Schedule of Retired Members and Beneficiaries Added to and Removed from Rolls
- Schedule of Active Member Valuation Data
- Solvency Test
- Analysis of Past Financial Experience
Reconciliation of Employer Contribution Rates

In addition, Buck Consultants prepared the "Schedule of Funding Progress" and the "Schedule of Employer Contributions" in the Financial Section.

To the best of our knowledge, this information is complete and accurate. The valuation was performed by, and under the supervision of, independent qualified actuaries who are members of the American Academy of Actuaries with experience in performing valuations for public retirement systems.

The valuation was prepared in accordance with the principles of practice prescribed by the Actuarial Standards Board and generally accepted actuarial procedures and methods. The calculations are based on the current provisions of the Retirement System, and on actuarial assumptions that are individually and in the aggregate internally consistent and reasonable based on the actual experience of the Retirement System.

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS

Section 31 of Chapter 40, P.L. 1973 of the New Jersey Statutes provides that once in every three-year period the actuary shall examine in detail the mortality, service, and compensation experience of the members and beneficiaries of the Judicial Retirement System to assure that the tables used for determining expected liabilities are consistent with recent experience.

The assumptions used for the July 1, 2009 actuarial valuation of the Judicial Retirement System were based on the results of the experience study which covered the period from July 1, 2005 to June 30, 2008 and the economic assumptions which were approved by the Treasurer.

An outline of the actuarial assumptions and methods used for the July 1, 2009 valuation is as follows:

Valuation Interest Rate: 8.25% per annum, compounded annually.

COLA: The COLA is 60% of the assumed CPI increase. CPI is assumed to increase at 3.0% per annum, compounded annually.

Salary Increases: Salaries are assumed to increase by 4.50% per year.

Separations From Service: Representative mortality and disability rates are as follows:

Age	Lives per Thousand		
	Death		Disability
	Male	Female	
30	0.38	0.22	0.22
35	0.44	0.35	0.26
40	0.77	0.55	0.33
45	1.08	0.85	0.64
50	1.51	1.33	1.14
55	2.14	2.02	1.97
60	3.62	3.48	3.26
65	6.75	6.66	4.73

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS, *Continued*

Deaths After Retirement: Illustrative rates of mortality for retired members are shown below:

Age	Lives Per Thousand			
	Retired Members and Beneficiaries of Deceased Members		Disabled Members	
	Males	Females	Males	Females
55	2.14	2.02	38.03	18.65
60	3.62	3.48	44.98	24.08
65	6.75	6.66	54.45	31.32
70	12.74	12.16	69.41	42.85
75	22.21	20.66	92.15	59.54
80	37.83	34.11	121.88	82.30
85	64.37	56.29	155.23	114.51
90	110.76	96.34	216.61	159.92

Retirement: It was assumed that the probability of retirement at age 65 for those judges who have 12 or more years of judicial service at age 65 is at 25% per year. In addition, retirement for members who have attained age 60 with 20 years of judicial service or attained age 65 with 15 years of judicial service is at 30% at age 60, 25% at age 65, and 20% for all other ages between ages 60 and 70. At age 70, all remaining active members are assumed to retire.

Valuation Method: Projected Unit Credit Method. This method essentially funds the System's benefits accrued to the valuation date. Experience gains and losses are recognized in future accrued liability contributions.

Asset Valuation Method: A five year average of market values with write-up was used. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five-year period.

**SUMMARY OF THE BENEFIT AND CONTRIBUTION
PROVISIONS AS INTERPRETED FOR VALUATION PURPOSES**

1. ELIGIBILITY FOR MEMBERSHIP

Chief Justice and associate justices of the Supreme Court, judges of the Superior Court and tax courts of the State of New Jersey.

2. DEFINITIONS

Plan Year: The 12-month period beginning on July 1 and ending on June 30.

Service: A year is credited for each year of service as a public employee in the State of New Jersey. Any service, for which member did not receive annual salary of at least \$500, shall be excluded.

