**CPAs & BUSINESS ADVISORS** 

#### **Independent Auditor's Report**

To the Members of the West Virgina Consolidated Public Retirement Board Charleston, West Virgina

#### Report on Audit of Schedule of Allocations and Pension Amounts by Employer

#### **Opinions**

We have audited the accompanying schedule of employer allocations of State Teachers Retirement System (TRS), administered by the West Virginia Consolidated Public Retirement Board as of and for the year ended June 30, 2022, and related notes. We have also audited the totals for the columns titled net pension liability (asset), total deferred outflows of resources, total deferred inflow of resources and total employer pension expense (expense offset) (specified column totals) included in the accompanying schedule of pension amounts by employer (collectively the Schedules) of TRS as of and for the year ended June 30, 2022 and related notes.

In our opinion, the Schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability (asset) as of June 30, 2022, the net pension liability (asset), total deferred outflows of resources, total deferred inflow of resources, and total employer pension plan expense (expense offset) for the TRS as of and for the year ended June 30, 2022, in accordance with accounting principles generally accepted in the United States of America.

#### **Basis far Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Schedules section of our report. We are required to be independent of the West Virginia Consolidated Public Retirement Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Restatement and Reissuance**

As discussed in Note 9 in our report dated May 10, 2023, we expressed an unmodified opinion on the Schedules. Subsequent to that date, it was determined that the changes in proportion and the net amortization of deferred amounts from changes in proportion reported on page 5 of the original Schedule of Pension Amounts by Employer was incorrect. The changes in proportion and the net

amortization of deferred amounts from changes in proportion reported on pages 6-7 in the revised Schedule of Pension Amounts has been restated to correct these errors. Our opinion on the revised Schedules, as expressed herein, remains unmodified.

## **Other Matters**

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of West Virginia Consolidated Public Retirement Board as of and for the year ended June 30, 2022, and our report thereon, dated October 13, 2022, expressed an unmodified opinion on those financial statements.

#### Responsibilities of Management for the Schedules

Management is responsible for the preparation and fair presentation of the Schedules in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibilities for the Audit of the Schedules

Our objectives are to obtain reasonable assurance about whether the Schedules as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Schedules.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Schedules, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Schedules.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of West Virginia Consolidated Public Retirement Board's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Schedules.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Restriction on Use**

Our report is intended solely for the information and use of the West Virginia Consolidated Public Retirement Board's management, the State Teachers Retirement System's participating employers, and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

#### NOTES TO SCHEDULES OF EMPLOYER ALLOCATIONS AND PENSION AMOUNTS BY EMPLOYER

#### **1 - NATURE OF ENTITY**

The State Teachers' Retirement System (TRS) is a multiple employer defined benefit cost sharing public employee retirement system covering all full-time employees of the 55 county public school systems in the State and certain personnel of the 13 State-supported institutions of higher education, State Department of Education and the Higher Education Policy Commission hired prior to July 1, 1991. Employees of the State-supported institutions of higher education and the Higher Education Policy Commission hired after June 30, 1991, are required to participate in the Higher Education Retirement System. TRS closed membership to new hires effective July 1, 1991. However, effective July 1, 2005, all new employees hired for the first time are required to participate in TRS.

The West Virginia State Legislature created the Consolidated Public Retirement Board (the Board) to administer ten of the State of West Virginia's eleven retirement plans. The Board is managed by a Board of Trustees, which consists of, by virtue of their position, the Governor, State Auditor, State Treasurer, and Secretary of the Department of Administration, together with the following gubernatorial appointments that are subject to the advice and consent of the State Senate: four residents of the State who are not participants in the retirement plans, one State and one non-State employee participant in the Public Employees' Retirement System, and one participant each from the other eight retirement systems administered by the Board.

Chapter 18, Article 7A of the West Virginia State Code assigns the authority to establish and amend the provisions of the plan to the State Legislature.

# 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Introduction</u> - The Government Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions, establishes financial reporting requirements for governments that provide employees with pension benefits. GASB Statement No. 68 requires governmental employers to recognize a net pension liability and/or a net pension asset as employees earn pension benefits. Governments participating in TRS will recognize their proportionate share of the collective pension amounts for all benefits provided through the plan.

<u>Basis of Accounting</u> - The schedule of pension amounts by employer of the Plan has been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles for governmental units.