Final Salary: Annual salary received by the member at the time of retirement or other termination of service. (Effective June 30, 1996, Chapter 113, P.L. 1997 provided that the amount of compensation used for employer and member contributions and benefits under the program cannot exceed the compensation limitation of Section 401(a)(17) of the Internal Revenue Code).

Accumulated Deductions: The sum of all amounts deducted from the compensation of a member or contributed by him or on his behalf.

Retirement Allowance: Pension derived from contributions of the State plus the annuity derived from employee contributions.

3. BENEFITS

Service Retirement:

a. Mandatory retirement at age 70. Voluntary retirement prior to age 70 as follows:

- (1) Age 70 and 10 years of judicial service;
- (2) Age 65 and 15 years of judicial service; or
- (3) Age 60 and 20 years of judicial service.

Benefit is an annual retirement allowance equal to 75% of final salary.

b. Age 65 while serving as a judge, 5 consecutive years of judicial service and 15 years in the aggregate of public service; or

Age 60 while serving as a judge, 5 consecutive years of judicial service and 20 years in the aggregate of public service.

Benefit is an annual retirement allowance equal to 50% of final salary.

c. Age 60 while serving as a judge, 5 consecutive years of judicial service and 15 years in the aggregate to public service. Benefit is an annual retirement allowance equal to 2% of final salary for each year of public service up to 25 years plus 1% of final salary for each year in excess of 25 years.

d. Age 60 while serving as a judge. Benefit is an annual retirement allowance equal to 2% of final salary for each year of judicial service up to 25 years plus 1% for each year in excess of 25 years.

Early Retirement: Prior to age 60 while serving as a judge, 5 consecutive years of judicial service and 25 or more years in the aggregate of public service. Benefit is an annual retirement allowance equal to 2% of final salary for each year of public service up to 25 years plus 1% of final salary for each year of public service in excess of 25 years, actuarially reduced for commencement prior to age 60.

Vested Termination: Termination of service prior to age 60, with 5 consecutive years of judicial service and 10 years in the aggregate of public service. Benefit is a refund of accumulated deductions, or a deferred life annuity beginning at age 60 equal to 2% of final salary for each year of public service up to 25 years, plus 1% for service in excess of 25 years.

Death Benefits:

BEFORE RETIREMENT: Death of an active member of the plan. Benefit is equal to:

a. Lump sum payment equal to 1-1/2 times final salary, plus

b. Spousal life annuity of 25% of final salary payable until spouse's remarriage plus 10% (15%) to one (two or more) dependent child (children). If there is no surviving spouse, or upon death or remarriage, a total of 15% (20%, 30%) of final salary payable to one (two, three or more) dependent child (child-)

dren). If there is no surviving spouse (or dependent children), 20% or 30% of final salary to one or two dependent parents.

AFTER RETIREMENT: Death of a retired member of the plan. Benefit is equal to:

- a. Lump sum of 25% of final salary for a member retired under normal or early retirement. If a member were receiving a disability benefit, a lump sum 1-1/2 times final salary if death occurred before the member attained age 60 and ¾ times final salary if death occurred after age 60, plus
- b. Spousal life annuity of 25% of final salary payable until spouse's remarriage plus 10% (15%) to one (two or more) dependent child (children). If there is no surviving spouse, or

upon death or remarriage, a total of 15% (20%, 30%) of final salary payable to one (two, three or more) dependent child (children).

Disability Retirement: Physically or otherwise incapacitated for a full and efficient service to State in his judicial capacity and such incapacity is likely to be permanent. Benefit is an annual retirement allowance of 75% of final salary.

4. MEMBER CONTRIBUTIONS

Any member enrolled prior to January 1, 1996 contributes 3% of the difference between current salary and salary for that position on January 18, 1982. Members enrolled on and after January 1, 1996 contribute 3% of their full salary.

Commission
Consolidated Police and Firemen's Pension Fund
of New Jersey

Re: Actuary's Certification Letter

Members of the Commission:

An actuarial valuation of the Consolidated Police and Firemen's Pension Fund is performed annually to measure the ongoing costs of the Fund and the progress towards the funding goals of the Fund over time. Since the Retirement System is closed to new entrants and there are no active participants, the financial goals of the Consolidated Police and Firemen's Pension Fund are to ensure that the combination of future State appropriations and current Trust assets, both projected forward with expected investment earnings, are sufficient to provide for all future benefit payments. The unfunded accrued liability for basic allowances was initially determined as of June 30, 1990 and was to be amortized over a nine-year period. However, the provisions of Chapter 115, P.L. 1997 of the Pension Security Legislation permitted the State to pay off the unfunded accrued liabilities from the proceeds of pension obligation bonds.

A contribution of \$147,067 was required for the fiscal year beginning July 1, 2010. The required normal cost contribution is \$0 and the unfunded accrued liability contribution is \$147,067. As noted above, the latest unfunded accrued liability payment schedule required the amortization of any plan gains or losses over the remainder of the nine-year period that began on June 30, 1991. Without additional guidance, we have assumed the immediate payment of any unfunded accrued liability.

The contribution requirement for the fiscal year beginning July 1, 2010 was based on the method described above using an interest rate of 2.00% per annum. The asset valuation method used was a five-year average of market values with write-up. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five-year period.

The underlying demographic data is maintained and provided by the New Jersey Division of Pensions and Benefits. The data is analyzed by Buck Consultants for internal completeness and consistency and compared with the prior valuation data to again ensure consistency.

The valuation does not take into account any changes in U.S. equity prices and bond yields that have occurred after the valuation date. Taking these into account may significantly change the market and actuarial value of assets shown. The effect of these events on any funded ratios shown, and on Fund calculations, is not known. The Fund's funding and financial accounting rules generally prohibit reflection of changes in assets and underlying economic conditions that occur after the valuation date.

The assumptions used to prepare the information required by Statements No. 25 and No. 27 of the Governmental Accounting Standards Board (GASB) were the same as those used for funding purposes.

In our opinion, the attached schedules of valuation results fairly represent the status of the Consolidated Police and Firemen's Pension Fund and present an accurate view of historical data. The underlying assumptions and methods used for both funding and GASB disclosure purposes are consistent with the statutory specifications and represent a best estimate of the aggregate future experience of the Fund.

The following supporting schedules in the Actuarial Section were prepared by Buck Consultants:

To the best of our knowledge, this information is complete and accurate. The valuation was performed by, and under the supervision of, independent qualified actuaries who are members of the American Academy of Actuaries with experience in performing valuations for public retirement systems.

The valuation was prepared in accordance with the principles of practice prescribed by the Actuarial Standards Board and generally accepted actuarial procedures and methods. The calculations are based on the current provisions of the Fund, and on actuarial assumptions that are individually and in the aggregate internally consistent and reasonable based on the actual experience of the Fund.

CONSOLIDATED POLICE AND FIREMEN'S PENSION FUND
SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS**

An outline of the actuarial assumptions and methods used for the July 1, 2009 valuation is as follows:

Valuation Interest Rate: 2.00% per annum, compounded annually for development of costs.

Deaths After Retirement: Rates vary by age. Representative values of the assumed rates of mortality are as follows:

Age	Lives per 1,000		
	Service Pensioners	Disability Pensioners	Widows
50	6.2%	12.8%	2.2%
55	9.9	17.4	3.3
60	15.6	24.5	5.5
65	23.9	35.7	9.6
70	30.3	53.2	16.5
75	49.1	80.2	32.4
80	81.5	121.1	56.1
85	126.3	182.0	89.2

Marriage: Males are assumed to be 4 years older than females, no assumption was made as to children.

For those participants with listed beneficiaries, the beneficiary allowance was assumed to be the greater of twice the amount contained in the record or the minimum benefit of \$4,500/yr. (The information contained in the record has not been updated for the change from 25% to 50% payment to the survivor.)

For those participants without listed beneficiaries, 65% were assumed to be married and the beneficiary amount was assumed to be the minimum benefit payable (\$4,500/yr.).