#### NOTES TO SCHEDULES OF EMPLOYER ALLOCATIONS AND PENSION AMOUNTS BY EMPLOYER (Continued)

#### 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Basis of Allocation</u> - Pension amounts have been allocated to each participating employer and non-employer contributing entity based on their proportionate share of employer and nonemployer contributions to the TRS for the fiscal year ended June 30, 2022. Employer contributions are recognized when due. Retroactive service, military service, out of state service, and back pay employer contributions related to prior fiscal years have been excluded from the allocation. Employer contributions made by the non-employer contributing entity on behalf of participating employers have been allocated to the non-employer contributing entity in accordance with the special funding situation requirements of GASB 68. See Note 7, special funding situation, for additional discussion, and Note 8 for discussion of contributions that are not in a special funding situation.

<u>Accounting Estimates</u> - The preparation of the schedules of employer allocations and pension amounts by employer in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net pension liability, deferred inflows of resources, deferred outflows of resources, and pension expense as of the measurement date. Actual amounts could differ from those estimates.

<u>Investments</u> - All defined benefit plan funds not required to meet disbursement needs are invested in accordance with the West Virginia Code, as well as policies established by the West Virginia Investment Management Board (WVIMB). The WVIMB has established various investment pools to provide for the investment of the defined benefit plans' assets. These investment pools are structured as multiparticipant variable net asset funds.

The WVIMB was organized on April 25, 1997, as a public body corporate created by West Virginia Code Section 12-6-1 to provide prudent fiscal administration and investment management services to designated state pension funds, the state's Workers' Compensation and Coal Workers' Pneumoconiosis funds, and certain other state government funds. The WVIMB is governed by a Board of Trustees, consisting of thirteen members. The Governor, the State Auditor, and the State Treasurer are ex officio members of the Board of Trustees. The Governor appoints all other WVIMB Trustees for a term of six years.

<u>Measurement Date</u> - Net pension liability, deferred inflows of resources, deferred outflows of resources, and pension expense were determined by actuarial valuations as of July 1, 2021 rolled forward to June 30, 2022, which is the measurement date.

# **3 - AMORTIZATION**

The net difference between projected and actual investment earnings on pension plan investments is amortized over a five-year period. All other deferred outflows of resources and deferred inflows of resources relating to pension amounts reported in these schedules are amortized and included in pension expense over the average expected remaining service life of 5.12 years.

#### NOTES TO SCHEDULES OF EMPLOYER ALLOCATIONS AND PENSION AMOUNTS BY EMPLOYER (Continued)

#### **3 – AMORTIZATION (Continued)**

The amortization of the deferred outflows and deferred inflows related to changes in the proportionate share of contributions from year to year for each entity is available from the West Virginia Public Retirement Board.

Information regarding the amortization of deferred outflows and deferred inflows of resources related to pension amounts follows:

# 6 - SENSITIVITY OF NET PENSION ASSET (LIABILITY) TO CHANGES IN THE DISCOUNT RATE (in thousands)

		Current	
	1% Decrease	Discount Rate	1% Increase
Sensitivity of Discount Rate	(6.25%)	(7.25%)	(8.25%)
Total net pension asset (liability)	<u>\$ (3,783,191</u> )	<u>\$ (2,572,065</u> )	<u>\$ (1.543,464</u> )

# 7 - SPECIAL FUNDING SITUATION

The State of West Virginia (State) is a non-employer contributing entity that provides funding through the School Aid Formula (SAF) to subsidize employer contributions of county boards of education and to fund the unfunded liability of TRS for all participating employers. These amounts qualify as a special funding situation in accordance with GASB Statement No. 68. The State assumes a share of the net pension liability on behalf of the various county boards of education for contributions related to the SAF. The State assumes a share of the net pension liability on behalf of all participating employers for contributions related to funding of the unfunded liability.

# 8 – CONTRIBUTIONS BY NON-EMPLOYER CONTRIBUTING ENTITY NOT IN A SPECIAL FUNDING SITUATION

For the year ended June 30, 2022, the West Virginia Legislature appropriated and contributed funds to the TRS in excess of the Annual Required Contribution (ARC) in the amount of \$70,881,000. This contribution is not considered a special funding situation and the amounts of this contribution associated with each participating employer are reported in the "on-behalf payments" column reported in the accompanying schedule of employer allocations.

#### 9 - RESTATEMENT

Subsequent to the issuance of the schedules, management became aware that there were errors in the schedule of pension amounts. On pages 6-7 the changes in proportionate share and the net amortization of deferred amounts from changes in proportion included in the Schedule of Pension Amounts were restated due to spreadsheet errors which resulted in incorrect calculation and amortization of changes in proportionate share in the original report dated May 10, 2023.