Actuarial Method: The unfunded accrued liability was measured as of June 30, 1990 and the accrued liability contribution rate was then determined such that the unfunded accrued liability was to be amortized over a period of nine years with contributions expected to remain constant.

In determining the unfunded accrued liability and the contribution rate, the actuarial value of assets as of June 30, 1990 was based upon 100% of the market value of fund assets. For subsequent actuarial valuations, the actuarial value of assets is adjusted to reflect actual contributions and benefit payments, an assumed rate of return on the previous years' assets and current years' cash flow at an annual rate of 2.00% with an adjustment to reflect 20% of the difference between the resulting value and the actual market value of Fund assets.

In developing the unfunded accrued liability contribution rate as of June 30, 1991 and subsequent years, the contribution rate is adjusted to amortize any gains or losses over the remainder of the nine-year period. (Without additional guidance, we have assumed that the unfunded accrued liability determined as of June 30, 2009 will be amortized over one year.)

STATE OF NEW JERSEY
DIVISION OF PENSIONS AND BENEFITS
CONSOLIDATED POLICE AND FIREMEN'S PENSION FUND

**SUMMARY OF THE BENEFIT AND CONTRIBUTION
PROVISIONS AS INTERPRETED FOR VALUATION PURPOSES**

1. ELIGIBILITY FOR MEMBERSHIP

Member of a municipal police department, municipal paid or part-paid fire department or county police department, or a paid or part-paid fire department of a fire district located in a township who has contributed to this pension fund; and who is not covered by the Police and Firemen's Retirement System which became effective on July 1, 1944.

Active Member: Any member who is a policeman, fireman, detective, lineman, driver of police van, fire alarm operator, or inspector of combustibles and who is subject to call for active service as such.

Employee Member: Any member who is not subject to active service or duty.

2. DEFINITIONS

Plan Year: The 12-month period beginning on July 1 and ending on June 30.

Service: Service rendered while a member as described above.

Compensation: Base salary; not including individual salary adjustments which are granted primarily in anticipation of retirement or additional remuneration for performing temporary duties beyond the regular work day. (Effective June 30, 1996 Chapter 113, P.L. 1997 provided that the amount of compensation used for employer and member contributions and benefits under the program cannot exceed the compensation limitation of Section 401(a)(17) of the Internal Revenue Code.)

Final Compensation: Compensation received during the last 12 months of service preceding retirement or termination of service.

Average Salary: Salary averaged over the last three years prior to retirement or other termination of service.

3. BENEFITS

Service Retirement: Mandatory retirement at age 65 with 25 years of service (a municipality may

retain the Chief of Police until age 70). Voluntary retirement after 25 years of service for an active member and after age 60 with 25 years of service for an employee member. Benefit is life annuity equal to 60% of final compensation, plus 1% of final compensation for years of service in excess of 25.

Death benefit:

WHILE ON DUTY: Immediate life annuity equal to 70% of average salary payable to the spouse. If there is no spouse or if the spouse dies or remarries, 20% of final compensation will be payable to one surviving child and 35% (50%) of final compensation will be payable, to two (three) surviving children. If there is no surviving spouse or child, 25% (40%) of final compensation will be payable to one (two) surviving dependent parent(s). The minimum spousal annuity is \$4,500 per annum.

WHILE NOT ON DUTY AFTER RETIREMENT: Life annuity equal to 50% of the member's average salary payable to the spouse, plus 15% (25%) to one (two or more) surviving child (children). If there is no surviving spouse or if the surviving spouse dies or remarries, 20% (35%, 50%) of the member's average salary to one (two, three or more) surviving child (children). In the event that there is no surviving spouse or child, 25% (40%) of the member's average salary will be payable to one (two) dependent parent(s). The minimum spousal annuity is \$4,500 per annum.

Ordinary Disability Retirement: Totally and permanently incapacitated from service for any cause other than as a direct result of a traumatic event occurring during the performance of duty. Benefit is an immediate life annuity equal to 1/2 of average salary.

Accidental Disability Retirement: Totally and permanently incapacitated as a direct result of a traumatic event occurring while performing regular or assigned duties. Benefit is an immediate life annuity equal to 2/3 of average salary.

Commission
Prison Officers' Pension Fund
of New Jersey

Re: Actuary's Certification Letter

Members of the Commission:

An actuarial valuation of the Prison Officers' Pension Fund is performed annually to measure the ongoing costs of the Fund and the progress towards the funding goals of the Fund over time. Since the retirement system is closed to new entrants and there are no active participants, the financial goals of the Prison Officers' Pension Fund are to ensure that the combination of future State appropriations and current Trust assets, both projected forward with expected investment earnings, are sufficient to provide for all future benefit payments.

The unfunded accrued liability for basic allowances was initially determined as of July 1, 1989 and was to be amortized over the 14-year period beginning July 1, 1989 and ending on July 1, 2002. However, the provisions of Chapter 115, P.L. 1997 of the Pension Security Legislation permitted the State to pay off the unfunded accrued liability from the proceeds of pension obligation bonds. The net effect of this legislation and plan experience was that no contributions were required for the fiscal year beginning July 1, 2010. (There were no required unfunded accrued liability payments due to the fact that a net surplus existed as of July 1, 2009.)

The underlying demographic data is maintained and provided by the New Jersey Division of Pensions and Benefits. The data is analyzed by Buck Consultants for internal completeness and consistency and compared with the prior valuation data to again ensure consistency.

The contribution requirement for the fiscal year beginning July 1, 2010 was based on the method described above using an interest rate of 5.00%. Assets are valued at book value which is equivalent to market value.

The valuation does not take into account any changes in U.S. equity prices and bond yields that have occurred after the valuation date. Taking these into account may significantly change the market value of assets shown. The effect of these events on any funded ratios shown, and on Fund calculations, is not known. The Fund's funding and financial accounting rules generally prohibit reflection of changes in assets and underlying economic conditions that occur after the valuation date.

The assumptions used to prepare the information required by Statements No. 25, No. 27, and No. 50 of the Governmental Accounting Standards Board (GASB) were the same as those used for funding purposes.

In our opinion, the attached schedules of valuation results fairly represent the status of the Prison Officers' Pension Fund and present an accurate view of historical data. The underlying assumptions and methods used for both funding and GASB disclosure purposes are consistent with the statutory specifications and represent a best estimate of the aggregate future experience of the Fund.

The following supporting schedules in the Actuarial Section were prepared by Buck Consultants:

- Summary of Actuarial Assumptions and Methods

- Schedule of Retired Members and Beneficiaries Added to and Removed from Rolls
- Schedule of Active Member Valuation Data
- Solvency Test
- Analysis of Past Financial Experience
Reconciliation of Unfunded Accrued Liability/(Surplus)
- Summary of the Benefit and Contribution Provisions as Interpreted for Valuation Purposes

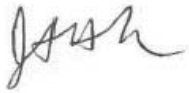

In addition, Buck Consultants prepared the “Schedule of Funding Progress” and the “Schedule of Employer Contributions” in the Financial Section.

To the best of our knowledge, this information is complete and accurate. The valuation was performed by, and under the supervision of, independent qualified actuaries who are members of the American Academy of Actuaries with experience in performing valuations for public retirement systems.

The valuation was prepared in accordance with the principles of practice prescribed by the Actuarial Standards Board and generally accepted actuarial procedures and methods. The calculations are based on the current provisions of the Fund, and on actuarial assumptions that are individually and in the aggregate internally consistent and reasonable based on the actual experience of the Fund.

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS

An outline of the actuarial assumptions and methods used for the July 1, 2009 valuation is as follows:

Valuation Interest Rate: 5.0% per annum, compounded annually.

Deaths After Retirement: Representative values of the assumed annual rates of mortality for current retirees are as follows:

Age	Service Retirement	Disability Retirement	Widows
40	0.21%	0.90%	0.56%
45	0.34	1.10	0.68
50	0.56	1.42	0.87
55	0.90	1.93	1.18
60	1.42	2.72	1.67
65	2.17	3.97	2.43
70	2.75	5.91	3.63
75	4.46	8.91	5.50
80	7.41	13.46	8.39
85	11.48	20.22	12.80

Marriage: Husbands are assumed to be 3 years older than wives.

Valuation Method: The unfunded accrued liability (the difference between the present value of benefits and the valuation assets) was determined as of July 1, 1988. This liability was amortized over the 14-year period beginning July 1, 1989, and ending on July 1, 2002. Each year the amortization payments were adjusted to reflect any experience gains or losses that occurred during the previous plan year. All gains and losses will be amortized over the remaining original amortization period. (Without any guidance, we have assumed that any unfunded accrued liability that develops after the July 1, 2001 valuation will be amortized over 1 year.)

Asset Valuation Method: Assets are valued at book value, which is equivalent to market value.

**SUMMARY OF THE BENEFIT AND CONTRIBUTION
PROVISIONS AS INTERPRETED FOR VALUATION PURPOSES**

1. ELIGIBILITY FOR MEMBERSHIP

Employees of State penal institutions, employed prior to January 1, 1960 who did not transfer to the Police & Firemen's Retirement System in accordance with Chapter 205 of Public Law 1989. The System no longer accepts new members.

2. DEFINITIONS

Plan Year: The 12-month period beginning on July 1 and ending on June 30.

Service: A year is credited for each year an employee is a member of the retirement system.

Average Final Compensation (AFC): Average annual compensation (or base salary) for 3 years of Service immediately preceding retirement. (Effective June 30, 1996, Chapter 113, P.L. 1997 provided that the amount of compensation used for employer and member contributions and benefits under the program cannot exceed the compensation limitation of Section 401(a)(17) of the Internal Revenue Code.)

Accumulated Deductions: The sum (without interest) of all required amounts deducted from the compensation of a member or contributed by him or on his behalf.

3. BENEFITS

Service Retirements: 25 years of service, or age 55 and 20 years of service. The benefit is a life annuity equal to the greater of (a), (b), and (c) below:

- a. 2% of AFC up to 30 years of service plus 1% for each year in excess of 30 and prior to age 65;
- b. 50% of final pay; and
- c. For member with 25 years of service, 2% of AFC up to 30 years of service plus 1% for each year in excess of 30.

Vested Retirements: Eligible upon termination of employment. Benefits are summarized as follows:

Termination with 10 or more years of service: Benefit is a deferred life annuity equal to 2% of AFC for service up to 30 years plus 1% for service over 30 years.

Termination with less than 10 years of service: Refund of accumulated deductions.

Ordinary Disability Retirement: Permanent and total disability for causes other than as a direct result of a traumatic event occurring during the performance of regular or assigned duties. Benefit is an immediate life annuity equal to 1/2 of AFC.

Accidental Disability Retirement: Permanent and total disabled as a direct result of a traumatic event occurring while performing regular or assigned duties. Benefit is an immediate life annuity equal to 2/3 of AFC.

Death Benefits: Death of member of system. Spouse must be married to member prior to retirement, or at least five years before member's death. Benefit is an annuity equal to 25% of member's AFC plus an additional 15% (25%) for one (two or more) surviving dependent child (children). If there is no spouse or if the spouse dies or remarries, 20% (35%, 50%) of AFC to one (two, three or more) surviving child (children). If there is no surviving spouse or children, 25% (40%) of AFC to one (two) dependent parent(s). The provision for a survivor annuity payable to dependent parents does not apply in the death of a retired member of the system.

Minimum benefits: Minimum spousal annuity is \$1,600 per annum. If no other benefit is payable prior to retirement, the member's beneficiary shall receive the accumulated deductibles.

Council
Supplemental Annuity Collective Trust
of New Jersey

Re: Actuary's Certification Letter

Members of the Council:

An actuarial valuation of the Supplemental Annuity Collective Trust is performed at least once in every three-year period to measure the ongoing costs of the Trust and the progress towards the funding goals of the Trust over time. The financial goals of the Supplemental Annuity Collective Trust are to ensure that current Trust assets are sufficient to provide for all future annuity payments. The most recent valuation was prepared as of June 30, 2009.

The Supplemental Annuity Collective Trust of New Jersey was established under the provisions of Chapter 123, P.L. 1963, which was approved July 1, 1963. The act permits active members of the following retirement systems administered by the State of New Jersey to make voluntary additional contributions through their retirement systems to purchase either a variable or fixed annuity to supplement the benefits provided by their systems:

- Public Employees' Retirement System
- Teachers' Pension and Annuity Fund
- The Police and Firemen's Retirement System
- Consolidated Police and Firemen's Pension Fund
- Prison Officers' Pension Fund
- State Police Retirement System
- Judicial Retirement System

As of the July 1, 2009 valuation, only the variable annuity program was in operation. It was inaugurated July 1, 1964. Chapter 123, P.L. 1963 was amended June 6, 1965 by Chapter 90, P.L. 1965, to permit eligible employees to enter into an agreement with their employers to reduce their salaries and purchase annuities on their behalf which will qualify for the tax sheltered treatment permitted under Section 403(b) of the Internal Revenue Code of 1954, as amended. The rules were revised in 1982 to permit contributions in the form of qualified voluntary employee contributions. These contributions are treated as IRA contributions for tax purposes.

The underlying demographic data is maintained and provided by the New Jersey Division of Pensions and Benefits. The data is analyzed by Buck Consultants for internal completeness and consistency and compared with the prior valuation data to again ensure consistency.

The Trust status as of the fiscal year beginning July 1, 2009 was based on the actuarial assumptions and methods summarized on the following page. The mortality assumptions used for male and female service retirements and dependents of active and retired members were not changed based on the results of an investigation of mortality experience covering the period July 1, 2006 to June 30, 2009. There were no changes in actuarial assumptions and methods since the previous valuation.

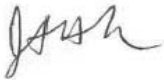

The valuation does not take into account any changes in U.S. equity prices and bond yields that have occurred after the valuation date. Taking these into account may significantly change the market value of assets shown. The effect of these events on any Trust calculations is not known. Funding and financial accounting rules generally prohibit reflection of changes in assets and underlying economic conditions that occur after the valuation date.

In our opinion, the attached schedules of valuation results fairly represent the status of the Supplemental Annuity Collective Trust and present an accurate view of historical data. The underlying assumptions and methods used for the valuation are consistent with the statutory specifications and represent a best estimate of the aggregate future experience of the Trust.

To the best of our knowledge, this information is complete and accurate. The valuation was performed by, and under the supervision of, independent qualified actuaries who are members of the American Academy of Actuaries with experience in performing valuations for public retirement systems.

The valuation was prepared in accordance with the principles of practice prescribed by the Actuarial Standards Board and generally accepted actuarial procedures and methods. The calculations are based on the current provisions of the Trust, and on actuarial assumptions that are individually and in the aggregate internally consistent and reasonable based on the actual experience of the Trust.

SUMMARY OF ACTUARIAL ASSUMPTIONS AND METHODS

An outline of the actuarial assumptions and methods used for the July 1, 2009 valuation is as follows:

In valuing the liabilities of the Variable Benefit Account for service annuitants and dependent beneficiaries, an interest rate of 4% per year was used.

In addition, the valuation used the RP 2000 Combined Healthy Male (set back 5 years) and Female (set back 2 years) Mortality Tables for service retirement and dependent beneficiaries. Special mortality tables were used for the period after disability retirement.

Illustrative rates of mortality used for valuation purposes are as follows:

Age	Rate per 1,000			
	Service Retirement		Disability	
	Male	Female	Male	Female
40	0.77%	0.60%	33.17%	10.02%
45	1.08	0.94	34.91	11.12
50	1.51	1.43	37.64	13.37
55	2.14	2.21	41.98	16.90
60	3.62	3.92	48.81	22.49
65	6.75	7.65	59.52	31.27
70	12.74	13.45	76.29	45.02
75	22.21	22.97	102.24	66.44
80	37.83	37.59	141.72	99.38
85	64.37	62.51	200.93	149.23
90	110.76	107.30	286.68	222.62
95	183.41	170.43	403.95	326.18

Based on the results of an investigation of the mortality experience covering the period from July 1, 2006 to June 30, 2009, the mortality tables used for male and female service retirements and beneficiaries of active and retired members were changed.

**SUMMARY OF THE BENEFIT AND CONTRIBUTION
PROVISIONS AS INTERPRETED FOR VALUATION PURPOSES**

A summary of the benefit and contribution provisions of the Trust in effect on the valuation date is presented in the following digest. Participants' accounts are expressed in terms of equity units. The value of an equity unit was initially set at \$10. The dollar value of the unit is computed at the end of each month. It varies as a result of mortality experience and gains and losses and dividend earnings on the Variable Division's investments.

1. ELIGIBILITY

Member of a State-administered retirement system may become a participant upon filing an application for enrollment.

2. PARTICIPANT ACCOUNTS

Although contributions are permitted in either fixed or variable accounts, only the variable system is currently in place.

(a) Three optional participant accounts:

- (1) Variable annuity account.
- (2) Tax sheltered annuity account under Section 403(b) of the Internal Revenue Code.
- (3) Qualified voluntary employee contribution account (QVEC) – eliminated January 1, 1987.

(b) Value of Account: The total number of equity units in force in the variable account at the end of each month shall be determined as follows:

- (1) The number of equity units in force at the start of the month; plus
- (2) The number of equity units credited as of the first of the month for participant's contributions received during the preceding quarter, if any; less
- (3) The number of equity units paid out in the current month on account of terminations for death or withdrawal during the preceding month; less
- (4) The number of equity units transferred as of the first of the month for retirement during the preceding month; plus

(5) One third of one percent of the balance so obtained.

3. BENEFITS

Retirement: Upon retirement a participant is paid a life annuity which is the fixed number of variable equity units per month computed as the actuarial equivalent of the number of equity units in his account at the close of the month of retirement, multiplied by the value of each unit as of the end of the quarter preceding the month of payment.

At retirement the participant may elect in lieu of the variable life annuity either (1) a single cash payment, or (2) an equivalent reduced annuity with the provision that:

- (a) In case of death prior to 5 years from the effective date of the annuity, the annuity will be continued to his designated beneficiary for the remainder of the 5-year period, or
- (b) In case of death prior to 10 years from the effective date of the annuity, the annuity will be continued to his designated beneficiary for the remainder of the 10-year period, or
- (c) At the death of the participant, his variable annuity will be continued throughout the life of such other person as the participant shall have designated at the time of retirement, or
- (d) At the death of the participant, one-half of his variable annuity will be continued throughout the life of such other person as the participant shall have designated at the time of retirement.

In the event the value of the participant's account at retirement results in an annuity with initial monthly payments of less than \$10, the benefit shall be paid in a single cash payment.

Death Before Retirement: If a participant dies before retirement, a lump sum payment equal to the value of his account on the last day of the month of his death is paid to his designated beneficiary or to his estate. If the beneficiary is a natural person, he may elect, in lieu of a lump sum payment, an annuity under any of the methods of settlement available to a retiree.

SUMMARY OF THE BENEFIT AND CONTRIBUTION PROVISIONS, *Continued*

Withdrawal: Withdrawal is permitted only if membership in the basic State administered retirement system is terminated. However, the Council may terminate an inactive account if the value of the account is less than \$100. The amount paid on withdrawal is the value of the participant's account as of the end of the month of termination.

4. CONTRIBUTIONS

Participants: Each participant contributes through payroll deductions integral dollar amounts not in excess of 10% of his salary. He may also make lump sum contributions by direct payments in

integral dollar amounts of not less than \$50, provided that total contributions for any one year may not exceed 10% of his annual salary.

Employers: Employers may contribute, on behalf of eligible employees who agree to a salary reduction equivalent to the amount of the contribution, even dollar amounts which shall be from 1% to 10% of base salary.

The amounts by which the employee's salary is reduced must be within the exclusion allowance provided under Section 403(b) of the Internal Revenue Code.
